

Student Account Parental/Guardian Consent Form Template

Cisco is providing this sample Parental/Guardian Consent Form that can be tailored to meet your specific use/need to obtain consent for minor's use of Cisco Collaboration Services

Dear Parents/Guardians,

This school year, [Student Name] will be using Cisco Webex Meetings or Cisco Meeting Server and Cisco Webex Teams ("Cisco Collaboration Services"). These are secure applications that provide collaboration capabilities for teachers and students to create, meet, message, call, whiteboard, and share, regardless of whether they're together or apart; in one continuous work stream before, during, and after class. Students will be provided an account for school use.

With Cisco Collaboration Services, students will be able to communicate and work in groups to create, edit and share files and information for school-related projects with other students and teachers. Spaces in Webex Teams can be monitored by the school's administrator.

For more information about [School District] implementation, please visit [link to school website]. To learn more about Cisco Collaboration Services, visit: www.webex.com and www.cisco.com.
