The Cloud Services are available under license models for named user (customer is obligated to pay per user), active user (customer is obligated to pay for actual usage), employee count (customer is obligated to pay for enterprise-wide use), or ports (customer is obligated to pay per shared account). Each license model is further described in Section 2 of this Offer Description and reflected on the Order You place with Your Approved Source.

1.2. Education End Users
   Cisco offers the Cloud Services to Education End Users, as described in Exhibit A of this Offer Description.
1.3. Cisco Webex Meetings FedRAMP
Cisco offers a Federal Risk and Authorization Management Program-authorized version of Webex Meetings (“Webex Meetings FedRAMP”), as described in Exhibit B of this Offer Description.

1.4. Cisco Webex Assist
Cisco offers the Webex Assist Services to Webex end users as described in Exhibit C of this Offer Description.

2. License Model Terms

2.1. Named User
Your payment obligation and Your right to use the Cloud Services is based on the number of Named Users on Your Order, regardless of usage. A “Named User” is an employee or contractor given access to the Cloud Services. Each Named User receives a unique account that may not be shared or used by anyone other than the designated employee or contractor. A Named User’s account may not be transferred to another person, except upon: (a) termination of the Named User’s employment or (b) Cisco’s prior written approval. You are solely responsible for the acts and omissions of, or any fees incurred by, Your Named Users.

2.2. Active User
Your payment obligation is based on the number of Employees that access the Cloud Services and that host at least one Meeting (“Active Users”). “Employees” means all of Your employees plus any of Your contractors who meet the following criteria: (a) they work on Your behalf; (b) their work is under Your control or supervision pursuant to a consulting, staffing, or other similar written contract; and (c) they have access to Your systems or networks in the ordinary course of providing their services to You. Your Employee count also includes the employees of any affiliate that is included on Your Order. A “Meeting” is a meeting initiated: (d) in Webex Meetings or Webex Teams; or (e) by phone using a Webex personal conferencing number regardless of whether Webex Meetings or Webex Teams is launched. An unscheduled meeting launched from a Webex Teams one-on-one space will not count as a Meeting.

Your Order must reflect the greater of the following number of Active Users: (f) 75 Active Users; (g) 15% of Your Employees; or (h) if You are migrating from an existing subscription, the number of Active Users on the Order associated with Your existing subscription. After Your initial subscription year, Your minimum payment obligation will be the greater of the following number of Active Users: (i) 75 Active Users; (j) 15% of Your Employees; or Your Average Active Users. Average Active Users means the average number of Active Users per month in months nine (9), ten (10), and eleven (11) of Your previous subscription year.

2.3. Employee Count
Under the employee count license model, You must purchase a subscription for enterprise-wide use by all of Your Employees. “Employees” means all of Your employees plus any of Your contractors who meet the following criteria: (a) they work on Your behalf; (b) their work is under Your control or supervision pursuant to a consulting, staffing, or other similar written contract; and (c) they have access to Your systems or networks in the ordinary course of providing their services to You. Your Employee count also includes the employees of any affiliate that is included on Your Order.

Your Order must reflect the greater of the following: (d) Your enterprise-wide Employee count or (e) 100 Employees.

You may access the Cloud Services by up to 120% of the Employees identified on Your Order (“Growth Allowance”) without incurring additional fees. If, at any time, Your provisioned Employees exceeds Your Growth Allowance, You will be obligated to pay for such excess Employees. An “Extraordinary Event” is a one-time event, such as a merger or acquisition, that results in an increase in Your Employees in excess of Your Growth Allowance. If an Extraordinary Event occurs, You will be obligated to modify Your Order to reflect the higher Employee count after the Extraordinary Event.
2.4. Ports
Your payment obligation and right to use the Cloud Services is based on the number of shared accounts or "Ports" on Your Order. An unlimited number of Your employees can host meetings using Your Ports, provided that the number of meeting participants does not exceed the number of Ports on Your Order. If, at any time, Your meeting participants exceeds Your Ports, You will be obligated to pay a fee for such excess use ("Overage"). If required, Your Approved Source will generate a bill for the number of meeting participants in excess of the Ports on Your Order.

3. Supplemental Terms and Conditions

3.1. Term
The initial term starts on the earlier of (a) thirty (30) days from the date Cisco notifies You that any portion of the Cloud Service is ready for You to start provisioning; or (b) the date any portion of the Cloud Service has been provisioned, and lasts for the period stated in the Order.

3.2. Restrictions on Use by Minor Children
The Cloud Service is not intended for use by persons younger than the age of consent in their relevant jurisdiction (e.g., 13 years old in the United States under the US Children’s Online Privacy Protection Act of 1998, or 16 or 13 years old in the European Union as per Member State law) ("Minor Children"). Minor Children are not permitted to create an account to use the Cloud Service, and You will not authorize Minor Children to access the Cloud Service.

3.3. Geographic Terms and Restrictions
In accordance with global telecommunications law and regulations, the Cloud Service is currently available in the countries listed here.

a. Pakistan
If You access the Cloud Service in Pakistan using integrated VoIP, You are responsible, and Cisco has no liability for, ensuring that Your internet service provider has the necessary authorizations to provide VoIP.

3.4. PSTN Disclaimer
When Cisco includes dial-in numbers (toll and/or toll-free) and call back features in connection with Webex Meetings offers, Cisco does not operate the underlying telecommunications facilities itself. Instead, Cisco obtains these capabilities from authorized operators at the wholesale level.

3.5. Cisco Webex Hybrid Services
Cisco Webex Hybrid Services allow You to connect Your existing on-premises infrastructure with the Webex cloud platform. If You choose to use Cisco Webex Hybrid Services, You will be required to download and install software applications on Your premises to enable integration with Cisco Webex ("Hybrid Software"). You will exercise exclusive control over the Hybrid Software in Your environment. You will maintain the Hybrid Software in a secured environment accessible only to Your authorized employees and agents. You will implement and maintain appropriate technical and organizational measures designed to protect the Hybrid Software against accidental loss, destruction or alteration, unauthorized access, or unlawful destruction.

You also represent and warrant that You: (i) have an information security program that complies with generally applicable data privacy and security laws and regulations and is appropriate to the nature and scope of Your activities and services; (ii) conduct routine risk assessments of Your (or Your subcontractor’s) information security program; (iii) regularly employ a current version of industry leading virus and malware protection software; and (iv) otherwise follow industry best practices to protect Your network environment.
Some countries may consider operation of the Hybrid Software a regulated activity. You represent and warrant that You have obtained all requisite authority to operate the Hybrid Software. You agree that You will operate the Hybrid Software only in those countries where the Cloud Service is available and unrestricted as set forth in Section 3.4 above.

You hereby hold Cisco (and its officers, directors, employees, shareholders, customers, agents, successors, and assigns) harmless from and against any and all loss, damages, liabilities, settlement, costs, and expenses (including legal expenses and the expenses of other professionals) as incurred, resulting from Your breach of this Section 3.5.

4. Data Protection

Cisco’s data protection obligations are set forth in the Agreement. Additionally, the Webex Teams and Webex Meetings Privacy Data Sheets supplement the Cisco Privacy Statement and describe the Personal Data that Cisco collects and processes as part of the delivery of the Cloud Service to You.

Accounts for Personal Use
If You create an account to use to the Cloud Service for personal use, Your employer’s policies will not apply to the data that You share while using the Cloud Service. However, if You use Your employer-issued email address and Your employer later purchases the Cloud Service from Cisco, You will be required to update the email address associated with Your account to a personal email address. Cisco recommends that You use Your personal email address to access the Cloud Service for personal use. If You want to change Your email address, You can do so by following these instructions. If You do nothing, Your account and Personal Data will be controlled by Your employer and Your use will be subject to Your employer’s policies.

5. Support

You agree to provide the information requested and understand that a delay in providing the information to Cisco may delay resolution and response time.

Online Support allows access for support and troubleshooting via online tools, email and web case submission only. No telephone access is provided. Case severity or escalation guidelines are not applicable. Cisco will respond to a submitted case no later than the next business day during standard business hours.
