## Cisco Accessibility Conformance Report VPAT ${ }^{\circledR}$ Version 2.4

Name of Product/Version: Cisco Webex Meetings for iOS WBS43.8
Product Description: Cisco Webex Meetings offers secure, integrated audio, video, and content sharing from any device, anywhere. Intelligent features such as noise removal, Webex Assistant, with real-time translations.
Date: October 11, 2023
Contact Information: accessibility@cisco.com
Evaluation Method Used: The following testing was done on iPhone 13 Pro Max with iOS 16.6; using VoiceOver, Assistive Touch, Zoom, Darken Colors, Larger Text and no external keyboard.

Summary Table - Voluntary Product Accessibility Template

| Standard/Guideline | Included In Report | Remarks and Explanations |
| :--- | :--- | :--- |
| Section 508 Chapter 3: Functional Performance Criteria | Included |  |
| Section 508 Chapter 4: Hardware | Not Applicable | This is a mobile application. |
| Section 508 Chapter 5: Software | Included | Where applicable, the WCAG 2.1 table <br> should cover all requirements of WCAG 2.0 <br> that are incorporated by Section 508. |
| W3C WCAG 2.1 Level A and AA for Software application | Included | This is a mobile application. |
| W3C WCAG 2.1 Level A and AA for Web application | Not Applicable | Where applicable, the WCAG 2.1 table <br> should cover all requirements of WCAG 2.0 <br> that are incorporated by Section 508. |
| Section 508 Chapter 6: Support Documentation and Services | Included | Included |
| W3C WCAG 2.1 Level A and AA for Documentation |  |  |

## Section 508 Chapter 3: Functional Performance Criteria - Detail

| Criteria | Description | Status | Remarks and Explanations |
| :---: | :---: | :---: | :---: |
| 302.1 | Without Vision. Where a visual mode of operation is provided, ICT shall provide at least one mode of operation that does not require user vision. | Partially Supports | The product does not fully support users without vision, please see "Chapter 5" and "W3C WCAG 2.1 Level A and AA" tables for more details. |
| 302.2 | With Limited Vision. Where a visual mode of operation is provided, ICT shall provide at least one mode of operation that enables users to make use of limited vision. | Partially Supports | The product does not fully support users with limited vision, please see "Chapter 5" and "W3C WCAG 2.1 Level A and AA" tables for more details. |
| 302.3 | Without Perception of Color. Where a visual mode of operation is provided, ICT shall provide at least one visual mode of operation that does not require user perception of color. | Partially Supports | The product does not fully support users without perception of color, please see "Chapter 5" and "W3C WCAG 2.1 Level A and AA" tables for more details. |
| 302.4 | Without Hearing. Where an audible mode of operation is provided, ICT shall provide at least one mode of operation that does not require user hearing. | Supports |  |
| 302.5 | With Limited Hearing. Where an audible mode of operation is provided, ICT shall provide at least one mode of operation that enables users to make use of limited hearing. | Supports |  |
| 302.6 | Without Speech. Where speech is used for input, control, or operation, ICT shall provide at least one mode of operation that does not require user speech. | Supports |  |
| 302.7 | With Limited Manipulation. Where a manual mode of operation is provided, ICT shall provide at least one mode of operation that does not require fine motor control or simultaneous manual operations. | Partially Supports | The product does not fully support users with limited manipulation, please see "Chapter 5" and "W3C WCAG 2.1 Level A and AA" tables for more details. |
| 302.8 | With Limited Reach and Strength. Where a manual mode of operation is provided, ICT shall provide at least one mode of operation that is operable with limited reach and limited strength. | Supports |  |
| 302.9 | With Limited Language, Cognitive, and Learning Abilities. ICT shall provide features making its use by individuals with limited cognitive, language, and learning abilities simpler and easier. | Partially Supports | Support for users with limited language, cognitive, and learning abilities is varied and depends on the user's experience. |

## Section 508 Chapter 5: Software - Detail

| Criteria | Description | Status | Remarks and Explanations |
| :--- | :--- | :--- | :--- |
| 501.1 | Scope - Incorporation of WCAG 2.0 | Partially Supports <br> requirements of WCAG 2.0. See "WCAG <br> 2.1 Level A and AA" table for more <br> information. |  |
| 502.2 .1 | User Control of Accessibility Features. Platform software <br> shall provide user control over platform features that are <br> defined in the platform documentation as accessibility <br> features. | Not Applicable | This product is not a platform software. |
| 502.2 .2 | No Disruption of Accessibility Features. Software shall not <br> disrupt platform features that are defined in the platform <br> documentation as accessibility features. | Partially Supports | Some texts are not visible after resizing <br> the text to 200\%. |
| 502.3 .1 | Object Information. The object role, state(s), properties, <br> boundary, name, and description shall be programmatically <br> determinable | Not Applicable | This product is not a platform software. |
| 502.3 .2 | Modification of Object Information. States and properties that <br> can be set by the user shall be capable of being set <br> programmatically, including through assistive technology. | Not Applicable | This product is not a platform software. |
| 502.3 .3 | Row, Column, and Headers. If an object is in a data table, <br> the occupied rows and columns, and any headers associated <br> with those rows or columns, shall be programmatically <br> determinable. | Not Applicable | This product is not a platform software. |
| 502.3 .4 | Values. Any current value(s), and any set or range of <br> allowable values associated with an object, shall be <br> programmatically determinable. | Not Applicable | This product is not a platform software. |
| 502.3 .5 | Modification of Values. Values that can be set by the user <br> shall be capable of being set programmatically, including <br> through assistive technology. | Not Applicable | This product is not a platform software. |
| 502.3 .6 | Label Relationships. Any relationship that a component has <br> as a label for another component, or of being labeled by <br> another component, shall be programmatically determinable. | Not Applicable | This product is not a platform software. |

All contents are Copyright © 1992-2023 Cisco Systems, Inc. All rights reserved.
This information is true and correct to the best of our knowledge as of the Last Updated date printed below; is supplied for market research purposes only; and is subject to change without notice. The contents of this document do not constitute either legal advice, representation, warranty or guarantee regarding a person's ability to comply with applicable accessibility requirements. Such a determination is the sole responsibility of the purchaser.

For more information, please contact: accessibility@cisco.com

| 502.3.7 | Hierarchical Relationships. Any hierarchical (parent-child) <br> relationship that a component has as a container for, or being <br> contained by, another component shall be programmatically <br> determinable. | Not Applicable | This product is not a platform software. |
| :--- | :--- | :--- | :--- |
| 502.3 .8 | Text. The content of text objects, text attributes, and the <br> boundary of text rendered to the screen, shall be <br> programmatically determinable. | Not Applicable | This product is not a platform software. |
| 502.3 .9 | Modification of Text. Text that can be set by the user shall be <br> capable of being set programmatically, including through <br> assistive technology. | Not Applicable | This product is not a platform software. |
| 502.3 .10 | List of Actions. A list of all actions that can be executed on an <br> object shall be programmatically determinable. | Not Applicable | This product is not a platform software. |
| 502.3 .11 | Actions on Objects. Applications shall allow assistive <br> technology to programmatically execute available actions on <br> objects. | Not Applicable | This product is not a platform software. |
| 502.3 .12 | Focus Cursor. Applications shall expose information and <br> mechanisms necessary to track focus, text insertion point, <br> and selection attributes of user interface components. | Not Applicable | This product is not a platform software. |
| 502.3 .13 | Modification of Focus Cursor. Focus, text insertion point, and <br> selection attributes that can be set by the user shall be <br> capable of being set programmatically, including through the <br> use of assistive technology. | Not Applicable | This product is not a platform software. |
| 502.3 .14 | Event Notification. Notification of events relevant to user <br> interactions, including but not limited to, changes in the <br> component's state(s), value, name, description, or boundary, <br> shall be available to assistive technology. | Not Applicable | This product is not a platform software. |
|  | Platform Accessibility Features. Platforms and platform <br> software shall conform to the requirements in ANSI/HFES <br> 200.2, Human Factors Engineering of Software User <br> Interfaces-Part 2: Accessibility (2008) (incorporated by <br> reference, see 702.4.1) listed below: | Not Applicable | This product is not a platform software. |

For more information, please contact: accessibility@cisco.com

|  | A. Section 9.3.3 Enable sequential entry of multiple (chorded) <br> keystrokes; <br> B. Section 9.3.4 Provide adjustment of delay before key <br> acceptance; <br> C. Section 9.3.5 Provide adjustment of same-key double- <br> strike acceptance; <br> D. Section 10.6.7 Allow users to choose visual alternative for <br> audio output; <br> E. Section 10.6.8 Synchronize audio equivalents for visual <br> events; <br> F. Section 10.6.9 Provide speech output services; and <br> G. Section 10.7.1 Display any captions provided. |  |  |
| :--- | :--- | :--- | :--- |
| 503.2 | User Preferences. Applications shall permit user preferences <br> from platform settings for color, contrast, font type, font size, <br> and focus cursor. | Partially Supports | Some texts are not visible after resizing <br> the text to 200\%. |
| 503.3 | Alternative User Interfaces. Where an application provides an <br> alternative user interface that functions as assistive <br> technology, the application shall use platform and other <br> industry standard accessibility services. | Not Applicable | There is no alternate user interface used <br> as assistive technology for this product. |
| 503.4 .1 | Caption Controls. Where user controls are provided for <br> volume adjustment, ICT shall provide user controls for the <br> selection of captions at the same menu level as the user <br> controls for volume or program selection. | Supports | The Webex Meetings provide caption <br> controls, if Webex Assistant is available <br> and enabled. |
| 503.4 .2 | Audio Description Controls. Where user controls are provided <br> for program selection, ICT shall provide user controls for the <br> selection of audio descriptions at the same menu level as the <br> user controls for volume or program selection. | Not Applicable | This product is not a recording player. <br> 504Content Creation or Editing. Authoring tools shall provide a <br> mode of operation to create or edit content that conforms to <br> Level A and Level AA Success Criteria and Conformance <br> Requirements in WCAG 2.0 (incorporated by reference, see <br> $702.10 .1) ~ f o r ~ a l l ~ s u p p o r t e d ~ f e a t u r e s ~ a n d, ~ a s ~ a p p l i c a b l e, ~ t o ~ f i l e ~$ <br> formats supported by the authoring tool. Authoring tools shall |
| Not Applicable | This product is not an authoring tool. |  |  |

## W3C WCAG 2.1 Level A and AA for Software Application - Detail

| Criteria | Description | Status | Remarks and Explanations |
| :--- | :--- | :--- | :--- |
| 1.1 .1 (A) | Non-text Content | Not Applicable | There is no prerecorded audio only or video only <br> content. |
| 1.2 .1 (A) | Audio-only and Video-only (Prerecorded) | The Webex Meetings provides captions, if Webex <br> Assistant is available and enabled. |  |
| 1.2 .2 (A) | Captions (Prerecorded) | Supports | The audio description or media alternative should be <br> added in the recordings by the meeting organizer. |
| 1.2 .3 (A) | Audio Description or Media Alternative <br> (Prerecorded) | Supports | The Webex Meetings provides captions, if Webex <br> Assistant is available and enabled. |
| 1.2 .4 (AA) | Captions (Live) | Not Applicable | The audio description should be added in the recordings <br> by the meeting organizer. |
| 1.2 .5 (AA) | Audio Description (Prerecorded) | Partially Supports | Some form controls do not fully support screen reader. <br> Some screens do not have hierarchical headings. |
| 1.3 (A) | Info and Relationships | Supports |  |
| 1.3 .2 (A) | Meaningful Sequence | Supports |  |
| 1.3 .3 (A) | Sensory Characteristics | Supports |  |
| 1.3 .4 (AA) | Orientation | Supports |  |
| 1.3 .5 (AA) | Identify Input Purpose | Supports |  |
| 1.4 .1 (A) | Use of Color | Supports |  |
| 1.4 .2 (A) | Audio Control | Partially Supports | Some texts do not meet the color contrast ratio <br> requirement. |
| 1.4 .3 (AA) | Contrast (Minimum) | Partially Supports | Some texts are not visible after resizing the text to <br> $200 \%$. |
| 1.4 .4 (AA) | Resize Text | Supports |  |
| 1.4 (AA) | Images of Text | Supports |  |
| 1.4 .10 (AA) | Reflow | Supports |  |
| 1.4 .11 (AA) | Non-text Contrast | Supports |  |
| 1.4 .12 (AA) | Text Spacing | Content on Hover or Focus | Seyboard |

| $2.1 .2(A)$ | No Keyboard Trap | Supports |  |
| :--- | :--- | :--- | :--- |
| 2.1 .4 (A) | Character Key Shortcuts | Supports |  |
| 2.2 .1 (A) | Timing Adjustable | Supports |  |
| 2.2 .2 (A) | Pause, Stop, Hide | Supports |  |
| 2.3 .1 (A) | Three Flashes or Below Threshold | Not Applicable | Not required for non-Web application |
| 2.4 .1 (A) | Bypass Blocks | Supports |  |
| 2.4 .2 (A) | Page Titled | Partially Supports | Some elements do not have logical focus order. |
| 2.4 .3 (A) | Focus Order | Supports |  |
| 2.4 .4 (A) | Link Purpose (In Context) | Not Applicable | Not required for non-Web application |
| 2.4 .5 (AA) | Multiple Ways | Supports |  |
| 2.4 .6 (AA) | Headings and Labels | Supports |  |
| 2.4 .7 (AA) | Focus Visible | Supports |  |
| 2.5 .1 (A) | Pointer Gestures | Supports |  |
| 2.5 .2 (A) | Pointer Cancellation | Supports |  |
| 2.5 .3 (A) | Label in Name | Supports |  |
| 2.5 .4 (A) | Motion Actuation | Partially Supports | Screen reader software does not correctly announce <br> some other languages. |
| 3.1 .1 (A) | Language of Page | Supports |  |
| 3.1 .2 (AA) | Language of Parts | Supports |  |
| 3.2 .1 (A) | On Focus | Not Applicable | Not required for non-Web application |
| 3.2 .2 (A) | On Input | Not Applicable | Not required for non-Web application |
| 3.2 .3 (AA) | Consistent Navigation | Supports |  |
| 3.2 .4 (AA) | Consistent Identification | Supports |  |
| 3.3 .1 (A) | Error Identification | Supports |  |
| 3.3 .2 (A) | Labels or Instructions | Supports |  |
| 3.3 .3 (AA) | Error Suggestion | Supports |  |
| 3.3 .4 (AA) | Error Prevention (Legal, Financial, Data) | Partially Supports | The name, role and value of some elements are not <br> announced correctly by screen reader software. |
| 4.1 .1 (A) | Parsing | Some status messages are not automatically <br> announced by screen reader software. <br> 4.1 .2 (A) Name, Role, Value | Status Messages |
| 4.1 .3 (AA) |  |  |  |

## Section 508 Chapter 6: Support Documentation and Services - Detail

| Criteria | Description | Status | Remarks and Explanations |
| :--- | :--- | :--- | :--- |
| 602.2 | Accessibility and Compatibility Features. Documentation <br> shall list and explain how to use the accessibility and <br> compatibility features required by Chapters 4 and 5. <br> Documentation shall include accessibility features that are <br> built-in and accessibility features that provide compatibility <br> with assistive technology. | Supports |  |
| 602.3 | Electronic Support Documentation. Documentation in <br> electronic format, including Web-based self-service support, <br> shall conform to Level A and Level AA Success Criteria and <br> Conformance Requirements in WCAG 2.0. | Partially Supports | The WCAG 2.1 table should cover all <br> requirements of WCAG 2.0. See "WCAG <br> 2.1 Level A and AA" table for more <br> information. |
| 602.4 | Alternate Formats for Non-Electronic Support <br> Documentation. Where support documentation is only <br> provided in non-electronic formats, alternate formats usable <br> by individuals with disabilities shall be provided upon <br> request. | Supports | Information on Accessibility and Compatibility Features. ICT <br> support services shall include information on the <br> accessibility and compatibility features required by 602.2. |
| 603.2 | Accommodation of Communication Needs. Support services <br> shall be provided directly to the user or through a referral to <br> a point of contact. Such ICT support services shall <br> accommodate the communication needs of individuals with <br> disabilities. | Supports | Contact Cisco accessibility team via email, <br> accessibility@cisco.com for more <br> information. |
| 603.3 | Cisco conforms through equal facilitation. <br> Customers may reach Cisco Technical <br> Assistance Center (TAC) via Phone, Email <br> or Web Form. All cases open through email <br> or web are opened as Priority 3 cases. All <br> Priority 1 or Priority 2 case can only be <br> opened via the telephone. TTY users must <br> call the Text Relay Service (TRS) by dialing <br> 711 or their state Video Relay Service <br> (VRS) and have the TRS agent contact <br> Cisco TAC via voice. |  |  |

## W3C WCAG 2.1 Level A and AA for Documentation - Detail

| Criteria | Description | Status | Remarks and Explanations |
| :---: | :---: | :---: | :---: |
| 1.1.1 (A) | Non-text Content | Partially Supports | Some non-text elements do not have a meaningful alternative text. |
| 1.2.1 (A) | Audio-only and Video-only (Prerecorded) | Not Applicable | There is no pre-recorded audio-only or video-only content. |
| 1.2.2 (A) | Captions (Prerecorded) | Supports |  |
| 1.2.3 (A) | Audio Description or Media Alternative (Prerecorded) | Does Not Support | The prerecorded video does not have audio description or media alternative. |
| 1.2.4 (AA) | Captions (Live) | Not Applicable | There is no live audio or video content. |
| 1.2.5 (AA) | Audio Description (Prerecorded) | Does Not Support | The prerecorded video does not have audio description. |
| 1.3.1 (A) | Info and Relationships | Partially Supports | Some data tables do not fully support screen reader. Some page headings do not convey logical hierarchy order. |
| 1.3.2 (A) | Meaningful Sequence | Supports |  |
| 1.3.3 (A) | Sensory Characteristics | Supports |  |
| 1.3.4 (AA) | Orientation | Supports |  |
| 1.3.5 (AA) | Identify Input Purpose | Partially Supports | Some input fields do not have auto complete attributes defined. |
| 1.4.1 (A) | Use of Color | Supports |  |
| 1.4.2 (A) | Audio Control | Supports |  |
| 1.4.3 (AA) | Contrast (Minimum) | Partially Supports | Some texts do not meet the minimum contrast ratio requirement. Some elements do not fully support high contrast scheme of the Operating System. |
| 1.4.4 (AA) | Resize Text | Partially Supports | Some pages do not support the browser's zoom functionality. |
| 1.4.5 (AA) | Images of Text | Supports |  |
| 1.4.10 (AA) | Reflow | Partially Supports | Some pages require scrolling in two dimensions to present the content without the loss of information. |
| 1.4.11 (AA) | Non-text Contrast | Partially Supports | Some Non-text content do not meet the minimum color contrast ratio. |

All contents are Copyright © 1992-2023 Cisco Systems, Inc. All rights reserved.

| 1.4.12 (AA) | Text Spacing | Supports |  |
| :--- | :--- | :--- | :--- |
| 1.4 .13 (AA) | Content on Hover or Focus | Supports |  |
| 2.1 .1 (A) | Keyboard | Partially Supports | Some elements do not fully support keyboard <br> navigation. |
| 2.1 .2 (A) | No Keyboard Trap | Supports |  |
| 2.1 .4 (A) | Character Key Shortcuts | Supports |  |
| 2.2 .1 (A) | Timing Adjustable | Supports |  |
| 2.2 .2 (A) | Pause, Stop, Hide | Supports |  |
| 2.3 .1 (A) | Three Flashes or Below Threshold | Supports |  |
| 2.4 .1 (A) | Bypass Blocks | Partially Supports | The Skip to Content link does not work properly in <br> some pages. |
| 2.4 .2 (A) | Page Titled | Supports |  |
| 2.4 .3 (A) | Focus Order | Partially Supports | Some elements do not have meaningful focus <br> order. |
| 2.4 .4 (A) | Link Purpose (In Context) | Supports |  |
| 2.4 .5 (AA) | Multiple Ways | Supports |  |
| 2.4 .6 (AA) | Headings and Labels | Supports |  |
| 2.4 .7 (AA) | Focus Visible | Partially Supports | Some elements do not have visible focus. |
| 2.5 .1 (A) | Pointer Gestures | Supports |  |
| 2.5 .2 (A) | Pointer Cancellation | Supports |  |
| 2.5 .3 (A) | Label in Name | Supports |  |
| 2.5 .4 (A) | Motion Actuation | Supports |  |
| 3.1 .1 (A) | Language of Page | Supports |  |
| 3.1 .2 (AA) | Language of Parts | Supports |  |
| 3.2 .1 (A) | On Focus | Supports |  |
| 3.2 .2 (A) | On Input | Supports |  |
| 3.2.3 (AA) | Consistent Navigation | Supports |  |
| 3.2 .4 (AA) | Consistent Identification | Supports |  |
| 3.3 .1 (A) | Error Identification | Partially Supports | Some error messages are not identified by the <br> screen reader software. |
| 3.3 .2 (A) | Labels or Instructions | Supports |  |

## Supporting Feature (Status) Terminology

The result of "Accessibility Testing" assists in the determination of the Supporting Features.

| Supporting Features or Status | Description |
| :--- | :--- |
| Supports | Use this language when you determine the product fully meets the intent of the criteria or <br> meets with equivalent facilitation. If the product meets equivalent facilitation, please <br> document it in the "Remarks and Explanations" column. |
| Partially Supports | Use this language when you determine the product does not fully meet the intent of the <br> criteria, but provides some level of access relative to the criteria. Please document the <br> exception in the "Remarks and Explanations" column. |
| Does Not Support | Use this language when you determine the product does not meet the intent of the criteria. <br> Please document the reason in the "Remarks and Explanations" column. |
| Not Applicable | Use this language when you determine that the criteria do not apply to the specific product. <br> For example, many web applications do not have video content the "Not Applicable" can <br> be used. Please state, "The application does not have any video content" in the "Remarks <br> and Explanations" column. |
| Not Evaluated | Use this language when the product has not been evaluated. |
