Change in Behavior

While configuring the behavior of body and attachment scanning (**Security Services > Scan Behavior**), you can specify whether to consider a ZIP file unscannable if the files in the archive are unreadable. For more information, see *Cisco AsyncOS for Email User Guide*.

Upgrade Paths

You can upgrade to release 8.5.6-106 from the following versions:

- 7.6.3-019
- 8.0.1-023
- 8-5-6-074
- 8-5-6-092
- 8-5-6-095

Resolved Issues

Click a Defect ID in the table for more information about the defect.

Defect ID	Description
CSCUj75454	Filters do not recognize body inside multipart/mixed > multipart/related
CSCUo96011	Weak hardening of support account credential algorithm
CSCUp07934	Cisco Email Security Appliance ZIP Inspection Bypass Vulnerability
CSCUp55731	com.postx.util.TableImage doesn't work with Java 1.7
CSCUp76500	GCJ pxd daemon corrupts content with certain MIME
CSCUp81263	Postx glitches prevent email encryption and delivery
CSCUq45779	Workqueue backups consume 50% of memory
CSCUq18649	694 SDK needs 690 error handling for To Address RFC-822 violations
CSCUq88496	Email Security appliance may be vulnerable to CVE-2004-0230, allowing denial of service
CSCUr44447	Filter action: <code>edit-header-text</code> tracebacks internationalized headers
CSCzv35183	DLP applying wrong action to violations

Documentation Updates

Cisco AsyncOS 8.5.6 for Email User Guide is revised to include the following changes:

- Added information about certificates for URL Filtering features. See [Certificates for URL Filtering Features](#) in the [URL Filtering](#) chapter.
- Added recommendation about LDAP cache value. See [Creating LDAP Server Profiles to Store Information About the LDAP Server](#) in the [LDAP Queries](#) chapter.

Revised user guide is available at

<http://www.cisco.com/c/en/us/support/security/email-security-appliance/products-user-guide-list.html>.

Note

These updates will not be available in the Cisco AsyncOS 8.5.6 for Email Online Help.

Additional Information

For additional information about AsyncOS for Cisco Email Security Appliances, see the Release Notes for your release at http://www.cisco.com/en/US/products/ps10154/prod_release_notes_list.html.

Service and Support

For service and support information for Cisco Content Security appliances, see:

- http://www.cisco.com/en/US/support/tsd_cisco_worldwide_contacts.html
- http://www.cisco.com/en/US/products/ps11169/serv_group_home.html#~Support

If you purchased support through a reseller or another supplier, please contact that supplier directly with your product support issues.

For noncritical questions and issues, you can also submit a customer support request from the appliance. For instructions, see the User Guide or online help.
