

# Cisco Connected Workplace Sustainability

“What is good for the world and what is good for business are more closely connected than ever before.”

- Chuck Robbins, CEO

## FY17 Sustainability Goals

Use **renewable energy** for 25% of Cisco's global electricity consumption

Reduce scope 1 and 2 **greenhouse gas emissions** worldwide by 40% between FY07 and FY17

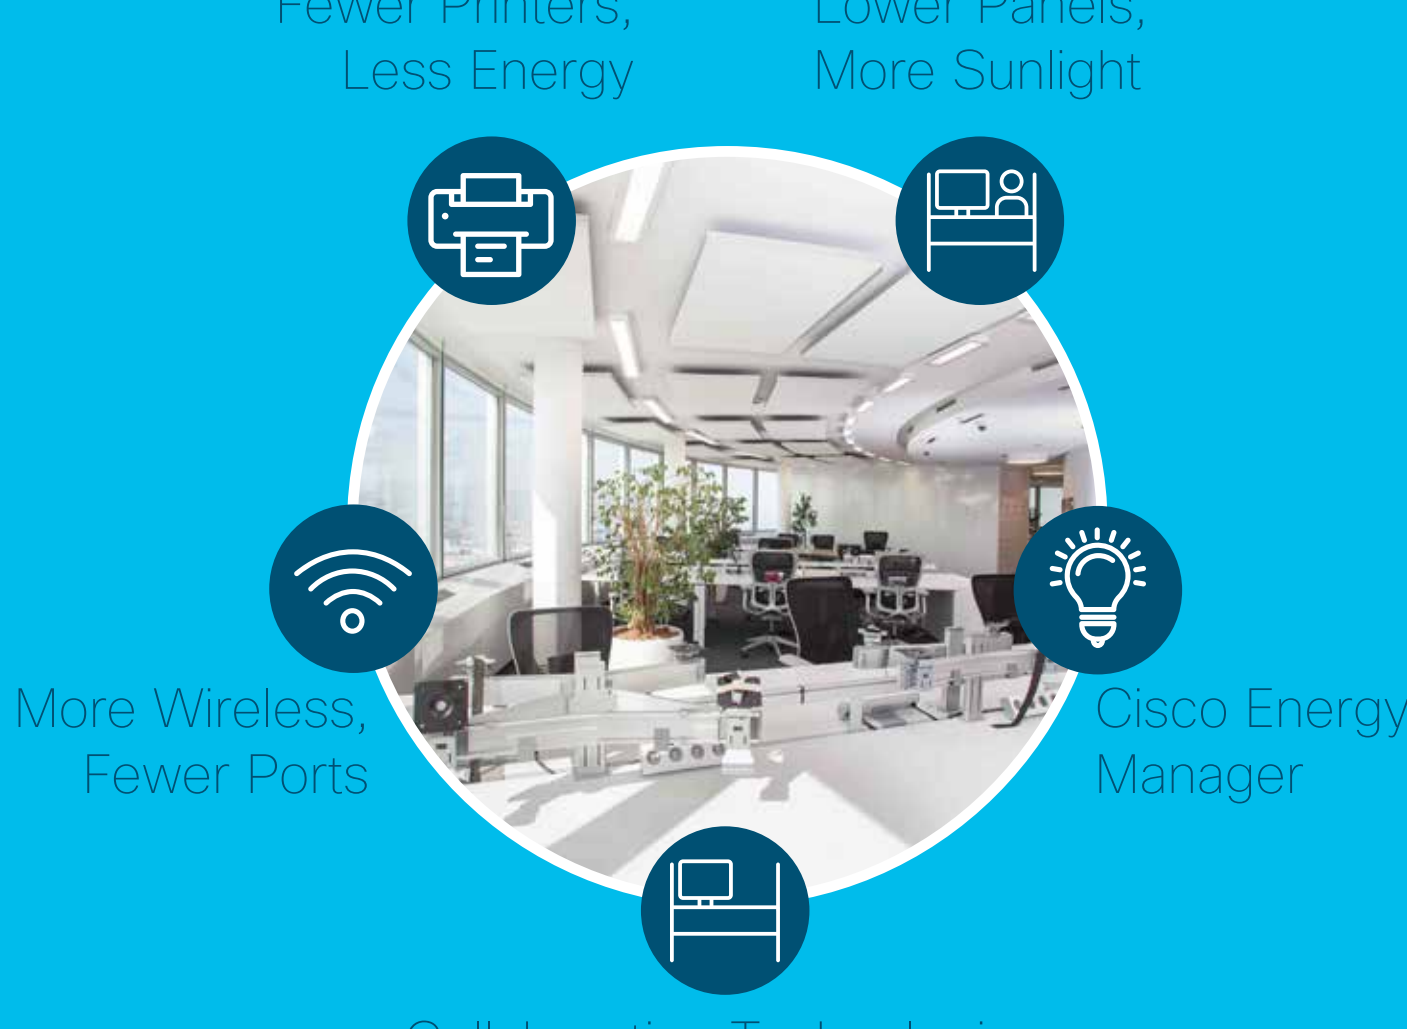

## Our Strategy to Meet our Goals

## Sustainability in the Workplace

### Cisco Connected Workplace

Transforming our workplace into a more collaborative environment and avoiding unnecessary energy consumption

### Energy Efficiency

Implementing efficiency projects at existing buildings and embedding efficiency into the design of new construction

### Onsite Power Generation

Generating our own electricity through onsite renewables and low-carbon solutions

### Purchasing Renewable Energy

Engaging energy suppliers to increase our purchase of renewable energy

### Engaging Stakeholders

## Results Achieved 2012-2017

**We have avoided 140 GWh** as a result of energy efficiency projects
