

## Offer Description – Product

# Cisco IOS XR Essentials Software Suite and Advantage Software Suite (Flexible Consumption Model)

This Offer Description is part of the [General Terms](#) or similar terms existing between You and Cisco (e.g., the End User License Agreement) (the “**Agreement**”). Capitalized terms, unless defined in this document, have the meaning in the Agreement. Any references to the Supplemental End User License Agreement or SEULA mean Offer Description.

Please note that there may be terms in this Offer Description that do not apply to You. Only those terms related to the specific Software product(s) you purchased apply to You.

### 1. Summary

This Offer Description applies to the Cisco IOS XR Essentials Software Suite and Advantage Software Suite (Flexible Consumption Model) (collectively, the “**Product**”), as more fully described in the Documentation.

Product	License Metric	License Duration
Cisco IOS XR Essentials Software Suite	Bandwidth	Perpetual
Cisco IOS XR Advantage Software Suite	Bandwidth	Perpetual

### 2. Support and Other Services

Your purchase of the Product does not include support, but You can purchase support separately.

### 3. Data Protection

Please see [The Trust Center](#) for information on how Cisco uses and protects Personal Data, Systems Information and Customer Content collected and processed by Cisco through use of Cisco products and services.

### 4. Special Terms

#### 4.1 Additional General License Rights and Restrictions

(A) To use the Product, You are required to have licenses to the Product equal to the Bandwidth of all of the ports that are Activated on the applicable Hardware; provided, however, that You are required to purchase with the Hardware at least the minimum amount of licenses to the Product for the applicable Hardware as set forth in the Documentation (even if fewer ports will be Activated).

(B) A Product is licensed solely for use with a specific Hardware device. You do not have the right to Port the

license entitlements to the Product, except as expressly permitted under Section 4.2 (Portability) of this Offer Description.

- (C) You must register and report license usage for the Product via Cisco Smart Licensing. For a more detailed overview on Cisco Smart Licensing, go to <http://cisco.com/go/licensingguide>.
- (D) You may only use the programs, features and functionality. that are within the scope of a license to the Essentials Software Suite and the Advantage Software Suite that are identified in the applicable Documentation.

## 4.2 Portability

- (A) Subject to Your compliance with the Agreement including, without limitation, this Section 4.2 of this Offer Description, You may Port the license entitlements for the applicable Product solely in accordance with the applicable Portability Tiers, provided that (i) You have purchased the Hardware from an Approved Source; (ii) You have maintained a Software Innovation Access Subscription, without interruption, across Your entire deployment of the applicable Product; and (iii) You have maintained a Software Maintenance contract, without interruption, across Your entire deployment of the applicable Product.
- (B) You agree that:
  - (1) Individual components of a Product are not portable individually.
  - (2) Once a Product license entitlement is Ported to a different Hardware device, the Software must be deactivated on the previous Hardware device.

## 4.3 Definitions

**“Activated”** means that a port on the applicable Hardware is in the “no shut” state.

**“Bandwidth”** means the software usage capacity based on the number of Mbps, Gbps, transactions per second or the number of flows per second.

**“Hardware”** means a Cisco hardware product that is sold for use with the Essentials Software Suite or the Advantage Software Suite.

**“Port”** or **“Porting”** means the reassignment of Cisco license entitlements between two Hardware devices owned or leased by You and acquired from an Approved Source. For purposes of this Offer Description, **“Port”** or **“Porting”** includes the pooling or sharing of license entitlements among Hardware devices.

**“Portability Tier”** means equivalent Hardware devices designated from time to time by Cisco.

**“Software Innovation Access Subscription”** means Cisco’s software subscription program described in the [Software Innovation Access Subscription Supplemental Terms](#).

**“Software Maintenance”** means an applicable Cisco software support and maintenance service for the covered Product.
