

Security and Reliability are Hallmarks of a Great Bank – and IT Environment

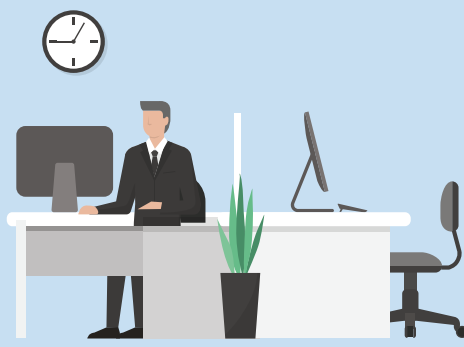

Standard Bank has 1,200 branches across 20 countries in Africa with a mix of physical and online banking services. Every minute its bank systems are down is extremely costly. Cisco Services helped Standard Bank simplify, stabilize and secure its IT infrastructure so it can focus on customers and business growth.

Efficient, scalable operations that create a reliable experience for customers & employees

100% adherence to financial device support rules & regs

A more reliable network through Cisco Services

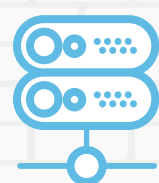

Near zero downtime resulting in large cost savings

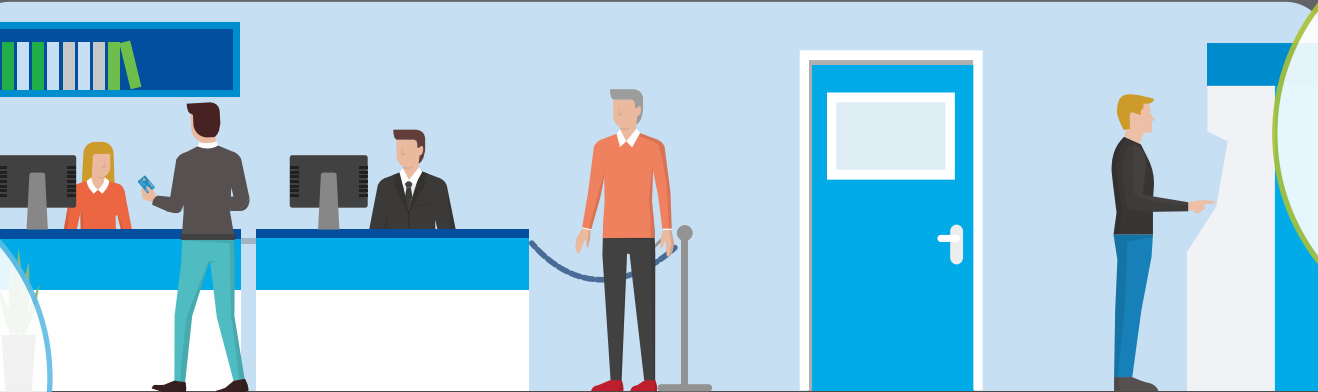

25% reduction in compliance audits for South African Reserve bank

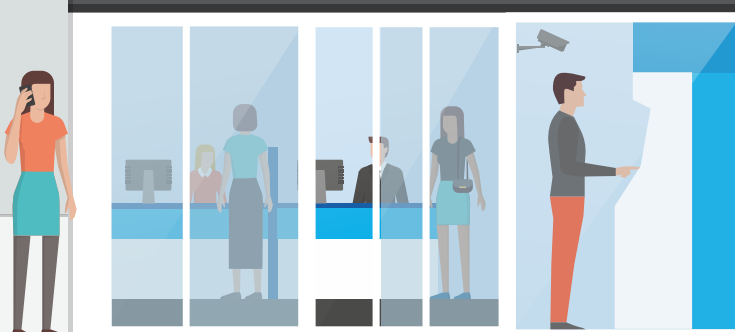

Real outcomes for real growth

Optimized network to reduce incidents and exceed compliance standards

40% fewer support tickets

30% below International compliance benchmark for incident to device ratio

“Growth is never by mere chance; it is the result of forces working together.”
– James Cash Penney
