"

Cisco Networking Academy celebrates 25 years of educating the learners who connect the world. We are sustained by our deep, purpose-driven commitment to empower all people with career possibilities through inclusive workforce development.

Laura Quintana
Vice President & General Manager, Cisco Networking Academy

"

As a 23-year NetAcad teacher, I have experienced the success of my students, 90% of them are considered at risk yet they thrive in NetAcad. As a teacher nothing is better than seeing a student succeed in class, get a job, move up in their careers. They credit successes to the skills they learned in NetAcad. The rewards of seeing students succeed is like nothing I've experienced in my 32 years in education.

Jim Elkins
NetAcad Instructor, North Technical High School

*In-kind contribution and metrics as of end of Cisco fiscal year 2022
