1. "Cloud Controls Framework" baseline includes the most common controls across global cloud compliance frameworks. SOC2 is SOC2 Type 2

2. SCC – Firewall Management refers to Security Cloud Control – Firewall Management, formally Cisco Defense Orchestrator

3. Webex Suite includes Messaging, Meeting, and Cloud Calling

4. Only XDR committed for ISMAP

5. This product is undergoing the authorization or certification process and/or sales enablement

● Certification Achieved
