Offer Description: Kenna VM, Kenna.AppSec and Kenna.VI+

This Offer Description (the “Offer Description”) describes the Cisco Kenna Security Kenna VM, Kenna.AppSec and VI+ subscriptions (each a “Cloud Service”). Your subscription is governed by this Offer Description and the Cisco End User License Agreement located at www.cisco.com/go/eula (the “EULA”) (or similar terms existing between you and Cisco) (the “Agreement”). Capitalized terms used in this Offer Description and/or the order not otherwise defined herein have the meaning given to them in the Agreement.

1. Description

Kenna.VM allows organizations to prioritize and manage vulnerabilities based on risk. Kenna.AppSec enables centralized prioritization and management of application security findings and vulnerabilities. Kenna.VI+ provides organizations with access to vulnerability intelligence including but not limited to Kenna risk score.

2. Supplemental Terms and Conditions

None.

3. Data Protection

The Cisco Kenna Security Kenna VM, Kenna.AppSec and VI+ Privacy Data Sheet (available here) describes the Personal Data that Cisco collects and processes as part of the delivery of the Cloud Services. For further information on how Cisco processes, uses, and protects all categories of data, please visit Cisco’s Security and Trust Center.

4. Support & Maintenance

The Cloud Services include Kenna Security’s Support and Maintenance described here.
