

# Supplemental End User License Agreement

## IMPORTANT: READ CAREFULLY

Dear Customer,

SUPPLEMENTAL LICENSE AGREEMENT FOR CISCO SYSTEMS NETWORK MANAGEMENT SOFTWARE: CISCO PRIME FULFILLMENT MULTIVENDOR SERVICE ORCHESTRATOR (“MVS0”)

**IMPORTANT-READ CAREFULLY:** This Supplemental End User License Agreement ("SEULA") contains additional terms and conditions for the Software licensed under the End User License Agreement ("EULA") between you and Cisco (collectively, the "Agreement"). Capitalized terms used in this SEULA but not defined will have the meanings assigned to them in the EULA. To the extent that there is a conflict between the terms and conditions of the EULA and this SEULA, the terms and conditions of this SEULA will take precedence.

In addition to the limitations set forth in the EULA on your access and use of the Software, you agree to comply at all times with the terms and conditions provided in this SEULA. DOWNLOADING, INSTALLING, OR USING THE SOFTWARE CONSTITUTES ACCEPTANCE OF THE AGREEMENT, AND YOU ARE BINDING YOURSELF AND THE BUSINESS ENTITY THAT YOU REPRESENT (COLLECTIVELY, "CUSTOMER") TO THE AGREEMENT. IF YOU DO NOT AGREE TO ALL OF THE TERMS OF THE AGREEMENT, THEN CISCO IS UNWILLING TO LICENSE THE SOFTWARE TO YOU AND (A) YOU MAY NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE, AND (B) YOU MAY RETURN THE SOFTWARE (INCLUDING ANY UNOPENED CD PACKAGE AND ANY WRITTEN MATERIALS) FOR A FULL REFUND, OR, IF THE SOFTWARE AND WRITTEN MATERIALS ARE SUPPLIED AS PART OF ANOTHER PRODUCT, YOU MAY RETURN THE ENTIRE PRODUCT FOR A FULL REFUND. YOUR RIGHT TO RETURN AND REFUND EXPIRES 30 DAYS AFTER PURCHASE FROM CISCO OR AN AUTHORIZED CISCO RESELLER, AND APPLIES ONLY IF YOU ARE THE ORIGINAL END USER PURCHASER.

### ADDITIONAL LICENSE RESTRICTIONS

Cisco Prime Fulfillment Multivendor Service Orchestrator (“MVS0”) includes a copy of Cisco Prime Provisioning (“CPP”) with a restricted license.

CPP software enables a variety of features and functionality, however the license to CPP included with MVS0 only allows for the use of CPP to *add Cisco devices to MVS0*. Any usage of CPP beyond this scope is unlicensed and expressly prohibited.

If End-user wishes to use the functionality of CPP beyond the scope referenced immediately above, an additional license to CPP is required.
