

Seeing is Believing

The power of Connected Mobile Experiences is a compelling story that can be made even stronger when customers actually see it in action. To help your customers better understand the real value of these application-enabled solutions, we compiled a short list of Apple and Android applications that provide a real-world demonstration of that experience.

The applications below are strictly a sampling of what is possible. Use them to stoke the imagination of your customers so they can envision how this or a similar application might revolutionize the connected experience in their venue.

How to Install Demo Apps

- Log into App Store or Google Play.
- Click the link below or search for the application by name.
- On smartphone or tablet enable [Settings>Wi-Fi](#) and [Settings>Privacy>Location Services](#)
- For the Hospitality Jade Ocean demo account, use jadedemo for user and pass123 for password
- iOS demo applications require iOS 7 or higher when using an iPhone 6 Plus. Applications are not supported on Android tablets.

Shopping Centers
