Service Description: Cisco Accidental Damage Protection Service

This document describes the Cisco Accidental Damage Protection Service, which is only orderable during the warranty period for the supported Product.

Related Documents: This document should be read in conjunction with the following documents also posted at www.cisco.com/go/servicedescriptions/; (1) Glossary of Terms; (2) List of Services Not Covered; and (3) Severity and Escalation Guidelines. All capitalized terms in this description have the meaning ascribed to them in the Glossary of Terms.

Direct Sale from Cisco. If you have purchased these Services directly from Cisco, this document is incorporated into your Master Services Agreement (MSA) with Cisco. In the event of a conflict between this Service Description and your MSA, this Service Description shall govern.

Sale via Cisco-Authorized Reseller. If you have purchased these Services through a Cisco-Authorized Reseller, this document is for description purposes only; is not a contract between you and Cisco. The contract, if any, governing the provision of this Service will be the one between you and your Cisco Authorized Reseller. Your Cisco Authorized Reseller should provide this document to you, or you can obtain a copy of this and other Cisco service descriptions at www.cisco.com/go/servicedescriptions/.

Cisco Accidental Damage Protection Service

Cisco Responsibilities:

- Cisco shall provide Customer with the following Advance Replacement Service:

  - 8x5xNext Business Day (8x5xNBD): Where Next Business Day delivery is available, an Advance Replacement will ship to arrive the next Business Day provided that Cisco's determination of Hardware failure has been made before 3:00 p.m. Depot Time. If Customer make a request after 3:00 p.m. Depot Time, Cisco will ship the Advance Replacement the next Business Day.

  - Where Next Business Day delivery is not available, same day shipping will be provided. Under same day shipping, Advance Replacement will ship from the serving depot location that same Business Day, provided that Cisco’s determination of Hardware failure has been made before 3:00 p.m. Depot Time. Determinations that occur after 3:00 p.m. Depot Time will be shipped the following Business Day.

  - Please note that destination country importation, compliance with US export controls and customs processes may condition actual delivery times. Shipments will be DDU (Incoterms 2000), except for shipment to and from the European Union will be shipped DDP (Incoterms 2000), using Cisco's preferred carrier, freight prepaid by Cisco, excluding import duties, taxes and fees, where applicable. Requests for alternate carriers will be at Customer's expense. Cisco will provide Customer with Advance Replacement(s) that are either new or equivalent to new.

  - In addition to the Advance Replacement Service described above, Cisco will provide a one (1) time only replacement service on 8x5xNBD basis for failed Hardware as a result of either a cracked screen or an unexpected and unintentional external event (drops and spills) that arise from normal daily usage.

  - Cisco will not provide support or replacement of Hardware that is altered, modified, destroyed, obtained on secondary market, stolen or scrapped.

- Cisco Technical Assistance Center (TAC) access 24 hours per day, 7 days per week to assist with hardware configuration, hardware troubleshooting and access to Cisco.com. Cisco will respond within one (1) hour for all calls received during Standard Business Hours and for Severity 1 and 2 calls received outside Standard Business Hours. For Severity 3 and 4 calls received outside Standard Business Hours, Cisco will respond no later than the next Business Day.

- Manage problems according to the Cisco Severity and Escalation Guideline.

- Access to Cisco.com. This system provides Customer with helpful technical and general information on Cisco Products as well as access to Cisco's on-line Software Center library. Please note that access restrictions identified by Cisco from time to time may apply.
Customer Responsibilities:
The provision of the Service options assumes that Customer will:

- Provide a priority level as described in the Cisco Severity and Escalation Guideline for all the calls Customer places.

- Provide, at Customer’s expense, reasonable access to the Product through the Internet or via modem to establish a data communication link between Customer and the Cisco TAC engineer and systems passwords so that problems may be diagnosed and, where possible, corrected remotely.

- Provide thirty (30) day Notice to Cisco of any requested addition(s) to Customer’s Equipment List.

- Notify Cisco, using Cisco.com, of Product on the Equipment List which Customer has moved to a new location within thirty (30) days of such relocation. Please be aware that the Services will be provided to Customer beginning thirty (30) days after receipt of Customer’s notification. Cisco will also need Customer to notify Cisco of any modification to the Product and configuration including upgrades or changes to FRUs not in the original configuration within five (5) days of such modification.

- Provide current shipment contact information as follows: contact name, title, address, telephone number, e-mail address, and fax number.

- Provide valid and applicable serial numbers for all Product problems and issues reported to Cisco or where Customer is seeking information from Cisco in connection with Product use. Cisco may also require Customer to provide additional information in the form of location of the Product, city location details and zip code information.

- When requested, provide Cisco with a list of all personnel that Customer has authorized to contact Cisco or access Cisco.com for Services and to download Software from Cisco.com or ordered via Cisco's PUT. Customer is responsible for reviewing the list on an annual basis and adding or removing personnel as necessary.

- Use the latest release of Software, where Cisco advises Customer that this will correct a reported hardware problem.

- Return to Cisco any returned Product in accordance with Cisco's RMA procedure. Cisco will need Customer to provide a new Purchase Order number to Cisco's asset recovery team to facilitate the billing of Product not returned. Customer agrees to assist Cisco in troubleshooting failed Hardware down to the FRU level prior to initiating the RMA procedure.

- Customer is responsible for the following when returning Product to Cisco: (a) proper packaging, including description of failure and written specifications of any other changes or alterations; (b) returns must be received within thirty (30) days; otherwise, the replacement Product will be charged at the current Price List. Packages for replacement shall be shipped DDU (Incoterms 2000) or FCA (Incoterms 2000) as applicable.

- Provide Cisco with the name of a point of contact prior to delivery of equipment by Cisco's personnel.

- Customer is responsible for having Cisco Unified Communication Essential Operate Service on Cisco Unified Communication Manager (“CUCM”) in order to obtain maintenance on Cisco software for Products for which they have purchased Cisco Accidental Damage Service.
