

Cloud Networking

Special offer for all UK and Ireland schools

10 YEARS FOR THE PRICE of 5

With schools under constant pressure to look for the most low-cost option, how do you avoid solutions that appear to be affordable up front, but lead to hidden costs in years to come? Additionally, how can you ensure your network is secure, regularly updated, and delivers the security needed, within budget?

Address all these challenges with 10 years for the price of 5 on our Meraki Cloud Networking platform licence.

Available to all schools in the UK and Ireland, this very special offer includes:

- Automatic updates and upgrades
- No hidden support, software upgrade or update charges for 10 years
- Systems that are always up to date and future-proofed
- The added reassurance of a network protected by Cisco - the market leader in Cloud Networking

Any school that places an order before the end of this academic year will receive the first year on us - upgrading your 10 year licence to 11 years!

Find out how you can take advantage of this fantastic offer by contacting Isobel Richardson on **020 8824 8649** email at irichard@cisco.com or visit us at www.cisco.co.uk/education
