

Supplemental End User License Agreement

IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement (“**SEULA**”) contains additional terms and conditions for the Software product(s) set forth herein and licensed under the End User License Agreement (“**EULA**”) between you and Cisco Systems, Inc. or its Affiliates (collectively, the “**Agreement**”). Please note that there may be terms in this SEULA that do not apply to you. Only those terms related to the specific Software product(s) you purchased apply to you. Except as otherwise set forth in this SEULA, capitalized terms will have the meanings as in the EULA. To the extent that there is a conflict between the EULA and this SEULA, this SEULA will take precedence.

By downloading, installing, or using the Software you agree to comply with the terms of this SEULA.

SUPPLEMENTAL LICENSE TERMS FOR: Cisco Industrial Network Director

Table 1. SOFTWARE ENTITLEMENT:

<u>Product</u>	<u>License Metric</u>	<u>License Duration</u>
Cisco Industrial Network Director	Number of Cisco Hardware Products managed	Subscription

DEFINITIONS:

- Cisco Hardware Products shall mean all Cisco equipment implemented in the network

ADDITIONAL RIGHTS AND RESTRICTIONS:

Cisco Industrial Network Director –

1. **No Liability for Third Party Devices.** The Software provided is designed to discover third party devices (e.g. controller, drives etc.) connected to Cisco Hardware Products. The Software may communicate with such third party devices for asset discovery purposes. Customer understands and agrees that under no circumstances will Cisco have any liability to Customer or any third party for any damages whatsoever arising from such asset discovery.
2. **Subscription License.** You are entitled to use the Software and receive updates, as made available, solely during the term of the subscription, to manage the number of Cisco Hardware Products equal to the license quantity purchased. You must renew the subscription license and pay the applicable fee for the number of Cisco Hardware Products being managed, before the expiration date of the term, for continued authorized use of the Software. If the subscription term expires without renewal or the number of Cisco Hardware Products being managed is exceeded, the Software features and services may cease operation. Cisco has the right to terminate your use of the Software if your use extends beyond the subscription term and you have not paid the applicable subscription fee to continue use of the Software. Cisco also has the right to stop managing any excess Cisco Hardware Products if your usage exceeds the licensed quantity purchased and you have not paid the applicable fee to continue using the Software to manage any excess Cisco Hardware Products.
