

# Education Connector for Students

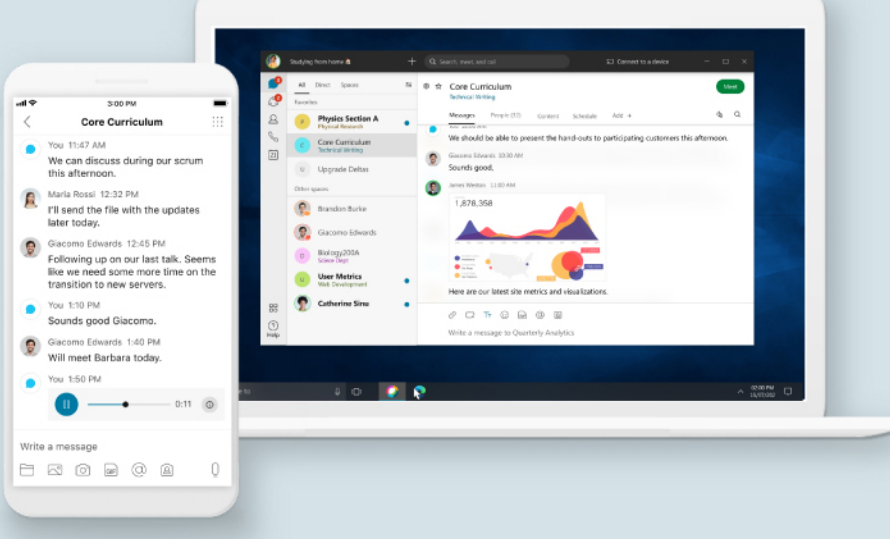

## Classroom Collaboration

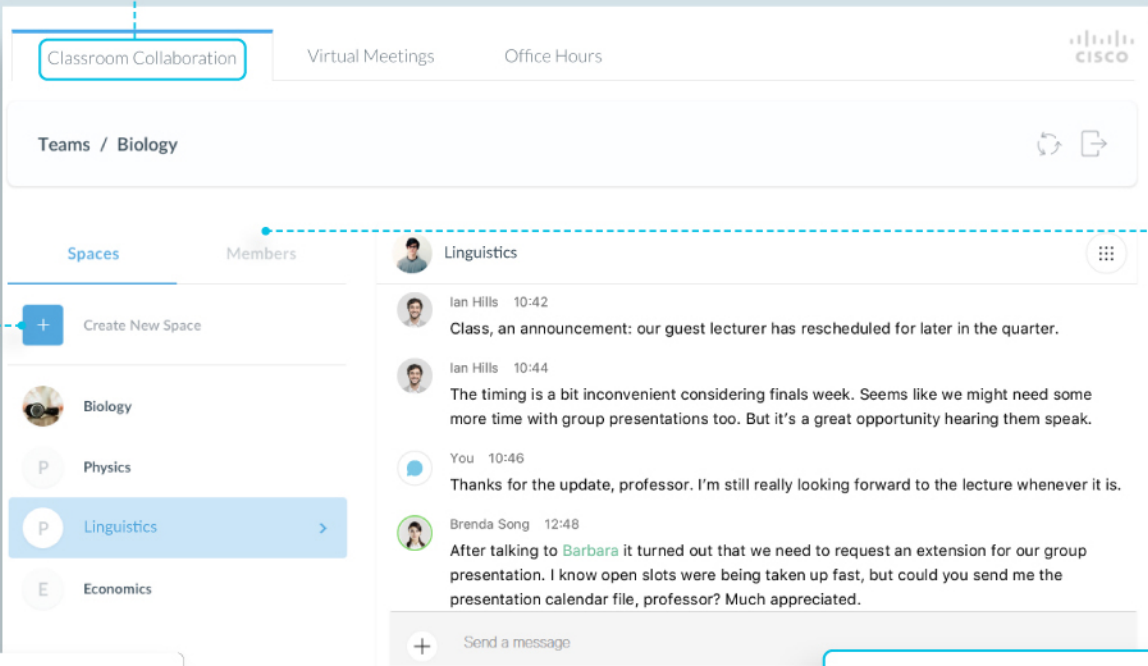

Communicate and share files with your teacher and classmates all from one location.

With the messaging capabilities of the Webex Teams integration, you can work with classmates from anywhere.

Access your course's messages from the Classroom Collaboration tab.

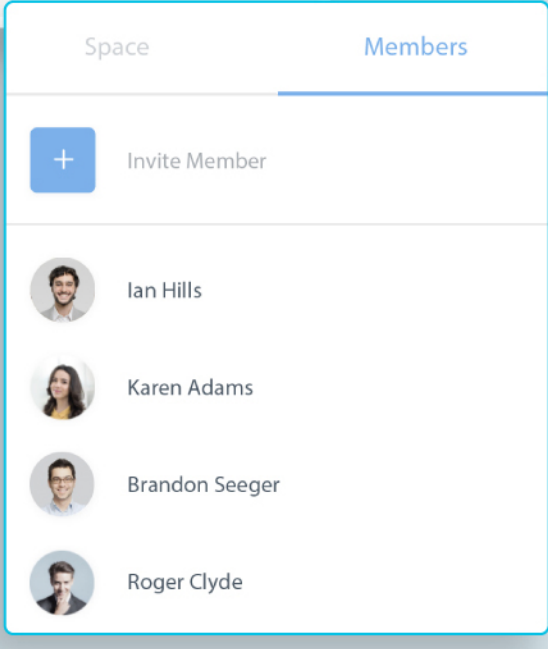

Find and message your classmates from the members list on your desktop tablet or phone.

Space Name  
Group Presenta

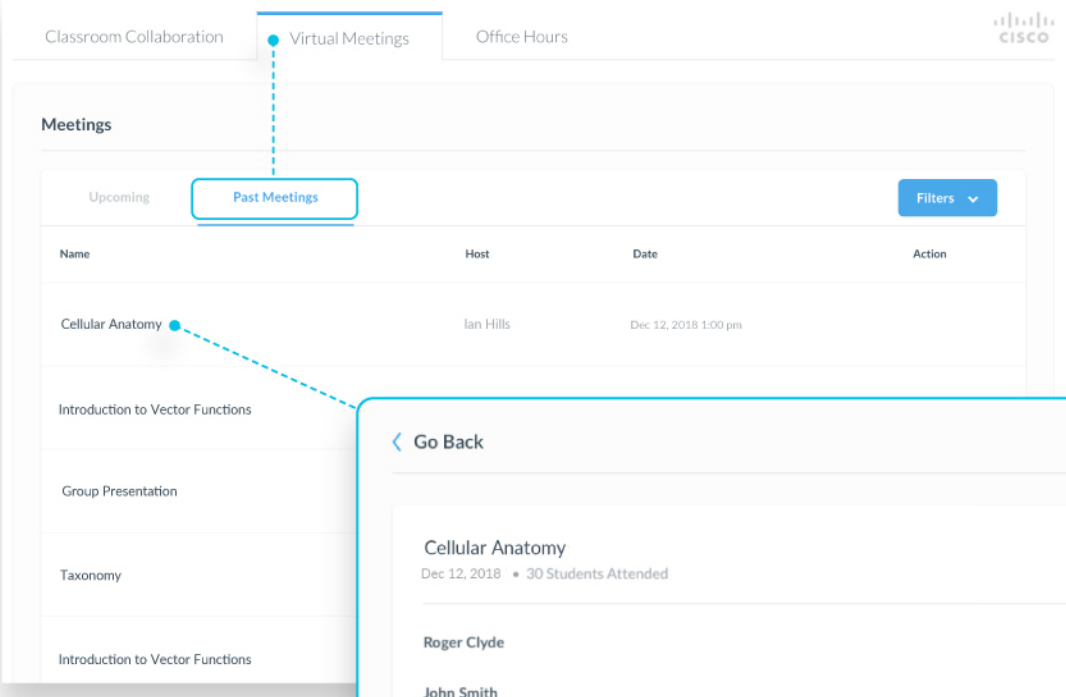

Create Space

Create Spaces to exchange ideas, discuss course content and collaborate with a group.

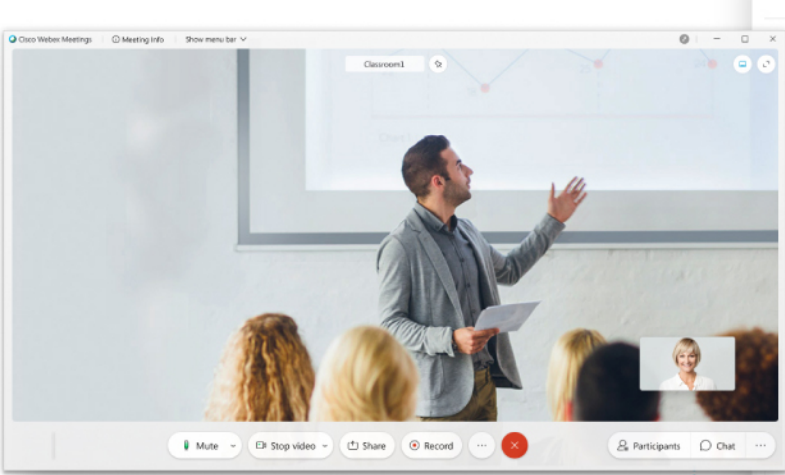

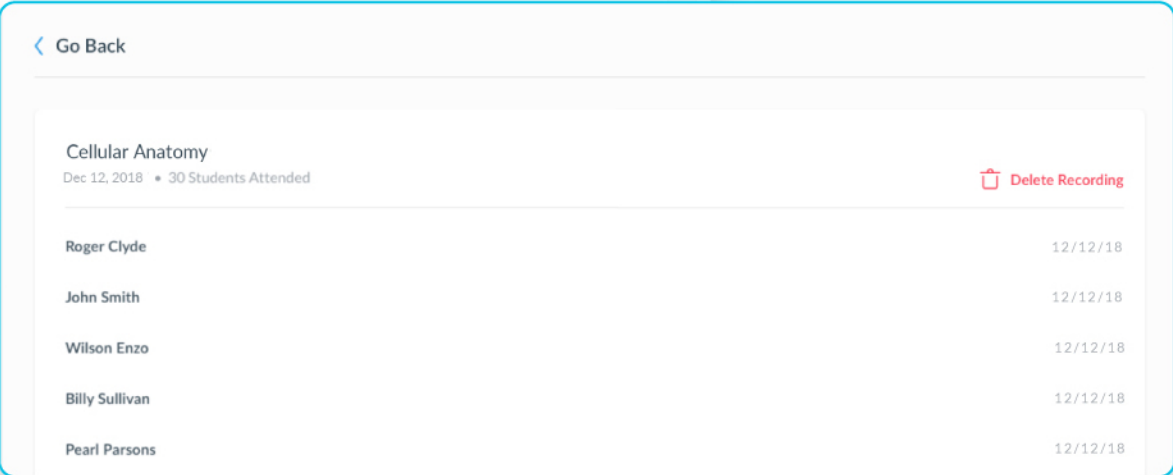

## Virtual Meetings

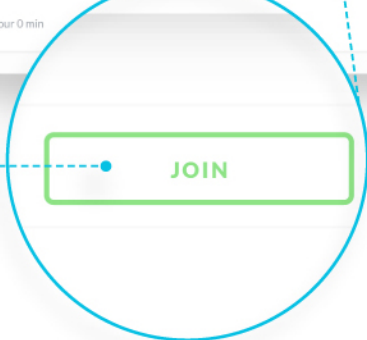

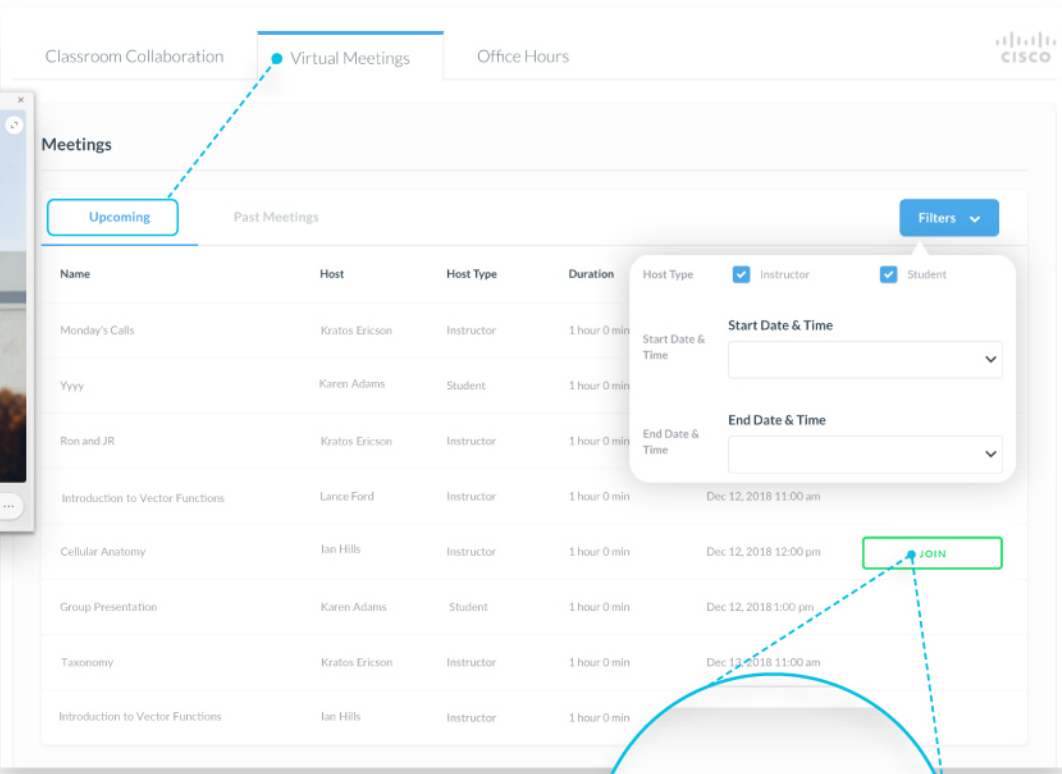

Learn and collaborate in a virtual classroom with the Webex Meetings integration.

Attend lectures in real time or review recorded sessions of past meetings from the Virtual Meetings tab.

When class is set to begin, click Join from the Virtual Meetings tab.

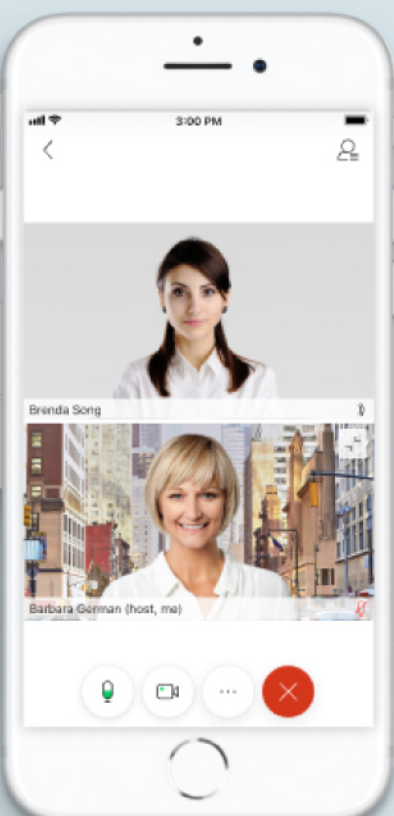

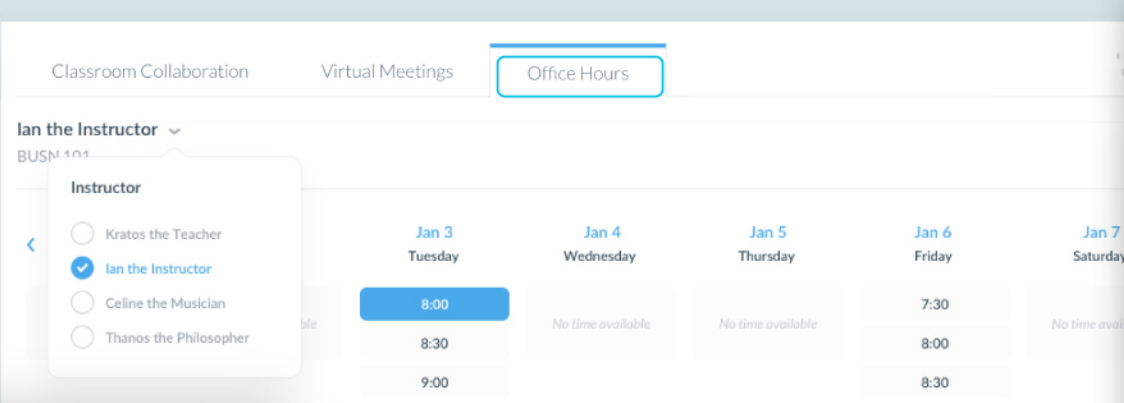

## Office Hours

Attend online office hours to review questions one on one with your professor.

In the Office Hours tab, you can request an available time.

Your scheduled session will appear in the Virtual Meetings tab listed with the rest of your meetings.

When it's scheduled to start, click join and you will be brought into a one on one video meeting with your professor.

Connected learning just got easier.
