Support Exhibit to Splunk General Terms

This Support Exhibit forms a part of the Splunk General Terms and governs your purchase, and Splunk's provision of Support Services.

1. **Support Programs**

Support Programs purchased as part of a Purchased Offering will be identified in your applicable Order. Splunk will provide you the level of Support Services described under the purchased Support Program, subject to your payment of applicable Fees. "Support Programs" are the Support Programs offered by Splunk and identified here: https://www.splunk.com/en_us/customer-success/support-programs.html.

2. **Support Services**

"Support Services" include technical support for your Purchased Offerings, and, when available, the provision of Enhancements for your Purchased Offerings, subject to the Support Policy described below. Technical support under a Support Program is available via web portal, and certain Support Programs also make support available via telephone. Support Services will be delivered by a member of Splunk's technical support team during the regional hours of operation applicable under the Support Program. Support Services are delivered in English unless you are in a location where we have made localized Support Services available.

3. **Support Policy**

Our Support Policy, provided here: https://www.splunk.com/en_us/legal/splunk-software-support-policy.html ("Support Policy") describes the duration of our Support Services for certain Splunk On-Premises Products and other policies associated with our Support Services.

As we release new versions for our Offerings, we discontinue Support Services for certain older versions. Our Support Policy sets forth the schedule for the duration of support, and end of support, for Offering versions. The current versions of our Offerings that are supported under our Support Policy and will be our "Supported Versions" herein. The Support Policy may not apply to Hosted Services, and the product and services version we make available as our Hosted Services will be deemed Supported Versions herein.

4. **Case Priority**

Each Support Program offers different support levels for your case priority levels. When submitting a case, you will select the priority for initial response by logging the case online, in accordance with the priority guidelines set forth under your Support Program. When the case is received, we may in good faith change the priority if the issue does not conform to the criteria for the selected priority. When that happens, we will provide you with notice (electronic or otherwise) of such change.

5. **Exclusions**

We will have no obligation to provide support for issues caused by any of the following (each, a "Customer Generated Error"): (i) modifications to an Offering not made by Splunk; (ii) use of an Offering other than as authorized in the General Terms or as provided in the applicable Documentation; (iii) damage to the machine on which an On-Premises Product is installed; (iv) use of a version of an Offering other than the

Supported Version; (v) third-party products that are not expressly noted in the Documentation as supported by Splunk; or (vi) conflicts related to replacing or installing hardware, drivers, and software that are not expressly supported by Splunk and described in the applicable Documentation. If we determine that support requested by you is for an issue caused by a Customer Generated Error, we will notify you of that fact as soon as reasonably possible under the circumstances. If you agree that we should provide support for the Customer Generated Error via a confirming email, then we will have the right to invoice you at our then-current time and materials rates for any such support provided by us.

6. ****Support for Splunk Extensions****

Only Splunk Extensions that are labeled as "****Splunk Supported****" on Splunkbase, or other Splunk-branded marketplace, are eligible for support, and this support is limited. For those labeled Splunk Supported, we will provide an initial response and acknowledgement in accordance with the P3 terms that are applicable in the applicable Support Program, and Enhancements may be made available.

No other terms of a Support Program will apply to a Splunk Application. For those labeled as "****Not Supported****", Splunk will have no support obligations.

7. ****Authorized Support Contacts****

You are entitled to have a certain number of Support Contacts under each Support Program. "****Support Contacts****" means the individual(s) specified by you that are authorized to submit support cases.

The number of Support Contacts will be based on the Capacity of the Offering purchased, and the applicable Support Program. The number of Support Contacts will be set forth in customers entitlement information on the Splunk support portal.

We only take support requests from, and communicate with, your Support Contacts in connection with support cases. We strongly recommend that your Support Contact(s) are trained on the applicable Offering. In order to designate Support Contacts, you must provide the individuals primary email address and Splunk.com login ID.

8.

****Defect Resolution****

Should we determine that an Offering has a defect, we will, at our sole option, repair the defect in the version of the Offering that you are then currently using or instruct you to install a newer version of the Offering with that defect repaired. We reserve the right to provide you with a workaround in lieu of fixing a defect should we in our sole judgment determine that it is more effective to do so.

9. ****Your Assistance****

Should you report a purported defect or error in an Offering, we may require you to provide us with the following information: (a) a general description of your operating environment; (b) a list of all hardware components, operating systems and networks; (c) a reproducible test case; and (d) any log files, trace and systems files. Your failure to provide this information may prevent us from identifying and fixing that purported defect.

10. ****Changes to Support Programs****

You acknowledge that, subject to the Support Policy, and

subject to any commitment we have during the Term, we have the right to discontinue the manufacture, development, sale or support of any Offering, at any time, in our sole discretion. We further reserve the right to alter Support Programs from time to time, using reasonable discretion, but in no event will such alterations, during the Term of any Order, result in diminished Support Services from the level of your applicable purchased Support Program.

Configuration and Implementation Services Exhibit to Splunk General Terms

This Configuration and Implementation Services Exhibit forms a part of the Splunk General Terms and governs your purchase, and Splunk's provision of Configuration and Implementation Services.

****Capitalized terms below are defined in the General Terms, this Exhibit or in the Definition Exhibit attached to this Exhibit.****

1. ****Services and Statements of Work****

We will perform the C&I Services for you that are set forth in the applicable Statements of Work. You will pay the Fees under each Statement of Work in accordance with these General Terms, or otherwise as we may expressly agree in the applicable Statement of Work.

In each Statement of Work, we will designate our primary point of contact for you for all matters relating to the applicable C&I Services (which we may change from time to time upon notice).

2. ****Our Personnel****

A. ****Qualifications.**** The Personnel we assign to perform the C&I Services will be qualified, skilled, experienced and otherwise fit for the performance of the C&I Services. If you, in your reasonable judgement, determine that Personnel assigned to your project are unfit, we will in good faith discuss alternatives, and we will replace Personnel as reasonably necessary. You acknowledge that any replacement may cause delay in the performance of the C&I Services.

B. ****Personnel Conduct.**** Our Personnel are subject to our Splunk Code of Conduct and Ethics [here](https://investors.splunk.com/static-files/3c2a9a40-7f6e-4795-9358-b5565826b13d?_ga=2.200727335.82146825.1675981089-269939538.1673288458&_gac=1.188710106.1674005341.Cj0KCQiAq5meBhCyARIsAJrtdr75-RptXmmxNnKzoOJ_p26uX0MwT-GzxcrmWSotrQqWFlaOLtYVyhgaAuriEALw_wcB&gl=1*1m2mlyb*_ga*MjY5OTM5NTM4LjE2NzMyODg0NTg.*_ga_5EPM2P39FV*MTY3NjA1MTkwNi40OC4xLjE2NzYwNjAxMzMzMzYuMC4w), which includes, without limitation, an obligation to comply with our policies on protecting customer information, prohibitions on illegal drugs and any impaired job performance, avoiding conflicts of interest, and acting ethically at all times. We also background check our employees, per the Section below.

C. ****Use of Subcontractors.**** We reserve the right to use subcontractors in performance of the C&I Services, provided: (a) any subcontractor we use meets the requirements herein and conditions of these General Terms and the Statement of Work; (b) we will be responsible for the subcontractors compliance with the terms herein and the Statement of Work; and

(c) upon your request or inquiry, we will identify any subcontractor that we are using, or plan to use, for C&I Services, and will cooperate in good faith to provide you with all relevant information regarding such

subcontractors.

D. ****No Employee Benefits.**** We acknowledge and agree that our Personnel are not eligible for or entitled to receive any compensation, benefits, or other incidents of employment that you make available to your employees. We are solely responsible for all employment related taxes, expenses, withholdings, and other similar statutory obligations arising out of the relationship between us and our Personnel and the performance of C&I Services by such Personnel.

3. ****Our Background Checks, Security and Compliance Obligations****

A. ****Compliance with Your Security Program.**** While on your premises, our Personnel will comply with your security practices and procedures generally prescribed by you for onsite visitors and service providers. However, any requirement that is in addition to the compliance requirements set forth in this Schedule (e.g., background checks that are different from the background checks described herein) must be expressly set forth in a Statement of Work. We agree to discuss in good faith any condition or requirement you may have for our Personnel that are different from standard policies, however any additional requirement may delay C&I Services and must be vetted and implemented by mutual agreement of the parties and expressly set forth in a Statement of Work. Splunk does not guarantee that it will be able to meet any additional requested requirements.

B. ****Our Security Practices.**** We implement and follow an enterprise security program, with the policies, plans, and procedures set forth here [www.splunk.com/prof-serv-isa](www.splunk.com/prof-serv-isa). Our Personnel will be subject to the data protection and confidentiality obligations set forth in these General Terms with respect to any of your data that we may have access to in connection with the C&I Services.

C. ****Background Checks.**** For U.S.-based projects, we will not assign an employee to perform C&I Services under a Statement of Work unless we have run the following background check on the employee: Criminal Felony & Misdemeanor; SSN Validation; Federal Criminal; SSN Trace; Employment Report Three (3) Employers; Education Report One (1) Institution; Global Sanctions & Enforcement; Prohibited Parties; Widescreen Plus National Criminal Search.

D. ****Permissions for Access.**** In the event you require any Personnel to sign any waivers, releases, or other documents as a condition to gain access to your premises for performance of the C&I Services (“****Access Documents****”), you agree: (a) that Personnel who will be required to sign Access Documents will sign on behalf of Splunk; (b) that any additional or conflicting terms in Access Documents with these General Terms will have no effect; and (c) you will pursue any claims for breach of any terms in the Access Documents against Splunk and not the individual signing.

4. ****Your Materials****

We will have no rights in or to any Customer Materials, however you grant us the right to use Customer Materials in order to provide the C&I Services. Nothing in these General Terms will be deemed to transfer to us any ownership of Customer Materials.

5. ****C&I Services Materials and Customizations Unique to You****

A. ****C&I Services Materials.**** The C&I Services we perform (e.g., configuration of our Offerings), and the C&I

Services Materials we offer, create, and deliver to you in connection with the C&I Services, are generally applicable to our business, and therefore we require the right to be able to re-use the C&I Services Materials we create for one customer in connection with all of our customers. For the avoidance of doubt, our use of the C&I Services Materials created for you in connection with C&I Services will comply with our ongoing obligations and restrictions with respect to your Customer Materials and your Confidential Information, and we will not identify you in any way in connection with our further use of such C&I Services Materials.

B. ****Customer Owned Work Product.**** However, in the unlikely event that the parties agree that C&I Services Materials for a project are custom work product unique to your business, and not applicable to other customers generally, we will transfer ownership to those agreed C&I Services Materials to you under the applicable Statement of Work. C&I Services Materials must be expressly identified as ****Customer Owned Work Product**** under a Statement of Work for ownership to pass to you. Subject to payment of applicable Fees under the Statement of Work, we hereby assign to you all rights, title and interest (including all Intellectual Property Rights therein) in and to all C&I Services Materials identified as Customer Owned Work Product (but excluding all Splunk Preexisting IP incorporated into the Customer Owned Work Product). At your request and expense, we will assist and cooperate with you in all reasonable respects and will execute documents and take such further acts reasonably requested by you to enable you to acquire, transfer, maintain, perfect, and enforce your ownership rights in such Customer Owned Work Product.

C. ****Our Ownership.**** Subject to your ownership rights in Customer Owned Work Product and Customer Materials, we will own all rights in and to all C&I Services Materials.

D. ****License Rights.**** For those C&I Services Materials that are not Customer Owned Work Product, you will have the right to access and use those C&I Services Materials in connection with your applicable Offerings, and those rights will be of the same scope and duration as your rights to the underlying Offering.

6. ****C&I Services Warranty****

We warrant that the C&I Services will be performed in a good and workmanlike manner consistent with applicable industry standards. This warranty will be in effect for a period of thirty (30) days from the completion of any C&I Services. As your sole and exclusive remedy and our entire liability for any breach of the foregoing warranty, we will, at our option and expense, promptly re-perform any C&I Services that fail to meet this warranty or refund to you the fees paid for the non-conforming C&I Services.

7. ****Your Cooperation****

You acknowledge that your timely provision of (and our access to) your facilities, equipment, assistance, cooperation, data, information and materials from your officers, agents, and employees (the ****Cooperation****) is essential to Splunk's performance of the C&I Services. We will not be liable for any delay or deficiency in performing the C&I Services if you do not provide the necessary Cooperation. As part of the Cooperation, you will (1) designate a project manager or technical lead to liaise with us while we perform the C&I Services; (2) allocate and engage additional resources as may be required to assist us in performing the C&I Services; and (3) making available to us any data, information and any other materials reasonably required by us to perform the C&I Services, including any data, information or materials specifically identified in the Statement of Work.

8. ****Insurance****

Throughout any period of C&I Services we perform for you, we will maintain insurance policies in the types and amounts described below at our own expense:

- Commercial General Liability Insurance with a limit of not less than \$1,000,000 per occurrence and a general aggregate limit of not less than \$2,000,000.
- Business Auto Insurance with a limit of not less than \$1,000,000 combined single limit. Such Insurance will cover liability arising out of "hired and non-owned" automobiles.
- Workers Compensation Insurance as required by workers compensation, occupational disease and occupational health and safety laws, statutes, and regulations.
- Technology Errors & Omissions Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.
- Umbrella/Excess Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.

9. ****Change Order Process****

You may submit written requests to us to change the scope of C&I Services described in a Statement of Work (each such request, a "Change Order Request"). If we elect to consider a Change Order Request, then we will promptly notify you if we believe that the Change Order Request requires an adjustment to the fees or to the schedule for the performance of the C&I Services. In such event, the parties will negotiate in good faith a reasonable and equitable adjustment to the fees and/or schedule, as applicable. We will continue to perform C&I Services pursuant to the existing Statement of Work and will have no obligation to perform any Change Order Request unless and until the parties have agreed in writing to such an equitable adjustment.

10. ****Expenses****

Unless otherwise specified in the Statement of Work, we will not charge you for our expenses we incur in connection with a Statement of Work. Our daily C&I Services rates are inclusive of any expenses. In the event the parties agree that expenses are reimbursable under a Statement of Work, we will mutually agree on any travel policy and any required documentation for reimbursement.

11. ****Prepaid C&I Services****

Unless otherwise expressly stated in a Statement of Work, all prepaid C&I Services must be redeemed within twelve (12) months from the date of purchase/invoice. At the end of the twelve (12) month term, any remaining pre-paid unused C&I Services will expire; no refunds will be provided for any remaining pre-paid unused C&I Services. Unless otherwise specifically stated in a Statement of Work, Education is invoiced and payable in advance.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You"
(or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions

to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor

for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation,

if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including

the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or

Derivative Works a copy of this License; and

- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the

origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier

identification within third-party archives.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the

Work, but

excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or

Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of

the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along

with the Derivative Works; or,

within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any

risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work

(an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial

revisions, annotations, elaborations, or other modifications

represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work

or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial

revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable

(except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer,

and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections

1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation

source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2.

Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted.

If You

institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution

notices from the Source form of the Work,

excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works

that You distribute, alongside

or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed

with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any

risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

IF YOU DO NOT AGREE TO THESE TERMS, DO NOT DOWNLOAD, INSTALL, OR USE THE APP.

1. ****License.**** Subject to the terms and conditions of this Agreement, Splunk grants to you a worldwide, non-exclusive, non-transferable, non-sublicensable license to download and use the App for your internal business purposes and only in connection with the specific Splunk software product or web-based or hosted service identified in materials distributed with the App, with which such App was designed to operate (" ****Splunk**** ****Software****"). Therefore, you may use the App only if you are an authorized licensee or customer of the Splunk Software and for the term and within the scope of the license granted for the Splunk Software. This Agreement does not modify or alter the terms of the software license agreement or terms of service delivered with the Splunk Software. Splunk and its licensor(s) own all rights, title and interests to the App, including all intellectual property rights related thereto.

2. ****Additional Rights and Restrictions****. You may copy, modify and redistribute the App or any portions thereof, subject to your compliance with the terms and conditions of this Agreement and particularly the following restrictions: (a) you must distribute the App only as part of an extension, add-on, plug-in, example module, configuration files, function or application developed by you (" ****Extension****") and solely for the purpose of running your Extension in connection with the Splunk Software; (b) any proprietary legends or notices contained in or on the App or any portions thereof cannot be removed or altered; (c) you must comply with any restrictions or requirements for the third-party software (including any open source libraries) included in the App or any portions thereof; (d) you must give appropriate credit to Splunk and indicate if any changes were made to the App in the Extension; (e) you do not make any statement that the Extension is certified or that its performance is guaranteed by Splunk; and (f) you agree to defend and indemnify Splunk and its licensors from and against any damages, costs, liabilities, settlement amounts and/or expenses (including attorneys' fees) incurred in connection with any claim, lawsuit or action by any third party that arises or results from the use or distribution of the Extension, unless such claim, lawsuit or action arose or resulted directly and solely from Splunk Software or the App itself as originally provided to you by Splunk.

3. ****Warranty.**** THE APP IS FURNISHED ON AN " ****AS IS****" BASIS, AND SPLUNK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF NON-INFRINGEMENT OF THIRD-PARTY RIGHTS, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING BY STATUTE OR OTHERWISE IN LAW, OR FROM A COURSE OF DEALING OR USAGE OF TRADE. SPLUNK SPECIFICALLY DOES NOT WARRANT THAT THE APP WILL MEET YOUR REQUIREMENTS; WILL OPERATE IN ALL THE COMBINATIONS WHICH MAY BE SELECTED FOR USE BY YOU; THAT THE OPERATION OF THE APP WILL BE ERROR-FREE OR UNINTERRUPTED, ACCURATE, USEFUL, RELIABLE, OR COMPLETE; OR THAT ALL ERRORS OR DEFECTS IN THE APP WILL BE CORRECTED. NEITHER SPLUNK NOR ITS LICENSOR SHALL BE LIABLE FOR ANY DAMAGES WHATSOEVER ARISING FROM OR RELATING TO YOUR USE OR INABILITY TO USE THE APP. ****YOU USE THE APP AT YOUR OWN RISK.****

4. ****Limitation of Liability.**** UNDER NO CIRCUMSTANCES WILL SPLUNK OR ITS LICENSOR BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES, FOR LOSS OF PROFITS, USE, REVENUE, OR DATA OR FOR BUSINESS INTERRUPTION (REGARDLESS OF THE LEGAL THEORY FOR SEEKING SUCH DAMAGES OR OTHER LIABILITY) ARISING OUT OF OR IN CONNECTION WITH USE OF THE APP, WHETHER OR NOT SPLUNK OR LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ADDITION, THE LIABILITY OF SPLUNK OR ITS LICENSOR ARISING OUT OF OR RELATING TO THE APP WILL NOT EXCEED THE AMOUNT PAID

OR PAYABLE BY YOU (IF ANY) FOR SUCH APP.

5. ****General.****

This Agreement will be governed by and construed in accordance with the laws of the State of California (and, to the extent controlling, the federal laws of the United States, without reference to the conflicts-of-laws rules thereof). The UN Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transaction Act shall not apply to this Agreement. TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical

transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made,

use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity,

or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

SPLUNK GENERAL TERMS

Last Updated: February 10, 2023

These Splunk General Terms ("General Terms") between Splunk Inc., a Delaware corporation, with its principal place of business at 270 Brannan Street, San Francisco, California 94107, U.S.A ("Splunk" or "we" or "us" or "our") and you ("Customer" or "you" or "your") apply to the purchase of licenses and subscriptions for Splunk's Offerings. By clicking on the appropriate button, or by downloading, installing, accessing or using the Offerings, you agree to these General Terms. If you are entering into these General Terms on behalf of Customer, you represent that you have the authority to bind Customer. If you do not agree to these General Terms, or if you are not authorized to accept the General Terms on behalf of the Customer, do not download, install, access, or use any of the Offerings.

****See the General Terms Definitions Exhibit attached for definitions of capitalized terms not defined herein.****

**1. License Rights**

A. ****General Rights.**** You have the nonexclusive, worldwide, nontransferable and nonsublicensable right, subject to payment of applicable Fees and compliance with the terms of these General Terms, to use your Purchased Offerings for your Internal Business Purposes during the Term and up to the Capacity purchased.

B. ****Copies for On-Premise Products.**** You have the right to make a reasonable number of copies of On-Premises Products for archival and back-up purposes.

C. ****Splunk Extensions.**** You may use Splunk Extensions solely in connection with the applicable Purchased Offering subject to the same terms and conditions for that Offering (including with respect to Term) and payment of any Fees associated with the Splunk Extensions. Some Splunk Extensions may be made available under license terms that provide broader rights than the license rights you have to the applicable underlying Offering (e.g., if the Extension is Open Source Software). These broader rights will apply to that Splunk Extension. Splunk Extensions may be installed on Hosted Services pursuant to our instructions.

D. ****Trials, Evaluations, Beta and Free Licenses.****

<ol type="i">

Trials and Evaluations. Offerings provided for trials and evaluations are provided at no charge, and their use will be for a limited duration.

Beta Licenses. Some Offerings and features may be available to you as a preview, or as an alpha, beta or other pre-release version (each, a "Beta Offering"). All rights for Beta Offerings are solely for internal testing and evaluation. Your use of a Beta Offering will be for the term specified by us, and if no term is specified, then for the earlier of one year from the start date of the Beta Offering or when that version of the Beta Offering becomes generally available. We may discontinue the Beta Offering at any time and may decide not to make any of the features and

functionality generally available.

Free Licenses. From time to time, we may make certain Offerings available for full use (i.e., not subject to limited evaluation purposes) at no charge. These free Offerings may have limited features, functions, and other technical limitations.

Donated Offerings. Donated Offerings are free limited Offerings donated to qualifying Nonprofits under a Splunk donation program. By procuring and making use of a Donated Offering, you hereby represent and warrant that you are a lawfully organized Nonprofit, and you agree to provide verification of your nonprofit status to Splunk upon request. At Splunk's request, you agree: (a) to publish a press release and case study on your use of the Donated Offering; and (b) to be interviewed for the production of a Splunk customer video that will accompany the press release and case study. Splunk will draft and edit all content in collaboration with you and will obtain your edits and

written approval (email is sufficient) prior to publication, and such approval will not be unreasonably withheld. You will allow Splunk to reference your Nonprofit and leading spokespeople in press releases with your written approval (email is sufficient). Splunk may use your name and logo on sales presentations, websites, and other marketing collateral without your prior approval.

Test and Development Licenses. For Offerings identified as "Test and Development" Offerings on your Order, you only have the right to use those Offerings up to the applicable Capacity on a non-

production system for non-production uses, including product migration testing or pre-production staging, or testing new data sources, types, or use cases. Test and Development Offerings may not be used for any revenue generation, commercial activity, or other productive business or purpose.

Limitations. Notwithstanding anything to the contrary in these General Terms, we do not provide maintenance and support, warranties, service level commitments, or indemnification for Test and Development Offerings, trials, evaluations, or free or Beta Offerings.

2. Purchasing Through Authorized Resellers, Digital Marketplaces, and Splunk Affiliates

A. **Authorized Resellers and Digital Marketplaces.** If you purchase Offerings through a Splunk authorized reseller or Digital Marketplace, these General Terms will govern those Offerings. Your payment obligations for the Purchased Offerings will be with the authorized reseller or Digital Marketplace, as applicable, not Splunk. You will have no direct Fee payment obligations to Splunk for those Offerings. However, in the event that you fail to pay the Digital Marketplace for your Purchased Offerings, Splunk retains the right to enforce your payment obligations and collect directly from you.

Any terms agreed to between you and the authorized reseller that are in addition to these General Terms are solely between

you and the authorized reseller and Digital Marketplace, as applicable. No agreement between you and an authorized reseller or Digital Marketplace is binding on Splunk or will have any force or effect with respect to the rights in, or the operation, use or provision of, the Offerings.

B. **Splunk Affiliate Distributors.** Splunk has appointed certain Splunk Affiliates as its non-exclusive distributors of the Offerings (each, a “Splunk Affiliate Distributor”). Each Splunk Affiliate Distributor is authorized by Splunk to negotiate and enter into Orders with Customers. Where a purchase from Splunk is offered by a Splunk Affiliate Distributor, Customer will issue Orders, and make payments, to the Splunk Affiliate Distributor which issued the quote for the Offering. Each Order will be deemed a separate contract between Customer and the relevant Splunk Affiliate Distributor and will be subject to these General Terms. For the avoidance of doubt, Customer agrees that: (i)

the total liability of Splunk under these General Terms as set forth in Section 22 (Limitation of Liability) states the overall combined liability of Splunk and Splunk Affiliate Distributors; (ii) the entering into Orders by a Splunk Affiliate Distributor will not be deemed to expand Splunk and its Affiliates overall responsibilities or liability under these General Terms; and (iii) Customer will have no right to recover more than once from the same event.

3. Your Contractors and Third-Party Providers

You may permit your authorized consultants, contractors, and agents (“Third-Party Providers”) to access and use your Purchased Offerings, but only on your behalf in connection with providing services to you, and subject to the terms and conditions of these General Terms. Any access or use by a Third-Party Provider will be subject to the same limitations and restrictions that apply to you under these General Terms, and you will be responsible for any Third-Party Providers

actions relating to their use of the Offering. The aggregate use by you and all of your Third-Party Providers must not exceed the Capacity purchased, and nothing in this Section is intended to or will be deemed to increase such Capacity.

4. Hosted Services and Specific Offering Terms

A. ****Service Levels.**** When you purchase Hosted Services as a Purchased Offering, we will make the applicable Hosted Services available to you during the Term in accordance with these General Terms. The Service Level Schedules (as identified in the Specific Offering Terms referenced in Section 4(F) below) and associated remedies will apply to the availability and uptime of the applicable Hosted Service. If applicable, service credits will be available for downtime in accordance with the Service Level Schedule.

B. ****Connections.**** You are responsible for obtaining and maintaining all telecommunications, broadband and computer equipment and services needed to access and use Hosted Services, and for paying all associated charges.

C. ****Your Responsibility for Data Protection.**** You are responsible for: (i) selecting from the security configurations and security options made available by Splunk in connection with a Hosted Service; (ii) taking additional measures outside of the Hosted Service to the extent the Hosted Service Offering does not provide the controls that may be required or desired by you; and (iii) routine archiving and backing up of Customer Content. You agree to notify Splunk promptly if you believe that an unauthorized third party may be using your accounts or if your account information is lost or stolen.

A. **Certification and Verification.** At Splunk's request, you will furnish Splunk a certification signed by your authorized representative verifying that your use of the Purchased Offering is in accordance with these General Terms and the applicable Order. For On-Premises Products, we may also ask you from time to time, but not more frequently than once per calendar period, to cooperate with us to verify usage and adherence to purchased Capacities. If Splunk requests a verification process, you agree to provide Splunk reasonable access to the On-Premises Product installed at your facility (or as hosted by your Third-Party Provider). If Splunk does any verification, it will be performed with as little interference as possible to your use of the On-Premises Product and your business operations. Splunk will comply with your (or your Third-Party Providers) reasonable security procedures.

B. **Overages.** If a verification or usage report reveals that you have exceeded the purchased Capacity or usage rights for your Purchased Offering (e.g., used as a service bureau) during the period reviewed, then we will have the right to invoice you using the applicable Fees at list price then in effect, which will be payable in accordance with these General Terms. Without limiting Splunk's foregoing rights, with respect to Hosted Services, Splunk may work with you to reduce usage so that it conforms to the applicable usage limit, and we will in good faith discuss options to right size your subscription as appropriate. Notwithstanding anything to the contrary herein, Splunk will have the right to directly invoice you for overages, regardless of whether you purchased the Purchased Offering from an authorized reseller or Digital Marketplace. Any Open Source Software that is delivered as part of your Offering and which may not be removed or used separately from the Offering is covered by the warranty, support and indemnification provisions applicable to the Offering. Some of the Open Source Software may have additional terms that apply to the use of the Offering (e.g., the obligation for us to provide attribution of the specific licensor), and those terms will be included in the Documentation; however, these terms will not (a) impose any additional restrictions on your use of the Offering, or (b) negate or amend any of our responsibilities with respect to the Offering.

Splunk makes no promises or guarantees related to any Third-Party Extension, including the accuracy, integrity, quality, or security of the Third-Party Extension. Nothing in these General Terms or on Splunkbase will be deemed to be a representation or warranty by Splunk with respect to any Third-Party Extension, even if a particular Third-Party Extension is identified as "certified" or "validated" for use with an Offering. We may, in our reasonable discretion, block or disable access to any Third-Party Extension at any time. Your use of a Third-Party Extension is at your own risk and may be subject to any additional terms, conditions, and policies applicable to that Third-Party Extension (such as license terms, terms of service, or privacy policies of the providers of such Third-Party Extension). Third-Party Extensions may be installed on Hosted Services pursuant to our instructions.

B. **Third Party Content.** Hosted Services may contain features or functions that enable interoperation with Third-Party Content that you, in your sole discretion, choose to add to a Hosted Service. You may be required to obtain access separately to such Third-Party Content from the respective providers, and you may be required to grant Splunk access to your accounts with such providers to the extent necessary for Splunk to allow the interoperation with the Hosted Service. By requesting or allowing Splunk to enable access to such Third-Party Content in connection with the Hosted Services, you certify that you are authorized under the providers terms to allow such access. If you install or enable (or direct or otherwise authorize Splunk to install or enable) Third-Party Content for use with a Hosted Service where the interoperation includes access by the third-party provider to your Customer Content, you hereby authorize Splunk to allow the provider of such Third-Party Content to access Customer Content as necessary for the interoperation. You agree that Splunk is not responsible or liable for disclosure, modification or deletion of Customer Content resulting from access to Customer Content by such Third-Party Content, nor is Splunk liable for any damages or downtime that you may incur or any impact on your experience of the Hosted Service, directly or indirectly, as a result of your use of and/or reliance upon, any Third-Party Content, sites or resources.

C. **Splunk As a Reseller.** When you purchase third party products ("**Third Party Products**") from Splunk as specified in an Order (which products shall include third party software, but not any support which Splunk itself has contracted to provide), the following provision applies. Consequently, Splunk makes no representation or warranty of any kind regarding the Third Party Products, whether express, implied, statutory or otherwise, and specifically disclaims all implied terms,

conditions and warranties (including as to quality, performance, availability, fitness for a particular purpose or non-infringement) to the maximum extent permitted by applicable law. You will bring any claim in relation to Third Party Products against the applicable Third Party Vendor directly. In no event will Splunk be liable to you for any claim, loss or damage arising out of the use, operation or availability of Third Party Product (whether such liability arises in contract, negligence, tort, or otherwise).

D. ****Unsupported Splunk Extensions.**** The Service Level Schedule commitments for any applicable Hosted Services will not apply to Splunk Extensions labeled on Splunkbase as "****Not Supported.****". You agree that Splunk is not responsible for any impact on your experience of a Hosted Service, as a result of your installation and/or use of any "****Not Supported****" Splunk Extensions, and that your sole remedy will be to remove the "****Not Supported****" Splunk Extension from the applicable Hosted Service. Further, some Splunk Extensions may not be compatible or certified for use with that Hosted Service (e.g., only specific Splunk Extensions are validated for our FedRAMP authorized environment for Splunk Cloud Platform). Please refer to the applicable Documentation for more information related to the Splunk Extensions compatible with your specific Purchased Offering.

****21. Term and Termination****

A. ****Term and Renewal.**** These General Terms will commence upon the Effective Date and will remain in effect until the expiration of all applicable Purchased Offerings, unless earlier terminated pursuant to this Section. Termination of a specific Purchased Offering will not affect the Term of any other Purchased Offering. Termination of these General Terms will have the effect of terminating all Purchased Offerings. Grounds for terminating a Purchased Offering (e.g., for non-payment), that are specific to the Purchased Offering, will not be grounds to terminate Purchased Offerings where no breach exists. Unless indicated otherwise in an Order, the Term of a Purchased Offering (and these General Terms) will automatically renew for an additional period of time equal to the length of the preceding Term, unless one party notifies the other of its intent not to renew at least one (1) day in advance of the expiration of the Term or then-current renewal period.

B. ****Termination.**** Either party may terminate these General Terms, or any Purchased Offering, by written notice to the other party in the event of a material breach of these General Terms, or the specific terms associated with that Purchased Offering, that is not cured within thirty (30) days of receipt of the notice. Upon any expiration or termination of a Purchased Offering, the rights and licenses granted to you for that Purchased Offering will automatically terminate, and you agree to immediately (i) cease using and accessing the Offering, (ii) return or destroy all copies of any On-Premises Products and other Splunk materials and Splunk Confidential Information in your possession or control, and (iii) upon our request, certify in writing the completion of such return or destruction. C. ****Survival.**** The termination or expiration of these General Terms will not affect any provisions herein which by their nature survive termination or expiration, including the provisions that deal with the following subject matters: definitions, ownership of intellectual property, confidentiality, payment obligations, effect of termination, limitation of liability, privacy, and the ****Miscellaneous**** section in these General Terms.

D. ****Suspension of Service.**** In the event of a material breach or threatened material breach of this Agreement, Splunk may, without limiting its other rights and remedies, suspend your use of the Hosted Service until such breach is cured or Splunk reasonably believes there is no longer a threat, provided that, we will give you at least five (5) days prior notice before suspension. Suspension of a Hosted Service will have no impact on the duration of the Term of the Purchased Offering, or the associated Fees owed.

****22. Limitation of Liability****

****In no event will the aggregate liability of either party, together with any of its Affiliates, arising out of or related to any Purchased Offering exceed the total amount paid by you for that Purchased Offering in the twelve (12) months preceding the first incident out of which the liability arose. However, the foregoing limitation will not limit your obligations under the**
“Payment” section above and will not be deemed to limit your rights to any service level credits under any applicable Service Level Schedule. Furthermore, the cap above will not be deemed to limit Splunk’s right to recover amounts for your use of an Offering in excess of the Capacity purchased or use outside of Internal Business Purposes.******

****In no event will either party or its Affiliates have any liability arising out of or related to these General Terms for any lost profits, revenues, goodwill, or indirect, special, incidental, consequential, cover, business interruption or punitive damages.****

****The foregoing limitations will apply whether the action is in contract or tort and regardless of the theory of liability, even if a party or its Affiliates have been advised of the possibility of such damages or if a party or its Affiliates remedy otherwise fails of its essential purpose.****

****The limitation of liability herein will not apply to a party’s infringement of the other party’s intellectual property rights, indemnification obligations, or the fraud, gross negligence or willful misconduct of a party.****

****The foregoing disclaimers of damages will also not apply to the extent prohibited by law. Some jurisdictions do not allow the exclusion or limitation of certain damages. To the extent such a law applies to you, some or all of the exclusions or limitations set forth above may not apply to you, and you may have additional rights.****

****23. Indemnity****

A. ****Our Indemnification to You.**** Splunk will defend and indemnify you, and pay all damages (including attorneys fees and costs) awarded against you, or that are agreed to in a settlement, to the extent a claim, demand, suit or proceeding is made or brought against you or your Affiliates by a third party (including those brought by a government entity) alleging that a Purchased Offering infringes or misappropriates such third party’s patent, copyright, trademark or trade secret (a “****Customer Claim****”). Splunk will have no obligation under the foregoing provision to the extent a Customer Claim arises from your breach of these General Terms, your Customer Content, Third-Party Extension, or the combination of the Offering with: (i) Customer Content; (ii) Third-Party Extensions; (iii) any software other than software provided by Splunk; or (iv) any hardware or equipment. However, Splunk will indemnify against combination claims to the extent (y) the combined software is necessary for the normal operation of the Purchased Offering (e.g., an operating system), or (z) the Purchased Offering provides substantially all the essential elements of the asserted infringement or misappropriation claim. Splunk may in its sole discretion and at no cost to you: (1) modify any Purchased Offering so that it no longer infringes or misappropriates a third party right, (2) obtain a license for

your continued use of the Purchased Offering, in accordance with these General Terms, or (3) terminate the Purchased Offering and refund to you any prepaid fees covering the unexpired Term.

B. ****Your Indemnification to Us.**** Unless expressly prohibited by applicable law, you will defend and indemnify us, and pay all damages (including attorneys fees and costs) awarded against Splunk, or that are agreed to in a settlement, to the extent a claim, demand, suit or proceeding is made or brought against Splunk or its Affiliates by a third party (including those brought by a government entity) that: (i) alleges that your Customer Content or Customer Extensions infringes or misappropriates such third partys patent, copyright, trademark or trade secret, or violates another right of a third party; or (ii) alleges that your Customer Content or your use of any Offering violates applicable law or regulation.

C. ****Mutual Indemnity.**** Each party will defend, indemnify and pay all damages (including attorneys fees and costs) awarded against the other party, or that are agreed to in a settlement to the extent that an action brought against the other party by a third party is based upon a claim for bodily injury (including death) to any person, or damage to tangible property resulting from the negligent acts or willful misconduct of the indemnifying party or its personnel hereunder, and will pay any reasonable, direct, out-of-pocket costs, damages and reasonable attorneys fees attributable to such claim that are awarded against the indemnified party (or are payable in settlement by the indemnified party).

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial

revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution

notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor

has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

IF YOU DO NOT AGREE TO THESE TERMS, DO NOT DOWNLOAD, INSTALL, OR USE THE APP.

1. ****License.**** Subject to the terms and conditions of this Agreement, Splunk grants to you a worldwide, non-exclusive, non-transferable, non-sublicensable license to download and use the App for your internal business purposes and only in connection with the specific Splunk software product or web-based or hosted service identified in materials distributed with the App, with which such App was designed to operate ("Splunk Software"). Therefore, you may use the App only if you are an authorized licensee or customer of the Splunk Software and for the term and within the scope of the license granted for the Splunk Software. This Agreement does not modify or alter the terms of the software license agreement or terms of service delivered with the Splunk Software. Splunk and its licensor(s) own all rights, title and interests to the App, including all intellectual property rights related thereto.

2. ****Additional Rights and Restrictions**.** You may copy, modify and redistribute the App or any portions thereof, subject to your compliance with the terms and conditions of this Agreement and particularly the following restrictions: (a) you must distribute the App only as part of an extension, add-on, plug-in, example module, configuration files, function or application developed by you ("Extension") and solely for the purpose of running your Extension in connection with the Splunk Software; (b) any proprietary legends or notices contained in or on the App or any portions thereof cannot be removed or altered; (c) you must comply with any restrictions or requirements for the third-party software (including any open source libraries) included in the App or any portions thereof; (d) you must give appropriate credit to Splunk and indicate if any changes were made to the App in the Extension; (e) you do not make any statement that the Extension is certified or that its performance is guaranteed by Splunk; and (f) you agree to defend and indemnify Splunk and its licensors from and against any damages, costs, liabilities, settlement amounts and/or expenses (including attorneys' fees) incurred in connection with any claim, lawsuit or action by any third party that arises or results from the use or distribution of the Extension, unless such claim, lawsuit or action arose or resulted directly and solely from Splunk Software or the App itself as originally provided to you by Splunk.

3. ****Warranty.**** THE APP IS FURNISHED ON AN "AS IS" BASIS, AND SPLUNK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF NON-INFRINGEMENT OF THIRD-PARTY RIGHTS, OR OF

MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING BY STATUTE OR OTHERWISE IN LAW, OR FROM A COURSE OF DEALING OR USAGE OF TRADE. SPLUNK SPECIFICALLY DOES NOT WARRANT THAT THE APP WILL MEET YOUR REQUIREMENTS; WILL OPERATE IN ALL THE COMBINATIONS WHICH MAY BE SELECTED FOR USE BY YOU; THAT THE OPERATION OF THE APP WILL BE ERROR-FREE OR UNINTERRUPTED, ACCURATE, USEFUL, RELIABLE, OR COMPLETE; OR THAT ALL ERRORS OR DEFECTS IN THE APP WILL BE CORRECTED. NEITHER SPLUNK NOR ITS LICENSOR SHALL BE LIABLE FOR ANY DAMAGES WHATSOEVER ARISING FROM OR RELATING TO YOUR USE OR INABILITY TO USE THE APP. **YOU USE THE APP AT YOUR OWN RISK.**

4. ****Limitation of Liability.**** UNDER NO CIRCUMSTANCES WILL SPLUNK OR ITS LICENSOR BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES, FOR LOSS OF PROFITS, USE, REVENUE, OR DATA OR FOR BUSINESS INTERRUPTION (REGARDLESS OF THE LEGAL THEORY FOR SEEKING SUCH DAMAGES OR OTHER LIABILITY) ARISING OUT OF OR IN CONNECTION WITH USE OF THE APP, WHETHER OR NOT SPLUNK OR LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ADDITION, THE LIABILITY OF SPLUNK OR ITS LICENSOR ARISING OUT OF OR RELATING TO THE APP WILL NOT EXCEED THE AMOUNT PAID OR PAYABLE BY YOU (IF ANY) FOR SUCH APP.

5. ****General.****

This Agreement will be governed by and construed in accordance with the laws of the State of California (and, to the extent controlling, the federal laws of the United States, without reference to the conflicts-of-laws rules thereof). The UN Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transaction Act shall not apply to this Agreement. This Agreement constitutes the entire agreement between Splunk and you with respect to the App and may not be modified except by a written instrument executed by you and an authorized representative of Splunk.

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and

subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise,

unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems,

and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work,

excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions

of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition,

"control" means (i) the power, direct or indirect, to cause the

direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise,

unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of,

publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and

wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the

Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the

editorial
revisions, annotations, elaborations, or other modifications

"Contributor" shall mean Licensor and any individual or Legal Entity
on behalf of whom a Contribution has been received by Licensor and
subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of

copyright license to reproduce, prepare Derivative Works of,
publicly display, publicly perform, sublicense, and distribute the
Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of
this
License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable

where such license applies only to those patent claims licensable
by such Contributor that are necessarily infringed by their
Contribution(s) alone or by combination of their Contribution(s)
with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a
cross-claim or counterclaim in a lawsuit) alleging that the Work
or a Contribution incorporated within the Work constitutes direct
or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate
as of the date such litigation is filed.

The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of

this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition,

"control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and

subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise,

unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

SPLUNK GENERAL TERMS

Last Updated: February 10, 2023

These Splunk General Terms ("General Terms") between Splunk Inc., a Delaware corporation, with its principal place of business at 270 Brannan Street, San Francisco, California 94107, U.S.A ("Splunk" or "we" or "us" or "our") and you ("Customer" or "you" or "your") apply to the purchase of licenses and subscriptions for Splunk's Offerings. By clicking on the

appropriate button, or by downloading, installing, accessing or using the Offerings, you agree to these General Terms. If you are entering into these General Terms on behalf of Customer, you represent that you have the authority to bind Customer. If you do not agree to these General Terms, or if you are not authorized to accept the General Terms on behalf of the Customer, do not download, install, access, or use any of the Offerings.

****See the General Terms Definitions Exhibit attached for definitions of capitalized terms not defined herein.****

****** 1. License Rights******

A. ****General Rights.**** You have the nonexclusive, worldwide, nontransferable and nonsublicensable right, subject to payment of applicable Fees and compliance with the terms of these General Terms, to use your Purchased Offerings for your Internal Business Purposes during the Term and up to the Capacity purchased.

B. ****Copies for On-Premise Products.**** You have the right to make a reasonable number of copies of On-Premises Products for archival and back-up purposes.

C. ****Splunk Extensions.**** You may use Splunk Extensions solely in connection with the applicable Purchased Offering subject to the same terms and conditions for that Offering (including with respect to Term) and payment of any Fees associated with the Splunk Extensions. Some Splunk Extensions may be made available under license terms that provide broader rights than the license rights you have to the applicable underlying Offering (e.g., if the Extension is Open Source Software). These broader rights will apply to that Splunk Extension. Splunk Extensions may be installed on Hosted Services pursuant to our instructions.

D. ****Trials, Evaluations, Beta and Free Licenses.****

<ol type="i">

Trials and Evaluations. Offerings provided for trials and evaluations are provided at no charge, and their use will be for a limited duration.

Beta Licenses. Some Offerings and features may be available to you as a preview, or as an alpha, beta or other pre-release version (each, a "Beta Offering"). All rights for Beta Offerings are solely for internal testing and evaluation. Your use of a Beta Offering will be for the term specified by us, and if no term is specified, then for the earlier of one year from the start date of the Beta Offering or when that version of the Beta Offering becomes generally available. We may discontinue the Beta Offering at any time and may decide not to make any of the features and

functionality generally available.

Free Licenses. From time to time, we may make certain Offerings available for full use (i.e., not subject to limited evaluation purposes) at no charge. These free Offerings may have limited features, functions, and other technical limitations.

Donated Offerings. Donated Offerings are free limited Offerings donated to qualifying Nonprofits under a Splunk donation program. By procuring and making use of a Donated Offering, you hereby represent and warrant that you are a lawfully organized Nonprofit, and you agree to provide verification of your nonprofit status to Splunk upon request. At Splunk's request, you agree: (a) to publish a press release and case study on your use of the Donated Offering; and (b) to be interviewed for the production of a Splunk customer video that will accompany the press release and case study. Splunk will draft and edit all content in collaboration with you and will obtain your edits and

written approval (email is sufficient) prior to publication, and such approval will not be unreasonably withheld. You will allow Splunk to reference your Nonprofit and leading spokespeople in press releases with your written approval

(email is sufficient). Splunk may use your name and logo on sales presentations, websites, and other marketing collateral without your prior approval.

Test and Development Licenses. For Offerings identified as "**Test and Development**" Offerings on your Order, you only have the right to use those Offerings up to the applicable Capacity on a non-production system for non-production uses, including product migration testing or pre-production staging, or testing new data sources, types, or use cases. Test and Development Offerings may not be used for any revenue generation, commercial activity, or other productive business or purpose.

Limitations. Notwithstanding anything to the contrary in these General Terms, we do not provide maintenance and support, warranties, service level commitments, or indemnification for Test and Development Offerings, trials, evaluations, or free or Beta Offerings.

2. Purchasing Through Authorized Resellers, Digital Marketplaces, and Splunk Affiliates

A. Authorized Resellers and Digital Marketplaces. If you purchase Offerings through a Splunk authorized reseller or Digital Marketplace, these General Terms will govern those Offerings. Your payment obligations for the Purchased Offerings will be with the authorized reseller or Digital Marketplace, as applicable, not Splunk. You will have no direct Fee payment obligations to Splunk for those Offerings. However, in the event that you fail to pay the Digital Marketplace for your Purchased Offerings, Splunk retains the right to enforce your payment obligations and collect directly from you.

Any terms agreed to between you and the authorized reseller that are in addition to these General Terms are solely between

you and the authorized reseller and Digital Marketplace, as applicable. No agreement between you and an authorized reseller or Digital Marketplace is binding on Splunk or will have any force or effect with respect to the rights in, or the operation, use or provision of, the Offerings.

B. Splunk Affiliate Distributors. Splunk has appointed certain Splunk Affiliates as its non-exclusive distributors of the Offerings (each, a "Splunk Affiliate Distributor"). Each Splunk Affiliate Distributor is authorized by Splunk to negotiate and enter into Orders with Customers. Where a purchase from Splunk is offered by a Splunk Affiliate Distributor, Customer will issue Orders, and make payments, to the Splunk Affiliate Distributor which issued the quote for the Offering. Each Order will be deemed a separate contract between Customer and the relevant Splunk Affiliate Distributor and will be subject to these General Terms. For the avoidance of doubt, Customer agrees that: (i)

the total liability of Splunk under these General Terms as set forth in Section 22 (Limitation of Liability) states the overall combined liability of Splunk and Splunk Affiliate Distributors; (ii) the entering into Orders by a Splunk Affiliate Distributor will not be deemed to expand Splunk and its Affiliates overall responsibilities or liability under these General Terms; and (iii) Customer will have no right to recover more than once from the same event.

3. Your Contractors and Third-Party Providers

You may permit your authorized consultants, contractors, and agents ("Third-Party Providers") to access and use your Purchased Offerings, but only on your behalf in connection with providing services to you, and subject to the terms and conditions of these General Terms. Any access or use by a Third-Party Provider will be subject to the same limitations and restrictions that apply to you under these General Terms, and you will be responsible for any Third-Party Providers

****12. Capacity and Usage Verification****

A. ****Certification and Verification.**** At Splunk's request, you will furnish Splunk a certification signed by your authorized representative verifying that your use of the Purchased Offering is in accordance with these General Terms and the applicable Order. For On-Premises Products, we may also ask you from time to time, but not more frequently than once per calendar period, to cooperate with us to verify usage and adherence to purchased Capacities. If Splunk requests a verification process, you agree to provide Splunk reasonable access to the On-Premises Product installed at your facility (or as hosted by your Third-Party Provider). If Splunk does any verification, it will be performed with as little interference as possible to your use of the On-Premises Product and your business operations. Splunk will comply with your (or your Third-Party Providers) reasonable security procedures.

B. ****Overages.**** If a verification or usage report reveals that you have exceeded the purchased Capacity or usage rights for your Purchased Offering (e.g., used as a service bureau) during the period reviewed, then we will have the right to invoice you using the applicable Fees at list price then in effect, which will be payable in accordance with these General Terms. Without limiting Splunk's foregoing rights, with respect to Hosted Services, Splunk may work with you to reduce usage so that it conforms to the applicable usage limit, and we will in good faith discuss options to right size your subscription as appropriate. Notwithstanding anything to the contrary herein, Splunk will have the right to directly invoice you for overages, regardless of whether you purchased the Purchased Offering from an authorized reseller or Digital Marketplace. See the Specific Offering Terms for any additional information related to overages for a Hosted Service.

Any Open Source Software that is delivered as part of your Offering and which may not be removed or used separately from the Offering is covered by the warranty, support and indemnification provisions applicable to the Offering. Some of the Open Source Software may have additional terms that apply to the use of the Offering (e.g., the obligation for us to provide attribution of the specific licensor), and those terms will be included in the Documentation; however, these terms will not (a) impose any additional restrictions on your use of the Offering, or (b) negate or amend any of our

Splunk makes no promises or guarantees related to any Third-Party Extension, including the accuracy, integrity, quality, or security of the Third-Party Extension. Nothing in these General Terms or on Splunkbase will be deemed to be a representation or warranty by Splunk with respect to any Third-Party Extension, even if a particular Third-Party Extension is identified as "certified" or "validated" for use with an Offering. We may, in our reasonable discretion, block or disable access to any Third-Party Extension at any time. Your use of a Third-Party Extension is at your own risk and may be subject to any additional terms, conditions, and policies applicable to that Third-Party Extension (such as license terms, terms of service, or privacy policies of the providers of such Third-Party Extension). Third-Party Extensions may be installed on Hosted Services pursuant to our instructions.

B. **Third Party Content.** Hosted Services may contain features or functions that enable interoperation with Third-Party Content that you, in your sole discretion, choose to add to a Hosted Service. You may be required to obtain access separately to such Third-Party Content from the respective providers, and you may be required to grant Splunk access to your accounts with such providers to the extent necessary for Splunk to allow the interoperation with the Hosted Service. By requesting or allowing Splunk to enable access to such Third-Party Content in connection with the Hosted Services, you certify that you are authorized under the providers terms to allow such access. If you install or enable (or direct or otherwise authorize Splunk to install or enable) Third-Party Content for use with a Hosted Service where the interoperation includes access by the third-party provider to your Customer Content, you hereby authorize Splunk to allow the provider of such Third-Party Content to access Customer Content as necessary for the interoperation. You agree that Splunk is not responsible or liable for disclosure, modification or deletion of Customer Content resulting from access to Customer Content by such Third-Party Content, nor is Splunk liable for any damages or downtime that you may incur or any impact on your experience of the Hosted Service, directly or indirectly, as a result of your use of and/or reliance upon, any Third-Party Content, sites or resources.

C. **Splunk As a Reseller.** When you purchase third party products ("**Third Party Products**") from Splunk as specified in an Order (which products shall include third party software, but not any support which

Splunk itself has contracted to provide), the following provision applies. Splunk acts solely as a reseller of Third Party Products, which are fulfilled by the relevant third party vendor ("**Third Party Vendor**"), and the purchase and use of Third Party Products is subject solely to the terms, conditions and policies made available by such Third Party Vendor. Consequently, Splunk makes no representation or warranty of any kind regarding the Third Party Products, whether express, implied, statutory or otherwise, and specifically disclaims all implied terms, conditions and warranties (including as to quality, performance, availability, fitness for a particular purpose or non-infringement) to the maximum extent permitted by applicable law. You will bring any claim in relation to Third Party Products against the applicable Third Party Vendor directly. In no event will Splunk be liable to you for any claim, loss or damage arising out of the use, operation or availability of Third Party Product (whether such liability arises in contract, negligence, tort, or otherwise).

D. **Unsupported Splunk Extensions.** The Service Level Schedule commitments for any applicable Hosted Services will not apply to Splunk Extensions labeled on Splunkbase as "Not Supported." You agree that Splunk is not responsible for any impact on your experience of a Hosted Service, as a result of your installation and/or use of any "Not Supported" Splunk Extensions, and that your sole remedy will be to remove the "Not Supported" Splunk Extension from the applicable Hosted Service. Further, some Splunk Extensions may not be compatible or certified for use with that Hosted Service (e.g., only specific Splunk Extensions are validated for our FedRAMP authorized environment for Splunk Cloud Platform). Please refer to the applicable Documentation for more information related to the Splunk Extensions compatible with your specific Purchased Offering.

16.

Accordingly, Receiving Party agrees to: (i) protect the Disclosing Partys Confidential Information using the same degree of care (but in no event less than reasonable care) that it uses to protect its own Confidential Information of a similar nature; (ii) limit use of Disclosing Partys Confidential Information for purposes consistent with these General Terms, and (iii) use commercially reasonable efforts to limit access to Disclosing Partys Confidential Information to its employees, contractors and agents or those of its Affiliates who have a bona fide need to access such Confidential Information for purposes consistent with these General Terms and who are subject to confidentiality obligations no less stringent than those herein.

B. ****Compelled Disclosure of Confidential Information.**** Notwithstanding the foregoing terms, the Receiving Party may disclose Confidential Information of the Disclosing Party if it is compelled by law enforcement agencies or regulators to do so, provided the Receiving Party gives the Disclosing Party prior notice of such compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled to disclose the Disclosing Partys Confidential Information as part of a civil proceeding to which the Disclosing Party is a Party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to such Confidential Information.

****18. Payment****

The payment terms below only apply when you purchase Offerings directly from Splunk. When you purchase from an authorized reseller or Digital Marketplace, the payment terms are between you and the authorized reseller or Digital Marketplace. However, a breach of your payment obligations for an Offering with a Digital Marketplace will be deemed a breach of this Section 18.

A. ****Fees.**** You agree to pay all Fees specified in the Orders. Fees are non-cancelable and non-refundable, except as otherwise expressly set forth in these General Terms. Without limiting any of our other rights or remedies herein, overdue charges may accrue interest monthly at the rate of 1.5% of the then-outstanding unpaid balance, or the maximum rate permitted by law, whichever is lower. ****19. Splunk's Warranties****

A. ****Relationship to Applicable Law.**** We will not seek to limit our liability, or any of your warranties, rights and remedies, to the extent the limits are not permitted by applicable law (e.g., warranties, remedies or liabilities that cannot be excluded by applicable law).

B.

****General Corporate Warranty.**** Splunk warrants that it has the legal power and authority to enter into these General Terms.

C. ****Hosted Services Warranty.**** Splunk warrants that during the applicable Term: (i) Splunk will not materially decrease the overall functionality of the Hosted Services; and (ii) the Hosted Services will perform materially in accordance with the applicable Documentation. 20. Ownership

A. **Offerings.** As between you and Splunk, Splunk owns and reserves all right, title, and interest in and to the Offerings, developer tools and other Splunk materials, including all intellectual property rights therein. We retain rights in anything delivered or developed by us or on our behalf under these General Terms. No rights are granted to you other than as expressly set forth in these General Terms.

21. Term and Termination

A. **Term and Renewal.** These General Terms will commence upon the Effective Date and will remain in effect until the expiration of all applicable Purchased Offerings, unless earlier terminated pursuant to this Section. Termination of a specific Purchased Offering will not affect the Term of any other Purchased Offering. Termination of these General Terms will have the effect of terminating all Purchased Offerings. Grounds for terminating a Purchased Offering (e.g., for non-payment), that are specific to the Purchased Offering, will not be grounds to terminate Purchased Offerings where no breach exists. Unless indicated otherwise in an Order, the Term of a Purchased Offering (and these General Terms) will automatically renew for an additional period of time equal to the length of the preceding Term, unless one party notifies the other of its intent not to renew at least one (1) day in advance of the expiration of the Term or then-current renewal period.

B. **Termination.** Either party may terminate these General Terms, or any Purchased Offering, by written notice to the other party in the event of a material breach of these General Terms, or the specific terms associated with that Purchased Offering, that is not cured within thirty (30) days of receipt of the notice. Upon any expiration or termination of a Purchased Offering, the rights and licenses granted to you for that Purchased Offering will automatically terminate, and you agree to immediately (i) cease using and accessing the Offering, (ii) return or destroy all copies of any On-Premises Products and other Splunk materials and Splunk Confidential Information in your possession or control, and (iii) upon our request, certify in writing the completion of such return or destruction. Upon termination of these General Terms or any Purchased Offering, Splunk will have no obligation to refund any Fees or other amounts received from you during the Term. Notwithstanding any early termination above, except for your termination for our uncured material breach, you will still be required to pay all Fees payable under an Order.

C. **Survival.** The termination or expiration of these General Terms will not affect any provisions herein which

by their nature survive termination or expiration, including the provisions that deal with the following subject matters: definitions, ownership of intellectual property, confidentiality, payment obligations, effect of termination, limitation of liability, privacy, and the “Miscellaneous” section in these General Terms.

D. ****Suspension of Service.**** In the event of a material breach or threatened material breach of this Agreement, Splunk may, without limiting its other rights and remedies, suspend your use of the Hosted Service until such breach is cured or Splunk reasonably believes there is no longer a threat, provided that, we will give you at least five (5) days prior notice before suspension. Suspension of a Hosted Service will have no impact on the duration of the Term of the Purchased Offering, or the associated Fees owed.

****22. Limitation of Liability****

****In no event will the aggregate liability of either party, together with any of its Affiliates, arising out of or related to any Purchased Offering exceed the total amount paid by you for that Purchased Offering in the twelve (12) months preceding the first incident out of which the liability arose. However, the foregoing limitation will not limit your obligations under the “Payment” section above and will not be deemed to limit your rights to any service level credits under any applicable Service Level Schedule. Furthermore, the cap above will not be deemed to limit Splunk’s right to recover amounts for your use of an Offering in excess of the Capacity purchased or use outside of Internal Business Purposes.****

****In no event will either party or its Affiliates have any liability arising out of or related to these General Terms for any lost profits, revenues, goodwill, or indirect, special, incidental, consequential, cover, business interruption or punitive damages.****

****The foregoing limitations will apply whether the action is in contract or tort and regardless of the theory of liability, even if a party or its Affiliates have been advised of the possibility of such damages or if a party or its Affiliates remedy otherwise fails of its essential purpose.****

****The limitation of liability herein will not apply to a party’s infringement of the other party’s intellectual property rights, indemnification obligations, or the fraud, gross negligence or willful misconduct of a party.****

****The foregoing disclaimers of damages will also not apply to the extent prohibited by law. Some jurisdictions do not allow the exclusion or limitation of certain damages. To the extent such a law applies to you, some or all of the exclusions or limitations set forth above may not apply to you, and you may have additional rights.****

****23. Indemnity****

C. ****Mutual Indemnity.**** Each party will defend, indemnify and pay all damages (including attorneys fees and costs) awarded against the other party, or that are agreed to in a settlement to the extent that an action brought against the other party by a third party is based upon a claim for bodily injury (including death) to any person, or damage to tangible property resulting from the negligent acts or willful misconduct of the indemnifying party or its personnel hereunder, and will pay any reasonable, direct, out-of-pocket costs, damages and reasonable attorneys fees attributable to such claim that are awarded against the indemnified party (or are payable in settlement by the indemnified party).

9. ****Change Order Process****

You may submit written requests to us to change the scope of C&I Services described in a Statement of Work (each such request, a **"**Change Order Request**"**). If we elect to consider a Change Order Request, then we will promptly notify you if we believe that the Change Order Request requires an adjustment to the fees or to the schedule for the performance of the C&I Services. In such event, the parties will negotiate in good faith a reasonable and equitable adjustment to the fees and/or schedule, as applicable. We will continue to perform C&I Services pursuant to the existing Statement of Work and will have no obligation to perform any Change Order Request unless and until the parties have agreed in writing to such an equitable adjustment.

10. ****Expenses****

Unless otherwise specified in the Statement of Work, we will not charge you for our expenses we incur in connection with a Statement of Work. Our daily C&I Services rates are inclusive of any expenses. In the event the parties agree that expenses are reimbursable under a Statement of Work, we will mutually agree on any travel policy and any required documentation for reimbursement.

11. ****Prepaid C&I Services****

Unless otherwise expressly stated in a Statement of Work, all prepaid C&I Services must be redeemed within twelve (12) months from the date of purchase/invoice. At the end of the twelve (12) month term, any remaining pre-paid unused C&I Services will expire; no refunds will be provided for any remaining pre-paid unused C&I Services. Unless otherwise specifically stated in a Statement of Work, Education is invoiced and payable in advance.

**Configuration and Implementation Services Definitions Exhibit**

"Customer Materials**"** means the data, information, and materials you provide to us in connection with your use of the C&I Services.

"Fees**"** means the fees that are applicable to the C&I Services, as identified in the Statement of Work.

"**Intellectual Property Rights**" means all worldwide intellectual property rights, including copyrights and other rights in works of authorship; rights in trademarks, trade names, and other designations of source or origin; rights in trade secrets and confidential information; and patents and patent applications.

"**Splunk Preexisting IP**" means, with respect to any C&I Services Materials, all associated Splunk technology and all Intellectual Property Rights created or acquired: (a) prior to the date of the Statement of Work that includes such C&I Services Materials, or (b) after the date of such Statement of Work but independently of the C&I Services provided under such Statement of Work.

"**Statement of Work**" means the statements of work and/or any and all applicable Orders, that describe the specific services to be performed by Splunk, including any materials and deliverables to be delivered by Splunk.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems,

and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work,

excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions

of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all

other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must

include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and

do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all

other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the

editorial
revisions, annotations, elaborations, or other modifications
represent, as a whole, an original work of authorship. For the purposes
of this License, Derivative Works shall not include works that remain
separable from, or merely link (or bind by name) to the interfaces of,
the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including
the original version of the Work and any modifications or additions
to that Work or Derivative Works thereof, that is intentionally
submitted to Licensor for inclusion in the Work by the copyright owner
or by an individual or Legal Entity authorized to submit on behalf of
the copyright owner. For the purposes of this definition, "submitted"
means any form of electronic, verbal, or written communication sent
to the Licensor or its representatives, including but not limited to
communication on electronic mailing lists, source code control systems,
and issue tracking systems that are managed by, or on behalf of, the
Licensor for the purpose of discussing and improving the Work, but
excluding communication that is conspicuously marked or otherwise
designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity
on behalf of whom a Contribution has been received by Licensor and
subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of
this License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable
copyright license to reproduce, prepare Derivative Works of,
publicly display, publicly perform, sublicense, and distribute the
Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of
this
License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable
(except as stated in this section) patent license to make, have made,
use, offer to sell, sell, import, and otherwise transfer the Work,
where such license applies only to those patent claims licensable
by such Contributor that are necessarily infringed by their
Contribution(s) alone or by combination of their Contribution(s)
with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a
cross-claim or counterclaim in a lawsuit) alleging that the Work
or a Contribution incorporated within the Work constitutes direct
or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate
as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute

copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of

this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License,

each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided

that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

SPLUNK GENERAL TERMS

Last Updated: February 10, 2023

These Splunk General Terms ("General Terms") between Splunk Inc., a Delaware corporation, with its principal place of business at 270 Brannan Street, San Francisco, California 94107, U.S.A ("Splunk" or "we" or "us" or "our") and you ("Customer" or "you" or "your") apply to the purchase of licenses and subscriptions for Splunk Offerings. By clicking on the appropriate button, or by downloading, installing, accessing or using the Offerings, you agree to these General Terms. If you are entering into these General Terms on behalf of Customer, you represent that you have the authority to bind Customer. If you do not agree to these General Terms, or if you are not authorized to accept the General Terms on behalf of the Customer, do not download, install, access, or use any of the Offerings.

See the General Terms Definitions Exhibit attached for definitions of capitalized terms not defined herein.

1. License Rights

A. **General Rights.** You have the nonexclusive, worldwide, nontransferable and nonsublicensable right, subject to payment of applicable Fees and compliance with the terms of these General Terms, to use your Purchased Offerings for your Internal Business Purposes during the Term and up to the Capacity purchased.

B. **Copies for On-Premise Products.** You have the right to make a reasonable number of copies of On-Premises Products for archival and back-up purposes.

C. **Splunk Extensions.** You may use Splunk Extensions solely in connection with the applicable Purchased Offering subject to the same terms and conditions for that Offering (including with respect to Term) and payment of any Fees associated with the Splunk Extensions. Some Splunk Extensions may be made available under license terms that provide broader rights than the license rights you have to the applicable underlying Offering (e.g., if the Extension is Open Source Software). These broader rights will apply to that Splunk Extension. Splunk Extensions may be installed on Hosted Services pursuant to our instructions.

D. **Trials, Evaluations, Beta and Free Licenses.**

<ol type="i">

Trials and Evaluations. Offerings provided for trials and evaluations are provided at no charge, and their use will be for a limited duration.

Beta Licenses. Some Offerings and features may be available to you as a preview, or as an alpha, beta or other pre-release version (each, a "Beta Offering"). All rights for Beta Offerings are solely for internal testing and evaluation. Your use of a Beta Offering will be for the term specified by us, and if no term is specified, then for the earlier of one year from the start date of the Beta Offering or when that version of the Beta Offering becomes generally available. We may discontinue the Beta Offering at any time and may decide not to make any of the features and

functionality generally available.

Free Licenses. From time to time, we may make certain Offerings available for full use (i.e., not subject to limited evaluation purposes) at no charge. These free Offerings may have limited features, functions, and other technical limitations.

Donated Offerings. Donated Offerings are free limited Offerings donated to qualifying Nonprofits under a Splunk donation program. By procuring and making use of a Donated Offering, you hereby represent and warrant that you are a lawfully organized Nonprofit, and you agree to provide verification of your nonprofit status to Splunk upon request. At Splunk's request, you agree: (a) to publish a press release and case study on your use of the Donated Offering; and (b) to be interviewed for the production of a Splunk customer video that will accompany the press release and case study. Splunk will draft and edit all content in collaboration with you and will obtain your edits and

written approval (email is sufficient) prior to publication, and such approval will not be unreasonably withheld. You will allow Splunk to reference your Nonprofit and leading spokespeople in press releases with your written approval (email is sufficient). Splunk may use your name and logo on sales presentations, websites, and other marketing collateral without your prior approval.

Test and Development Licenses. For Offerings identified as "Test and Development" Offerings on your Order, you only have the right to use those Offerings up to the applicable Capacity on a non-production system for non-production uses, including product migration testing or pre-production staging, or testing new data sources, types, or use cases. Test and Development Offerings may not be used for any revenue generation, commercial activity, or other productive business or purpose.

Limitations. Notwithstanding anything to the contrary in these General Terms, we do not provide maintenance and support, warranties, service level commitments, or indemnification for Test and Development Offerings, trials, evaluations, or free or Beta Offerings.

**** **2. Purchasing Through Authorized Resellers, Digital Marketplaces, and Splunk Affiliates**

A. **Authorized Resellers and Digital Marketplaces.** If you purchase Offerings through a Splunk authorized reseller or Digital Marketplace, these General Terms will govern those Offerings. Your payment obligations for the Purchased Offerings will be with the authorized reseller or Digital Marketplace, as applicable, not Splunk. You will have no direct Fee payment obligations to Splunk for those Offerings. However, in the event that you fail to pay the Digital Marketplace for your Purchased Offerings, Splunk retains the right to enforce your payment obligations and collect directly from you.

Any terms agreed to between you and the authorized reseller that are in addition to these General Terms are solely between

you and the authorized reseller and Digital Marketplace, as applicable. No agreement between you and an authorized reseller or Digital Marketplace is binding on Splunk or will have any force or effect with respect to the rights in, or the operation, use or provision of, the Offerings.

B. **Splunk Affiliate Distributors.** Splunk has appointed certain Splunk Affiliates as its non-exclusive distributors of the Offerings (each, a "Splunk Affiliate Distributor"). Each Splunk Affiliate Distributor is authorized by Splunk to negotiate and enter into Orders with Customers. Where a purchase from Splunk is offered by a Splunk Affiliate Distributor, Customer will issue Orders, and make payments, to the Splunk Affiliate Distributor which issued the quote for the Offering. Each Order will be deemed a separate contract between Customer and the relevant Splunk Affiliate Distributor and will be subject to these General Terms. For the avoidance of doubt, Customer agrees that: (i)

the total liability of Splunk under these General Terms as set forth in Section 22 (Limitation of Liability) states the overall combined liability of Splunk and Splunk Affiliate Distributors; (ii) the entering into Orders by a Splunk Affiliate Distributor will not be deemed to expand Splunk and its Affiliates overall responsibilities or liability under these General Terms; and (iii) Customer will have no right to recover more than once from the same event.

3. Your Contractors and Third-Party Providers

You may permit your authorized consultants, contractors, and agents (“Third-Party Providers”) to access and use your Purchased Offerings, but only on your behalf in connection with providing services to you, and subject to the terms and conditions of these General Terms. Any access or use by a Third-Party Provider will be subject to the same limitations and restrictions that apply to you under these General Terms, and you will be responsible for any Third-Party Providers

actions relating to their use of the Offering. The aggregate use by you and all of your Third-Party Providers must not exceed the Capacity purchased, and nothing in this Section is intended to or will be deemed to increase such Capacity.

4. Hosted Services and Specific Offering Terms

A. **Service Levels.** When you purchase Hosted Services as a Purchased Offering, we will make the applicable Hosted Services available to you during the Term in accordance with these General Terms. The Service Level Schedules (as identified in the Specific Offering Terms referenced in Section 4(F) below) and associated remedies will apply to the availability and uptime of the applicable Hosted Service. If applicable, service credits will be available for downtime in accordance with the Service Level Schedule.

B. **Connections.** You are responsible for obtaining and maintaining all telecommunications, broadband and computer equipment and services needed to access and use Hosted Services, and for paying all associated charges.

C. **Your Responsibility for Data Protection.** You are responsible for: (i) selecting from the security configurations and security options made available by Splunk in connection with a Hosted Service; (ii) taking additional measures outside of the Hosted Service to the extent the Hosted Service Offering does not provide the controls that may be required or desired by you; and (iii) routine archiving and backing up of Customer Content. You agree to notify Splunk promptly if you believe that an unauthorized third party may be using your accounts or if your account information is lost or stolen.

D. **Refund Upon Termination for Splunk's Breach.** If a Hosted Service is terminated by you for Splunk's uncured material breach in accordance with these General Terms, Splunk will refund you any prepaid subscription fees covering the remainder of the Term after the effective date of termination.

E. **Return of Customer Content.** Customer Content may be retrieved by you and removed from the Hosted Services in accordance with the applicable Documentation. We will make the Customer Content available on the Hosted Services for thirty (30) days after termination of a subscription for your retrieval. After that thirty (30) day period, we will have no obligation to maintain the storage of your Customer Content, and you hereby authorize us thereafter to, and we will, unless legally prohibited, delete all remaining Customer Content. If you require assistance in connection with migration of your Customer Content, depending on the nature of the request, we may require a mutually agreed upon fee for assistance.

F. **Specific Offering Terms.** Specific security controls and certifications, data policies, service descriptions, Service Level Schedules and other terms specific to a Hosted Service and other Offerings (“Specific Offering Terms”) are set forth here: www.splunk.com/SpecificTerms, and will apply, and be deemed incorporated herein by reference.

5. Support and Maintenance

The specific Support Program included with a Purchased Offering will be identified in the applicable Order. Splunk will provide the purchased level of support and maintenance services in accordance with the terms of the Support Exhibit attached to these General Terms.

6. Configuration and Implementation Services

Splunk offers standard services to implement and configure your Purchased Offerings. These services are purchased under an Order and are subject to the payment of the Fees therein and the terms of the Configuration and Implementation Services Exhibit attached to these General Terms.

7. Data Protection for Personal Data

Splunk will follow globally recognized data protection principles and industry-leading standards for the security of personal data. Splunk will comply with the requirements and obligations set forth in Splunk's Data Processing Addendum ("**DPA**"), located at https://www.splunk.com/en_us/legal/splunk-dpa.html, which includes standard terms for the processing of personal data (including, as applicable, personal data in a Hosted Service).

8. Security

A. **Security for Hosted Services: Standard Environment.** Splunk will implement industry leading security safeguards for the protection of Customer Confidential Information, including Customer Content transferred to and stored within the Hosted Services. These safeguards include commercially reasonable administrative, technical, and organizational measures to protect Customer Content against destruction, loss, alteration, unauthorized disclosure, or unauthorized access, including such things as information security policies and procedures, security awareness training, threat and vulnerability management, incident response and breach notification, and vendor risk management. Splunk's technical safeguards are further described in the Splunk Cloud Platform Security Addendum ("**SC-SA**"), located at https://www.splunk.com/en_us/legal/splunk-cloud-security-addendum.html, and the Observability Suite Security Addendum ("**OS-SA**"), located at https://www.splunk.com/en_us/legal/splunk-observability-security-addendum.html, as applicable, and are incorporated herein by reference. Splunk may update the SC-SA and OS-SA from time to time provided, that updates will be subject to Section 24 below.

B. **Security for Hosted Services: Premium HIPAA Environment.** For Hosted Services Offerings provisioned in Splunk Cloud Platforms Premium HIPAA environment (as specified in an Order), in addition to the protections under the SC-SA and these General Terms, Splunk will comply with the requirements and obligations set forth in Splunk Business Associate Agreement found here: https://www.splunk.com/en_us/legal/splunk-baa.html.

C. **Additional Security for Other Hosted Services.** From time to time, Splunk may offer custom security safeguards for unique Hosted Services offerings. Any such security safeguards will be as set forth in the applicable Documentation and Specific Offering Terms.

D. **Security for On Premises Offerings.** Splunk will implement industry leading security safeguards for the protection of Splunk's IT systems, products, facilities and assets, and any Customer Confidential Information accessed or processed therein, e.g., customer account information, support tickets ("**Corporate Security

Controls"). Splunk's Corporate Security Controls include such things as information security policies and procedures, security awareness training, physical and environmental access controls, threat and vulnerability management, incident response and breach notification, and vendor risk management. Splunk's Corporate Security Controls are further described in Splunk's Information Security Addendum ("ISA"), located at https://www.splunk.com/en_us/legal/information-security-addendum.html and are incorporated herein by reference.

E. **Product Development Security.** Splunk will follow secure software development practices and applies an industry standard, risk-based approach to its software development lifecycle ("SDLC"), which includes, as applicable, such things as performing security architecture reviews, open source security scans, virus detection, dynamic application security testing, network vulnerability scans and external penetration testing in the development environment. Product-specific information about the SDLC in our Offerings is detailed more fully in the ISA. Splunk's Product Security Portal, located at https://www.splunk.com/en_us/product-security.html, contains detailed information about Splunk's program for managing and communicating product vulnerabilities. Splunk categorizes product vulnerabilities in accordance with the Common Vulnerability Scoring System ("Medium," "High," or "Critical") and uses commercially reasonable efforts to remediate vulnerabilities depending on their severity level in accordance with industry standards.

F. **Maintaining Protections.** Notwithstanding anything to contrary in these General Terms, or any policy or terms referenced herein via hyperlink (or any update thereto), Splunk may not, during a Term materially diminish the security protections set forth in these General Terms, any Specific Offering Terms, or the applicable security addendum.

9. Use Restrictions

Except as expressly permitted in an Order, these General Terms or our Documentation, you agree not to (nor allow any user or Third Party Provider to): (a) reverse engineer (except to the extent specifically permitted by statutory law), decompile, disassemble or otherwise attempt to discover source code or underlying structures, ideas or algorithms of any Offering; (b) modify, translate or create derivative works based on the Offerings; (c) use an Offering to ingest, monitor or analyze the machine, IT system or application data of any third party; (d) resell, transfer or distribute any Offering; (e) access or use any Offering in order to monitor its availability, performance, or functionality for competitive purposes; (f) attempt to disable or circumvent any license key or other technological mechanisms or measures intended to prevent, limit or control use or copying of, or access to, Offerings; (g) separately use any of the applicable features and functionalities of the Offerings with external applications or code not furnished by Splunk or any data not processed by the Offering; (h) exceed the Capacity purchased or (i) use any Offering in violation of all applicable laws and regulations (including but not limited to any applicable privacy and intellectual property laws).

10. Our Ethics, Compliance and Corporate Responsibility

A. **Ethics and Corporate Responsibility.** Splunk is committed to acting ethically and in compliance with applicable law, and we have policies and guidelines in place to provide awareness of, and compliance with, the laws and regulations that apply to our business globally. We are committed to ethical business conduct, and we use diligent efforts to perform in accordance with the highest global ethical principles, as described in the Splunk Code of Conduct and Ethics found [here](https://investors.splunk.com/static-files/3c2a9a40-7f6e-4795-9358-b5565826b13d?_ga=2.27382325.82146825.1675981089-269939538.1673288458&_gac=1.127441023.1674005341.Cj0KCQiAq5meBhCyARIsAJrtdr75-

B. ****Anti-Corruption.**** We implement and maintain programs for compliance with applicable anti-corruption and anti-bribery laws. Splunk policy prohibits the offering or soliciting of any illegal or improper bribe, kickback, payment, gift, or thing of value to or from any of your employees or agents in connection with these General Terms. If we learn of any violation of the above, we will use reasonable efforts to promptly notify you at the main contact address provided by you to Splunk.

C. ****Export.**** We certify that Splunk is not on any of the relevant U.S. or EU government lists of prohibited persons, including the Treasury Departments List of Specially Designated Nationals and the Commerce Departments List of Denied Persons or Entity List. Export information regarding our Offerings, including our export control classifications for our Offerings, is found here: https://www.splunk.com/en_us/legal/export-controls.html.

****11. Usage Data****

From time to time, Splunk may collect Usage Data generated as a by-product of your use of Offerings. Usage Data does not include Customer Content. We collect Usage Data for a variety of reasons, such as to identify, understand, and anticipate performance issues and the factors that affect them, to provide updates and personalized experiences to customers, and to improve the Splunk Offerings. Details on Splunk's Usage Data collection practices are set forth in Splunk's Privacy Policy found here: https://www.splunk.com/en_us/legal/privacy/privacy-policy.html.

****12. Capacity and Usage Verification****

A. ****Certification and Verification.**** At Splunk's request, you will furnish Splunk a certification signed by your authorized representative verifying that your use of the Purchased Offering is in accordance with these General Terms and the applicable Order. For On-Premises Products, we may also ask you from time to time, but not more frequently than once per calendar period, to cooperate with us to verify usage and adherence to purchased Capacities. If Splunk requests a verification process, you agree to provide Splunk reasonable access to the On-Premises Product installed at your facility (or as hosted by your Third-Party Provider). If Splunk does any verification, it will be performed with as little interference as possible to your use of the On-Premises Product and your business operations. Splunk will comply with your (or your Third-Party Providers) reasonable security procedures.

B. ****Overages.**** If a verification or usage report reveals that you have exceeded the purchased Capacity or usage rights for your Purchased Offering (e.g., used as a service bureau) during the period reviewed, then we will have the right to invoice you using the applicable Fees at list price then in effect, which will be payable in accordance with these General Terms. Without limiting Splunk's foregoing rights, with respect to Hosted Services, Splunk may work with you to reduce usage so that it conforms to the applicable usage limit, and we will in good faith discuss options to right size your subscription as appropriate. Notwithstanding anything to the contrary herein, Splunk will have the right to directly invoice you for overages, regardless of whether you purchased the Purchased Offering from an authorized reseller or Digital Marketplace. See the Specific Offering Terms for any additional information related to overages for a Hosted Service.

****13. Our Use of Open Source****

Certain Offerings may contain Open Source Software. Splunk makes available in the applicable Documentation a list of Open Source Software incorporated in our On-Premises Products as required by the respective Open Source Software licenses. Any Open Source Software that is delivered as part of your Offering and which may not be removed or used separately from the Offering is covered by the warranty, support and indemnification provisions applicable to the Offering. Some of the Open Source Software may have additional terms that apply to the use of the Offering (e.g., the obligation for us to provide attribution of the specific licensor), and those terms will be included in the Documentation; however, these terms will not (a) impose any additional restrictions on your use of the Offering, or (b) negate or amend any of our responsibilities with respect to the Offering.

14. Splunk Developer Tools and Customer Extensions

Splunk makes Splunk Developer Tools available to you so you can develop Extensions for use with your Purchased Offerings (Extensions that you develop, "**Customer Extensions**").

You have a nonexclusive, worldwide, nontransferable, nonsublicensable right, subject to the terms of these General Terms, to use Splunk Developer Tools to develop your Customer Extensions, including to support interoperability between the Offering and your system or environment. Splunk proprietary legends or notices contained in the Splunk Developer Tools may not be removed or altered when used in or with your Customer Extension. You retain title to your Customer Extensions, subject to Splunk's ownership in our Offerings and any materials and technology provided by Splunk in connection with the Splunk Developer Tools. You agree to assume full responsibility for the performance and distribution of Customer Extensions.

15. Third Party Products, Third-Party Extensions, Third-Party Content and Unsupported Splunk Extensions

A. **Third-Party Extensions on Splunkbase.** Splunk makes Extensions developed and/or made available by a third-party on Splunkbase ("**Third-Party Extension**") available for download or access as a convenience to its customers. Splunk makes no promises or guarantees related to any Third-Party Extension, including the accuracy, integrity, quality, or security of the Third-Party Extension. Nothing in these General Terms or on Splunkbase will be deemed to be a representation or warranty by Splunk with respect to any Third-Party Extension, even if a particular Third-Party Extension is identified as "certified" or "validated" for use with an Offering. We may, in our reasonable discretion, block or disable access to any Third-Party Extension at any time. Your use of a Third-Party Extension is at your own risk and may be subject to any additional terms, conditions, and policies applicable to that Third-Party Extension (such as license terms, terms of service, or privacy policies of the providers of such Third-Party Extension). Third-Party Extensions may be installed on Hosted Services pursuant to our instructions.

B. **Third Party Content.** Hosted Services may contain features or functions that enable interoperation with Third-Party Content that you, in your sole discretion, choose to add to a Hosted Service. You may be required to obtain access separately to such Third-Party Content from the respective providers, and you may be required to grant Splunk access to your accounts with such providers to the extent necessary for Splunk to allow the interoperation with the Hosted Service. By requesting or allowing Splunk to enable access to such Third-Party Content in connection with the Hosted Services, you certify that you are authorized under the providers terms to allow such access. If you install or enable (or direct or otherwise authorize Splunk to install or enable) Third-Party Content for use with a Hosted Service where the interoperation includes access by the third-party provider to your Customer Content, you hereby authorize

Splunk to allow the provider of such Third-Party Content to access Customer Content as necessary for the interoperation. You agree that Splunk is not responsible or liable for disclosure, modification or deletion of Customer Content resulting from access to Customer Content by such Third-Party Content, nor is Splunk liable for any damages or downtime that you may incur or any impact on your experience of the Hosted Service, directly or indirectly, as a result of your use of and/or reliance upon, any Third-Party Content, sites or resources.

C. **Splunk As a Reseller.** When you purchase third party products (“Third Party Products”) from Splunk as specified in an Order (which products shall include third party software, but not any support which Splunk itself has contracted to provide), the following provision applies. Splunk acts solely as a reseller of Third Party Products, which are fulfilled by the relevant third party vendor (“Third Party Vendor”), and the purchase and use of Third Party Products is subject solely to the terms, conditions and policies made available by such Third Party Vendor. Consequently, Splunk makes no representation or warranty of any kind regarding the Third Party Products, whether express, implied, statutory or otherwise, and specifically disclaims all implied terms, conditions and warranties (including as to quality, performance, availability, fitness for a particular purpose or non-infringement) to the maximum extent permitted by applicable law. You will bring any claim in relation to Third Party Products against the applicable Third Party Vendor directly. In no event will Splunk be liable to you for any claim, loss or damage arising out of the use, operation or availability of Third Party Product (whether such liability arises in contract, negligence, tort, or otherwise).

D. **Unsupported Splunk Extensions.** The Service Level Schedule commitments for any applicable Hosted Services will not apply to Splunk Extensions labeled on Splunkbase as “Not Supported.” You agree that Splunk is not responsible for any impact on your experience of a Hosted Service, as a result of your installation and/or use of any “Not Supported” Splunk Extensions, and that your sole remedy will be to remove the “Not Supported” Splunk Extension from the applicable Hosted Service. Further, some Splunk Extensions may not be compatible or certified for use with that Hosted Service (e.g., only specific Splunk Extensions are validated for our FedRAMP authorized environment for Splunk Cloud Platform). Please refer to the applicable Documentation for more information related to the Splunk Extensions compatible with your specific Purchased Offering.

****21. Term and Termination****

A. ****Term and Renewal.**** These General Terms will commence upon the Effective Date and will remain in effect until the expiration of all applicable Purchased Offerings, unless earlier terminated pursuant to this Section. Termination of a specific Purchased Offering will not affect the Term of any other Purchased Offering. Termination of these General Terms will have the effect of terminating all Purchased Offerings. Grounds for terminating a Purchased Offering (e.g., for non-payment), that are specific to the Purchased Offering, will not be grounds to terminate Purchased Offerings where no breach exists. Unless indicated otherwise in an Order, the Term of a Purchased Offering (and these General Terms) will automatically renew for an additional period of time equal to the length of the preceding Term, unless one party notifies the other of its intent not to renew at least one (1) day in advance of the expiration of the Term or then-current renewal period.

B. ****Termination.**** Either party may terminate these General Terms, or any Purchased Offering, by written notice to the other party in the event of a material breach of these General Terms, or the specific terms associated with that Purchased Offering, that is not cured within thirty (30) days of receipt of the notice. ****22. Limitation of Liability****

****In no event will the aggregate liability of either party, together with any of its Affiliates, arising out of or related to any Purchased Offering exceed the total amount paid by you for that Purchased Offering in the twelve (12) months preceding the first incident out of which the liability arose. However, the foregoing limitation will not limit your obligations under the “Payment” section above and will not be deemed to limit your rights to any service level credits under any applicable Service Level Schedule. Furthermore, the cap above will not be deemed to limit Splunk’s right to recover amounts for your use of an Offering in excess of the Capacity purchased or use outside of Internal Business Purposes.****

****In no event will either party or its Affiliates have any liability arising out of or related to these General Terms for any lost profits, revenues, goodwill, or indirect, special, incidental, consequential, cover, business interruption or punitive damages.****

****The foregoing limitations will apply whether the action is in contract or tort and regardless of the theory of liability, even if a party or its Affiliates have been advised of the possibility of such damages or if a party or its Affiliates remedy otherwise fails of its essential purpose.****

****The limitation of liability herein will not apply to a party’s infringement of the other party’s intellectual property rights, indemnification obligations, or the fraud, gross negligence or willful misconduct of a party.****

****The foregoing disclaimers of damages will also not apply to the extent prohibited by law. Some jurisdictions do not allow the exclusion or limitation of certain damages. To the extent such a law applies to you, some or all of the exclusions or limitations set forth above may not apply to you, and you may have additional rights.****

****23. Indemnity****

A. ****Our Indemnification to You.**** Splunk will defend and indemnify you, and pay all damages (including attorneys fees and costs) awarded against you, or that are agreed to in a settlement, to the extent a claim, demand, suit or proceeding is made or brought against you or your Affiliates by a third party (including those brought by a government entity) alleging that a Purchased Offering infringes or misappropriates such third partys patent, copyright, trademark or trade secret (a "****Customer Claim****"). C. ****Mutual Indemnity.**** Each party will defend, indemnify and pay all damages (including attorneys fees and costs) awarded against the other party, or that are agreed to in a settlement to the extent that an action brought against the other party by a third party is based upon a claim for bodily injury (including death) to any person, or damage to tangible property resulting from the negligent acts or willful misconduct of the indemnifying party or its personnel hereunder, and will pay any reasonable, direct, out-of-pocket costs, damages and reasonable attorneys fees attributable to such claim that are awarded against the indemnified party (or are payable in settlement by the indemnified party).

D. ****Process for Indemnification.**** The indemnification obligations above are subject to the party seeking indemnification to: (i) provide the other party with prompt written notice of the specific claim; (ii) give the indemnifying party sole control of the defense and settlement of the claim (except that the indemnifying party may not settle any claim that requires any action or forbearance on the indemnified partys part without their prior consent, which will not unreasonably withhold or delay); and (iii) gives the indemnifying party all reasonable assistance, at such partys expense.

Each Support Program offers different support levels for your case priority levels. When submitting a case, you will select the priority for initial response by logging the case online, in accordance with the priority guidelines set forth under your Support Program. When the case is received, we may in good faith change the priority if the issue does not conform to the criteria for the selected priority. When that happens, we will provide you with notice (electronic or otherwise) of such change.

5. **Exclusions**

We will have no obligation to provide support for issues caused by any of the following (each, a "**Customer Generated Error**"): (i) modifications to an Offering not made by Splunk; (ii) use of an Offering other than as authorized in the General Terms or as provided in the applicable Documentation; (iii) damage to the machine on which an On-Premises Product is installed; (iv) use of a version of an Offering other than the Supported Version; (v) third-party products that are not expressly noted in the Documentation as supported by Splunk; or (vi) conflicts related to replacing or installing hardware, drivers, and software that are not expressly supported by Splunk and described in the applicable Documentation. If we determine that support requested by you is for an issue caused by a Customer Generated Error, we will notify you of that fact as soon as reasonably possible under the circumstances. If you agree that we should provide support for the Customer Generated Error via a confirming email, then we will have the right to invoice you at our then-current time and materials rates for any such support provided by us.

6. ****Support for Splunk Extensions****

Only Splunk Extensions that are labeled as "****Splunk Supported****" on Splunkbase, or other Splunk-branded marketplace, are eligible for support, and this support is limited. For those labeled Splunk Supported, we will provide an initial response and acknowledgement in accordance with the P3 terms that are applicable in the applicable Support Program, and Enhancements may be made available.

No other terms of a Support Program will apply to a Splunk Application. For those labeled as "****Not Supported****", Splunk will have no support obligations.

7. ****Authorized Support Contacts****

You are entitled to have a certain number of Support Contacts under each Support Program. "****Support Contacts****" means the individual(s) specified by you that are authorized to submit support cases.

The number of Support Contacts will be based on the Capacity of the Offering purchased, and the applicable Support Program. The number of Support Contacts will be set forth in customers entitlement information on the Splunk support portal.

We only take support requests from, and communicate with, your Support Contacts in connection with support cases. We strongly recommend that your Support Contact(s) are trained on the applicable Offering. In order to designate Support Contacts, you must provide the individuals primary email address and Splunk.com login ID.

8.

****Defect Resolution****

Should we determine that an Offering has a defect, we will, at our sole option, repair the defect in the version of the Offering that you are then currently using or instruct you to install a newer version of the Offering with that defect repaired. We reserve the right to provide you with a workaround in lieu of fixing a defect should we in our sole judgment determine that it is more effective to do so.

9. ****Your Assistance****

Should you report a purported defect or error in an Offering, we may require you to provide us with the following information: (a) a general description of your operating environment; (b) a list of all hardware components, operating systems and networks; (c) a reproducible test case; and (d) any log files, trace and systems files. Your failure to provide this information may prevent us from identifying and fixing that purported defect.

10. ****Changes to Support Programs****

You acknowledge that, subject to the Support Policy, and subject to any commitment we have during the Term, we have the right to discontinue the manufacture, development, sale or support of any Offering, at any time, in our sole discretion. We further reserve the right to alter Support Programs from time to time, using reasonable discretion, but in no event will such alterations, during the Term of any Order, result in diminished Support Services from the level of your applicable purchased Support Program.

****Configuration and Implementation Services Exhibit to Splunk General Terms****

This Configuration and Implementation Services Exhibit forms a part of the Splunk General Terms and governs your purchase, and Splunk's provision of Configuration and Implementation Services.

****Capitalized terms below are defined in the General Terms, this Exhibit or in the Definition Exhibit attached to this Exhibit.****

1. ****Services and Statements of Work****

We will perform the C&I Services for you that are set forth in the applicable Statements of Work. You will pay the Fees under each Statement of Work in accordance with these General Terms, or otherwise as we may expressly agree in the applicable Statement of Work.

In each Statement of Work, we will designate our primary point of contact for you for all matters relating to the applicable C&I Services (which we may change from time to time upon notice).

2. ****Our Personnel****

A. ****Qualifications.**** The Personnel we assign to perform the C&I Services will be qualified, skilled, experienced and otherwise fit for the performance of the C&I Services. If you, in your reasonable judgement, determine that Personnel assigned to your project are unfit, we will in good faith discuss alternatives, and we will replace Personnel as reasonably necessary. You acknowledge that any replacement may cause delay in the performance of the C&I Services.

B. ****Personnel Conduct.**** Our Personnel are subject to our Splunk Code of Conduct and Ethics [here](https://investors.splunk.com/static-files/3c2a9a40-7f6e-4795-9358-b5565826b13d?_ga=2.200727335.82146825.1675981089-269939538.1673288458&_gac=1.188710106.1674005341.Cj0KCQiAq5meBhCyARIsAJrtdr75-RptXmmxNnKzoOJ_p26uX0MwT-GzxcrmWSotrQqWFlaOLtYVyhgaAuriEALw_wcB&_gl=1*1m2mlyb*_ga*MjY5OTM5NTM4LjE2NzMyODg0NTg.*_ga_5EPM2P39FV*MTY3NjA1MTkwNi40OC4xLjE2NzYwNjAxMzMzMzYuMC4w), which includes, without limitation, an obligation to comply with our policies on protecting customer information, prohibitions on illegal drugs and any impaired job performance, avoiding conflicts of interest, and acting ethically at all times. We also background check our employees, per the Section below.

C. ****Use of Subcontractors.**** We reserve the right to use subcontractors in performance of the C&I Services, provided: (a) any subcontractor we use meets the requirements herein and conditions of these General Terms and the Statement of Work; (b) we will be responsible for the subcontractors compliance with the terms herein and the Statement of Work; and (c) upon your request or inquiry, we will identify any subcontractor that we are using, or plan to use, for C&I Services, and will cooperate in good faith to provide you with all relevant information regarding such subcontractors.

D. ****No Employee Benefits.**** We acknowledge and agree that our Personnel are not eligible for or entitled to receive any compensation, benefits, or other incidents of employment that you make available to your employees. We are solely responsible for all employment related taxes, expenses, withholdings, and other similar statutory obligations arising out of the relationship between us and our Personnel and the performance of C&I Services by such Personnel.

3. ****Our Background Checks, Security and Compliance Obligations****

A. ****Compliance with Your Security Program.**** While on your premises, our Personnel will comply with your security practices and procedures generally prescribed by you for onsite visitors and service providers. However, any requirement that is in addition to the compliance requirements set forth in this Schedule (e.g., background checks that are different from the background checks described herein) must be expressly set forth in a Statement of Work. We agree to discuss in good faith any condition or requirement you may have for our Personnel that are different from standard policies, however any additional requirement may delay C&I Services and must be vetted and implemented by mutual agreement of the parties and expressly set forth in a Statement of Work. Splunk does not guarantee that it will be able to meet any additional requested requirements.

B. ****Our Security Practices.**** We implement and follow an enterprise security program, with the policies, plans, and procedures set forth here [www.splunk.com/prof-serv-isa](www.splunk.com/prof-serv-isa). Our Personnel will be subject to the data protection and confidentiality obligations set forth in these General Terms with respect to any of your data that we may have access to in connection with the C&I Services.

C. ****Background Checks.**** For U.S.-based projects, we will not assign an employee to perform C&I Services under a Statement of Work unless we have run the following background check on the employee: Criminal Felony & Misdemeanor; SSN Validation; Federal Criminal; SSN Trace; Employment Report Three (3) Employers; Education Report One (1) Institution; Global Sanctions & Enforcement; Prohibited Parties; Widescreen Plus National Criminal Search.

D. ****Permissions for Access.**** In the event you require any Personnel to sign any waivers, releases, or other documents as a condition to gain access to your premises for performance of the C&I Services (“Access Documents”), you agree: (a) that Personnel who will be required to sign Access Documents will sign on behalf of Splunk; (b) that any additional or conflicting terms in Access Documents with these General Terms will have no effect; and (c) you will pursue any claims for breach of any terms in the Access Documents against Splunk and not the individual signing.

4. ****Your Materials****

We will have no rights in or to any Customer Materials, however you grant us the right to use Customer Materials in order to provide the C&I Services. Nothing in these General Terms will be deemed to transfer to us any ownership of Customer Materials.

5. ****C&I Services Materials and Customizations Unique to You****

A. ****C&I Services Materials.**** The C&I Services we perform (e.g., configuration of our Offerings), and the C&I Services Materials we offer, create, and deliver to you in connection with the C&I Services, are generally applicable to our business, and therefore we require the right to be able to re-use the C&I Services Materials we create for one customer in connection with all of our customers. For the avoidance of doubt, our use of the C&I Services Materials created for you in connection with C&I Services will comply with our ongoing obligations and restrictions with respect to your Customer Materials and your Confidential Information, and we will not identify you in any way in connection with our further use of such C&I Services Materials.

B. ****Customer Owned Work Product.**** However, in the unlikely event that the parties agree that C&I Services Materials for a project are custom work product unique to your business, and not applicable to other customers generally, we will transfer ownership to those agreed C&I Services Materials to you under the applicable Statement of Work. C&I Services Materials must be expressly identified as “****Customer Owned Work Product****” under a Statement of Work for ownership to pass to you. Subject to payment of applicable Fees under the Statement of Work, we hereby assign to you all rights, title and interest (including all Intellectual Property Rights therein) in and to all C&I Services Materials identified as Customer Owned Work Product (but excluding all Splunk Preexisting IP incorporated into the Customer Owned Work Product). At your request and expense, we will assist and cooperate with you in all reasonable respects and will execute documents and take such further acts reasonably requested by you to enable you to acquire, transfer, maintain, perfect, and enforce your ownership rights in such Customer Owned Work Product.

C. ****Our Ownership.**** Subject to your ownership rights in Customer Owned Work Product and Customer Materials, we will own all rights in and to all C&I Services Materials.

D. ****License Rights.**** For those C&I Services Materials that are not Customer Owned Work Product, you will have the right to access and use those C&I Services Materials in connection with your applicable Offerings, and those rights will be of the same scope and duration as your rights to the underlying Offering.

6. ****C&I Services Warranty****

We warrant that the C&I Services will be performed in a good and workmanlike manner consistent with applicable industry standards. This warranty will be in effect for a period of thirty (30) days from the completion of any C&I Services. As your sole and exclusive remedy and our entire liability for any breach of the foregoing warranty, we will, at our option and expense, promptly re-perform any C&I Services that fail to meet this warranty or refund to you the fees paid for the non-conforming C&I Services.

7. ****Your Cooperation****

You acknowledge that your timely provision of (and our access to) your facilities, equipment, assistance, cooperation, data, information and materials from your officers, agents, and employees (the “****Cooperation****”) is essential to Splunk's performance of the C&I Services. We will not be liable for any delay or deficiency in performing the C&I Services if you do not provide the necessary Cooperation. As part of the Cooperation, you will (1) designate a project manager or technical lead to liaise with us while we perform the C&I Services; (2) allocate and engage additional resources as may be required to assist us in performing the C&I Services; and (3) making available to us any data, information and any other materials reasonably required by us to perform the C&I Services, including any data, information or materials specifically identified in the Statement of Work.

8. ****Insurance****

Throughout any period of C&I Services we perform for you, we will maintain insurance policies in the types and amounts described below at our own expense:

- Commercial General Liability Insurance with a limit of not less than \$1,000,000 per occurrence and a general aggregate limit of not less than \$2,000,000.

- Business Auto Insurance with a limit of not less than \$1,000,000 combined single limit. Such Insurance will cover liability arising out of "hired and non-owned" automobiles.
- Workers Compensation Insurance as required by workers compensation, occupational disease and occupational health and safety laws, statutes, and regulations.
- Technology Errors & Omissions Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.
- Umbrella/Excess Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.

9. ****Change Order Process****

You may submit written requests to us to change the scope of C&I Services described in a Statement of Work (each such request, a "Change Order Request"). If we elect to consider a Change Order Request, then we will promptly notify you if we believe that the Change Order Request requires an adjustment to the fees or to the schedule for the performance of the C&I Services. In such event, the parties will negotiate in good faith a reasonable and equitable adjustment to the fees and/or schedule, as applicable. We will continue to perform C&I Services pursuant to the existing Statement of Work and will have no obligation to perform any Change Order Request unless and until the parties have agreed in writing to such an equitable adjustment.

10. ****Expenses****

Unless otherwise specified in the Statement of Work, we will not charge you for our expenses we incur in connection with a Statement of Work. Our daily C&I Services rates are inclusive of any expenses. In the event the parties agree that expenses are reimbursable under a Statement of Work, we will mutually agree on any travel policy and any required documentation for reimbursement.

11. ****Prepaid C&I Services****

Unless otherwise expressly stated in a Statement of Work, all prepaid C&I Services must be redeemed within twelve (12) months from the date of purchase/invoice. At the end of the twelve (12) month term, any remaining pre-paid unused C&I Services will expire; no refunds will be provided for any remaining pre-paid unused C&I Services. Unless otherwise specifically stated in a Statement of Work, Education is invoiced and payable in advance.

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction,
and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by
the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all
other entities that control, are controlled by, or are under common
control with that entity. For the purposes of this definition,
"control" means (i) the power, direct or indirect, to cause the
direction or management of such entity, whether by contract or
otherwise, or (ii) ownership of fifty percent (50%) or more of the
outstanding shares, or (iii) beneficial ownership of such entity.

"You"
(or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation,

if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside

or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing

the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

Last Updated: February 10, 2023

These Splunk General Terms ("General Terms") between Splunk Inc., a Delaware corporation, with its principal place of business at 270 Brannan Street, San Francisco, California 94107, U.S.A ("Splunk" or "we" or "us" or "our") and you ("Customer" or "you" or "your") apply to the purchase of licenses and subscriptions for Splunk's Offerings. By clicking on the appropriate button, or by downloading, installing, accessing or using the Offerings, you agree to these General Terms. If you are entering into these General Terms on behalf of Customer, you represent that you have the authority to bind Customer. If you do not agree to these General Terms, or if you are not authorized to accept the General Terms on behalf of the Customer, do not download, install, access, or use any of the Offerings.

****See the General Terms Definitions Exhibit attached for definitions of capitalized terms not defined herein.****

**1. License Rights**

A. ****General Rights.**** You have the nonexclusive, worldwide, nontransferable and nonsublicensable right, subject to payment of applicable Fees and compliance with the terms of these General Terms, to use your Purchased Offerings for your Internal Business Purposes during the Term and up to the Capacity purchased.

B. ****Copies for On-Premise Products.**** You have the right to make a reasonable number of copies of On-Premises Products for archival and back-up purposes.

C. ****Splunk Extensions.**** You may use Splunk Extensions solely in connection with the applicable Purchased

Offering subject to the same terms and conditions for that Offering (including with respect to Term) and payment of any Fees associated with the Splunk Extensions. Some Splunk Extensions may be made available under license terms that provide broader rights than the license rights you have to the applicable underlying Offering (e.g., if the Extension is Open Source Software). These broader rights will apply to that Splunk Extension. Splunk Extensions may be installed on Hosted Services pursuant to our instructions.

D. ****Trials, Evaluations, Beta and Free Licenses.****

<ol type="i">

Trials and Evaluations. Offerings provided for trials and evaluations are provided at no charge, and their use will be for a limited duration.

Beta Licenses. Some Offerings and features may be available to you as a preview, or as an alpha, beta or other pre-release version (each, a "Beta Offering"). All rights for Beta Offerings are solely for internal testing and evaluation. Your use of a Beta Offering will be for the term specified by us, and if no term is specified, then for the earlier of one year from the start date of the Beta Offering or when that version of the Beta Offering becomes generally available. We may discontinue the Beta Offering at any time and may decide not to make any of the features and

functionality generally available.

Free Licenses. From time to time, we may make certain Offerings available for full use (i.e., not subject to limited evaluation purposes) at no charge. These free Offerings may have limited features, functions, and other technical limitations.

Donated Offerings. Donated Offerings are free limited Offerings donated to qualifying Nonprofits under a Splunk donation program. By procuring and making use of a Donated Offering, you hereby represent and warrant that you are a lawfully organized Nonprofit, and you agree to provide verification of your nonprofit status to Splunk upon request. At Splunk's request, you agree: (a) to publish a press release and case study on your use of the Donated Offering; and (b) to be interviewed for the production of a Splunk customer video that will accompany the press release and case study. Splunk will draft and edit all content in collaboration with you and will obtain your edits and

written approval (email is sufficient) prior to publication, and such approval will not be unreasonably withheld. You will allow Splunk to reference your Nonprofit and leading spokespeople in press releases with your written approval (email is sufficient). Splunk may use your name and logo on sales presentations, websites, and other marketing collateral without your prior approval.

Test and Development Licenses. For Offerings identified as "Test and Development" Offerings on your Order, you only have the right to use those Offerings up to the applicable Capacity on a non-production system for non-production uses, including product migration testing or pre-production staging, or testing new data sources, types, or use cases. Test and Development Offerings may not be used for any revenue generation, commercial activity, or other productive business or purpose.

Limitations. Notwithstanding anything to the contrary in these General Terms, we do not provide maintenance and support, warranties, service level commitments, or indemnification for Test and Development Offerings, trials, evaluations, or free or Beta Offerings.

****2. Purchasing Through Authorized Resellers, Digital Marketplaces, and Splunk Affiliates****

A. ****Authorized Resellers and Digital Marketplaces.**** If you purchase Offerings through a Splunk authorized reseller or Digital Marketplace, these General Terms will govern those Offerings. Your payment obligations for the Purchased Offerings will be with the authorized reseller or Digital Marketplace, as applicable, not Splunk. You will have no direct Fee payment obligations to Splunk for those Offerings. However, in the event that you fail to pay the

Digital Marketplace for your Purchased Offerings, Splunk retains the right to enforce your payment obligations and collect directly from you.

Any terms agreed to between you and the authorized reseller that are in addition to these General Terms are solely between

you and the authorized reseller and Digital Marketplace, as applicable. No agreement between you and an authorized reseller or Digital Marketplace is binding on Splunk or will have any force or effect with respect to the rights in, or the operation, use or provision of, the Offerings.

B. ****Splunk Affiliate Distributors.**** Splunk has appointed certain Splunk Affiliates as its non-exclusive distributors of the Offerings (each, a **"**Splunk Affiliate Distributor**"**). Each Splunk Affiliate Distributor is authorized by Splunk to negotiate and enter into Orders with Customers. Where a purchase from Splunk is offered by a Splunk Affiliate Distributor, Customer will issue Orders, and make payments, to the Splunk Affiliate Distributor which issued the quote for the Offering. Each Order will be deemed a separate contract between Customer and the relevant Splunk Affiliate Distributor and will be subject to these General Terms. For the avoidance of doubt, Customer agrees that: (i)

the total liability of Splunk under these General Terms as set forth in Section 22 (Limitation of Liability) states the overall combined liability of Splunk and Splunk Affiliate Distributors; (ii) the entering into Orders by a Splunk Affiliate Distributor will not be deemed to expand Splunk and its Affiliates overall responsibilities or liability under these General Terms; and (iii) Customer will have no right to recover more than once from the same event.

****3. Your Contractors and Third-Party Providers****

You may permit your authorized consultants, contractors, and agents (**"**Third-Party Providers**"**) to access and use your Purchased Offerings, but only on your behalf in connection with providing services to you, and subject to the terms and conditions of these General Terms. Any access or use by a Third-Party Provider will be subject to the same limitations and restrictions that apply to you under these General Terms, and you will be responsible for any Third-Party Providers

actions relating to their use of the Offering. The aggregate use by you and all of your Third-Party Providers must not exceed the Capacity purchased, and nothing in this Section is intended to or will be deemed to increase such Capacity.

****4. Hosted Services and Specific Offering Terms****

A. ****Service Levels.**** When you purchase Hosted Services as a Purchased Offering, we will make the applicable Hosted Services available to you during the Term in accordance with these General Terms. You agree to notify Splunk promptly if you believe that an unauthorized third party may be using your accounts or if your account information is lost or stolen.

D. ****Refund Upon Termination for Splunk's Breach.**** If a Hosted Service is terminated by you for Splunk's uncured material breach in accordance with these General Terms, Splunk will refund you any prepaid subscription fees covering the remainder of the Term after the effective date of termination.

E. ****Return of Customer Content.**** Customer Content may be retrieved by you and removed from the Hosted Services in accordance with the applicable Documentation. We will make the Customer Content available on the Hosted Services for thirty (30) days after termination of a subscription for your retrieval. After that thirty (30) day period, we will have no obligation to maintain the storage of your Customer Content, and you hereby authorize us thereafter to, and we will, unless legally prohibited, delete all remaining Customer Content. If you require assistance in connection with migration of your Customer Content, depending on the nature of the request, we may require a mutually agreed upon fee for assistance.

F. ****Specific Offering Terms.**** Specific security controls and certifications, data policies, service descriptions, Service Level Schedules and other terms specific to a Hosted Service and other Offerings ("Specific Offering Terms") are set forth here: [www.splunk.com/SpecificTerms](www.splunk.com/SpecificTerms), and will apply, and be deemed incorporated herein by reference.

Product-specific information about the SDLC in our Offerings is detailed more fully in the ISA. Splunk's Product Security Portal, located at https://www.splunk.com/en_us/product-security.html, contains detailed information about Splunk's program for managing and communicating product vulnerabilities. Splunk categorizes product vulnerabilities in accordance with the Common Vulnerability Scoring System ("Medium," "High," or "Critical") and uses commercially reasonable efforts to remediate vulnerabilities depending on their severity level in accordance with industry standards.

F. **Maintaining Protections.** Notwithstanding anything to contrary in these General Terms, or any policy or terms referenced herein via hyperlink (or any update thereto), Splunk may not, during a Term materially diminish the security protections set forth in these General Terms, any Specific Offering Terms, or the applicable security addendum.

B. ****Anti-Corruption.**** We implement and maintain programs for compliance with applicable anti-corruption and anti-bribery laws. Splunk policy prohibits the offering or soliciting of any illegal or improper bribe, kickback, payment, gift, or thing of value to or from any of your employees or agents in connection with these General Terms. If we learn of any violation of the above, we will use reasonable efforts to promptly notify you at the main contact address provided by you to Splunk.

C. ****Export.**** We certify that Splunk is not on any of the relevant U.S. or EU government lists of prohibited persons, including the Treasury Departments List of Specially Designated Nationals and the Commerce Departments List of Denied Persons or Entity List. Export information regarding our Offerings, including our export control classifications for our Offerings, is found here: https://www.splunk.com/en_us/legal/export-controls.html.

11. Usage Data

From time to time, Splunk may collect Usage Data generated as a by-product of your use of Offerings. Usage Data does not include Customer Content. We collect Usage Data for a variety of reasons, such as to identify, understand, and anticipate performance issues and the factors that affect them, to provide updates and personalized experiences to customers, and to improve the Splunk Offerings. Details on Splunk's Usage Data collection practices are set forth in Splunk's Privacy Policy found here: https://www.splunk.com/en_us/legal/privacy/privacy-policy.html.

12. Capacity and Usage Verification

A. ****Certification and Verification.**** At Splunk's request, you will furnish Splunk a certification signed by your authorized representative verifying that your use of the Purchased Offering is in accordance with these General

Terms and the applicable Order. For On-Premises Products, we may also ask you from time to time, but not more frequently than once per calendar period, to cooperate with us to verify usage and adherence to purchased Capacities. If Splunk requests a verification process, you agree to provide Splunk reasonable access to the On-Premises Product installed at your facility (or as hosted by your Third-Party Provider). If Splunk does any verification, it will be performed with as little interference as possible to your use of the On-Premises Product and your business operations. Splunk will comply with your (or your Third-Party Providers) reasonable security procedures.

B. ****Overages.**** If a verification or usage report reveals that you have exceeded the purchased Capacity or usage rights for your Purchased Offering (e.g., used as a service bureau) during the period reviewed, then we will have the right to invoice you using the applicable Fees at list price then in effect, which will be payable in accordance with these General Terms. Without limiting Splunk's foregoing rights, with respect to Hosted Services, Splunk may work with you to reduce usage so that it conforms to the applicable usage limit, and we will in good faith discuss options to right size your subscription as appropriate. Notwithstanding anything to the contrary herein, Splunk will have the right to directly invoice you for overages, regardless of whether you purchased the Purchased Offering from an authorized reseller or Digital Marketplace. See the Specific Offering Terms for any additional information related to overages for a Hosted Service.

****13. Our Use of Open Source****

Certain Offerings may contain Open Source Software. Splunk makes available in the applicable Documentation a list of Open Source Software incorporated in our On-Premises Products as required by the respective Open Source Software licenses. Any Open Source Software that is delivered as part of your Offering and which may not be removed or used separately from the Offering is covered by the warranty, support and indemnification provisions applicable to the Offering. Some of the Open Source Software may have additional terms that apply to the use of the Offering (e.g., the obligation for us to provide attribution of the specific licensor), and those terms will be included in the Documentation; however, these terms will not (a) impose any additional restrictions on your use of the Offering, or (b) negate or amend any of our responsibilities with respect to the Offering.

****14. Splunk Developer Tools and Customer Extensions****

Splunk makes Splunk Developer Tools available to you so you can develop Extensions for use with your Purchased Offerings (Extensions that you develop, "****Customer Extensions****").

You have a nonexclusive, worldwide, nontransferable, nonsublicensable right, subject to the terms of these General Terms, to use Splunk Developer Tools to develop your Customer Extensions, including to support interoperability between the Offering and your system or environment. Splunk proprietary legends or notices contained in the Splunk Developer Tools may not be removed or altered when used in or with your Customer Extension. You retain title to your Customer Extensions, subject to Splunk's ownership in our Offerings and any materials and technology provided by Splunk in connection with the Splunk Developer Tools. You agree to assume full responsibility for the performance and distribution of Customer Extensions.

****15. Third Party Products, Third-Party Extensions, Third-Party Content and Unsupported Splunk Extensions****

A. **Third-Party Extensions on Splunkbase.** Splunk makes Extensions developed and/or made available by a third-party on Splunkbase (“Third-Party Extension”) available for download or access as a convenience to its customers. Splunk makes no promises or guarantees related to any Third-Party Extension, including the accuracy, integrity, quality, or security of the Third-Party Extension. Nothing in these General Terms or on Splunkbase will be deemed to be a representation or warranty by Splunk with respect to any Third-Party Extension, even if a particular Third-Party Extension is identified as “certified” or “validated” for use with an Offering. We may, in our reasonable discretion, block or disable access to any Third-Party Extension at any time. Your use of a Third-Party Extension is at your own risk and may be subject to any additional terms, conditions, and policies applicable to that Third-Party Extension (such as license terms, terms of service, or privacy policies of the providers of such Third-Party Extension). Third-Party Extensions may be installed on Hosted Services pursuant to our instructions.

B. **Third Party Content.** Hosted Services may contain features or functions that enable interoperation with Third-Party Content that you, in your sole discretion, choose to add to a Hosted Service. You may be required to obtain access separately to such Third-Party Content from the respective providers, and you may be required to grant Splunk access to your accounts with such providers to the extent necessary for Splunk to allow the interoperation with the Hosted Service. By requesting or allowing Splunk to enable access to such Third-Party Content in connection with the Hosted Services, you certify that you are authorized under the providers terms to allow such access. If you install or enable (or direct or otherwise authorize Splunk to install or enable) Third-Party Content for use with a Hosted Service where the interoperation includes access by the third-party provider to your Customer Content, you hereby authorize Splunk to allow the provider of such Third-Party Content to access Customer Content as necessary for the interoperation. You agree that Splunk is not responsible or liable for disclosure, modification or deletion of Customer Content resulting from access to Customer Content by such Third-Party Content, nor is Splunk liable for any damages or downtime that you may incur or any impact on your experience of the Hosted Service, directly or indirectly, as a result of your use of and/or reliance upon, any Third-Party Content, sites or resources.

C. **Splunk As a Reseller.** When you purchase third party products (“Third Party Products”) from Splunk as specified in an Order (which products shall include third party software, but not any support which Splunk itself has contracted to provide), the following provision applies. Splunk acts solely as a reseller of Third Party Products, which are fulfilled by the relevant third party vendor (“Third Party Vendor”), and the purchase and use of Third Party Products is subject solely to the terms, conditions and policies made available by such Third Party Vendor. Consequently, Splunk makes no representation or warranty of any kind regarding the Third Party Products, whether express, implied, statutory or otherwise, and specifically disclaims all implied terms, conditions and warranties (including as to quality, performance, availability, fitness for a particular purpose or non-infringement) to the maximum extent permitted by applicable law. You will bring any claim in relation to Third Party Products against the applicable Third Party Vendor directly. In no event will Splunk be liable to you for any claim, loss or damage arising out of the use, operation or availability of Third Party Product (whether such liability arises in contract, negligence, tort, or otherwise).

D. **Unsupported Splunk Extensions.** The Service Level Schedule commitments for any applicable Hosted Services will not apply to Splunk Extensions labeled on Splunkbase as “Not Supported.” You agree that Splunk is not responsible for any impact on your experience of a Hosted Service, as a result of your installation and/or use of any “Not Supported” Splunk Extensions, and that your sole remedy will be to remove the “Not Supported” Splunk Extension from the applicable Hosted Service. Further, some Splunk Extensions may not be compatible or certified for use with that Hosted Service (e.g., only specific Splunk Extensions are validated for our FedRAMP authorized environment for Splunk Cloud Platform). Please refer to the applicable Documentation for more information related to the Splunk Extensions compatible with your specific

Purchased Offering.

**16.

****17. Confidentiality****

A. ****Confidential Information.**** Each party will protect the Confidential Information of the other. Accordingly, Receiving Party agrees to: (i) protect the Disclosing Partys Confidential Information using the same degree of care (but in no event less than reasonable care) that it uses to protect its own Confidential Information of a similar nature; (ii) limit use of Disclosing Partys Confidential Information for purposes consistent with these General Terms, and (iii) use commercially reasonable efforts to limit access to Disclosing Partys Confidential Information to its employees, contractors and agents or those of its Affiliates who have a bona fide need to access such Confidential Information for purposes consistent with these General Terms and who are subject to confidentiality obligations no less stringent than those herein.

B. ****Compelled Disclosure of Confidential Information.**** Notwithstanding the foregoing terms, the Receiving Party may disclose Confidential Information of the Disclosing Party if it is compelled by law enforcement agencies or regulators to do so, provided the Receiving Party gives the Disclosing Party prior notice of such compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled to disclose the Disclosing Partys Confidential Information as part of a civil proceeding to which the Disclosing Party is a Party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to such Confidential Information.

****18. Payment****

The payment terms below only apply when you purchase Offerings directly from Splunk. When you purchase from an authorized reseller or Digital Marketplace, the payment terms are between you and the authorized reseller or Digital Marketplace. However, a breach of your payment obligations for an Offering with a Digital Marketplace will be deemed a breach of this Section 18.

A. ****Fees.**** You agree to pay all Fees specified in the Orders. Fees are non-cancelable and non-refundable, except as otherwise expressly set forth in these General Terms. Without limiting any of our other rights or remedies herein, overdue charges may accrue interest monthly at the rate of 1.5% of the then-outstanding unpaid balance, or the maximum rate permitted by law, whichever is lower. Fees are due and payable either within 30 days from the date of Splunks invoice or as otherwise stated in the Order.

B. ****Credit Cards.**** If you pay by credit, or debit card you: (i) will provide Splunk or its designated third-party payment processor with valid credit or debit card information; and (ii) hereby authorize Splunk or its designated third-party payment processor to charge such credit or debit card for all items listed in the applicable Order. We will be solely responsible for taxes assessable against us based on our net income, property, and employees.

****19. Splunks Warranties****

A. ****Relationship to Applicable Law.**** We will not seek to limit our liability, or any of your warranties, rights and remedies, to the extent the limits are not permitted by applicable law (e.g., warranties, remedies or liabilities that cannot be excluded by applicable law).

B.

****General Corporate Warranty.**** Splunk warrants that it has the legal power and authority to enter into these General Terms.

C. ****Hosted Services Warranty.**** Splunk warrants that during the applicable Term: (i) Splunk will not materially decrease the overall functionality of the Hosted Services; and (ii) the Hosted Services will perform materially in accordance with the applicable Documentation. Our sole and exclusive liability, and your sole and exclusive remedy for any breach of these warranties, will be your right to terminate the applicable Hosted Services Purchased Offering, and we will refund to you any prepaid but unused Fees for the remainder of the Term.

D. ****On-Premises Product Warranty.**** Splunk warrants that for a period of ninety (90) days from the Delivery of an On-Premises Product, the On-Premises Product will substantially perform the material functions described in the applicable Documentation for such On-Premises Product, when used in accordance with the applicable Documentation. Splunk's sole liability, and your sole remedy, for any failure of the On-Premises Product to conform to the foregoing warranty, is for Splunk to do one of the following (at Splunk's sole option and discretion) (i) modify, or provide an Enhancement for, the On-Premises Product so that it conforms to the foregoing warranty, (ii) replace your copy of the On-Premises Product with a copy that conforms to the foregoing warranty, or (iii) terminate the Purchased Offering with respect to the non-conforming On-Premises Product and refund the Fees paid by you for such non-conforming On-Premises Product.

E. ****Disclaimer of Implied Warranties.** Except as expressly set forth above, the Offerings are provided "as is" with no warranties or representations whatsoever express or implied. Splunk and its suppliers and licensors disclaim all warranties and representations, including any implied warranties of merchantability, satisfactory quality, fitness for a particular purpose, noninfringement, or quiet enjoyment, and any warranties arising out of course of dealing or trade usage. Splunk does not warrant that use of Offerings will be uninterrupted, error free or secure, or that all defects will be corrected.

****20. Ownership****

A. ****Offerings.**** As between you and Splunk, Splunk owns and reserves all right, title, and interest in and to the Offerings, developer tools and other Splunk materials, including all intellectual property rights therein. We retain rights in anything delivered or developed by us or on our behalf under these General Terms. No rights are granted to you other than as expressly set forth in these General Terms.

B. ****Customer Content.**** You own and reserve all right, title and interest in your Customer Content. By sending Customer Content to a Hosted Service, you grant us a worldwide, royalty free, non-exclusive license to access and use the Customer Content for purposes of providing you the Hosted Service.

C. ****Feedback.**** You have no obligation to provide us with ideas for improvement, suggestions, or other feedback (collectively, "Feedback") in connection with an Offering, unless otherwise expressly set forth in the applicable Order. If, however, you provide any Feedback, you hereby grant to Splunk a non-exclusive, transferable,

irrevocable, worldwide, royalty-free license (with rights to sublicense) to make, use, sell, offer to sell, reproduce, modify, distribute, make available, publicly display and perform, disclose and otherwise commercially exploit the Feedback.

21. Term and Termination

A. **Term and Renewal.** These General Terms will commence upon the Effective Date and will remain in effect until the expiration of all applicable Purchased Offerings, unless earlier terminated pursuant to this Section. Termination of a specific Purchased Offering will not affect the Term of any other Purchased Offering. Termination of these General Terms will have the effect of terminating

all Purchased Offerings. Grounds for terminating a Purchased Offering (e.g., for non-payment), that are specific to the Purchased Offering, will not be grounds to terminate Purchased Offerings where no breach exists. Unless indicated otherwise in an Order, the Term of a Purchased Offering (and these General Terms) will automatically renew for an additional period of time equal to the length of the preceding Term, unless one party notifies the other of its intent not to renew at least one (1) day in advance of the expiration of the Term or then-current renewal period.

B. **Termination.** Either party may terminate these General Terms, or any Purchased Offering, by written notice to the other party in the event of a material breach of these General Terms, or the specific terms associated with that Purchased Offering, that is not cured within thirty (30) days of receipt of the notice. Upon any expiration or termination of a Purchased Offering, the rights and licenses granted to you for that

Purchased Offering will automatically terminate, and you agree to immediately (i) cease using and accessing the Offering, (ii) return or destroy all copies of any On-Premises Products and other Splunk materials and Splunk Confidential Information in your possession or control, and (iii) upon our request, certify in writing the completion of such return or destruction. Upon termination of these General Terms or any Purchased Offering, Splunk will have no obligation to refund any Fees or other amounts received from you during the Term. Notwithstanding any early termination above, except for your termination for our uncured material breach, you will still be required to pay all Fees payable under an Order.

C. **Survival.** The termination or expiration of these General Terms will not affect any provisions herein which by their nature survive termination or expiration, including the provisions that deal with the following subject matters: definitions, ownership of intellectual property, confidentiality, payment obligations, effect of termination, limitation of liability, privacy, and the “Miscellaneous” section in these General Terms.

D. **Suspension of Service.** In the event of a material breach or threatened material breach of this Agreement, Splunk may, without limiting its other rights and remedies, suspend your use of the Hosted Service until such breach is cured or Splunk reasonably believes there is no longer a threat, provided that, we will give you at least five (5) days prior notice before suspension. Suspension of a Hosted Service will have no impact on the duration of the Term of the Purchased Offering, or the associated Fees owed.

22. Limitation of Liability

In no event will the aggregate liability of either party, together with any of its Affiliates, arising out of or related to any Purchased Offering exceed the total amount paid by you for that Purchased Offering in the twelve (12) months preceding the first incident out of which

the liability arose. However, the foregoing limitation will not limit your obligations under the “Payment” section above and will not be deemed to limit your rights to any service level credits under any applicable Service Level Schedule. Furthermore, the cap above will not be deemed to limit Splunk’s right to

recover amounts for your use of an Offering in excess of the Capacity purchased or use outside of Internal Business Purposes.**

In no event will either party or its Affiliates have any liability arising out of or related to these General Terms for any lost profits, revenues, goodwill, or indirect, special, incidental, consequential, cover, business interruption or punitive damages.

The foregoing limitations will apply whether the action is in contract or tort and regardless of the theory of liability, even if a party or its Affiliates have been advised of the possibility of such damages or if a party's or its Affiliates remedy otherwise fails of its essential purpose.

The limitation of liability herein will not apply to a party's infringement of the other party's intellectual property rights, indemnification obligations, or the fraud, gross negligence or willful misconduct of a party.

The foregoing disclaimers of damages will also not apply to the extent prohibited by law. Some jurisdictions do not allow the exclusion or limitation of certain damages. To the extent such a law applies to you, some or all of the exclusions or limitations set forth above may not apply to you, and you may have additional rights.

C. **Mutual Indemnity.** Each party will defend, indemnify and pay all damages (including attorneys fees and costs) awarded against the other party, or that are agreed to in a settlement to the extent that an action brought against the other party by a third party is based upon a claim for bodily injury (including death) to

any person, or damage to tangible property resulting from the negligent acts or willful misconduct of the indemnifying party or its personnel hereunder, and will pay any reasonable, direct, out-of-pocket costs, damages and reasonable attorneys fees attributable to such claim that are awarded against the indemnified party (or are payable in settlement by the indemnified party).

D. ****Process for Indemnification.**** The indemnification obligations above are subject to the party seeking indemnification to: (i) provide the other party with prompt written notice of the specific claim; (ii) give the indemnifying party sole control of the defense and settlement of the claim (except that the indemnifying party may not settle any claim that requires any action or forbearance on the indemnified party's part without their prior consent, which will not unreasonably withhold or delay); and (iii) gives the indemnifying party all reasonable assistance, at such party's expense.

9. ****Change Order Process****

You may submit written requests to us to change the scope of C&I Services described in a Statement of Work (each such request, a ****Change Order Request****). If we elect to consider a Change Order Request, then we will promptly notify you if we believe that the Change Order Request requires an adjustment to the fees or to the schedule for the performance of the C&I Services. In such event, the parties will negotiate in good faith a reasonable and equitable adjustment to the fees and/or schedule, as applicable. We will continue to perform C&I Services pursuant to the existing Statement of Work and will have no obligation to perform any Change Order Request unless and until the parties have agreed in writing to such an equitable adjustment.

Unless otherwise specified in the Statement of Work, we will not charge you for our expenses we incur in connection with a Statement of Work. Our daily C&I Services rates are inclusive of any expenses. In the event the parties agree that expenses are reimbursable under a Statement of Work, we will mutually agree on any travel policy

and any required documentation for reimbursement.

SPLUNK GENERAL TERMS

Last Updated: February 10, 2023

These Splunk General Terms ("General Terms") between Splunk Inc., a Delaware corporation, with its principal place of business at 270 Brannan Street, San Francisco, California 94107, U.S.A ("Splunk" or "we" or "us" or "our") and you ("Customer" or "you" or "your") apply to the purchase of licenses and subscriptions for Splunk Offerings. By clicking on the appropriate button, or by downloading, installing, accessing or using the Offerings, you agree to these General Terms. If you are entering into these General Terms on behalf of Customer, you represent that you have the authority to bind Customer. If you do not agree to these General Terms, or if you are not authorized to accept the General Terms on behalf of the Customer, do not download, install, access, or use any of the Offerings.

See the General Terms Definitions Exhibit attached for definitions of capitalized terms not defined herein.

1. License Rights

A. **General Rights.** You have the nonexclusive, worldwide, nontransferable and nonsublicensable right, subject to payment of applicable Fees and compliance with the terms of these General Terms, to use your Purchased Offerings for your Internal Business Purposes during the Term and up to the Capacity purchased.

B. **Copies for On-Premise Products.** You have the right to make a reasonable number of copies of On-Premises Products for archival and back-up purposes.

C. **Splunk Extensions.** You may use Splunk Extensions solely in connection with the applicable Purchased Offering subject to the same terms and conditions for that Offering (including with respect to Term) and payment of any Fees associated with the Splunk Extensions. Some Splunk Extensions may be made available under license terms that provide broader rights than the license rights you have to the applicable underlying Offering (e.g., if the Extension is Open Source Software). These broader rights will apply to that Splunk Extension. Splunk Extensions may be installed on Hosted Services pursuant to our instructions.

D. **Trials, Evaluations, Beta and Free Licenses.**

<ol type="i">

Trials and Evaluations. Offerings provided for trials and evaluations are provided at no charge, and their use will be for a limited duration.

Beta Licenses. Some Offerings and features may be available to you as a preview, or as an alpha, beta or other pre-release version (each, a "Beta Offering"). All rights for Beta Offerings are solely for internal testing and evaluation. Your use of a Beta Offering will be for the term specified by us, and if no term is specified, then for the earlier of one year from the start date of the Beta Offering or when that version of the Beta Offering becomes generally available. We may discontinue the Beta Offering at any time and may decide not to make any of the features and

functionality generally available.

Free Licenses. From time to time, we may make certain Offerings available for full use (i.e., not subject to limited evaluation purposes) at no charge. These free Offerings may have limited features, functions, and other technical limitations.

Donated Offerings. Donated Offerings are free limited Offerings donated to qualifying Nonprofits under a Splunk donation program. By procuring and making use of a Donated Offering, you hereby represent and warrant that you are a lawfully organized Nonprofit, and you agree to provide verification of your nonprofit status to Splunk upon request. At Splunk's request, you agree: (a) to publish a press release and case study on your use of the Donated Offering; and (b) to be interviewed for the production of a Splunk customer video that will accompany the press release and case study. Splunk will draft and edit all content in collaboration with you and will obtain your edits and

written approval (email is sufficient) prior to publication, and such approval will not be unreasonably withheld. You will allow Splunk to reference your Nonprofit and leading spokespeople in press releases with your written approval (email is sufficient). Splunk may use your name and logo on sales presentations, websites, and other marketing collateral without your prior approval.

Test and Development Licenses. For Offerings identified as "Test and Development" Offerings on your Order, you only have the right to use those Offerings up to the applicable Capacity on a non-production system for non-production uses, including product migration testing or pre-production staging, or testing new data sources, types, or use cases. Test and Development Offerings may not be used for any revenue generation, commercial activity, or other productive business or purpose.

Limitations. Notwithstanding anything to the contrary in these General Terms, we do not provide maintenance and support, warranties, service level commitments, or indemnification for Test and Development Offerings, trials, evaluations, or free or Beta Offerings.

2. Purchasing Through Authorized Resellers, Digital Marketplaces, and Splunk Affiliates

A. ****Authorized Resellers and Digital Marketplaces.**** If you purchase Offerings through a Splunk authorized reseller or Digital Marketplace, these General Terms will govern those Offerings. Your payment obligations for the Purchased Offerings will be with the authorized reseller or Digital Marketplace, as applicable, not Splunk. You will have no direct Fee payment obligations to Splunk for those Offerings. However, in the event that you fail to pay the Digital Marketplace for your Purchased Offerings, Splunk retains the right to enforce your payment obligations and collect directly from you.

Any terms agreed to between you and the authorized reseller that are in addition to these General Terms are solely between

you and the authorized reseller and Digital Marketplace, as applicable. No agreement between you and an authorized reseller or Digital Marketplace is binding on Splunk or will have any force or effect with respect to the

rights in, or the operation, use or provision of, the Offerings.

B. ****Splunk Affiliate Distributors.**** Splunk has appointed certain Splunk Affiliates as its non-exclusive distributors of the Offerings (each, a ****Splunk Affiliate Distributor****). Each Splunk Affiliate Distributor is authorized by Splunk to negotiate and enter into Orders with Customers. Where a purchase from Splunk is offered by a Splunk Affiliate Distributor, Customer will issue Orders, and make payments, to the Splunk Affiliate Distributor which issued the quote for the Offering. Each Order will be deemed a separate contract between Customer and the relevant Splunk Affiliate Distributor and will be subject to these General Terms. For the avoidance of doubt, Customer agrees that: (i) the total liability of Splunk under these General Terms as set forth in Section 22 (Limitation of Liability) states the overall combined liability of Splunk and Splunk Affiliate Distributors; (ii) the entering into Orders by a Splunk Affiliate Distributor will not be deemed to expand Splunk and its Affiliates overall responsibilities or liability under these General Terms; and (iii) Customer will have no right to recover more than once from the same event.

****3. Your Contractors and Third-Party Providers****

You may permit your authorized consultants, contractors, and agents (****Third-Party Providers****) to access and use your Purchased Offerings, but only on your behalf in connection with providing services to you, and subject to the terms and conditions of these General Terms. Any access or use by a Third-Party Provider will be subject to the same limitations and restrictions that apply to you under these General Terms, and you will be responsible for any Third-Party Providers actions relating to their use of the Offering. The aggregate use by you and all of your Third-Party Providers must not exceed the Capacity purchased, and nothing in this Section is intended to or will be deemed to increase such Capacity.

****4. Hosted Services and Specific Offering Terms****

A. ****Service Levels.**** When you purchase Hosted Services as a Purchased Offering, we will make the applicable Hosted Services available to you during the Term in accordance with these General Terms. The Service Level Schedules (as identified in the Specific Offering Terms referenced in Section 4(F) below) and associated remedies will apply to the availability and uptime of the applicable Hosted Service. If applicable, service credits will be available for downtime in accordance with the Service Level Schedule.

B. ****Connections.**** You are responsible for obtaining and maintaining all telecommunications, broadband and computer equipment and services needed to access and use Hosted Services, and for paying all associated charges.

C. ****Your Responsibility for Data Protection.**** You are responsible for: (i) selecting from the security configurations and security options made available by Splunk in connection with a Hosted Service; (ii) taking additional measures outside of the Hosted Service to the extent the Hosted Service Offering does not provide the controls that may be required or desired by you; and (iii) routine archiving and backing up of Customer Content. You agree to notify Splunk promptly if you believe that an unauthorized third party may be using your accounts or if your account information is lost or stolen.

D. ****Refund Upon Termination for Splunk's Breach.**** If a Hosted Service is terminated by you for Splunk's uncured material breach in accordance with these General Terms, Splunk will refund you any prepaid subscription fees covering the remainder of the Term after the effective date of termination.

E. ****Return of Customer Content.**** Customer Content may be retrieved by you and removed from the Hosted Services in accordance with the applicable Documentation. We will make the Customer Content available on the Hosted Services for thirty (30) days after termination of a subscription for your retrieval. After that thirty (30) day period, we will have no obligation to maintain the storage of your Customer Content, and you hereby authorize us thereafter to, and we will, unless legally prohibited, delete all remaining Customer Content. If you require assistance in connection with migration of your Customer Content, depending on the nature of the request, we may require a mutually agreed upon fee for assistance.

F. ****Specific Offering Terms.**** Specific security controls and certifications, data policies, service descriptions, Service Level Schedules and other terms specific to a Hosted Service and other Offerings ("****Specific Offering Terms****";) are set forth here: [www.splunk.com/SpecificTerms](www.splunk.com/SpecificTerms), and will apply, and be deemed incorporated herein by reference.

****5. Support and Maintenance****

The specific Support Program included with a Purchased Offering will be identified in the applicable Order. Splunk will provide the purchased level of support and maintenance services in accordance with the terms of the Support Exhibit attached to these General Terms.

****6. Configuration and Implementation Services****

Splunk offers standard services to implement and configure your Purchased Offerings. These services are purchased under an Order and are subject to the payment of the Fees therein and the terms of the Configuration and Implementation Services Exhibit attached to these General Terms.

****7. Data Protection for Personal Data****

Splunk will follow globally recognized data protection principles and industry-leading standards for the security of personal data. Splunk will comply with the requirements and obligations set forth in Splunks Data Processing Addendum ("****DPA****"), located at https://www.splunk.com/en_us/legal/splunk-dpa.html, which includes standard terms for the processing of personal data (including, as applicable, personal data in a Hosted Service).

****8. Security****

A. ****Security for Hosted Services: Standard Environment.**** Splunk will implement industry leading security safeguards for the protection of Customer Confidential Information, including Customer Content transferred to and stored within the Hosted Services. These safeguards include commercially reasonable administrative, technical, and organizational measures to protect Customer Content against destruction, loss, alteration, unauthorized disclosure, or unauthorized access, including such things as information security policies and procedures, security awareness training, threat and vulnerability management, incident response and breach notification, and vendor risk management. Splunks technical safeguards are further described in the Splunk Cloud Platform Security Addendum ("****SC-SA****"), located at https://www.splunk.com/en_us/legal/splunk-cloud-security-addendum.html, and the Observability Suite Security Addendum ("****OS-SA****"), located at https://www.splunk.com/en_us/legal/splunk-observability-security-addendum.html, as applicable, and are incorporated herein by reference. Splunk may update the SC-SA and OS-SA from time to time provided, that updates will be subject to Section 24 below.

B. ****Security for Hosted Services: Premium HIPAA Environment.**** For Hosted Services Offerings provisioned in Splunk Cloud Platforms Premium HIPAA environment (as specified in an Order), in addition to the protections under the SC-SA and these General Terms, Splunk will comply with the requirements and obligations set forth in Splunk Business Associate Agreement found here: https://www.splunk.com/en_us/legal/splunk-baa.html.

C. ****Additional Security for Other Hosted Services.**** From time to time, Splunk may offer custom security safeguards for unique Hosted Services offerings. Any such security safeguards will be as set forth in the applicable Documentation and Specific Offering Terms.

D. ****Security for On Premises Offerings.**** Splunk will implement industry leading security safeguards for the protection of Splunk's IT systems, products, facilities and assets, and any Customer Confidential Information accessed or processed therein, e.g., customer account information, support tickets ("Corporate Security Controls"). Splunk's Corporate Security Controls include such things as information security policies and procedures, security awareness training, physical and environmental access controls, threat and vulnerability management, incident response and breach notification, and vendor risk management. Splunk's Corporate Security Controls are further described in Splunk's Information Security Addendum ("ISA"), located at https://www.splunk.com/en_us/legal/information-security-addendum.html and are incorporated herein by reference.

E. ****Product Development Security.**** Splunk will follow secure software development practices and applies an industry standard, risk-based approach to its software development lifecycle ("SDLC"), which includes, as applicable, such things as performing security architecture reviews, open source security scans, virus detection, dynamic application security testing, network vulnerability scans and external penetration testing in the development environment. Product-specific information about the SDLC in our Offerings is detailed more fully in the ISA. Splunk's Product Security Portal, located at https://www.splunk.com/en_us/product-security.html, contains detailed information about Splunk's program for managing and communicating product vulnerabilities. Splunk categorizes product vulnerabilities in accordance with the Common Vulnerability Scoring System ("Medium," "High," or "Critical") and uses commercially reasonable efforts to remediate vulnerabilities depending on their severity level in accordance with industry standards.

F. ****Maintaining Protections.**** Notwithstanding anything to contrary in these General Terms, or any policy or terms referenced herein via hyperlink (or any update thereto), Splunk may not, during a Term materially diminish the security protections set forth in these General Terms, any Specific Offering Terms, or the applicable security addendum.

****9. Use Restrictions****

Except as expressly permitted in an Order, these General Terms or our Documentation, you agree not to (nor allow any user or Third Party Provider to): (a) reverse engineer (except to the extent specifically permitted by statutory law), decompile, disassemble or otherwise attempt to discover source code or underlying structures, ideas or algorithms of any Offering; (b) modify, translate or create derivative works based on the Offerings; (c) use an Offering to ingest, monitor or analyze the machine, IT system or application data of any third party; (d) resell, transfer or distribute any Offering; (e) access or use any Offering in order to monitor its availability, performance, or functionality for competitive purposes; (f) attempt to disable or circumvent any license key or other technological mechanisms or measures intended to prevent, limit or control use or copying of, or access to, Offerings; (g) separately use any of the applicable features and functionalities of the

Offerings with external applications or code not furnished by Splunk or any data not processed by the Offering; (h) exceed the Capacity purchased or (i) use any Offering in violation of all applicable laws and regulations (including but not limited to any applicable privacy and intellectual property laws).

10. Our Ethics, Compliance and Corporate Responsibility

A. **Ethics and Corporate Responsibility.** Splunk is committed to acting ethically and in compliance with applicable law, and we have policies and guidelines in place to provide awareness of, and compliance with, the laws and regulations that apply to our business globally. We are committed to ethical business conduct, and we use diligent efforts to perform in accordance with the highest global ethical principles, as described in the Splunk Code of Conduct and Ethics found [here](https://investors.splunk.com/static-files/3c2a9a40-7f6e-4795-9358-b5565826b13d?_ga=2.27382325.82146825.1675981089-269939538.1673288458&_gac=1.127441023.1674005341.Cj0KCQiAq5meBhCyARIsAJrtdr75-RptXmmxNnKzoOJ_p26uX0MwT-GzxcrmWSotrQqWFlaOLtYVyhgaAuriEALw_wcB&_gl=1*1xgvjcs*_ga*MjY5OTM5NTM4LjE2NzMyODg0NTg.*_ga_5EPM2P39FV*MTY3NjA1MTkwNi40OC4xLjE2NzYwNjAxMzMzMzYuMC4w).

B. **Anti-Corruption.** We implement and maintain programs for compliance with applicable anti-corruption and anti-bribery laws. Splunk policy prohibits the offering or soliciting of any illegal or improper bribe, kickback, payment, gift, or thing of value to or from any of your employees or agents in connection with these General Terms. If we learn of any violation of the above, we will use reasonable efforts to promptly notify you at the main contact address provided by you to Splunk.

C. **Export.** We certify that Splunk is not on any of the relevant U.S. or EU government lists of prohibited persons, including the Treasury Departments List of Specially Designated Nationals and the Commerce Departments List of Denied Persons or Entity List. Export information regarding our Offerings, including our export control classifications for our Offerings, is found here: https://www.splunk.com/en_us/legal/export-controls.html.

11. Usage Data

From time to time, Splunk may collect Usage Data generated as a by-product of your use of Offerings. Usage Data does not include Customer Content. We collect Usage Data for a variety of reasons, such as to identify, understand, and anticipate performance issues and the factors that affect them, to provide updates and personalized experiences to customers, and to improve the Splunk Offerings. Details on Splunk's Usage Data collection practices are set forth in Splunk's Privacy Policy found here: https://www.splunk.com/en_us/legal/privacy/privacy-policy.html.

12. Capacity and Usage Verification

A. **Certification and Verification.** At Splunk's request, you will furnish Splunk a certification signed by your authorized representative verifying that your use of the Purchased Offering is in accordance with these General Terms and the applicable Order. For On-Premises Products, we may also ask you from time to time, but not more frequently than once per calendar period, to cooperate with us to verify usage and adherence to purchased Capacities. If Splunk requests a verification process, you agree to provide Splunk reasonable access to the On-Premises Product installed at your facility (or as hosted by your Third-Party Provider). If Splunk does any verification, it will be performed with as little interference as possible to your use of the On-Premises Product and your business operations. Splunk will comply with your (or your Third-Party Providers) reasonable security procedures.

B. ****Overages.**** If a verification or usage report reveals that you have exceeded the purchased Capacity or usage rights for your Purchased Offering (e.g., used as a service bureau) during the period reviewed, then we will have the right to invoice you using the applicable Fees at list price then in effect, which will be payable in accordance with these General Terms. Without limiting Splunk's foregoing rights, with respect to Hosted Services, Splunk may work with you to reduce usage so that it conforms to the applicable usage limit, and we will in good faith discuss options to right size your subscription as appropriate. Notwithstanding anything to the contrary herein, Splunk will have the right to directly invoice you for overages, regardless of whether you purchased the Purchased Offering from an authorized reseller

or Digital Marketplace. See the Specific Offering Terms for any additional information related to overages for a Hosted Service.

****13. Our Use of Open Source****

Certain Offerings may contain Open Source Software. Splunk makes available in the applicable Documentation a list of Open Source Software incorporated in our On-Premises Products as required by the respective Open Source Software licenses. Any Open Source Software that is delivered as part of your Offering and which may not be removed or used separately from the Offering is covered by the warranty, support and indemnification provisions applicable to the Offering. Some of the Open Source Software may have additional terms that apply to the use of the Offering (e.g., the obligation for us to provide attribution of the specific licensor), and those terms will be included in the Documentation; however, these terms will not (a) impose any additional restrictions on your use of the Offering, or (b) negate or amend any of our responsibilities with respect to the Offering.

****14. Splunk Developer Tools and Customer Extensions****

Splunk makes Splunk Developer Tools available to you so you can develop Extensions for use with your Purchased Offerings (Extensions that you develop, "****Customer Extensions****").

You have a nonexclusive, worldwide, nontransferable, nonsublicensable right, subject to the terms of these General Terms, to use Splunk Developer Tools to develop your Customer Extensions, including to support interoperability between the Offering and your system or environment. Splunk proprietary legends or notices contained in the Splunk Developer Tools may not be removed or altered when used in or with your Customer Extension. You retain title to your Customer Extensions, subject to Splunk's ownership in our Offerings and any materials and technology provided by Splunk in connection with the Splunk Developer Tools. You agree to assume full responsibility for the performance and distribution of Customer Extensions.

****15. Third Party Products, Third-Party Extensions, Third-Party Content and Unsupported Splunk Extensions****

A. ****Third-Party Extensions on Splunkbase.**** Splunk makes Extensions developed and/or made available by a third-party on Splunkbase ("****Third-Party Extension****") available for download or access as a convenience to its customers. Splunk makes no promises or guarantees related to any Third-Party Extension, including the accuracy, integrity, quality, or security of the Third-Party Extension. Nothing in these General Terms or on Splunkbase will be deemed to be a representation or warranty by Splunk with respect to any Third-Party Extension, even if a particular Third-Party Extension is identified as "certified" or "validated" for use with an Offering. We may, in our reasonable discretion, block or disable access to

any Third-Party Extension at any time. Your use of a Third-Party Extension is at your own risk and may be subject to any additional terms, conditions, and policies applicable to that Third-Party Extension (such as license terms, terms of service, or privacy policies of the providers of such Third-Party Extension). Third-Party Extensions may be installed on Hosted Services pursuant to our instructions.

B. **Third Party Content.** Hosted Services may contain features or functions that enable interoperation with Third-Party Content that you, in your sole discretion, choose to add to a Hosted Service. A. ****Term and Renewal.**** These General Terms will commence upon the Effective Date and will remain in effect until the expiration of all applicable Purchased Offerings, unless earlier terminated pursuant to this Section. Termination of a specific Purchased Offering will not affect the Term of any other Purchased Offering. Termination of these General Terms will have the effect of terminating all Purchased Offerings. Grounds for terminating a Purchased Offering (e.g., for non-payment), that are specific to the Purchased Offering, will not be grounds to terminate Purchased Offerings where no breach exists. Unless indicated otherwise in an Order, the Term of a Purchased Offering (and these General Terms) will automatically renew for an additional period of time equal to the length of the preceding Term, unless one party notifies the other of its intent not to renew at least one (1) day in advance of the expiration of the Term or then-current renewal period.

B. ****Termination.**** Either party may terminate these General Terms, or any Purchased Offering, by written notice to the other party in the event of a material breach of these General Terms, or the specific terms associated with that Purchased Offering, that is not cured within thirty (30) days of receipt of the notice. ****In no event will the aggregate liability of either party, together with any of its Affiliates, arising out of or related to any Purchased Offering exceed the total amount paid by you for that Purchased Offering in the twelve (12) months preceding the first incident out of which the liability arose. However, the foregoing limitation will not limit your obligations under the “Payment” section above and will not be deemed to limit your rights to any service level credits under any applicable Service Level Schedule. Furthermore, the cap above will not be deemed to limit Splunk’s right to recover amounts for your use of an Offering in excess of the Capacity purchased or use outside of Internal Business Purposes.****

****In no event will either party or its Affiliates have any liability arising out of or related to these General Terms for any lost profits, revenues, goodwill, or indirect, special, incidental, consequential, cover, business interruption or punitive damages.****

****The foregoing limitations will apply whether the action is in contract or tort and regardless of the theory of liability, even if a party or its Affiliates have been advised of the possibility of such damages or if a party's or its Affiliates remedy otherwise fails of its essential purpose.****

****The limitation of liability herein will not apply to a party's infringement of the other party's intellectual property rights, indemnification obligations, or the fraud, gross negligence or willful misconduct of a party.****

****The foregoing disclaimers of damages will also not apply to the extent prohibited by law. Some jurisdictions do not allow the exclusion or limitation of certain damages. To the extent such a law applies to you, some or all of the exclusions or limitations set forth above may not apply to you, and you may have additional rights.****

**23. Indemnity**

A. ****Our Indemnification to You.**** Splunk will defend and indemnify you, and pay all damages (including attorneys fees and costs) awarded against you, or that are agreed to in a settlement, to the extent a claim, demand, suit or proceeding is made or brought against you or your Affiliates by a third party (including those brought by a government entity) alleging that a Purchased Offering infringes or misappropriates such third party's patent, copyright, trademark or trade secret (a "Customer Claim"). C. ****Mutual Indemnity.**** Each party will defend, indemnify and pay all damages (including attorneys fees and costs) awarded against the other party, or that are agreed to in a settlement to the extent that an action brought against the other party by a third party is based upon a claim for bodily injury (including death) to any person, or damage to tangible property resulting from the negligent acts or willful misconduct of the indemnifying party or its personnel hereunder, and will pay any reasonable, direct, out-of-pocket costs, damages and reasonable attorneys fees attributable to such claim that are awarded against the indemnified party (or are payable in settlement by the indemnified party).

D. ****Process for Indemnification.**** The indemnification obligations above are subject to the party seeking

indemnification to: (i) provide the other party with prompt written notice of the specific claim; (ii) give the indemnifying party sole control of the defense and settlement of the claim (except that the indemnifying party may not settle any claim that requires any action or forbearance on the indemnified party's part without their prior consent, which will not unreasonably withhold or delay); and (iii) gives the indemnifying party all reasonable assistance, at such party's expense.

1. **Support Programs**

Support Programs purchased as part of a Purchased Offering will be identified in your applicable Order. Splunk will provide you the level of Support Services described under the purchased Support Program, subject to your payment of applicable Fees. "**Support Programs**" are the Support Programs offered by Splunk and identified here: https://www.splunk.com/en_us/customer-success/support-programs.html.

2. **Support Services**

"**Support Services**" include technical support for your Purchased Offerings, and, when available, the provision of Enhancements for your Purchased Offerings, subject to the Support Policy described below. Technical support under a Support Program is available via web portal, and certain Support Programs also make support available via telephone. Support Services will be delivered by a member of Splunk's technical support team during the regional hours of operation applicable under the Support Program. Support Services are delivered in English unless you are in a location where we have made localized Support Services available.

3. **Support Policy**

Our Support Policy, provided here: https://www.splunk.com/en_us/legal/splunk-software-support-policy.html ("**Support Policy**",) describes the duration of our Support Services for certain Splunk On-Premises Products and other policies associated with our Support Services.

As we release new versions for our Offerings, we discontinue Support Services for certain older versions. Our Support Policy sets forth the schedule for the duration of support, and end of support, for Offering versions. The current versions of our Offerings that are supported under our Support Policy and will be our "Supported Versions" herein. The Support Policy may not apply to Hosted Services, and the product and services version we make available as our Hosted Services will be deemed Supported Versions herein.

4. **Case Priority**

Each Support Program offers different support levels for your case priority levels. When submitting a case, you will select the priority for initial response by logging the case online, in accordance with the priority guidelines set forth under your Support Program. When the case is received, we may in good faith change the priority if the issue does not conform to the criteria for the selected priority. When that happens, we will provide you with notice (electronic or otherwise) of such change.

5. ****Exclusions****

We will have no obligation to provide support for issues caused by any of the following (each, a “Customer Generated Error”): (i) modifications to an Offering not made by Splunk; (ii) use of an Offering other than as authorized in the General Terms or as provided in the applicable Documentation; (iii) damage to the machine on which an On-Premises Product is installed; (iv) use of a version of an Offering other than the Supported Version; (v) third-party products that are not expressly noted in the Documentation as supported by Splunk; or (vi) conflicts related to replacing or installing hardware, drivers, and software that are not expressly supported by Splunk and described in the applicable Documentation. If we determine that support requested by you is for an issue caused by a Customer Generated Error, we will notify you of that fact as soon as reasonably possible under the circumstances. If you agree that we should provide support for the Customer Generated Error via a confirming email, then we will have the right to invoice you at our then-current time and materials rates for any such support provided by us.

6. ****Support for Splunk Extensions****

Only Splunk Extensions that are labeled as “Splunk Supported” on Splunkbase, or other Splunk-branded marketplace, are eligible for support, and this support is limited. For those labeled Splunk Supported, we will provide an initial response and acknowledgement in accordance with the P3 terms that are applicable in the applicable Support Program, and Enhancements may be made available.

No other terms of a Support Program will apply to a Splunk Application. For those labeled as “Not Supported”, Splunk will have no support obligations.

7. ****Authorized Support Contacts****

You are entitled to have a certain number of Support Contacts under each Support Program. “Support Contacts” means the individual(s) specified by you that are authorized to submit support cases.

We strongly recommend that your Support Contact(s) are trained on the applicable Offering. In order to designate Support Contacts, you must provide the individuals primary email address and Splunk.com login ID.

8.

****Defect Resolution****

Should we determine that an Offering has a defect, we will, at our sole option, repair the defect in the version of the Offering that you are then currently using or instruct you to install a newer version of the Offering with that defect repaired. We reserve the right to provide you with a workaround in lieu of fixing a defect should we in our sole judgment determine that it is more effective to do so.

9. ****Your Assistance****

Should you report a purported defect or error in an Offering, we may require you to provide us with the following

information: (a) a general description of your operating environment; (b) a list of all hardware components, operating systems and networks; (c) a reproducible test case; and (d) any log files, trace and systems files. Your failure to provide this information may prevent us from identifying and fixing that purported defect.

10. ****Changes to Support Programs****

You acknowledge that, subject to the Support Policy, and subject to any commitment we have during the Term, we have the right to discontinue the manufacture, development, sale or support of any Offering, at any time, in our sole discretion. We further reserve the right to alter Support Programs from time to time, using reasonable discretion, but in no event will such alterations, during the Term of any Order, result in diminished Support Services from the level of your applicable purchased Support Program.

****Capitalized terms below are defined in the General Terms, this Exhibit or in the Definition Exhibit attached to this Exhibit.****

1. ****Services and Statements of Work****

We will perform the C&I Services for you that are set forth in the applicable Statements of Work. You will pay the Fees under each Statement of Work in accordance with these General Terms, or otherwise as we may expressly agree in the applicable Statement of Work.

In each Statement of Work, we will designate our primary point of contact for you for all matters relating to the applicable C&I Services (which we may change from time to time upon notice).

2. ****Our Personnel****

A. ****Qualifications.**** The Personnel we assign to perform the C&I Services will be qualified, skilled, experienced and otherwise fit for the performance of the C&I Services. If you, in your reasonable judgement, determine that Personnel assigned to your project are unfit, we will in good faith discuss alternatives, and we will replace Personnel as reasonably necessary. You acknowledge that any replacement may cause delay in the performance of the C&I Services.

B. ****Personnel Conduct.**** Our Personnel are subject to our Splunk Code of Conduct and Ethics [here](https://investors.splunk.com/static-files/3c2a9a40-7f6e-4795-9358-b5565826b13d?_ga=2.200727335.82146825.1675981089-269939538.1673288458&_gac=1.188710106.1674005341.Cj0KCQiAq5meBhCyARIsAJrtdr75-RptXmmxNnKzoOJ_p26uX0MwT-GzxcrnWSotrQqWFlaOLtYVyhgaAuriEALw_wcB&_gl=1*1m2mlyb*_ga*MjY5OTM5NTM4LjE2NzMyODg0NTg.*_ga_5EPM2P39FV*MTY3NjA1MTkwNi40OC4xLjE2NzYwNjAxMzMzMzYuMC4w), which includes, without limitation, an obligation to comply with our policies on protecting customer information, prohibitions on illegal drugs and any impaired job performance, avoiding conflicts of interest, and acting ethically at all times. We also background check our employees, per the Section below.

C. ****Use of Subcontractors.**** We reserve the right to use subcontractors in performance of the C&I Services, provided: (a) any subcontractor we use meets the requirements herein and conditions of these General Terms and the Statement of Work; (b) we will be responsible for the subcontractors compliance with the terms herein and the Statement of Work; and (c) upon your request or inquiry, we will identify any subcontractor that we are using, or plan to use, for C&I Services, and will cooperate in good faith to provide you with all relevant information regarding such subcontractors.

D. ****No Employee Benefits.**** We acknowledge and agree that our Personnel are not eligible for or entitled to receive any compensation, benefits, or other incidents of employment that you make available to your employees. We are solely responsible for all employment related taxes, expenses, withholdings, and other similar statutory obligations arising out of the relationship between us and our Personnel and the performance of C&I Services by such Personnel.

3. ****Our Background Checks, Security and Compliance Obligations****

A. ****Compliance with Your Security Program.**** While on your premises, our Personnel will comply with your security practices and procedures generally prescribed by you for onsite visitors and service providers. However, any requirement that is in addition to the compliance requirements set forth in this Schedule (e.g., background checks that are different from the background checks described herein) must be expressly set forth in a Statement of Work. We agree to discuss in good faith any condition or requirement you may have for our Personnel that are different from standard policies, however any additional requirement may delay C&I Services and must be vetted and implemented by mutual agreement of the parties and expressly set forth in a Statement of Work. Splunk does not guarantee that it will be able to meet any additional requested requirements.

B. ****Our Security Practices.**** We implement and follow an enterprise security program, with the policies, plans, and procedures set forth here [www.splunk.com/prof-serv-isa](www.splunk.com/prof-serv-isa). Our Personnel will be subject to the data protection and confidentiality obligations set forth in these General Terms with respect to any of your data that we may have access to in connection with the C&I Services.

C. ****Background Checks.**** For U.S.-based projects, we will not assign an employee to perform C&I Services under a Statement of Work unless we have run the following background check on the employee: Criminal Felony & Misdemeanor; SSN Validation; Federal Criminal; SSN Trace; Employment Report Three (3) Employers; Education Report One (1) Institution; Global Sanctions & Enforcement; Prohibited Parties; Widescreen Plus National Criminal Search.

D. ****Permissions for Access.**** In the event you require any Personnel to sign any waivers, releases, or other documents as a condition to gain access to your premises for performance of the C&I Services (“****Access Documents****”), you agree: (a) that Personnel who will be required to sign Access Documents will sign on behalf of Splunk; (b) that any additional or conflicting terms in Access Documents with these General Terms will have no effect; and (c) you will pursue any claims for breach of any terms in the Access Documents against Splunk and not the individual signing.

4. ****Your Materials****

We will have no rights in or to any Customer Materials, however you grant us the right to use Customer Materials in order to provide the C&I Services. Nothing in these General Terms will be deemed to transfer to us any ownership of Customer Materials.

5. **C&I Services Materials and Customizations Unique to You**

A. **C&I Services Materials.** The C&I Services we perform (e.g., configuration of our Offerings), and the C&I Services Materials we offer, create, and deliver to you in connection with the C&I Services, are generally applicable to our business, and therefore we require the right to be able to re-use the C&I Services Materials we create for one customer in connection with all of our customers. For the avoidance of doubt, our use of the C&I Services Materials created for you in connection with C&I Services will comply with our ongoing obligations and restrictions with respect to your Customer Materials and your Confidential Information, and we will not identify you in any way in connection with our further use of such C&I Services Materials.

B. **Customer Owned Work Product.** However, in the unlikely event that the parties agree that C&I Services Materials for a project are custom work product unique to your business, and not applicable to other customers generally, we will transfer ownership to those agreed C&I Services Materials to you under the applicable Statement of Work. C&I Services Materials must be expressly identified as “Customer Owned Work Product” under a Statement of Work for ownership to pass to you. Subject to payment of applicable Fees under the Statement of Work, we hereby assign to you all rights, title and interest (including all Intellectual Property Rights therein) in and to all C&I Services Materials identified as Customer Owned Work Product (but excluding all Splunk Preexisting IP incorporated into the Customer Owned Work Product). At your request and expense, we will assist and cooperate with you in all reasonable respects and will execute documents and take such further acts reasonably requested by you to enable you to acquire, transfer, maintain, perfect, and enforce your ownership rights in such Customer Owned Work Product.

C. **Our Ownership.** Subject to your ownership rights in Customer Owned Work Product and Customer Materials, we will own all rights in and to all C&I Services Materials.

D. **License Rights.** For those C&I Services Materials that are not Customer Owned Work Product, you will have the right to access and use those C&I Services Materials in connection with your applicable Offerings, and those rights will be of the same scope and duration as your rights to the underlying Offering.

6. **C&I Services Warranty**

We warrant that the C&I Services will be performed in a good and workmanlike manner consistent with applicable industry standards. This warranty will be in effect for a period of thirty (30) days from the completion of any C&I Services. As your sole and exclusive remedy and our entire liability for any breach of the foregoing warranty, we will, at our option and expense, promptly re-perform any C&I Services that fail to meet this warranty or refund to you the fees paid for the non-conforming C&I Services.

7. **Your Cooperation**

You acknowledge that your timely provision of (and our access to) your facilities, equipment, assistance, cooperation, data, information and materials from your officers, agents, and employees (the “Cooperation”) is essential to Splunk's performance of the C&I Services. We will not be liable for

any delay or deficiency in performing the C&I Services if you do not provide the necessary Cooperation. As part of the Cooperation, you will (1) designate a project manager or technical lead to liaise with us while we perform the C&I Services; (2) allocate and engage additional resources as may be required to assist us in performing the C&I Services; and (3) making available to us any data, information and any other materials reasonably required by us to perform the C&I Services, including any data, information or materials specifically identified in the Statement of Work.

8. ****Insurance****

Throughout any period of C&I Services we perform for you, we will maintain insurance policies in the types and amounts described below at our own expense:

- Commercial General Liability Insurance with a limit of not less than \$1,000,000 per occurrence and a general aggregate limit of not less than \$2,000,000.
- Business Auto Insurance with a limit of not less than \$1,000,000 combined single limit. Such Insurance will cover liability arising out of "hired and non-owned" automobiles.
- Workers Compensation Insurance as required by workers compensation, occupational disease and occupational health and safety laws, statutes, and regulations.
- Technology Errors & Omissions Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.
- Umbrella/Excess Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.

9. ****Change Order Process****

You may submit written requests to us to change the scope of C&I Services described in a Statement of Work (each such request, a "Change Order Request"). If we elect to consider a Change Order Request, then we will promptly notify you if we believe that the Change Order Request requires an adjustment to the fees or to the schedule for the performance of the C&I Services. In such event, the parties will negotiate in good faith a reasonable and equitable adjustment to the fees and/or schedule, as applicable. We will continue to perform C&I Services pursuant to the existing Statement of Work and will have no obligation to perform any Change Order Request unless and until the parties have agreed in writing to such an equitable adjustment.

10. ****Expenses****

Unless otherwise specified in the Statement of Work, we will not charge you for our expenses we incur in connection with a Statement of Work. Our daily C&I Services rates are inclusive of any expenses. In the event the parties agree that expenses are reimbursable under a Statement of Work, we will mutually agree on any travel policy and any required documentation for reimbursement.

11. ****Prepaid C&I Services****

Unless otherwise expressly stated in a Statement of Work, all prepaid C&I Services must be redeemed within twelve (12) months from the date of purchase/invoice. At the end of the twelve (12) month term, any remaining pre-

paid unused C&I Services will expire; no refunds will be provided for any remaining pre-paid unused C&I Services. Unless otherwise specifically stated in a Statement of Work, Education is invoiced and payable in advance.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner

or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices

stating that You changed the files; and

- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

License, each Contributor hereby grants to You a perpetual,
worldwide, non-exclusive, no-charge, royalty-free, irrevocable
(except as stated in this section) patent license to make, have made,
use, offer to sell, sell, import, and otherwise transfer the Work,
where such license applies only to those patent claims licensable
by such Contributor that are necessarily infringed by their
Contribution(s) alone or by combination of their Contribution(s)
with the Work to which such Contribution(s) was submitted. If You
institute patent litigation against any entity (including a
cross-claim or counterclaim in a lawsuit) alleging that the Work
or a Contribution incorporated within the Work constitutes direct
or contributory patent infringement, then any patent licenses
granted to You under this License for that Work shall terminate
as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute

copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of

this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

****READ CAREFULLY:**** SPLUNK LICENSES THIS PROGRAM, TOOL, PLUG-IN, ADD-ON, TECHNICAL ADD-ON, APPLICATION, SOLUTION, LIBRARY, CONTENT, DATA, EXAMPLE MODULE, FILES, COMMAND, SERVICE OR OTHER ITEM OR MATERIAL (THE "APP") TO YOU ONLY UPON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS CONTAINED IN THIS END USER LICENSE AGREEMENT ("AGREEMENT"). IF YOU DO NOT AGREE TO THESE TERMS, DO NOT DOWNLOAD, INSTALL, OR USE THE APP.

1. ****License.**** Subject to the terms and conditions of this Agreement, Splunk grants to you a worldwide, non-exclusive, non-transferable, non-sublicensable license to download and use the App for your internal business purposes and only in connection with the specific Splunk software product or web-based or hosted service identified in materials distributed with the App, with which such App was designed to operate ("Splunk Software"). Therefore, you may use the App only if you are an authorized licensee or customer of the Splunk Software and for the term and within the scope of the license granted for the Splunk Software. This Agreement does not modify or alter the terms of the software license agreement or terms of service delivered with the Splunk Software. Splunk and its licensor(s) own all rights, title and interests to the App, including all intellectual property rights related thereto.

2. ****Additional Rights and Restrictions****. You may copy, modify and redistribute the App or any portions thereof, subject to your compliance with the terms and conditions of this Agreement and particularly the following restrictions: (a) you must distribute the App only as part of an extension, add-on, plug-in, example module, configuration files, function or application developed by you (" ****Extension****"); and solely for the purpose of running your Extension in connection with the Splunk Software; (b) any proprietary legends or notices contained in or on the App or

any portions thereof cannot be removed or altered; (c) you must comply with any restrictions or requirements for the third-party software (including any open source libraries) included in the App or any portions thereof; (d) you must give appropriate credit to Splunk and indicate if any changes were made to the App in the Extension; (e) you do not make any statement that the Extension is certified or that its performance is guaranteed by Splunk; and (f) you agree to defend and indemnify Splunk and its licensors from and against any damages, costs, liabilities, settlement amounts and/or expenses (including attorneys' fees) incurred in connection with any claim, lawsuit or action by any third party that arises or results from the use or distribution of the Extension, unless such claim, lawsuit or action arose or resulted directly and solely from Splunk Software or the App itself as originally provided to you by Splunk.

3. ****Warranty.**** THE APP IS FURNISHED ON AN " ****AS IS****";

BASIS, AND SPLUNK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF NON-INFRINGEMENT OF THIRD-PARTY RIGHTS, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING BY STATUTE OR OTHERWISE IN LAW, OR FROM A COURSE OF DEALING OR USAGE OF TRADE. SPLUNK SPECIFICALLY DOES NOT WARRANT THAT THE APP WILL MEET YOUR REQUIREMENTS; WILL OPERATE IN ALL THE COMBINATIONS WHICH MAY BE SELECTED FOR USE BY YOU; THAT THE OPERATION OF THE APP WILL BE ERROR-FREE OR UNINTERRUPTED, ACCURATE, USEFUL, RELIABLE, OR COMPLETE; OR THAT ALL ERRORS OR DEFECTS IN THE APP WILL BE CORRECTED. NEITHER SPLUNK NOR ITS LICENSOR SHALL BE LIABLE FOR ANY DAMAGES WHATSOEVER ARISING FROM OR RELATING TO YOUR USE OR INABILITY TO USE THE APP. ****YOU USE THE APP AT YOUR OWN RISK.****

4. ****Limitation of Liability.**** UNDER NO CIRCUMSTANCES WILL SPLUNK OR ITS LICENSOR BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES, FOR LOSS

OF PROFITS, USE, REVENUE, OR DATA OR FOR BUSINESS INTERRUPTION (REGARDLESS OF THE LEGAL THEORY FOR SEEKING SUCH DAMAGES OR OTHER LIABILITY) ARISING OUT OF OR IN CONNECTION WITH USE OF THE APP, WHETHER OR NOT SPLUNK OR LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ADDITION, THE LIABILITY OF SPLUNK OR ITS LICENSOR ARISING OUT OF OR RELATING TO THE APP WILL NOT EXCEED THE AMOUNT PAID OR PAYABLE BY YOU (IF ANY) FOR SUCH APP.

5. ****General.****

This Agreement will be governed by and construed in accordance with the laws of the State of California (and, to the extent controlling, the federal laws of the United States, without reference to the conflicts-of-laws rules thereof). The UN Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transaction Act shall not apply to this Agreement. This Agreement constitutes the entire agreement between Splunk and you with respect to the App and may not be modified except by a written instrument executed by you and an authorized representative of Splunk.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including

the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or

Derivative Works a copy of this License; and

- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the

origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership

of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual,

worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or

documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct,

indirect, special,

incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously

marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the

NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

to you by Splunk.

3. **Warranty.** THE APP IS FURNISHED ON AN "AS IS" BASIS, AND SPLUNK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF NON-INFRINGEMENT OF THIRD-PARTY RIGHTS, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING BY STATUTE OR OTHERWISE IN LAW, OR FROM A COURSE OF DEALING OR USAGE OF TRADE. 4. **Limitation of Liability.** UNDER NO CIRCUMSTANCES WILL SPLUNK OR ITS LICENSOR BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES, FOR LOSS OF PROFITS, USE, REVENUE, OR DATA OR FOR BUSINESS INTERRUPTION (REGARDLESS OF THE LEGAL THEORY FOR SEEKING SUCH DAMAGES OR OTHER LIABILITY) ARISING OUT OF OR IN CONNECTION WITH USE OF THE APP, WHETHER OR NOT SPLUNK OR LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ADDITION, THE LIABILITY OF SPLUNK OR ITS LICENSOR ARISING OUT OF OR RELATING TO THE APP WILL NOT EXCEED THE AMOUNT PAID OR PAYABLE BY YOU (IF ANY) FOR SUCH APP.

5. **General.**

This Agreement will be governed by and construed in accordance with the laws of the State of California (and, to the extent controlling, the federal laws of the United States, without reference to the conflicts-of-laws rules thereof). The UN Convention on Contracts for the International Sale of Goods and the Uniform Computer Information Transaction Act shall not apply to this Agreement. "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf

of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems,

and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work,

excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions

of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

control with that entity. For the purposes of this definition,
"control" means (i) the power, direct or indirect, to cause the
direction or management of such entity, whether by contract or
otherwise, or (ii) ownership of fifty percent (50%) or more of the
outstanding shares, or (iii) beneficial ownership
of such entity.

"You" (or "Your") shall mean an individual or Legal Entity
exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications,
including but not limited to software source code, documentation
source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided

that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its

distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

IF YOU DO NOT AGREE TO THESE TERMS, DO NOT DOWNLOAD, INSTALL, OR USE THE APP.

1. ****License.**** Subject to the terms and conditions of this Agreement, Splunk grants to you a worldwide, non-exclusive, non-transferable, non-sublicensable license to download and use the App for your internal business purposes and only in connection with the specific Splunk software product or web-based or hosted service identified in materials distributed with the App, with which such App was designed to operate ("Splunk Software"). Therefore, you may use the App only if you are an

authorized licensee or customer of the Splunk Software and for the term and within the scope of the license granted for the Splunk Software. This Agreement does not modify or alter the terms of the software license agreement or terms of service delivered with the Splunk Software. Splunk and its licensor(s) own all rights, title and interests to the App, including all intellectual property rights related thereto.

2. ****Additional Rights and Restrictions****. You may copy, modify and redistribute the App or any portions thereof, subject to your compliance with the terms and conditions of this Agreement and particularly the following restrictions: (a) you must distribute the App only as part of an extension, add-on, plug-in, example module, configuration files, function or application developed by you (“****Extension****”) and solely for the purpose of running your Extension in connection with the Splunk Software; (b) any proprietary legends or notices contained in or on the App or

any portions thereof cannot be removed or altered; (c) you must comply with any restrictions or requirements for the third-party software (including any open source libraries) included in the App or any portions thereof; (d) you must give appropriate credit to Splunk and indicate if any changes were made to the App in the Extension; (e) you do not make any statement that the Extension is certified or that its performance is guaranteed by Splunk; and (f) you agree to defend and indemnify Splunk and its licensors from and against any damages, costs, liabilities, settlement amounts and/or expenses (including attorneys’ fees) incurred in connection with any claim, lawsuit or action by any third party that arises or results from the use or distribution of the Extension, unless such claim, lawsuit or action arose or resulted directly and solely from Splunk Software or the App itself as originally provided to you by Splunk.

3. ****Warranty.**** THE APP IS FURNISHED ON AN “****AS IS****”;

BASIS, AND SPLUNK DISCLAIMS ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF NON-INFRINGEMENT OF THIRD-PARTY RIGHTS, OR OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY WARRANTIES ARISING BY STATUTE OR OTHERWISE IN LAW, OR FROM A COURSE OF DEALING OR USAGE OF TRADE. SPLUNK SPECIFICALLY DOES NOT WARRANT THAT THE APP WILL MEET YOUR REQUIREMENTS; WILL OPERATE IN ALL THE COMBINATIONS WHICH MAY BE SELECTED FOR USE BY YOU; THAT THE OPERATION OF THE APP WILL BE ERROR-FREE OR UNINTERRUPTED, ACCURATE, USEFUL, RELIABLE, OR COMPLETE; OR THAT ALL ERRORS OR DEFECTS IN THE APP WILL BE CORRECTED. NEITHER SPLUNK NOR ITS LICENSOR SHALL BE LIABLE FOR ANY DAMAGES WHATSOEVER ARISING FROM OR RELATING TO YOUR USE OR INABILITY TO USE THE APP. ****YOU USE THE APP AT YOUR OWN RISK.****

4. ****Limitation of Liability.**** UNDER NO CIRCUMSTANCES WILL SPLUNK OR ITS LICENSOR BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, CONSEQUENTIAL, SPECIAL OR EXEMPLARY DAMAGES, FOR LOSS OF PROFITS, USE, REVENUE, OR DATA OR FOR BUSINESS INTERRUPTION (REGARDLESS OF THE LEGAL THEORY FOR SEEKING SUCH DAMAGES OR OTHER LIABILITY) ARISING OUT OF OR IN CONNECTION WITH USE OF THE APP, WHETHER OR NOT SPLUNK OR LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ADDITION, THE LIABILITY OF SPLUNK OR ITS LICENSOR ARISING OUT OF OR RELATING TO THE APP WILL NOT EXCEED THE AMOUNT PAID OR PAYABLE BY YOU (IF ANY) FOR SUCH APP.

5. ****General.****

This Agreement will be governed by and construed in accordance with the laws of the State of California (and, to the extent controlling, the federal laws of the United States, without reference to the conflicts-of-laws rules thereof). The UN Convention on Contracts for the International Sale of Goods and the Uniform Computer Information

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean
the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name)

to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

You must give any other recipients of the Work or Derivative Works a copy of this License; and

You must cause any modified files to carry prominent notices stating that You changed the files; and

You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the

License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided

that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall

any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

SPLUNK GENERAL TERMS

Last Updated: February 10, 2023

These Splunk General Terms ("General Terms") between Splunk Inc., a Delaware corporation, with its principal place of business at 270 Brannan Street, San Francisco, California 94107, U.S.A ("Splunk" or "we" or "us" or "our") and you ("Customer" or "you" or "your") apply to the purchase of licenses and subscriptions for Splunk's Offerings. By clicking on the appropriate button, or by downloading, installing, accessing or using the Offerings, you agree to these General Terms. If you are entering into these General Terms on behalf of Customer, you represent that you have the authority to bind Customer. If you do not agree to these General Terms, or if you are not authorized to accept the General Terms on behalf of the Customer, do not download, install, access, or use any of the Offerings.

**See the General Terms Definitions Exhibit attached for definitions

of capitalized terms not defined herein.**

1. License Rights

A. ****General Rights.**** You have the nonexclusive, worldwide, nontransferable and nonsublicensable right, subject to payment of applicable Fees and compliance with the terms of these General Terms, to use your Purchased Offerings for your Internal Business Purposes during the Term and up to the Capacity purchased.

B. ****Copies for On-Premise Products.**** You have the right to make a reasonable number of copies of On-Premises Products for archival and back-up purposes.

C. ****Splunk Extensions.**** You may use Splunk Extensions solely in connection with the applicable Purchased Offering subject to the same terms and conditions for that Offering (including with respect to Term) and payment of any Fees associated with the Splunk Extensions. Some Splunk Extensions may be made available under license terms that provide broader rights than the license rights you have to the applicable underlying Offering (e.g., if the Extension is Open Source Software). These broader rights will apply to that Splunk Extension. Splunk Extensions may be installed on Hosted Services pursuant to our instructions.

D. ****Trials, Evaluations, Beta and Free Licenses.****

<ol type="i">

Trials and Evaluations. Offerings provided for trials and evaluations are provided at no charge, and their use will be for a limited duration.

Beta Licenses. Some Offerings and features may be available to you as a preview, or as an alpha, beta or other pre-release version (each, a "Beta Offering"). All rights for Beta Offerings are solely for internal testing and evaluation. Your use of a Beta Offering will be for the term specified by us, and if no term is specified, then for the earlier of one year from the start date of the Beta Offering or when that version of the Beta Offering becomes generally available. We may discontinue the Beta Offering at any time and may decide not to make any of the features and

functionality generally available.

Free Licenses. From time to time, we may make certain Offerings available for full use (i.e., not subject to limited evaluation purposes) at no charge. These free Offerings may have limited features, functions, and other technical limitations.

Donated Offerings. Donated Offerings are free limited Offerings donated to qualifying Nonprofits under a Splunk donation program. By procuring and making use of a Donated Offering, you hereby represent and warrant that you are a lawfully organized Nonprofit, and you agree to provide verification of your nonprofit status to Splunk upon request. At Splunk's request, you agree: (a) to publish a press release and case study on your use of the Donated Offering; and (b) to be interviewed for the production of a Splunk customer video that will accompany the press release and case study. Splunk will draft and edit all content in collaboration with you and will obtain your edits and

written approval (email is sufficient) prior to publication, and such approval will not be unreasonably withheld. You will allow Splunk to reference your Nonprofit and leading spokespeople in press releases with your written approval (email is sufficient). Splunk may use your name and logo on sales presentations, websites, and other marketing collateral without your prior approval.

Test and Development Licenses. For Offerings identified as "Test and Development" Offerings on your Order, you only have the right to use those Offerings up to the applicable Capacity on a non-production system for non-production uses, including product migration testing or pre-production staging, or testing new data sources, types, or use cases. Test and Development Offerings may not be used for any revenue generation,

commercial activity, or other productive business or purpose.

Limitations. Notwithstanding anything to the contrary in these General Terms, we do not provide maintenance and support, warranties, service level commitments, or indemnification for Test and Development Offerings, trials, evaluations, or free or Beta Offerings.

**** **2. Purchasing Through Authorized Resellers, Digital Marketplaces, and Splunk Affiliates**

A. **Authorized Resellers and Digital Marketplaces.** If you purchase Offerings through a Splunk authorized reseller or Digital Marketplace, these General Terms will govern those Offerings. Your payment obligations for the Purchased Offerings will be with the authorized reseller or Digital Marketplace, as applicable, not Splunk. You will have no direct Fee payment obligations to Splunk for those Offerings. However, in the event that you fail to pay the Digital Marketplace for your Purchased Offerings, Splunk retains the right to enforce your payment obligations and collect directly from you.

Any terms agreed to between you and the authorized reseller that are in addition to these General Terms are solely between

you and the authorized reseller and Digital Marketplace, as applicable. No agreement between you and an authorized reseller or Digital Marketplace is binding on Splunk or will have any force or effect with respect to the rights in, or the operation, use or provision of, the Offerings.

B. **Splunk Affiliate Distributors.** Splunk has appointed certain Splunk Affiliates as its non-exclusive distributors of the Offerings (each, a “Splunk Affiliate Distributor”). Each Splunk Affiliate Distributor is authorized by Splunk to negotiate and enter into Orders with Customers. Where a purchase from Splunk is offered by a Splunk Affiliate Distributor, Customer will issue Orders, and make payments, to the Splunk Affiliate Distributor which issued the quote for the Offering. Each Order will be deemed a separate contract between Customer and the relevant Splunk Affiliate Distributor and will be subject to these General Terms. For the avoidance of doubt, Customer agrees that: (i)

the total liability of Splunk under these General Terms as set forth in Section 22 (Limitation of Liability) states the overall combined liability of Splunk and Splunk Affiliate Distributors; (ii) the entering into Orders by a Splunk Affiliate Distributor will not be deemed to expand Splunk and its Affiliates overall responsibilities or liability under these General Terms; and (iii) Customer will have no right to recover more than once from the same event.

**** **3. Your Contractors and Third-Party Providers**

You may permit your authorized consultants, contractors, and agents (“Third-Party Providers”) to access and use your Purchased Offerings, but only on your behalf in connection with providing services to you, and subject to the terms and conditions of these General Terms. Any access or use by a Third-Party Provider will be subject to the same limitations and restrictions that apply to you under these General Terms, and you will be responsible for any Third-Party Providers

actions relating to their use of the Offering. The aggregate use by you and all of your Third-Party Providers must not exceed the Capacity purchased, and nothing in this Section is intended to or will be deemed to increase such Capacity.

**** **4. Hosted Services and Specific Offering Terms**

A. **Service Levels.** When you purchase Hosted Services as a Purchased Offering, we will make the applicable Hosted Services available to you during the Term in accordance with these General Terms. The Service Level

E. ****Return of Customer Content.**** Customer Content may be retrieved by you and removed from the Hosted Services in accordance with the applicable Documentation. We will make the Customer Content available on the Hosted Services for thirty (30) days after termination of a subscription for your retrieval. After that thirty (30) day period, we will have no obligation to maintain the storage of your Customer Content, and you hereby authorize us thereafter to, and we will, unless legally prohibited, delete all remaining Customer Content. If you require assistance in connection with migration of your Customer Content, depending on the nature of the request, we may require a mutually agreed upon fee for assistance.

F. ****Specific Offering Terms.**** Specific security controls and certifications, data policies, service descriptions, Service Level Schedules and other terms specific to a Hosted Service and other Offerings ("Specific Offering Terms") are set forth here: www.splunk.com/SpecificTerms, and will apply, and be deemed incorporated herein by reference.

We are committed to ethical business conduct, and we use diligent efforts to perform in accordance with the highest global ethical principles, as described in the Splunk Code of Conduct and Ethics found [here](https://investors.splunk.com/static-files/3c2a9a40-7f6e-4795-9358-b5565826b13d?_ga=2.27382325.82146825.1675981089-269939538.1673288458&_gac=1.127441023.1674005341.Cj0KCQIAq5meBhCyARIsAJrtdr75-RptXmmxNnKzoOJ_p26uX0MwT-GzxcrmWSotrQqWFlaOLtYVyhgaAuriEALw_wcB&gl=1*1xgvjcs*_ga*MjY5OTM5NTM4LjE2NzMyODg0NTg.*_ga_5EPM2P39FV*MTY3NjA1MTkwNi40OC4xLjE2NzYwNjAxMzMzMzYuMC4w).

B. **Anti-Corruption.** We implement and maintain programs for compliance with applicable anti-corruption and anti-bribery laws. Splunk policy prohibits the offering or soliciting of any illegal or improper bribe, kickback, payment, gift, or thing of value to or from any of your employees or agents in connection with these General Terms. If we learn of any violation of the above, we will use reasonable efforts to promptly notify you at the main contact address provided by you to Splunk.

C. **Export.** We certify that Splunk is not on any of the relevant U.S. or EU government lists of prohibited persons, including the Treasury Departments List of Specially Designated Nationals and the Commerce Departments List of Denied Persons or Entity List. Export information regarding our Offerings, including our export control classifications for our Offerings, is found here: https://www.splunk.com/en_us/legal/export-controls.html.

11. Usage Data

From time to time, Splunk may collect Usage Data generated as a by-product of your use of Offerings. Usage Data does not include Customer Content. We collect Usage Data for a variety of reasons, such as to identify, understand, and anticipate performance issues and the factors that affect them, to provide updates and personalized experiences to customers, and to improve the Splunk Offerings. Details on Splunk's Usage Data collection practices are set forth in Splunk's Privacy Policy found here: https://www.splunk.com/en_us/legal/privacy/privacy-policy.html.

12. Capacity and Usage Verification

A. **Certification and Verification.** At Splunk's request, you will furnish Splunk a certification signed by your authorized representative verifying that your use of the Purchased Offering is in accordance with these General Terms and the applicable Order. For On-Premises Products, we may also ask you from time to time, but not more frequently than once per calendar period, to cooperate with us to verify usage and adherence to purchased Capacities. If Splunk requests a verification process, you agree to provide Splunk reasonable access to the On-Premises Product installed at your facility (or as hosted by your Third-Party Provider). If Splunk does any verification, it will be performed with as little interference as possible to your use of the On-Premises Product and your business operations. Splunk will comply with your (or your Third-Party Providers) reasonable security procedures.

B. **Overages.** If a verification or usage report reveals that you have exceeded the purchased Capacity or usage rights for your Purchased Offering (e.g., used as a service bureau) during the period reviewed, then we will have the right to invoice you using the applicable Fees at list price then in effect, which will be payable in accordance with these General Terms. Without limiting Splunk's foregoing rights, with respect to Hosted Services, Splunk may work with you to reduce usage so that it conforms to the applicable usage limit, and we will in good faith discuss options to right size your subscription as appropriate. Notwithstanding anything to the contrary herein, Splunk will have the right to directly invoice you for overages, regardless of whether you purchased the Purchased Offering from an authorized reseller or Digital Marketplace. See the Specific Offering Terms for any additional information related to overages for a Hosted Service.

13. Our Use of Open Source

Certain Offerings may contain Open Source Software. Splunk makes available in the applicable Documentation a list of Open Source Software incorporated in our On-Premises Products as required by the respective Open Source Software licenses. Any Open Source Software that is delivered as part of your Offering and which may not be removed or used separately from the Offering is covered by the warranty, support and indemnification provisions applicable to the Offering. Some of the Open Source Software may have additional terms that apply to the use of the Offering (e.g., the obligation for us to provide attribution of the specific licensor), and those terms will be included in the Documentation; however, these terms will not (a) impose any additional restrictions on your use of the Offering, or (b) negate or amend any of our responsibilities with respect to the Offering.

14. Splunk Developer Tools and Customer Extensions

Splunk makes Splunk Developer Tools available to you so you can develop Extensions for use with your Purchased Offerings (Extensions that you develop, "Customer Extensions").

You have a nonexclusive, worldwide, nontransferable, nonsublicensable right, subject to the terms of these General Terms, to use Splunk Developer Tools to develop your Customer Extensions, including to support interoperability between the Offering and your system or environment. Splunk proprietary legends or notices contained in the Splunk Developer Tools may not be removed or altered when used in or with your Customer Extension. A. ****Third-Party Extensions on Splunkbase.**** Splunk makes Extensions developed and/or made available by a third-party on Splunkbase ("Third-Party Extension") available for download or access as a convenience to its customers. Splunk makes no promises or guarantees related to any Third-Party Extension, including the accuracy, integrity, quality, or security of the Third-Party Extension. Nothing in these General Terms or on Splunkbase will be deemed to be a representation or warranty by Splunk with respect to any Third-Party Extension, even if a particular Third-Party Extension is identified as "certified" or "validated" for use with an Offering. We may, in our reasonable discretion, block or disable access to any Third-Party Extension at any time. Your use of a Third-Party Extension is at your own risk and may be subject to any additional terms, conditions, and policies applicable to that Third-Party Extension (such as license terms, terms of service, or privacy policies of the providers of such Third-Party Extension). Third-Party Extensions may be installed on Hosted Services pursuant to our instructions.

B. ****Third Party Content.**** Hosted Services may contain features or functions that enable interoperation with Third-Party Content that you, in your sole discretion, choose to add to a Hosted Service. You may be required to obtain access separately to such Third-Party Content from the respective providers, and you may be required to grant Splunk access to your accounts with such providers to the extent necessary for Splunk to allow the interoperation with the Hosted Service. By requesting or allowing Splunk to enable access to such Third-Party Content in connection with the Hosted Services, you certify that you are authorized under the providers terms to allow such access. If you install or enable (or direct or otherwise authorize Splunk to install or enable) Third-Party Content for use with a Hosted Service where the interoperation includes access by the third-party provider to your Customer Content, you hereby authorize Splunk to allow the provider of such Third-Party Content to access Customer Content as necessary for the interoperation. You agree that Splunk is not responsible or liable for disclosure, modification or deletion of Customer Content resulting from access to Customer Content by such Third-Party Content, nor is Splunk liable for any damages or downtime that you may incur or any impact on your experience of the Hosted Service, directly or indirectly, as a result of your use of and/or reliance upon, any Third-Party Content, sites or resources.

C. ****Splunk As a Reseller.**** When you purchase third party products ("Third Party Products") from Splunk as specified in an Order (which products shall include third party software, but not any support which Splunk itself has contracted to provide), the following provision applies. Splunk acts solely as a reseller of Third Party Products, which are fulfilled by the relevant third party vendor ("Third Party Vendor"), and the purchase and use of Third Party Products is subject solely to the terms, conditions and policies made available by such Third Party Vendor. Consequently, Splunk makes no representation or warranty of any kind regarding the Third Party Products, whether express, implied, statutory or otherwise, and specifically disclaims all implied terms, conditions and warranties (including as to quality, performance, availability, fitness for a particular purpose or non-infringement) to the maximum extent permitted by applicable law. You will bring any claim in relation to Third

Party Products against the applicable Third Party Vendor directly. In no event will Splunk be liable to you for any claim, loss or damage arising out of the use, operation or availability of

Third Party Product (whether such liability arises in contract, negligence, tort, or otherwise).

D. ****Unsupported Splunk Extensions.**** The Service Level Schedule commitments for any applicable Hosted Services will not apply to Splunk Extensions labeled on Splunkbase as “**Not Supported.**” You agree that Splunk is not responsible for any impact on your experience of a Hosted Service, as a result of your installation and/or use of any “Not Supported” Splunk Extensions, and that your sole remedy will be to remove the “Not Supported” Splunk Extension from the applicable Hosted Service. Further, some Splunk Extensions may not be compatible or certified for use with that Hosted Service (e.g., only specific Splunk Extensions are validated for our FedRAMP authorized environment for Splunk Cloud Platform). Please refer to the applicable Documentation for more information related to the Splunk Extensions compatible with your specific Purchased Offering.

**16.

D. ****GovCloud Services.**** If you access or use any Hosted Services in the specially isolated Amazon Web Services (“**AWS**”) GovCloud (US) region (including without limitation any Hosted Services that are provisioned in a FedRAMP authorized environment within the AWS GovCloud (US) region)), you hereby represent and warrant that: (i) you are a “US Person” as defined under ITAR (see 22 CFR part 120.62); (ii) you have and will maintain a valid Directorate of Defense Trade Controls registration, if required by ITAR; (iii) you and your end users are not subject to export control restrictions under US export control laws and regulations (i.e., users are not denied or debarred parties or otherwise subject to sanctions); (iv) you will maintain an effective

compliance program to ensure compliance with applicable US export control laws and regulations, including ITAR, as applicable; and (v) you will maintain effective access controls as described in the Specific Offering Terms for the applicable Hosted Services. You are responsible for verifying that any user accessing Customer Content in the Hosted Services in the AWS GovCloud (US) region is eligible to access such Customer Content. The Hosted Services in the AWS GovCloud (US) region may not be used to process or store classified data. You will be responsible for all sanitization costs incurred by Splunk if users introduce classified data into the Hosted Services in the AWS GovCloud (US) region. You may be required to execute additional addendums to this agreement prior to provisioning of selected Hosted Services.

E. ****Acceptable Use.**** Without limiting any terms under these General Terms, you will also abide by our Hosted Services acceptable use policy: <https://www.splunk.com/view/SP-CAAAMB6>.

****17. Confidentiality****

A. ****Confidential Information.**** Each party will protect the Confidential Information of the other. Accordingly, Receiving Party agrees to: (i) protect the Disclosing Partys Confidential Information using the same degree of care (but in no event less than reasonable care) that it uses to protect its own Confidential Information of a similar nature; (ii) limit use of Disclosing Partys Confidential Information for purposes consistent with these General Terms, and (iii) use commercially reasonable efforts to limit access to Disclosing Partys Confidential Information to its employees, contractors and agents or those of its Affiliates who have a bona fide need to access such Confidential Information for purposes consistent with these General Terms and who are subject to confidentiality obligations no less stringent than those herein.

B. ****Compelled Disclosure of Confidential Information.**** Notwithstanding the foregoing terms, the Receiving Party may disclose Confidential Information of the Disclosing Party if it is compelled by law enforcement agencies or regulators to do so, provided the Receiving Party gives the Disclosing Party prior notice of such compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled to disclose the Disclosing Partys Confidential Information as part of a civil proceeding to which the Disclosing Party is a Party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to such Confidential Information.

****18. Payment****

The payment terms below only apply when you purchase Offerings directly from Splunk. When you purchase from an authorized reseller or Digital Marketplace, the payment terms are between you and the authorized reseller or Digital Marketplace. However, a breach of your payment obligations for an Offering with a Digital Marketplace will be deemed a breach of this Section 18.

A. ****Fees.**** You agree to pay all Fees specified in the Orders. Fees are non-cancelable and non-refundable, except as otherwise expressly set forth in these General Terms. We will be solely responsible for taxes assessable against us based on our net income, property, and employees.

****19. Splunk's Warranties****

A. ****Relationship to Applicable Law.**** We will not seek to limit our liability, or any of your warranties, rights and remedies, to the extent the limits are not permitted by applicable law (e.g., warranties, remedies or liabilities that cannot be excluded by applicable law).

B.

****General Corporate Warranty.**** Splunk warrants that it has the legal power and authority to enter into these General Terms.

C. ****Hosted Services Warranty.**** Splunk warrants that during the applicable Term: (i) Splunk will not materially decrease the overall functionality of the Hosted Services; and (ii) the Hosted Services will perform materially in accordance with the applicable Documentation. Our sole and exclusive liability, and your sole and exclusive remedy for any breach of these warranties, will be your right to terminate the applicable Hosted Services Purchased Offering, and we will refund to you any prepaid but unused Fees for the remainder of the Term.

D. ****On-Premises Product Warranty.**** Splunk warrants that for a period of ninety (90) days from the Delivery of an On-Premises Product, the On-Premises Product will substantially perform the material functions described in the applicable Documentation for such On-Premises Product, when used in accordance with the applicable Documentation. Splunk does not warrant that use of Offerings will be uninterrupted, error free or secure, or that all defects will be corrected.

****20. Ownership****

A. ****Offerings.**** As between you and Splunk, Splunk owns and reserves all right, title, and interest in and to the

****21. Term and Termination****

A. ****Term and Renewal.**** These General Terms will commence upon the Effective Date and will remain in effect until the expiration of all applicable Purchased Offerings, unless earlier terminated pursuant to this Section. Termination of a specific Purchased Offering will not affect the Term of any other Purchased Offering. Termination of these General Terms will have the effect of terminating all Purchased Offerings. Grounds for terminating a Purchased Offering (e.g., for non-payment), that are specific to the Purchased Offering, will not be grounds to terminate Purchased Offerings where no breach exists. Unless indicated otherwise in an Order, the Term of a Purchased Offering (and these General Terms) will automatically renew for an additional period of time equal to the length of the preceding Term, unless one party notifies the other of its intent not to renew at least one (1) day in advance of the expiration of the Term or then-current renewal period.

B. ****Termination.**** Either party may terminate these General Terms, or any Purchased Offering, by written notice to the other party in the event of a material breach of these General Terms, or the specific terms associated with that Purchased Offering, that is not cured within thirty (30) days of receipt of the notice. Upon any expiration or termination of a Purchased Offering, the rights and licenses granted to you for that Purchased Offering will automatically terminate, and you agree to immediately (i) cease using and accessing the Offering, (ii) return or destroy all copies of any On-Premises Products and other Splunk materials and Splunk Confidential Information in your possession or control, and (iii) upon our request, certify in writing the completion of such return or destruction. Upon termination of these General Terms or any Purchased Offering, Splunk will have no obligation to refund any Fees or other amounts received from you during the Term. Notwithstanding any early termination above, except for your termination for our uncured material breach, you will still be required to pay all Fees payable under an Order.

C. ****Survival.**** The termination or expiration of these General Terms will not affect any provisions herein which by their nature survive termination or expiration, including the provisions that deal with the following subject matters: definitions, ownership of intellectual property, confidentiality, payment obligations, effect of termination, limitation of liability, privacy, and the ****Miscellaneous**** section in these General Terms.

D. ****Suspension of Service.**** In the event of a material breach or threatened material breach of this Agreement, Splunk may, without limiting its other rights and remedies, suspend your use of the Hosted Service until such breach

is cured or Splunk reasonably believes there is no longer a threat, provided that, we will give you at least five (5) days prior notice before suspension. Suspension of a Hosted Service will have no impact on the duration of the Term of the Purchased Offering, or the associated Fees owed.

22. Limitation of Liability

In no event will the aggregate liability of either party, together with any of its Affiliates, arising out of or related to any Purchased Offering exceed the total amount paid by you for that Purchased Offering in the twelve (12) months preceding the first incident out of which the liability arose. However, the foregoing limitation will not limit your obligations under the "Payment" section above and will not be deemed to limit your rights to any service level credits under any applicable Service Level Schedule. Furthermore, the cap above will not be deemed to limit Splunk's right to recover amounts for your use of an Offering in excess of the Capacity purchased or use outside of Internal Business Purposes.

In no event will either party or its Affiliates have any liability arising out of or related to these General Terms for any lost profits, revenues, goodwill, or indirect, special, incidental, consequential, cover, business interruption or punitive damages.

The foregoing limitations will apply whether the action is in contract or tort and regardless of the theory of liability, even if a party or its Affiliates have been advised of the possibility of such damages or if a party's or its Affiliates remedy otherwise fails of its essential purpose.

The limitation of liability herein will not apply to a party's infringement of the other party's intellectual property rights, indemnification obligations, or the fraud, gross negligence or willful misconduct of a party.

The foregoing disclaimers of damages will also not apply to the extent prohibited by law. Some jurisdictions do not allow the exclusion or limitation of certain damages. To the extent such a law applies to you, some or all of the exclusions or limitations set forth above may not apply to you, and you may have additional rights.

23. Indemnity

A. **Our Indemnification to You.** Splunk will defend and indemnify you, and pay all damages (including attorneys fees and costs) awarded against you, or that are agreed to in a settlement, to the extent a claim, demand, suit or proceeding is made or brought against you or your Affiliates by a third party (including those brought by a government entity) alleging that a Purchased Offering infringes or misappropriates such third party's patent, copyright, trademark or trade secret (a **Customer Claim**). Splunk will have no obligation under the foregoing provision to the extent a Customer Claim arises from your breach of these General Terms, your Customer Content, Third-Party Extension, or the combination of the Offering with: (i) Customer Content; (ii) Third-Party Extensions; (iii) any software other than software provided by Splunk; or (iv) any hardware or equipment. However, Splunk will indemnify against combination claims to the extent (y) the combined software is necessary for the normal operation of the Purchased Offering (e.g., an operating system), or (z) the Purchased Offering provides substantially all the essential elements of the asserted infringement or misappropriation claim. Splunk may in its sole discretion and at no cost to you: (1) modify any Purchased Offering so that it no longer infringes or misappropriates a third party right, (2) obtain a license for your continued use of the Purchased Offering, in accordance with these General Terms, or (3) terminate the Purchased Offering and refund to you any prepaid fees covering the unexpired Term.

B. ****Your Indemnification to Us.**** Unless expressly prohibited by applicable law, you will defend and indemnify us, and pay all damages (including attorneys fees and costs) awarded against Splunk, or that are agreed to in a settlement, to the extent a claim, demand, suit or proceeding is made or brought against Splunk or its Affiliates by a third party (including those brought by a government entity) that: (i) alleges that your Customer Content or Customer Extensions infringes or misappropriates such third partys patent, copyright, trademark or trade secret, or violates another right of a third party; or (ii) alleges that your Customer Content or your use of any Offering violates applicable law or regulation.

C. ****Mutual Indemnity.**** Each party will defend, indemnify and pay all damages (including attorneys fees and costs) awarded against the other party, or that are agreed to in a settlement to the extent that an action brought against the other party by a third party is based upon a claim for bodily injury (including death) to any person, or damage to tangible property resulting from the negligent acts or willful misconduct of the indemnifying party or its personnel hereunder, and will pay any reasonable, direct, out-of-pocket costs, damages and reasonable attorneys fees attributable to such claim that are awarded against the indemnified party (or are payable in settlement by the indemnified party).

D. ****Process for Indemnification.**** The indemnification obligations above are subject to the party seeking indemnification to: (i) provide the other party with prompt written notice of the specific claim; (ii) give the indemnifying party sole control of the defense and settlement of the claim (except that the indemnifying party may not settle any claim that requires any action or forbearance on the indemnified partys part without their prior consent, which will not unreasonably withhold or delay); and (iii) gives the indemnifying party all reasonable assistance, at such partys expense.

****24. Updates to Offerings****

We warrant that the C&I Services will be performed in a good and workmanlike manner consistent with applicable industry standards. This warranty will be in effect for a period of thirty (30) days from the completion of any C&I Services. As your sole and exclusive remedy and our entire liability for any breach of the foregoing warranty, we will, at our option and expense, promptly re-perform any C&I Services that fail to meet this warranty or refund to you the fees paid for the non-conforming C&I Services.

7. ****Your Cooperation****

You acknowledge that your timely provision of (and our access to) your facilities, equipment, assistance, cooperation, data, information and materials from your officers, agents, and employees (the ****Cooperation****) is essential to Splunk's performance of the C&I Services. We will not be liable for any delay or deficiency in performing the C&I Services if you do not provide the necessary Cooperation. As part of the Cooperation, you will (1) designate a project manager or technical lead to liaise with us while we perform the C&I Services; (2) allocate and engage additional resources as may be required to assist us in performing the C&I Services; and (3) making available to us any data, information and any other materials reasonably required by us to perform the C&I Services, including any data, information or materials specifically identified in the Statement of Work.

8. ****Insurance****

Throughout any period of C&I Services we perform for you, we will maintain insurance policies in the types and amounts described below at our own expense:

- Commercial General Liability Insurance with a limit of not less than \$1,000,000 per occurrence and a general aggregate limit of not less than \$2,000,000.
- Business Auto Insurance with a limit of not less than \$1,000,000 combined single limit. Such Insurance will cover liability arising out of "hired and non-owned" automobiles.
- Workers Compensation Insurance as required by workers compensation, occupational disease and occupational health and safety laws, statutes, and regulations.
- Technology Errors & Omissions Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.
- Umbrella/Excess Insurance with a limit of not less than \$3,000,000 per occurrence and general aggregate.

9. ****Change Order Process****

You may submit written requests to us to change the scope of C&I Services described in a Statement of Work

(each such request, a "Change Order Request"). If we elect to consider a Change Order Request, then we will promptly notify you if we believe that the Change Order Request requires an adjustment to the fees or to the schedule for the performance of the C&I Services. In such event, the parties will negotiate in good faith a reasonable and equitable adjustment to the fees and/or schedule, as applicable. We will continue to perform C&I Services pursuant to the existing Statement of Work and will have no obligation to perform any Change Order Request unless and until the parties have agreed in writing to such an equitable adjustment.

10. Expenses

Unless otherwise specified in the Statement of Work, we will not charge you for our expenses we incur in connection with a Statement of Work. Our daily C&I Services rates are inclusive of any expenses. In the event the parties agree that expenses are reimbursable under a Statement of Work, we will mutually agree on any travel policy and any required documentation for reimbursement.

11. Prepaid C&I Services

Unless otherwise expressly stated in a Statement of Work, all prepaid C&I Services must be redeemed within twelve (12) months from the date of purchase/invoice. At the end of the twelve (12) month term, any remaining prepaid unused C&I Services will expire; no refunds will be provided for any remaining pre-paid unused C&I Services. Unless otherwise specifically stated in a Statement of Work, Education is invoiced and payable in advance.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding

those notices that do not

pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided

that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

GNU GENERAL PUBLIC LICENSE
Version 3, 29 June 2007

Copyright (C) 2007 Free Software Foundation, Inc. <<https://fsf.org/>>
Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

Preamble

The GNU General Public License is a free, copyleft license for software and other kinds of works.

The licenses for most software and other practical works are designed to take away your freedom to share and change the works. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change all versions of a program--to make sure it remains free software for all its users. We, the Free Software Foundation, use the GNU General Public License for most of our software; it applies also to any other work released this way by its authors. You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for them if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs, and that you know you can do these things.

To protect your rights, we need to prevent others from denying you these rights or asking you to surrender the rights. Therefore, you have certain responsibilities if you distribute copies of the software, or if you modify it: responsibilities to respect the freedom of others.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must pass on to the recipients the same freedoms that you received. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

Developers that use the GNU GPL protect your rights with two steps:

(1) assert copyright on the software, and (2) offer you this License giving you legal permission to copy, distribute and/or modify it.

For the developers' and authors' protection, the GPL clearly explains that there is no warranty for this free software. For both users' and authors' sake, the GPL requires that modified versions be marked as changed, so that their problems will not be attributed erroneously to authors of previous versions.

Some devices are designed to deny users access to install or run modified versions of the software inside them, although the manufacturer can do so. This is fundamentally incompatible with the aim of

protecting users' freedom to change the software. The systematic pattern of such abuse occurs in the area of products for individuals to use, which is precisely where it is most unacceptable. Therefore, we have designed this version of the GPL to prohibit the practice for those products. If such problems arise substantially in other domains, we stand

ready to extend this provision to those domains in future versions of the GPL, as needed to protect the freedom of users.

Finally, every program is threatened constantly by software patents. States should not allow patents to restrict development and use of software on general-purpose computers, but in those that do, we wish to avoid the special danger that patents applied to a free program could make it effectively proprietary. To prevent this, the GPL assures that patents cannot be used to render the program non-free.

The precise terms and conditions for copying, distribution and modification follow.

TERMS AND CONDITIONS

0. Definitions.

"This License" refers to version 3 of the GNU General Public License.

"Copyright" also means copyright-like laws that apply to other kinds of works, such as semiconductor masks.

"The Program" refers to any copyrightable work licensed under this License. Each licensee is addressed as "you". "Licensees" and "recipients" may be individuals or organizations.

To "modify" a work means to copy from or adapt all or part of the work in a fashion requiring copyright permission, other than the making of an exact copy. The resulting work is called a "modified version" of the earlier work or a work "based on" the earlier work.

A "covered work" means either the unmodified Program or a work based on the Program.

To "propagate" a work means to do anything with it that, without permission, would make you directly or secondarily liable for infringement under applicable copyright law, except executing it on a computer or modifying a private copy. Propagation includes copying, distribution (with or without modification), making available to the public, and in some countries other activities as well.

To "convey" a work means any kind of propagation that enables other parties to make or receive copies. Mere interaction with a user through a computer network, with no transfer of a copy, is not conveying.

An interactive user interface displays "Appropriate Legal Notices" to the extent that it includes a convenient and prominently visible feature that (1) displays an appropriate copyright notice, and (2) tells the user that there is no warranty for the work (except to the extent that warranties are provided), that licensees may convey the work under this License, and how to view a copy of this License. If the interface presents a list of user commands or options, such as a menu, a prominent item in the list meets this criterion.

1. Source Code.

The "source code" for a work means the preferred form of the work for making modifications to it. "Object code" means any non-source form of a work.

A "Standard Interface" means an interface that either is an official standard defined by a recognized standards body, or, in the case of interfaces specified for a particular programming language, one that is widely used among developers working in that language.

The

"System Libraries" of an executable work include anything, other than the work as a whole, that (a) is included in the normal form of packaging a Major Component, but which is not part of that Major Component, and (b) serves only to enable use of the work with that Major Component, or to implement a Standard Interface for which an implementation is available to the public in source code form. A "Major Component", in this context, means a major essential component (kernel, window system, and so on) of the specific operating system (if any) on which the executable work runs, or a compiler used to produce the work, or an object code interpreter used to run it.

The "Corresponding Source" for a work in object code form means all the source code needed to generate, install, and (for an executable work) run the object code and to modify the work, including scripts to control those activities. However, it does not include the work's System Libraries, or general-purpose tools or generally available free programs which are used unmodified in performing those activities but which are not part of the work. For example, Corresponding Source includes interface definition files associated with source files for the work, and the source code for shared libraries and dynamically linked subprograms that the work is specifically designed to require,

such as by intimate data communication or control flow between those subprograms and other parts of the work.

The Corresponding Source need not include anything that users can regenerate automatically from other parts of the Corresponding Source.

The Corresponding Source for a work in source code form is that same work.

2. Basic Permissions.

All rights granted under this License are granted for the term of copyright on the Program, and are irrevocable provided the stated conditions are met. This License explicitly affirms your unlimited permission to run the unmodified Program. The output from running a covered work is

covered by this License only if the output, given its content, constitutes a covered work. This License acknowledges your rights of fair use or other equivalent, as provided by copyright law.

You may make, run and propagate covered works that you do not convey, without conditions so long as your license otherwise remains in force. You may convey covered works to others for the sole purpose of having them make modifications exclusively for you, or provide you with facilities for running those works, provided that you comply with the terms of this License in conveying all material for which you do not control copyright. Those thus making or running the covered works for you must do so exclusively on your behalf, under your direction and control, on terms that prohibit them from making any copies of your copyrighted material outside their relationship with you.

Conveying under any other circumstances is permitted solely under the conditions stated below. Sublicensing is not allowed;
section 10
makes it unnecessary.

3. Protecting Users' Legal Rights From Anti-Circumvention Law.

No covered work shall be deemed part of an effective technological measure under any applicable law fulfilling obligations under article 11 of the WIPO copyright treaty adopted on 20 December 1996, or similar laws prohibiting or restricting circumvention of such measures.

When you convey a covered work, you waive any legal power to forbid circumvention of technological measures to the extent such circumvention is effected by exercising rights under this License with respect to

the covered work, and you disclaim any intention to limit operation or modification of the work as a means of enforcing, against the work's users, your or third parties' legal rights to forbid circumvention of technological measures.

4. Conveying Verbatim Copies.

You may convey verbatim copies of the Program's source code as you receive it, in any medium, provided that you conspicuously and appropriately

publish on each copy an appropriate copyright notice;
keep intact all notices stating that this License and any
non-permissive terms added in accord with section 7 apply to the code;
keep intact all notices of the absence of any warranty; and give all
recipients a copy of this License along with the Program.

You may charge any price or no price for each copy that you convey, and you may offer support or warranty protection for a fee.

5. Conveying Modified Source Versions.

You may convey a work based on the Program, or the modifications to produce it from the Program, in the form of source code under the terms of section 4, provided that you also meet all of these conditions:

- a) The work must carry prominent notices stating that you modified it, and giving a relevant date.
- b) The work must carry prominent notices stating that it is released under this License and any conditions added under section 7. This requirement modifies the requirement in section 4 to "keep intact all notices".
- c) You must license the entire work, as a whole, under this License to anyone who comes into possession of a copy. This License will therefore apply, along with any applicable section 7 additional terms, to the whole of the work, and all its parts, regardless of how they are packaged. This License gives no permission to license the work in any other way, but it does not invalidate such permission if you have separately received it.
- d) If the work has interactive user interfaces, each must display Appropriate Legal Notices; however, if the Program has interactive interfaces that do not display Appropriate Legal Notices, your work need not make them do so.

A compilation of a covered work with other separate and independent

works, which are not by their nature extensions of the covered work, and which are not combined with it such as to form a larger program, in or on a volume of a storage or distribution medium, is called an "aggregate" if the compilation and its resulting copyright are not used to limit the access or legal rights of the compilation's users beyond what the individual works permit. Inclusion of a covered work in an aggregate does not cause this License to apply to the other parts of the aggregate.

6. Conveying Non-Source Forms.

You may convey a covered work in object code form under the terms of sections 4 and 5, provided that you also convey the machine-readable Corresponding Source under the terms of this License, in one of these ways:

- a) Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by the Corresponding Source fixed on a durable physical medium customarily used for software interchange.
- b) Convey the object code in, or embodied in, a physical product (including a physical distribution medium), accompanied by a written offer, valid for at least three years and valid for as long as you offer spare parts or customer support for that product model, to give anyone who possesses the object code either (1) a copy of the Corresponding Source for all the software in the product that is covered by this License, on a durable physical medium customarily used for software interchange, for a price no more than your reasonable cost of physically performing this conveying of source, or (2) access to copy the Corresponding Source from a network server at no charge.
- c) Convey individual copies of the object code with a copy of the written offer to provide the Corresponding Source. This alternative is allowed only occasionally and noncommercially, and only if you received the object code with such an offer, in accord with subsection 6b.
- d) Convey the object code by offering access from a designated place (gratis or for a charge), and offer equivalent access to the Corresponding Source in the same way through the same place at no further charge. You need not require recipients to copy the Corresponding Source along with the object code. If the place to copy the object code is a network server, the Corresponding Source

may be on a different server (operated by you or a third party) that supports equivalent copying facilities, provided you maintain clear directions next to the object code saying where to find the Corresponding Source. Regardless of what server hosts the Corresponding Source, you remain obligated to ensure that it is available for as long as needed to satisfy these requirements.

e) Convey the object code using peer-to-peer transmission, provided you inform other peers where the object code and Corresponding Source of the work are being offered to the general public at no charge under subsection 6d.

A separable portion of the object code, whose source code is excluded from the Corresponding Source as a System Library, need not be included in conveying the object code work.

A "User Product" is either (1) a "consumer product", which means any tangible personal property which is normally used for personal, family, or household purposes, or (2) anything designed or sold for incorporation into a dwelling. In determining whether a product is a consumer product, doubtful cases shall be resolved in favor of coverage. For a particular product received by a particular user, "normally used" refers to a typical or common use of that class of product, regardless of the status of the particular user or of the way in which the particular user actually uses, or expects or is expected to use, the product. A product is a consumer product regardless of whether the product has substantial commercial, industrial or non-consumer uses, unless such uses represent the only significant mode of use of the product.

"Installation Information" for a User Product means any methods, procedures, authorization keys, or other information required to install and execute modified versions of a covered work in that User Product from a modified version of its Corresponding Source. The information must suffice to ensure that the continued functioning of the modified object code is in no case prevented or interfered with solely because modification has been made.

If you convey an object code work under this section in, or with, or specifically for use in, a User Product, and the conveying occurs as part of a transaction in which the right of possession and use of the User Product is transferred to the recipient in perpetuity or for a fixed term (regardless of how the transaction is characterized), the Corresponding Source conveyed under this section must be accompanied by the Installation Information. But this requirement does not apply if neither you nor any third party retains the ability to install modified object code on the User Product (for example, the work has

been installed in
ROM).

The requirement to provide Installation Information does not include a requirement to continue to provide support service, warranty, or updates for a work that has been modified or installed by the recipient, or for the User Product in which it has been modified or installed. Access to a network may be denied when the modification itself materially and adversely affects the operation of the network or violates the rules and protocols for communication across the network.

Corresponding Source conveyed, and Installation Information provided, in accord with this section must be in a format that is publicly documented (and with an implementation available to the public in source code form), and must require no special password or key for unpacking, reading or copying.

7. Additional Terms.

"Additional permissions" are terms that supplement the terms of this License by making exceptions from one or more of its conditions. Additional permissions that are applicable to the entire Program shall be treated as though they were included in this License, to the extent that they are valid under applicable law. If additional permissions apply only to part of the Program, that part may be used separately under those permissions, but the entire Program remains governed by this License without regard to the additional permissions.

When you convey a copy of a covered work, you may at your option remove any additional permissions from that copy, or from any part of it. (Additional permissions may be written to require their own removal in certain cases when you modify the work.) You may place additional permissions on material, added by you to a covered work, for which you have or can give appropriate copyright permission.

Notwithstanding any other provision of this License, for material you add to a covered work, you may (if authorized by the copyright holders of that material) supplement the terms of this License with terms:

- a) Disclaiming warranty or limiting liability differently from the terms of sections 15 and 16 of this License; or
- b) Requiring preservation of specified reasonable legal notices or author attributions in that material or in the Appropriate Legal Notices displayed by works containing it; or

- c) Prohibiting misrepresentation of the origin of that material, or requiring that modified versions of such material be marked in reasonable ways as different from the original version; or
- d) Limiting the use for publicity purposes of names of licensors or authors of the material; or
- e) Declining to grant rights under trademark law for use of some trade names, trademarks, or service marks; or
- f) Requiring indemnification of licensors and authors of that material by anyone who conveys the material (or modified versions of it) with contractual assumptions of liability to the recipient, for any liability that these contractual assumptions directly impose on those licensors and authors.

All other non-permissive additional terms are considered "further restrictions" within the meaning of section 10. If the Program as you received it, or any part of it, contains a notice stating that it is governed by this License along with a term that is a further restriction, you may remove that term. If a license document contains a further restriction but permits relicensing or conveying under this License, you may add to a covered work material governed by the terms of that license document, provided that the further restriction does not survive such relicensing or conveying.

If you add terms to a covered work in accord with this section, you must place, in the relevant source files, a statement of the additional terms that apply to those files, or a notice indicating where to find the applicable terms.

Additional terms, permissive or non-permissive, may be stated in the form of a separately written license, or stated as exceptions; the above requirements apply either way.

8. Termination.

You may not propagate or modify a covered work except as expressly provided under this License. Any attempt otherwise to propagate or modify it is void, and will automatically terminate your rights under this License (including any patent licenses granted under the third paragraph of section 11).

However, if you cease all violation of this License, then your license from a particular copyright holder is reinstated (a) provisionally, unless and until the copyright holder explicitly and

finally terminates your license, and (b) permanently, if the copyright holder fails to notify you of the violation by some reasonable means prior to 60 days after the cessation.

Moreover, your license from a particular copyright holder is reinstated permanently if the copyright holder notifies you of the violation by some reasonable means, this is the first time you have received notice of violation of this License (for any work) from that copyright holder, and you cure the violation prior to 30 days after your receipt of the notice.

Termination of your rights under this section does not terminate the licenses of parties who have received copies or rights from you under this License. If your rights have been terminated and not permanently reinstated, you do not qualify to receive new licenses for the same material under section 10.

9. Acceptance Not Required for Having Copies.

You are not required to accept this License in order to receive or run a copy of the Program. Ancillary propagation of a covered work occurring solely as a consequence of using peer-to-peer transmission to receive a copy likewise does not require acceptance. However, nothing other than this License grants you permission to propagate or modify any covered work. These actions infringe copyright if you do not accept this License. Therefore, by modifying or propagating a covered work, you indicate your acceptance of this License to do so.

10. Automatic Licensing of Downstream Recipients.

Each time you convey a covered work, the recipient automatically receives a license from the original licensors, to run, modify and propagate that work, subject to this License. You are not responsible for enforcing compliance by third parties with this License.

An "entity transaction" is a transaction transferring control of an organization, or substantially all assets of one, or subdividing an organization, or merging organizations. If propagation of a covered work results from an entity transaction, each party to that transaction who receives a copy of the work also receives whatever licenses to the work the party's predecessor in interest had or could give under the previous paragraph, plus a right to possession of the Corresponding Source of the work from the predecessor in interest, if the predecessor has it or can get it with reasonable efforts.

You may not impose any further restrictions on the exercise of the rights

granted or affirmed under this License. For example, you may not impose a license fee, royalty, or other charge for exercise of rights granted under this License, and you may not initiate litigation (including a cross-claim or counterclaim in a lawsuit) alleging that any patent claim is infringed by making, using, selling, offering for sale, or importing the Program or any portion of it.

11. Patents.

A "contributor" is a copyright holder who authorizes use under this License of the Program or a work on which the Program is based. The work thus licensed is called the contributor's "contributor version".

A contributor's "essential patent claims" are all patent claims owned or controlled by the contributor, whether already acquired or hereafter acquired, that would be infringed by some manner, permitted by this License, of making, using, or selling its contributor version, but do not include claims that would be infringed only as a consequence of further modification of the contributor version. For purposes of this definition, "control" includes the right to grant patent sublicenses in a manner consistent with the requirements of this License.

Each contributor grants you a non-exclusive, worldwide, royalty-free patent license under the contributor's essential patent claims, to make, use, sell, offer for sale, import and otherwise run, modify and propagate the contents of its contributor version.

In the following three paragraphs, a "patent license" is any express agreement or commitment, however denominated, not to enforce a patent (such as an express permission to practice a patent or covenant not to sue for patent infringement). To "grant" such a patent license to a party means to make such an agreement or commitment not to enforce a patent against the party.

If you convey a covered work, knowingly relying on a patent license, and the Corresponding Source of the work is not available for anyone to copy, free of charge and under the terms of this License, through a publicly available network server or other readily accessible means, then you must either (1) cause the Corresponding Source to be so available, or (2) arrange to deprive yourself of the benefit of the patent license for this particular work, or (3) arrange, in a manner consistent with the requirements of this License, to extend the patent license to downstream recipients. "Knowingly relying" means you have actual knowledge that, but for the patent license, your conveying the covered work in a country, or your recipient's use of the covered work

in a country, would infringe one or more identifiable patents in that country that you have reason to believe are valid.

If, pursuant to or in connection with a single transaction or arrangement, you convey, or propagate by procuring conveyance of, a covered work, and grant a patent license to some of the parties receiving the covered work authorizing them to use, propagate, modify or convey a specific copy of the covered work, then the patent license you grant is automatically extended to all recipients of the covered work and works based on it.

A patent license is "discriminatory" if it does not include within the scope of its coverage, prohibits the exercise of, or is conditioned on the non-exercise of one or more of the rights that are specifically granted under this License. You may not convey a covered work if you are a party to an arrangement with a third party that is in the business of distributing software, under which you make payment to the third party based on the extent of your activity of conveying the work, and under which the third party grants, to any of the parties who would receive the covered work from you, a discriminatory patent license (a) in connection with copies of the covered work conveyed by you (or copies made from those copies), or (b) primarily for and in connection with specific products or compilations that contain the covered work, unless you entered into that arrangement, or that patent license was granted, prior to 28 March 2007.

Nothing in this License shall be construed as excluding or limiting any implied license or other defenses to infringement that may otherwise be available to you under applicable patent law.

12. No Surrender of Others' Freedom.

If conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot convey a covered work so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not convey it at all. For example, if you agree to terms that obligate you to collect a royalty for further conveying from those to whom you convey the Program, the only way you could satisfy both those terms and this License would be to refrain entirely from conveying the Program.

13. Use with the GNU Affero General Public License.

Notwithstanding any other provision of this License, you have

permission to link or combine any covered work with a work licensed under version 3 of the GNU Affero General Public License into a single combined work, and to convey the resulting work. The terms of this License will continue to apply to the part which is the covered work, but the special requirements of the GNU Affero General Public License, section 13, concerning interaction through a network will apply to the combination as such.

14. Revised Versions of this License.

The Free Software Foundation may publish revised and/or new versions of the GNU General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies that a certain numbered version of the GNU General Public License "or any later version" applies to it, you have the option of following the terms and conditions either of that numbered version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of the GNU General Public License, you may choose any version ever published by the Free Software Foundation.

If the Program specifies that a proxy can decide which future versions of the GNU General Public License can be used, that proxy's public statement of acceptance of a version permanently authorizes you to choose that version for the Program.

Later license versions may give you additional or different permissions. However, no additional obligations are imposed on any author or copyright holder as a result of your choosing to follow a later version.

15. Disclaimer of Warranty.

THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

16. Limitation of Liability.

IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MODIFIES AND/OR CONVEYS THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

17.

Interpretation of Sections 15 and 16.

If the disclaimer of warranty and limitation of liability provided above cannot be given local legal effect according to their terms, reviewing courts shall apply local law that most closely approximates an absolute waiver of all civil liability in connection with the Program, unless a warranty or assumption of liability accompanies a copy of the Program in return for a fee.

END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Programs

If you develop a new program, and you want it to be of the greatest possible use to the public, the best way to achieve this is to make it free software which everyone can redistribute and change under these terms.

To do so, attach the following notices to the program. It is safest to attach them to the start of each source file to most effectively state the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

<one line to give the program's name and a brief idea of what it does.>

Copyright (C) <year> <name of author>

This program is free software: you can redistribute it and/or modify it under the terms of the GNU General Public License as published by the Free Software Foundation, either version 3 of the License, or (at your option) any later version.

This program is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU General Public License for more details.

You should have received a copy of the GNU General Public License along with this program. If not, see <https://www.gnu.org/licenses/>.

Also add information on how to contact you by electronic and paper mail.

If the program does terminal interaction, make it output a short notice like this when it starts in an interactive mode:

```
<program> Copyright (C) <year> <name of author>  
This program comes with ABSOLUTELY NO WARRANTY; for details type `show w'.  
This is free software, and you are welcome to redistribute it  
under certain conditions; type `show c' for details.
```

The hypothetical commands `show w' and `show c' should show the appropriate parts of the General Public License. Of course, your program's commands might be different; for a GUI interface, you would use an "about box".

You should also get your employer (if you work as a programmer) or school, if any, to sign a "copyright disclaimer" for the program, if necessary. For more information on this, and how to apply and follow the GNU GPL, see <https://www.gnu.org/licenses/>.

The GNU General Public License does not permit incorporating your program into proprietary programs. If your program is a subroutine library, you may consider it more useful to permit linking proprietary applications with the library. If this is what you want to do, use the GNU Lesser General Public License instead of this License. But first, please read <https://www.gnu.org/licenses/why-not-lgpl.html>.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership

of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual,

worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this

License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the

Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or

documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions

for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions.

Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct,

indirect, special,

incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

APPENDIX: How to apply the Apache License to your work.

To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.
