

## STANDARD TERMS AND CONDITIONS OF PURCHASE – UNITES STATES

### 1. TERMS OF AGREEMENT

The purchase order, together with these terms and conditions, and any attachments and exhibits, specifications, drawings, notes, instructions and other information, whether physically attached or incorporated by reference (collectively the "Purchase Order"), constitutes the entire and exclusive agreement between the Cisco company ("Cisco") and the supplier (the "Supplier") identified in the Purchase Order. Cisco's submission of the Purchase Order is conditioned on Supplier's agreement that any terms different from or in addition to the terms of the Purchase Order, whether communicated orally or contained in any purchase order confirmation, invoice, acknowledgement, release, acceptance or other written correspondence, irrespective of the timing, shall not form a part of the Purchase Order, even if Supplier purports to condition its acceptance of the Purchase Order on Cisco's agreement to such different or additional terms. Supplier's electronic acceptance, acknowledgement of this Purchase Order, or commencement of performance constitutes Supplier's acceptance of these terms and conditions. The Purchase Order does not constitute a firm offer within the meaning of Section 2205 of the California Commercial Code, and may be revoked at any time prior to acceptance. Notwithstanding the foregoing, if a master agreement covering procurement of the Work described in the Purchase Order exists between Supplier and Cisco, the terms of such master agreement shall prevail over any inconsistent terms herein.

### 2. DEFINITIONS

2.1 "Deliverables" means the deliverables specified in the Purchase Order (and any Statement of Work) to be delivered on or before the Delivery Date.

2.2 "Delivery Date" means the date or dates specified in the Purchase Order by which the Supplier is required to deliver the Work.

### **3. DELIVERY**

3.1 Time is of the essence in Supplier’s performance of its obligations under Section 3 of the Purchase Order. Supplier will immediately notify Cisco if Supplier’s timely performance under the Purchase Order is delayed or is likely to be delayed. Cisco’s acceptance of Supplier’s notice will not constitute Cisco’s waiver of any of Supplier’s obligations.

3.2 If Supplier delivers Work after the Delivery Date, Cisco may reject such Work.

3.3 Cisco will hold any Work rejected under this Purchase Order at Supplier’s risk and expense, including storage charges, while awaiting Supplier’s return shipping instructions. Supplier will bear all return shipping charges, including without limitation, insurance charges Cisco incurs on Supplier’s behalf. Cisco may, in its sole discretion, destroy or sell at a public or private sale any rejected Work for which Cisco does not receive return shipping instructions within a reasonable time, and apply the proceeds, if any, first toward any storage charges.

3.4 Supplier will preserve, pack, package and handle the Deliverables and Products so as to protect the Deliverables and Products from loss or damage and in accordance with best commercial practices in the absence of any specifications Cisco may provide. Without limiting the foregoing, Supplier shall observe the requirements of any local laws and regulations relating to hazardous work, including, without limitation, with respect to its accompanying information, packing, labeling, reporting, carriage and disposal.

3.5 Supplier will include with each delivery of Products a packing list identifying the Purchase Order number, the Cisco part number for each of the Products (if applicable), a description and the quantity of each of the Products, and the date of shipment.

3.6 Unless Cisco expressly instructs otherwise, Supplier will deliver all Work to Cisco’s plant at the address set forth in the Purchase Order. Seller assumes responsibility for all shipping and delivery charges including, without limitation, customs, duties, costs, taxes and insurance. Risk of loss for the Deliverables and Products does not pass to Cisco until acceptance in accordance with Section 6.

### **4. PRICE AND PAYMENT**

4.1 Unless otherwise specified in the Purchase Order, the price for the Work includes all taxes and other charges such as shipping and delivery charges, duties, customs, tariffs, imposts and government-imposed surcharges. Supplier will, at Cisco’s request, break-out from the price all such taxes

and other charges, in its invoices. Supplier shall use its best efforts to assist Cisco in all legal efforts to minimize the taxes resulting from the performance of this Purchase Order.

4.2 Cisco will pay Supplier the price in accordance with the payment terms set forth in the Purchase Order following the later of: (i) the Delivery Date; (ii) the date of Cisco's acceptance of all of the Work; or (iii) Cisco's receipt of a properly prepared invoice. A properly prepared invoice must include the Purchase Order number and, if required in the Purchase Order, Supplier's certification of conformance of the Work to the requirements. Payment will be in the currency of the country in which the Cisco entity or affiliate identified in the Purchase Order is located, and if the price set forth in the Purchase Order is not in the local currency, then Cisco will determine the local currency equivalent of the price as of date of payment. Cisco may, at any time, set-off any amounts Supplier owes Cisco against any amounts Cisco owes to Supplier or any of its affiliated companies. Under no circumstances shall Cisco pay or advance funds to Supplier, nor shall Supplier accept such funds, other than in accordance with a valid and applicable Purchase Order for services rendered.

4.3

## **5. OWNERSHIP AND LICENSE**

5.1 Unless otherwise specified in a SOW and except as provided in Section 5.2, Cisco is the sole and exclusive owner of all Deliverables and Supplier hereby irrevocably assigns and transfers to Cisco all of its worldwide right and title to, and interest in, the Deliverables, including all associated Intellectual Property Rights.

5.2 Unless otherwise specified in a SOW, each party owns all right, title, and interest in and to any of its Preexisting Materials. Supplier hereby grants Cisco a perpetual, irrevocable, worldwide, transferable, royalty-free, nonexclusive license, with the right to sublicense and authorize the granting of sublicenses, to use and reproduce Supplier's Preexisting Materials in the Deliverables to the extent necessary for Cisco's exercise and exploitation of its rights in the Deliverables.

5.3 Unless otherwise specified in an SOW, Supplier will obtain and assign to Cisco a non-exclusive, royalty-free, worldwide, perpetual, irrevocable, transferable, sub-licensable license to use all Third Party Intellectual Property Rights incorporated into, required to use, or delivered with the Work. Supplier will deliver copies of the above releases and licenses to Cisco upon Cisco's request.

## **6. INSPECTION AND ACCEPTANCE**

Cisco may reject any or all of the Work which does not conform to the applicable requirements within 10 business days of Supplier's delivery of the Work. At Cisco's option, Cisco may (i) return the non-conforming Work to Supplier for a refund or credit; (ii) requires Supplier to replace the non-conforming Work; or (iii) repair the non-conforming Work so that it meets the requirements. As an alternative to (i) through (iii), Cisco may accept the non-conforming Work conditioned on Supplier providing a refund or credit in an amount Cisco reasonably determines to represent the diminished value of the non-conforming Work. Cisco's payment to Supplier for Work prior to Cisco's timely rejection of such Work as non-conforming will not be deemed as acceptance by Cisco.

## **7. CHANGES**

7.1 As used in this Section 7, "Change" means a change Cisco directs or causes within the general scope of this Purchase Order, the applicable SOW or both.

7.2 Cisco, by written order ("Change Order"), may make Changes in accordance with this Section 7.

7.3 If Supplier asserts that Cisco has directed or caused a Change to the cost of or time for performance for which Cisco has not issued a Change Order, Supplier will promptly notify Cisco in writing of the Change, providing (i) a description of the action or inaction asserted to have caused the Change; (ii) an estimate of the equitable adjustment that would be required for Supplier to perform the Changed Work; and (iii) a date no less than 30 days from the date of notice by which Cisco must respond to Supplier's notice so that Supplier may proceed with the Work unchanged. Cisco will evaluate Supplier's notice of Change in good faith, and if Cisco agrees that it has made a constructive change, Cisco will issue a Change Order to Supplier.

7.4 Supplier shall, as promptly as practicable, after giving the notice of the Change, or within 10 days of receiving a Change Order, submit a request for equitable adjustment specifying the adjustment in the price or time for performance resulting from the Change.

7.5 The parties shall negotiate an amendment to the applicable SOW to incorporate a Change Order providing for an equitable adjustment to the price, time for performance, or both.

7.6 Supplier will proceed with the Changed Work as directed, notwithstanding that the parties have not negotiated the amendment to this Purchase Order or the applicable SOW to incorporate the equitable adjustment.

18.4 A party's election not to insist on strict performance of any requirement of the Purchase Order will not operate or be construed to waive any future omission or breach, or any other provision of the Purchase Order.
