

# Cisco IT Executive Presentation TelePresence

**Version 13, Q3, FY09**

Produced by the Cisco on Cisco team within Cisco IT

# Cisco TelePresence in Context

## ■ Challenges

- Ineffective remote meetings
- Increased demand for collaboration
- Global business operations
- Real-time access to distributed expertise

## ■ TelePresence Advantages

- Experience the meeting, not the technology
- Life-size and high-resolution to discern body language
- Guarantee everyone a seat at the table

## ■ Built Entirely by Cisco

- Quality, simplicity, reliability

# Executive Summary

## TelePresence

### Challenge

- Meet with more customers whilst reducing travel
- Provide a new option for communicating in an emergency

### Solution

- CTS 3000, 1000, and 500 Endpoints
- “Same room” experience and simple to use
- Integrates with UCM and Cisco Unified IP Phone
- WAN circuit upgrades where needed to enhance quality

### Results

- Travel reduction
- Employee productivity
- New business benefits
- Business continuity

### Return on Investment

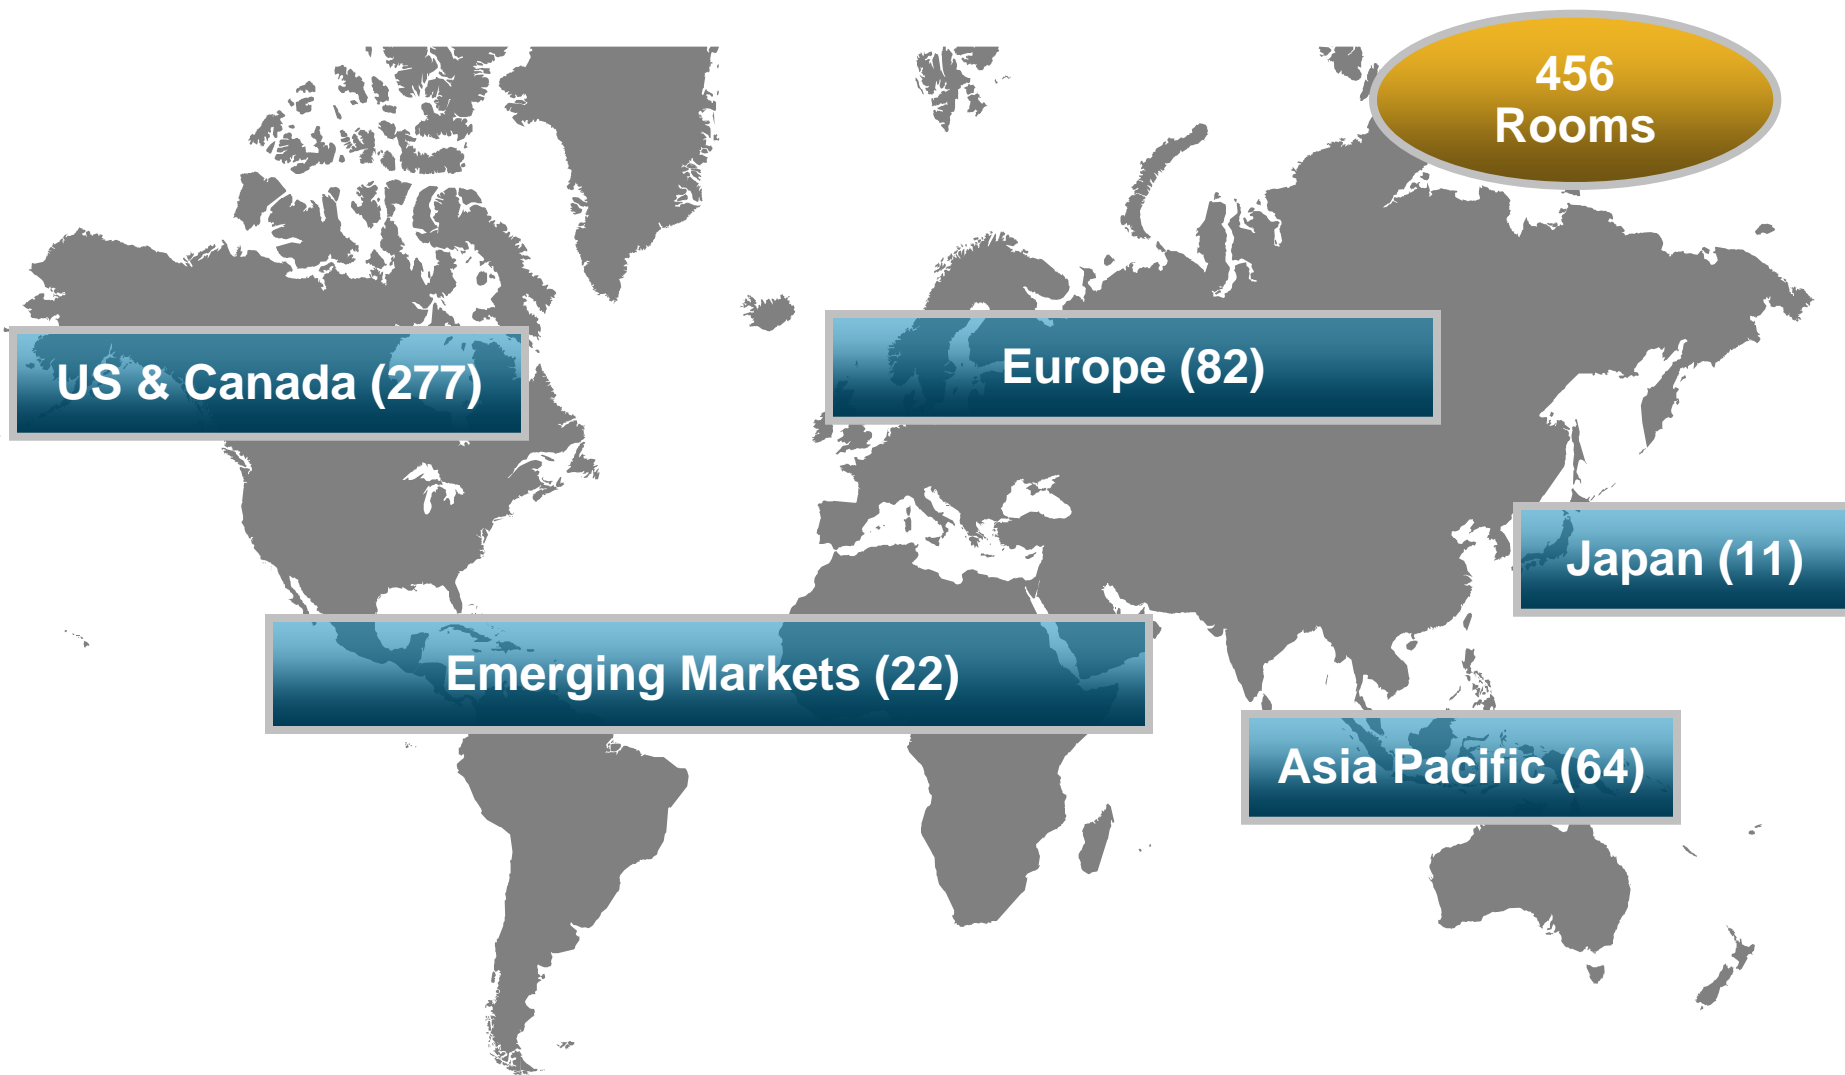

- Improve sales success rates with gains of \$127M+
- Reduce sales cycle saving \$68M+
- Travel savings of ~\$61M
- Executive and employee productivity gains of \$42M+

### Future

Deploy 144+ client funded and 33+ corporate funded TelePresence systems by end of FY09

Full video solution combine TelePresence, WebEx, H.323 video

# Cisco TelePresence Deployment FY09 (May 09)

# TelePresence, Past, Present, and Future

Past	Present	Future
Collaborations were done face-to-face where travel was required much more	<ul style="list-style-type: none"><li>• 456 TelePresence systems globally</li><li>• Overall average usage ~49%</li><li>• 289,922+ meetings scheduled (381,701+ hours)</li><li>• 53,788+ meetings avoided travel by using Cisco TelePresence, saving \$215M+</li><li>• Productivity cost savings of \$81M+</li><li>• 116,182+ metric tons of emission saved</li><li>• B2B (enable customers to communicate and collaborate over TelePresence)</li><li>• 1,855+ deals impacted by TelePresence</li></ul>	<ul style="list-style-type: none"><li>• Deploy 144+ client funded and 33+ corporate funded TelePresence systems by end of FY09</li><li>• Full video solution combine TelePresence, WebEx, H.323 video</li></ul>

# Business Benefits

## Travel Reduction

- Reduced travel for internal and external meetings
- Reallocate travel to critical customer meetings
- Positive environmental impact, reduced emissions
- Facilitates work-life integration, workplace flexibility

## Employee Productivity

- Reduced travel “downtime”
- Increased “in-person” interactions
- Improved access to busy executives
- Ready access to subject matter experts
- Enhanced communication and decision making
- Increased face time with customers

## New Business Models

- Sales:** increased customer contact; reduced sales cycle
- Marketing:** accelerated content development
- Product Development:** reduced development cycle
- Manufacturing:** improved supply-chain integration
- Professional Services:** more consulting time
- HR:** reduced hiring cycle resulting from remote job interviews

## Business Continuity

- Effective crisis management
- Emergency executive meetings
- Improved communication and decision making

# TelePresence Impact on Key Financial Drivers

REVENUE		OPERATING EXPENSES		RISK	
New Product Revenue	Reduce time-to-market for new products and services	Travel Expenses	Reduce business travel expenses	Business Continuity	Effective crisis management: Improve communication with global offices, R&D centers, etc. Reduce risk of critical downtime, asset impairment
Lead Generation	Expand lead generation through increased customer contact	Executive and Employee Productivity	Time savings for executives, knowledge workers, and SMEs		
Sales Pipeline	Improve sales pipeline conversion rate	Internal Project Costs	Avoid internal project delays, reduce project cycle time		
Salesforce Productivity	Improve time to productivity for new sales hires	Vendor and Supplier Costs	Reduce vendor and supply-chain costs with third-party collaboration		
		Support Costs	Reduce support costs through global shared service centers	Compliance with Environmental Regulations	Meet environmental emissions-compliance standards Improve overall environmental care
		Hiring Costs	Remote job interviews compress hiring cycle, reduce cost of turnover		

# Cisco TelePresence Deployment Return on Investment

3 Years – Starting October 2006

Source: Cisco IBSG, 2007
