

Using the Integrated Browser (Premium only)

The integrated browser allows you to view intranet and internet web pages from within Agent Desktop. It can have up to 6 tabs, each containing a different web page. The first tab is always reserved for any web pages your supervisor pushes to you.

You can access frequently-used websites from the **Work Sites** list (if set up by your administrator), and type a web address in the optional **Address** field to access other websites.

Button	Name	Shortcut	Description
	Back	Alt-left arrow	Returns you to the last page you viewed.
	Forward	Alt-right arrow	Takes you to the page you viewed before you clicked the Back button.
	Stop	Esc	Stops the browser from displaying a web page (for example, if the download is taking too long).
	Refresh	F5	Refreshes the web page displayed to ensure you see the latest content.
	Home	Alt-Home	Returns you to your predefined home page.

Viewing Agent Real Time Displays

Step 1 Click the **Real Time Displays** button on the toolbar to display the Agent Real Time Displays window.

Step 2 From the Real Time Displays field, select the display you wish to view:

- Agent Call Log
- Agent ACD State Log
- Agent Detail
- Skills Statistics

Step 3 You can sort the display by any column in the report in ascending or descending order by clicking on the column header.

2 Common Tasks

Transferring a Call

- Step 1** With a call active, click **Transfer**.
 - Step 2** In the Name: Number field, enter the phone number that will receive the transferred call, and then click **Dial**.
 - Step 3** For a supervised transfer, wait for the third party to pick up, then click **Transfer**. For a blind transfer, click **Transfer** while the phone is ringing.
-

Conferencing a Call

- Step 1** With a call active, click **Conference**.
 - Step 2** In the Name: Number field, enter the phone number of the person that you want to add to the conference call, and then click **Dial**.
 - Step 3** Click **Add to Conf.** when the phone rings (for a blind conference) or after the person answers (for a supervised conference).
 - Step 4** Repeat Steps 1–3 until all parties are added to the conference.
-

Alternating Between Calls

The Alternate function enables you to switch between two parties before transferring a call, or between a conference call and another party before adding that party to the conference.

To switch between two calls, before finalizing a supervised transfer or supervised conference, click **Alternate**.

Sending a Chat Message

- Step 1** On the toolbar, click **Chat**. The Chat Selection window opens, listing all the people that are available to chat.
 - Step 2** Double-click the name of the person with whom you want to chat. A Chat Session window opens.
 - Step 3** Type your message in the text entry field. If you want your message to pop on the recipient's screen, select the **High priority** check box.
 - Step 4** Click **Send** or press **Enter**.
