

**Cisco Webex Meetings Services
Supplement for U.S. Government Subscribers**

The terms below supplement and amend Subscriber's Offer Description for Cisco Webex Meetings Services if Subscriber is a U. S. Government Subscriber. If there is any conflict between this Supplement and the Offer Description for Webex Meetings Services, the applicable terms in this Supplement will prevail.

A. U.S. Government Subscribers

1. A **"U.S. Government Subscriber"** is a Subscriber that is (a) a United States Government entity or United States Government contractor, including federal, state and local government agencies and public educational institutions and (b) purchasing Cisco Webex Meetings for its own internal use and not for resale, remarketing or redistribution.
2. Cisco is authorized under the Federal Risk and Authorization Management Program ("**FedRAMP**") to sell Cisco Webex Meetings to U.S. Government Subscribers. Cisco Webex Meetings is available for purchase by U.S. Government Customers solely in the United States.

B. Cisco Webex Meetings Overview

1. **Description of Services.** Table 1 summarizes the core services that may be included with your Cisco Webex Meetings subscription.
2. **Subscription Buying Models.** The available Buying Models are Employee Count, Named User, and Active User. The Buying Models are outlined in Section C below.
3. U.S. Government Subscribers will receive only the core services in Table 1 that are available within their designated Buying Model (see Section C below). Table 1 and Section C of this Supplement supersede the Offer Description for Cisco Webex Meetings Services.

Table 1: Core Services

<u>Cisco Webex Meetings</u>	Cisco Webex Meetings helps you make decisions faster, with integrated audio, video, and content sharing. Teams can meet, collaborate, and stay productive anywhere, anytime, and on any mobile device or video system.
<u>Cisco Webex Training</u>	Cisco Webex Training is a Cisco-hosted online training solution that lets you deliver live instruction to any user, anywhere with web access.
<u>Cisco Webex Support</u>	Cisco Webex Support enables organizations to deliver high-touch online IT support and customer service to employees and customers anywhere in the world.
<u>Cisco Webex Events</u>	Cisco Webex Events is a real-time, end-to-end online event service. From planning to follow-up analysis, Cisco Webex Events provides the features to more effectively host company meetings and corporate events or to market products and services to target audiences around the world.
Cisco Webex Meetings Storage	Cloud Network Based Recording (" NBR ") storage for Cisco Webex Meetings Services.

C. Cisco Webex Meetings Buying Models

1. The available Buying Models are Employee Count, Named User, and Active User.
2. Employee Count and Active User include all of the following core services: Meeting Center (Capacity 1000); Training Center (Capacity 200); Event Center (Capacity 1000); Support Center (Capacity 5); and Cisco Webex Meetings Storage (Capacity 50 GB)
3. Under Named User, each of the following core services may be purchased separately: Meeting Center (Capacity 200); Training Center (Capacity 200); Event Center (Capacity 1000); and Cisco Webex Meetings Storage (Capacity 10 GB)
4. The following Add-On Services are not available with any Buying Model: (a) Additional Cisco Webex Meetings Storage and (b) PRO Pack for Cisco Webex Control Hub. All other Add-On Services are available for purchase with any Buying Model.

D. Disclaimer of Cisco's Liability Related to PSTN Traffic. When connecting to Cisco Webex Audio from locations outside the United States, Cisco strongly recommends U.S. Government Subscriber and its meeting participants use integrated VoIP. U.S. Government Subscriber acknowledges that calls placed over PSTN are unencrypted and subject to local laws. If U.S. Government Subscriber uses a PSTN connection and suffers harm resulting from the lack of encryption, U.S. Government Subscriber is solely responsible and Cisco disclaims all liability for any such harm.
