Accelerate Cisco ACI Automation with DevNet

Cisco’s DevNet ensures success

- Hundreds of learning labs
- Full-coverage APIs

Cisco ACI™ provides full-coverage automation with APIs

DevNet resources
- Learning labs
- Sandboxes
- API documentation
- Certifications
- Code exchange
- Automation exchange

Time to bring the power of Cisco APIs, the expert capabilities of the network engineer, and Cisco DevNet’s developer resources together:

- Program directly with REST API (any language)
- SDK (using Python bindings as a language wrapper)
- Infrastructure as code (using Terraform, Ansible, etc. – workflow-based and minimal code)

Everybody benefits
- Application developers
- Engineers
- Customers
- Partners

Cisco ACI APIs + DevNet Resources = Accelerated Network Automation
