

Editing a space

If you leave a space, you cannot rejoin unless another member adds you back to the space

If you delete a space, the space will no longer exist

Click to delete all messages in the space. All members of the space can see a notification in the chat window if you delete all messages

Customize the space name to something of your choice

Check this check box to restrict access to guests

Specify a passcode to restrict space access

Customize space address

Click **Save** to save your changes or **Cancel** to exit without saving
