

Supplemental End User License Agreement

IMPORTANT: READ CAREFULLY

Dear Customer,

This Supplemental End User License Agreement (“**SEULA**”) contains additional terms and conditions for the Software product(s) set forth herein and licensed under the End User License Agreement (“**EULA**”) between you and Cisco Systems, Inc. or its Affiliates (collectively, the “**Agreement**”). Please note that there may be terms in this SEULA that do not apply to you. Only those terms related to the specific Software product(s) you purchased apply to you. Except as otherwise set forth in this SEULA, capitalized terms will have the meanings as in the EULA. To the extent that there is a conflict between the EULA and this SEULA, this SEULA will take precedence.

By downloading, installing, or using the Software you agree to comply with the terms of this SEULA.

SUPPLEMENTAL LICENSE TERMS FOR: Cisco Ultra Cloud Core Suite

Table 1. SOFTWARE ENTITLEMENT:

<u>Product</u>	<u>License Metric</u>	<u>License Duration</u>
Subscriber Microservices Infrastructure (SMI)	Cluster	Perpetual
Session Management Function (SMF)	Session	Perpetual
User Plane Function (UPF)	Session	Perpetual
Policy Control Function (PCF)	Session	Perpetual
Access and Mobility Management Function (AMF)*	Session	Perpetual
Network Repository Function (NRF)*	Session	Perpetual
Network Slice Selection Function (NSSF)*	Session	Perpetual
3GPP Binding Support Function (BSF)*	Session	Perpetual

* Software not yet available. Cisco will notify You once such Cisco Software products become orderable.

DEFINITIONS:

“**CNF**” or “**Containerized Network Function**” means the Cisco Software listed in Table1 above, excluding Cisco SMI.

“**Cluster**” means a collection of nodes (physical servers or virtual machines) that are managed by the same Kubernetes master node. The number of nodes within a single Cluster is detailed in the Documentation.

“**Session**” means a protocol data unit (PDU) connection representing a logical mobile connection between a terminal or user device and the edge of the operator’s network.

“**Software Innovation Access Subscription**” means the Software Innovation Access program description attached to and incorporated into this SEULA.

ADDITIONAL GENERAL LICENSE RIGHTS AND RESTRICTIONS:

- Cisco SMI is a Software platform used to run Cisco CNFs. You may license one Cisco CNF or all, but You must license the Cisco SMI Software platform in order to Use a CNF.
- You are required to purchase Software Innovation Access Subscription coverage for Your entire deployment of the Software.

Attachment to SEULA

Software Innovation Access for Cisco Ultra Cloud Core Suite

Purchase of a Cisco® Software Innovation Access Subscription for the Cisco Ultra Cloud Core Suite (“**SIA Subscription**”) entitles You to receive Feature Releases and, if applicable, license portability rights, during the term of the SIA Subscription, as described below. Each initial term begins on the day the underlying Cisco Software is made available to You and lasts for the period of time identified in the relevant purchase order. Renewals will begin on the date identified in the purchase order or the day a reinstatement fee is paid, whichever applies. “**You**” means the individual or legal entity that has purchased the SIA Subscription.

An SIA Subscription is only available for certain eligible Cisco-branded software product(s) (“Cisco Software”). Each Cisco Software license covered by an SIA Subscription must also be supported by a Cisco software support and maintenance contract. In addition, You must purchase SIA Subscription coverage across Your entire deployment of the applicable Cisco Software product.

Cisco Responsibilities

Feature Releases

For eligible Cisco Software covered by an SIA Subscription, Cisco will make available access to Feature Releases. Feature Releases are available for electronic download for Cisco Software releases that have been validly licensed and covered under the current SIA Subscription. Please note that You will not have the right to download or activate a Feature Release following the end-of-sale date of the release or following expiration or termination of an SIA Subscription. At the expiration of an SIA Subscription, You may continue to use solely the licensed Feature Release in use as of the expiration of the SIA Subscription in accordance with the EULA and any applicable SEULA. An SIA Subscription does not provide for any custom feature development or feature acceleration. Cisco reserves the right to end of life Cisco Software or related support consistent with Cisco’s standard End of Life Policy.

“Feature Releases” means Major Releases and Minor Releases of the applicable Cisco Software, if and when available during the term of the SIA Subscription.

“Major Release” means a release of Software that provides additional software functions. Cisco designates Major Releases as a change in the digits of the ‘RN’ Software version number [YYYY.(RN).MN].

“Minor Release” means an incremental Software release that provides maintenance fixes and may provide additional Software functions. Cisco designates Maintenance Releases as a change in the digits of the ‘MN’ Software version number [YYYY.RN.(MN)].

License Portability

If the applicable SEULA grants the right to reassign license entitlements for eligible Cisco Software, then such right is conditioned upon the purchase of this SIA Subscription.

Please note that license portability and Feature Releases do not provide upgrades from one type of license or license suite to another (for example, from a standard or essentials license to an enhanced or advanced license).

Customer Responsibilities

An SIA Subscription requires You to:

- Ensure that all eligible licenses across Your entire deployment of a given Cisco Software product are under both (i) active SIA Subscription coverage and (ii) active Cisco software support and maintenance coverage.
- Monitor and renew SIA Subscriptions prior to expiration to maintain coverage. Prior to the end of each term, You must renew the SIA Subscription for Your entire deployment of a given Cisco Software product to be entitled to receive the benefits of an SIA Subscription. If You wish to reinstate an SIA Subscription on any Cisco Software at any time after expiration, You are required to pay: (i) the amount that You would have paid for an SIA Subscription for the Cisco Software between the date of expiration and the date of reinstatement (“**Lapsed Period Fee**”); (ii) a reinstatement fee of twenty percent (20%) of the Lapsed Period Fee if Your reinstatement is more than thirty (30) days after the date of expiration; and (iii) the then-current SIA Subscription fee for the new SIA Subscription term.
- Download only the number of copies of licensed Cisco Software when upgrading such Software. An SIA Subscription does not entitle You to use more than the number of licenses purchased from Cisco or an authorized Cisco reseller.
- Provide information requested by Cisco to verify that You have a valid license to the Cisco Software. Cisco may suspend or terminate an SIA Subscription if You do not (i) have valid licenses to the Cisco Software or (ii) pay the requisite license, SIA Subscription, or support and maintenance fees.
- Cease using the previous release of a given Cisco Software product following Your installation of a new release provided in connection with an SIA Subscription. You are not permitted to re-use or transfer the previous release.
