

Improve Your Jira Workflow with Cisco Webex Meetings

Start a Webex Meeting in Jira

Invite members of your Jira Project to Webex Meetings to discuss open issues.

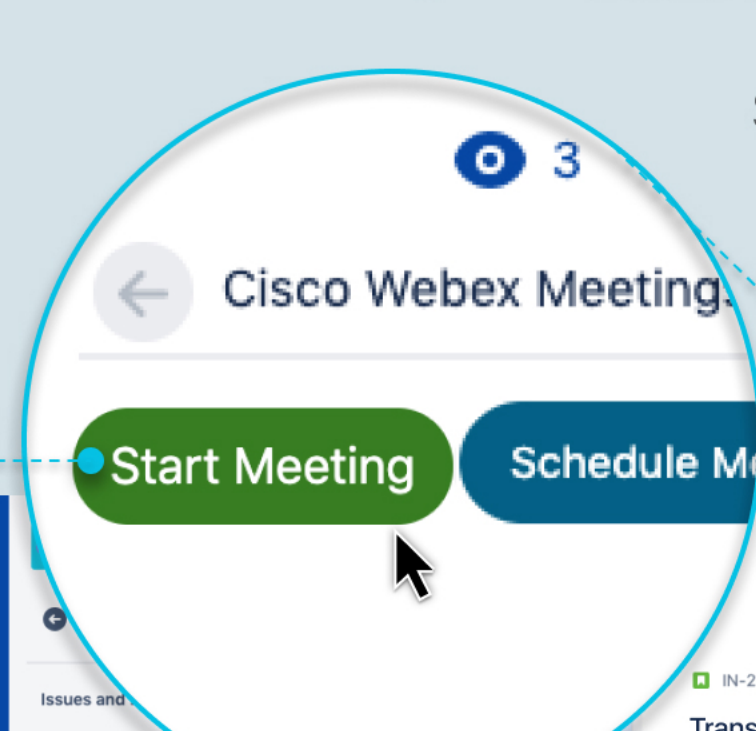

From Jira Service Desk or Jira Software, open a project, and then select the issue you want to meet about.

If your administrator has installed Webex Meetings from the Atlassian Marketplace, click **Open Cisco Webex Meetings**.

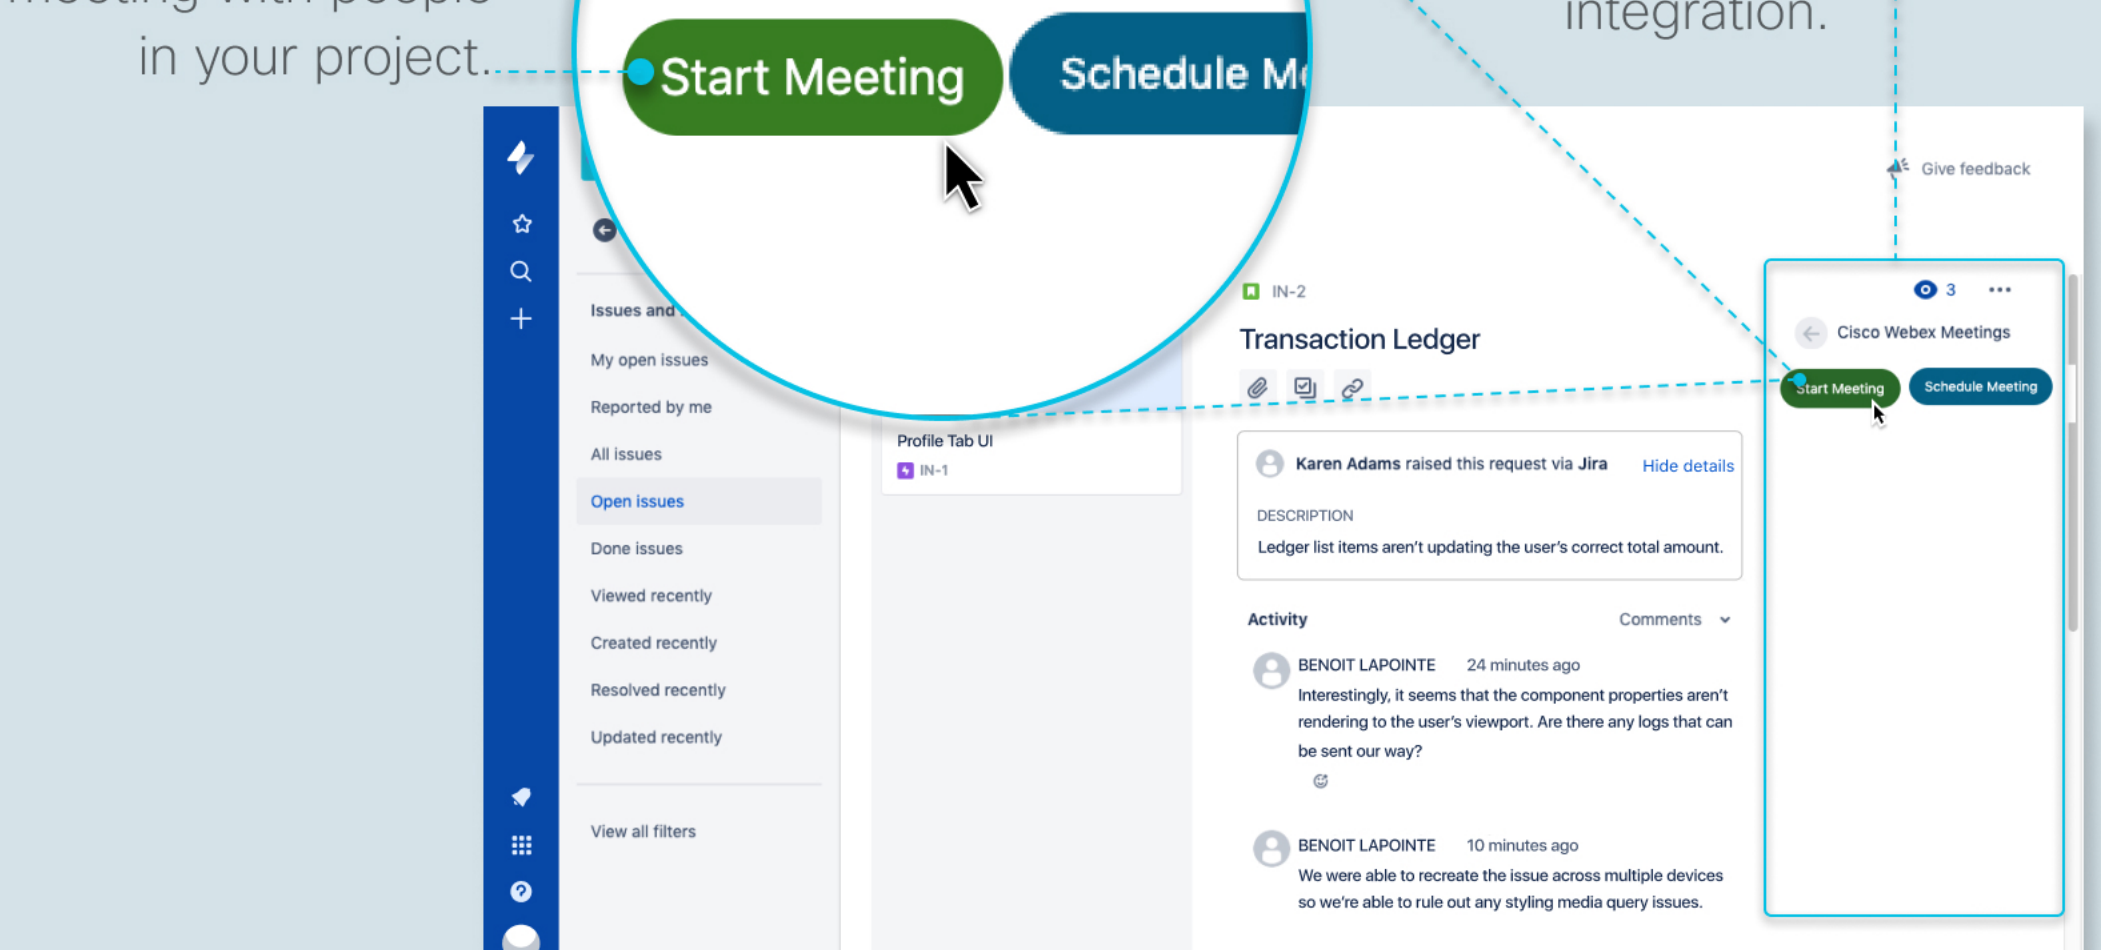

CISCO WEBEX MEETINGS

Open Cisco Webex Meetings

Click **Start Meeting** to start an instant meeting with people in your project.

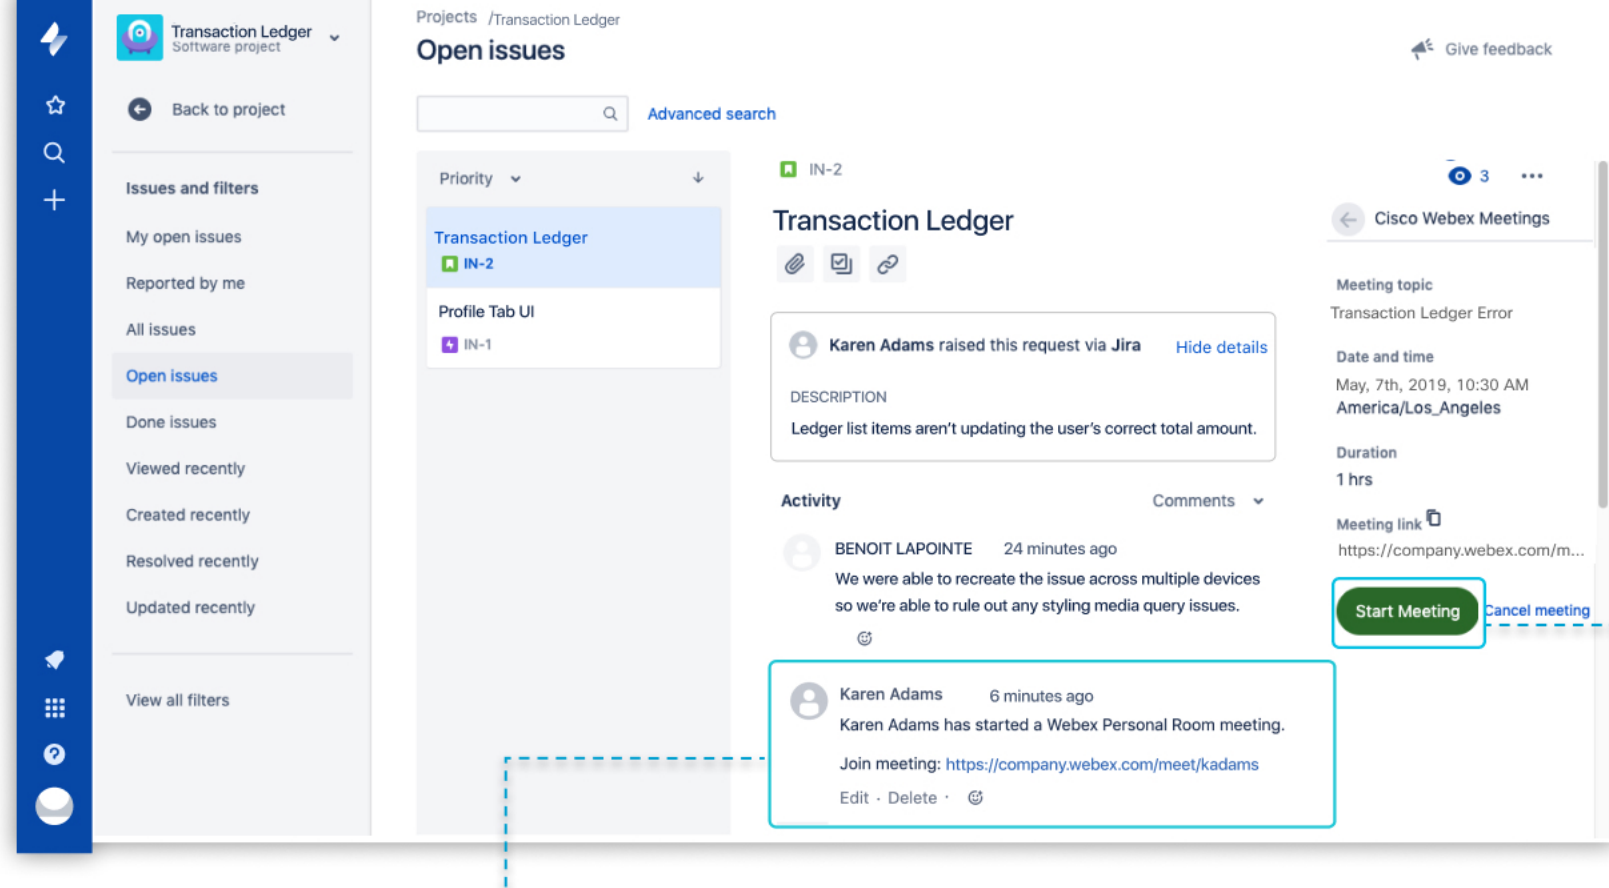

You may have to click **Show more** and scroll down the right-side panel to access the Webex Meetings integration.

Join a Webex Meeting from Jira

Join a Webex Meeting from an open Jira issue you work on, or as a guest.

Karen Adams 6 minutes ago
 Karen Adams has started a Webex Personal Room meeting.
 Join meeting: <https://company.webex.com/meet/kadams>
 Edit · Delete · 😊

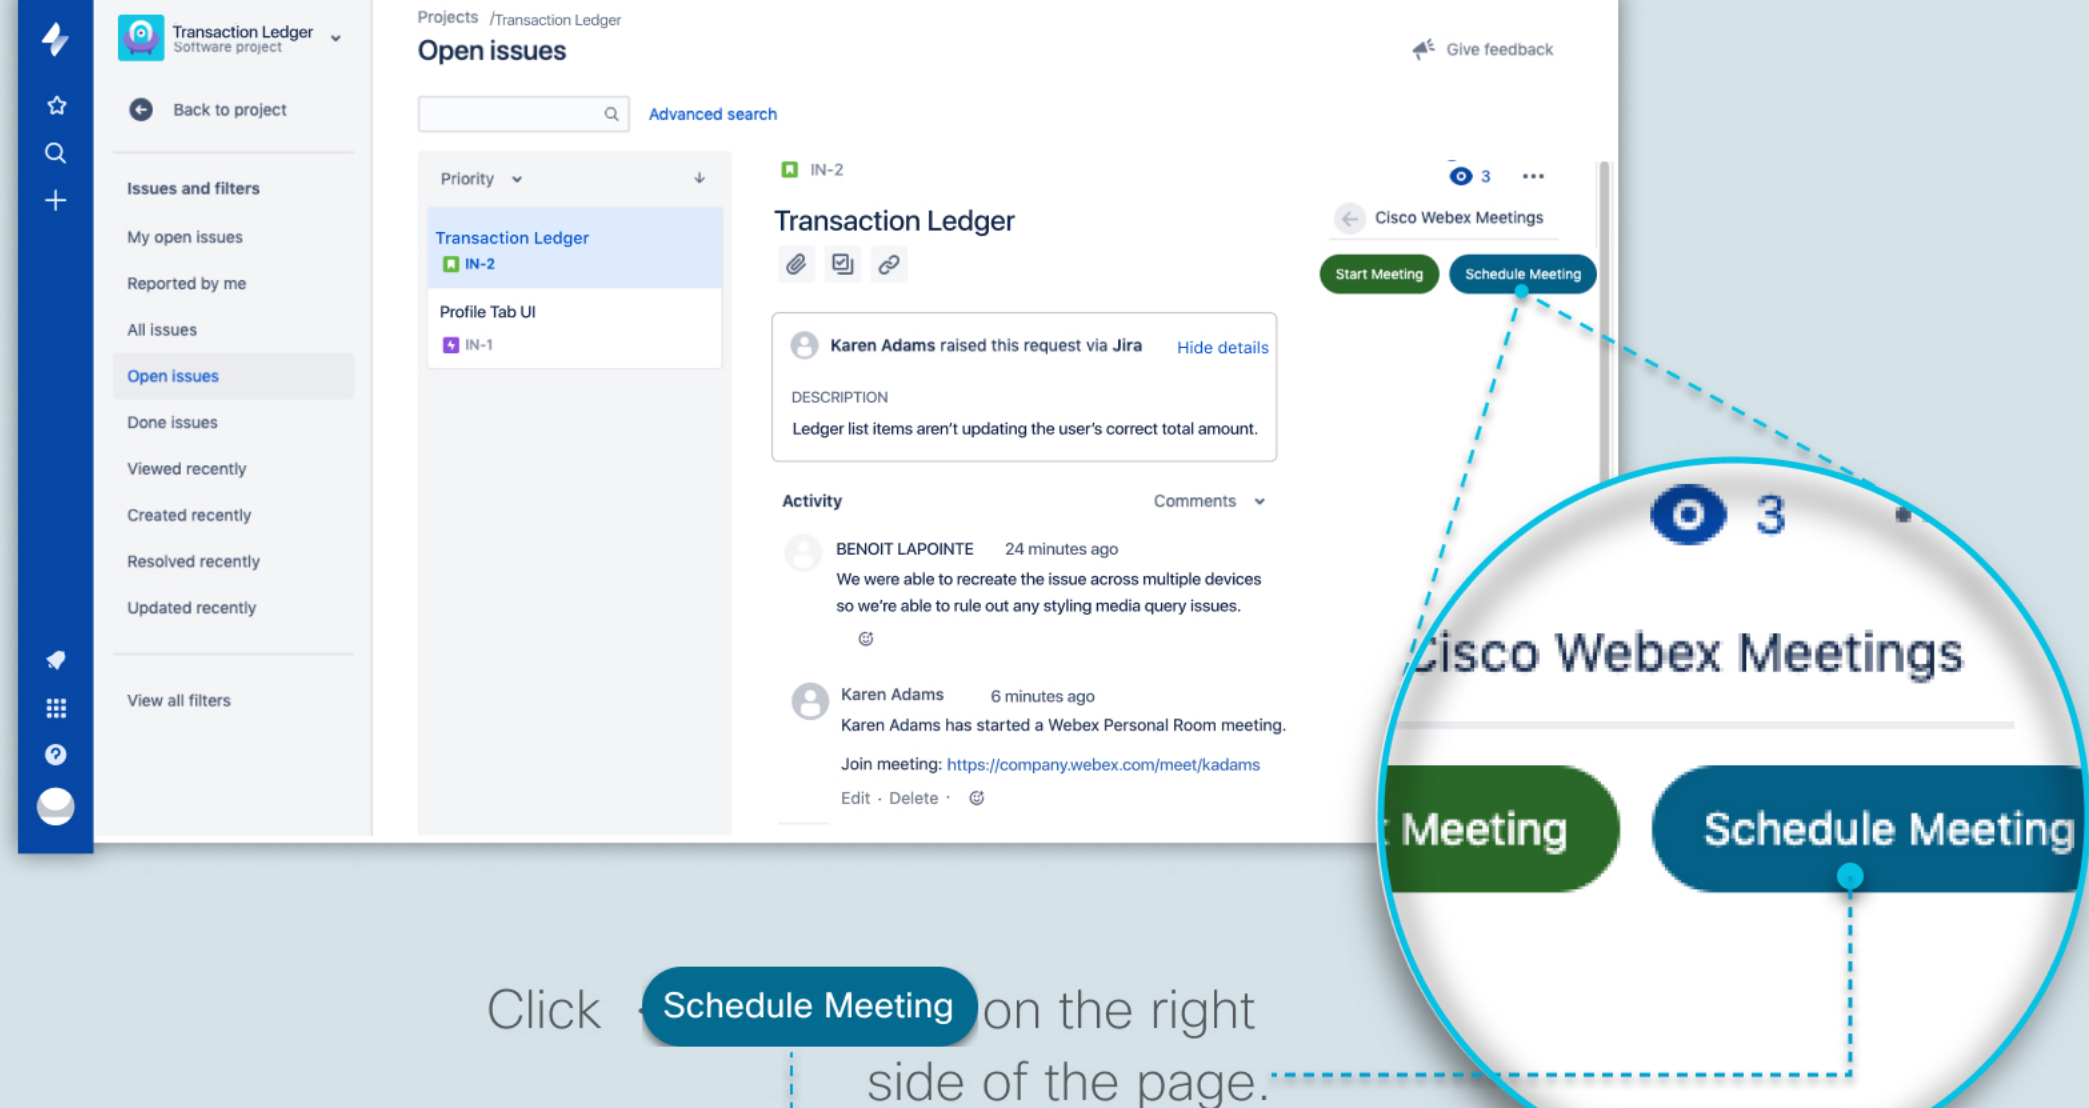

Click the meeting link from the Jira task activity log.

If you're logged into your Jira account, you can also click **Start Meeting** on the right side of the page.

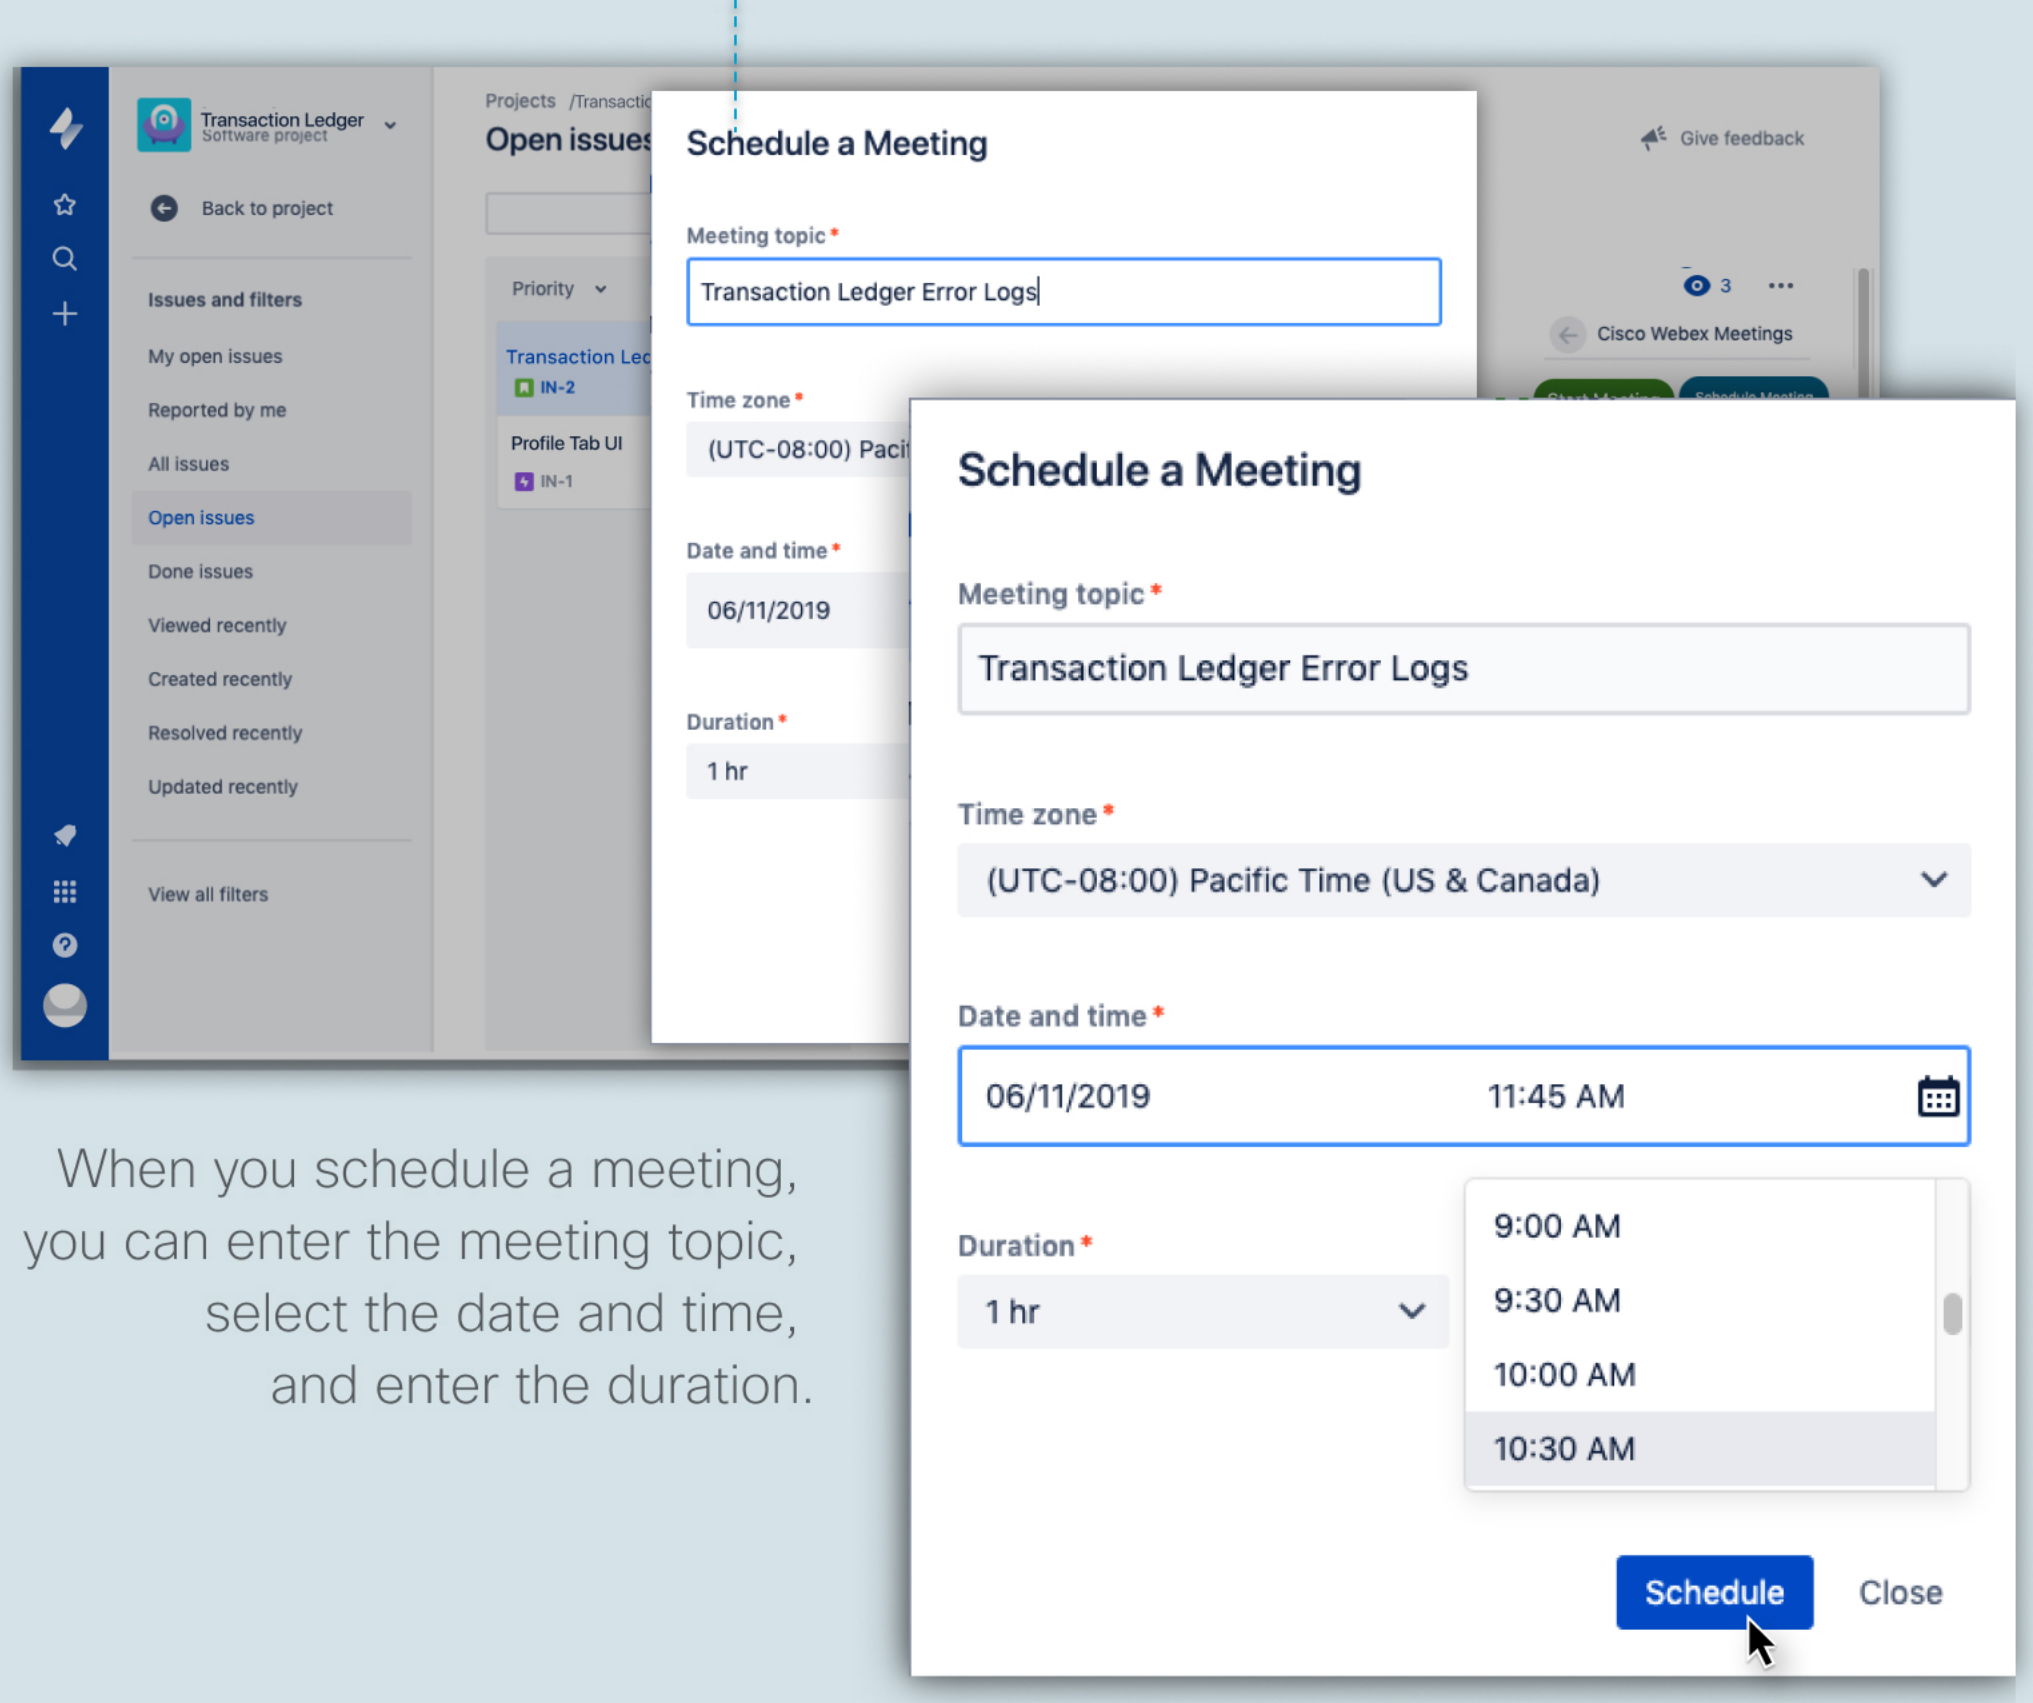

Schedule a Webex Meeting in Jira

Schedule a meeting from an open Jira issue to discuss with your team at a later time.

Click **Schedule Meeting** on the right side of the page.

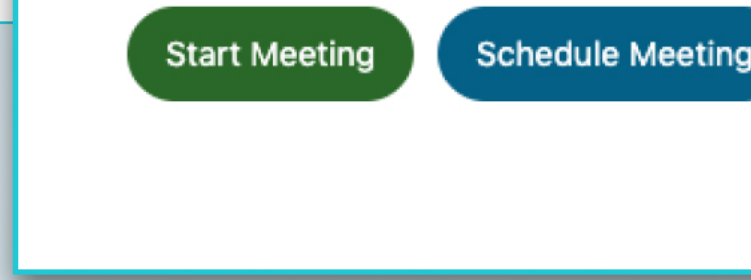

When you schedule a meeting, you can enter the meeting topic, select the date and time, and enter the duration.

Confirm your meeting details, and then click **Submit**.

Karen Adams 4 minutes ago
