

Cisco Libraries guide

1. Register as a Cisco Networking Academy

First step would be to sign up as a [Cisco NetAdac](#). Once approved our end, you will be asked to sign the Academy Membership Agreement

2. Enrolling onto our courses

Cisco offer 6 courses, ranging from getting online to making that first step into the IT profession. Libraries can enrol in all 6 courses or decide to chose the most relevant
Once enrolled you can decide on a rolling out plan - evening classes, tutoring, engagements sessions, etc.

3. Build a landing page

Create a landing page on the libraries website which links to the course enrolment pages.

4. Launch!

Once the site is up and running, you are ready to launch and start inviting students to enrolment

5. Track Progress

Each library will have access to their students progress. You can monitor a range of useful data which can be used to track and promote course completion
