Calling someone

1. Tap **Dial**, as outlined.

2. Key in the number, as outlined.

3. When the number has been keyed in, tap the **Call** key to place the call.

Using the list of contacts to call

1. To search for someone, tap here to invoke the virtual keyboard and then key in the name or number. Matches will appear as you type. All three lists will be examined for possible matches.

2. When an entry has been located and selected the **Call** menu will appear. Tap **Call** to place the call. There are some options available. These are always context sensitive, which means that meaningless options are not shown. For example **Add to Favorites** is not available for entries already residing in the list of **Favorites**.
