Gold Certification Requirements

Certification and specialization are based on meeting all requirements within a given country, or country grouping where relevant.

All applicants must agree to the Channel Partner Program Terms and Conditions which can be found in the Program Management and Application tool during the application process.

Specialization Requirements
Partners need four of the following specializations for Gold Certification:

- Advanced Enterprise Networks Architecture Specialization (Required)
- Advanced Security Architecture Specialization (Required)
- Advanced Collaboration Architecture Specialization or
- Advanced Data Center Architecture Specialization or
- Advanced Service Provider Architecture Specialization

Note: Enterprise Networks and Security Architecture are mandatory; partner may choose the remaining two Advanced Architecture Specializations: Advanced Collaboration Architecture, Advanced Data Center Architecture, or Advanced Service Provider Architecture Specialization to qualify for Gold Certification.

Hybrid IT Requirements
Partners must be able to resell four Hybrid IT Services from the following list:

1. Cisco Cloud Service or Cisco Powered Cloud Service (required)
2. Cisco Managed Service, Cisco Powered Managed Service or Cisco Based Partner-Created Managed Service (required)
3. Cisco Cloud Service or Cisco Managed Service or Cisco Powered Cloud Service or Cisco Powered Managed Service or Cisco Based Partner-Created Service
4. Cisco Cloud Service or Cisco Managed Service or Cisco Powered Cloud Service or Cisco Powered Managed Service or Cisco Based Partner-Created Service

Cisco Based Service Definitions:
Cisco Based Partner-Created Managed Service: An offer where the key features of the service are provided by Cisco device(s), or a network-based service is built on Cisco infrastructure AND the service includes monitoring and management of Cisco equipment owned or leased by the customer (Cisco endpoints or customer premises equipment)

Cisco Based Partner-Created Cloud Service: A cloud-based service built on Cisco reference architecture.
Examples can be found in the Design Zone.
To sell the hybrid services, you will need to secure a provider contract(s) and ensure the following are in place:

- End customer SLA
- Marketing and/or technical description
- Hybrid IT resale lifecycle management process

**Certified Role Requirements**

Partner must have a minimum of 12 unique certified full-time employees:

- minimum of four CCIEs
- no more than four Selling Business Outcomes (SBO) or The Cisco Business Architecture Approach (DTBAA) may be counted toward the total

**Support Requirements**

<tbody>
<tr>
<td>January measurement</td>
<td>Provide 30 valid contacts/email addresses for current customers to receive a customer satisfaction survey.</td>
</tr>
<tr>
<td>July measurement</td>
<td>Partner must enter follow-up activities in the PAL tool for all low scores received for the current fiscal year.</td>
</tr>
<tr>
<td>New Partner Certification*</td>
<td>Participation in customer satisfaction activities at the first measurement after a full six months of attaining Gold certification (January or July measurement)</td>
</tr>
<tr>
<td>Recertification</td>
<td>Participation in both January and July measurement customer satisfaction activities</td>
</tr>
</tbody>
</table>

* The definition of “new” partner as it relates to the enforcement of the customer satisfaction requirement is a partner that has not been certified at any level within the previous six months.

**Exception**

Premier partners moving to Gold Certification must provide a minimum of 30 valid customer contact names/email addresses at the first January measurement period that occurs after a full six months of attaining Gold Certification.
Note: Certification and specialization are based on meeting all requirements within a given country, or country grouping where relevant. All applicants must agree to the Channel Partner Program Terms and Conditions which can be found in the Program Management and Application tool during the application process. All Certifications and Specializations must be renewed in the tool every year. A complete list of requirements including certified personnel may be found in the Audit and Policies Document.

Service Requirements

Service Attach Rate
New and renewing Gold Certified Partners are required to have a minimum service attach rate of 40 percent during the four previous Cisco quarters.

For partners who have not previously been Gold Certified, the service attach rate requirement may be met by achieving a rate of 40 percent within the past 12 months.

Revenue from Services
New and renewing Gold Partners must generate at least 15 percent of revenue from services during the two previous Cisco quarters.

For example:

- Total product revenue (from the networking products division) for the past two Cisco quarters
- Total services revenue (from all services sold, including Cisco SMARTnet and professional services)

\[
\text{Revenue from Services\%} = \left( \frac{\text{Total services revenue}}{\text{Total revenue of service sold}} \right) \times 100 = 15\%
\]

Total revenue of service sold
(Managed, Professional Service, & SMARTnet)

Total product revenue of the networking division

Revenue from services must meet the following requirements:

- The percentage of revenue from all services (includes all vendors, and does not have to be 100 percent Cisco-specific) against the product revenue must be at least 15 percent
- Partners must provide documented evidence that they have met or exceeded this requirement

Measurement must be specific to the division engaged in providing networking services or solutions in the country applying for certification.

The service requirements apply to both Cisco Branded Services (CBR, Packaged Services, Pay-for-Performance), and Partner Branded Services (CSSP, Co-Brand, Collaborative Technical Services).
