

Produktový update Meraki

Simplifying IT with Cloud Management

A complete cloud managed IT solution

Wireless, switching, security, communications, EMM, and security cameras

Integrated hardware, software, and cloud services

Leader in cloud-managed networking

Among Cisco's fastest growing portfolios

Over 140,000 unique customers

Over 2 million Meraki network devices online

The Virtuous Cycle

Wave 2 Enables Mobility

MU-MIMO serves more clients quicker

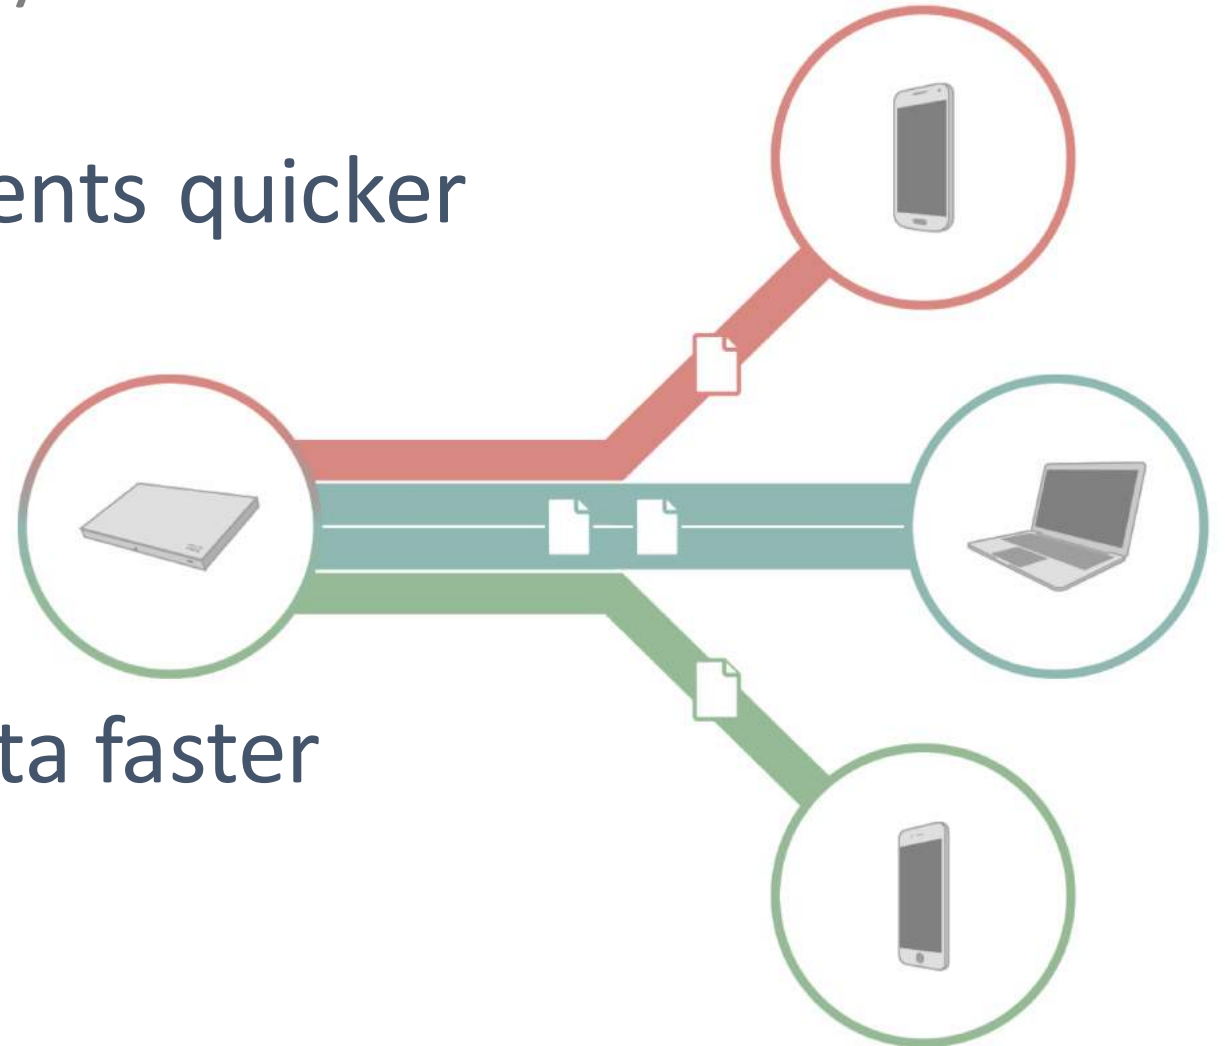

Mobile devices share the airtime

More streams = more devices

Wide channels transmit data faster

Faster clients clear the air quicker

More air time = more devices

Introducing

MR52

Highest performance 802.11ac

Latest 802.11ac Wave 2

- 4x4 antennas with 4 spatial streams

- 20, 40, 80, and 160 MHz channels

- MU-MIMO

Flexible uplink options

- Dual 1-gigabit interfaces

Dedicated scanning radio

- Air Marshal security, Auto RF planning, and CMX location

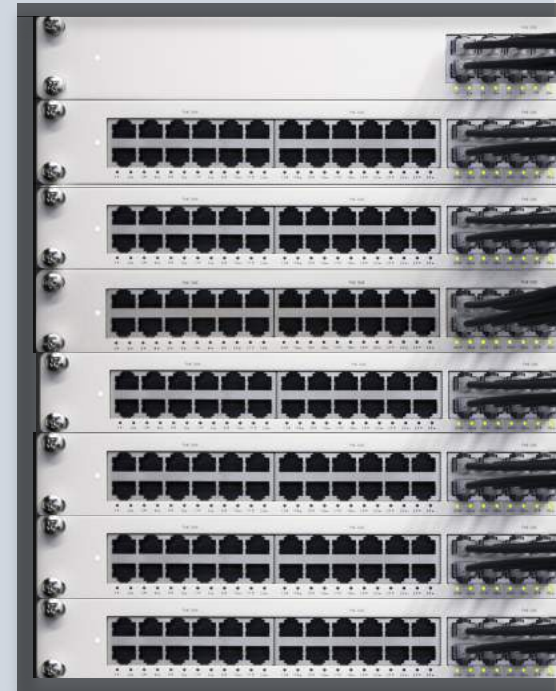

Bluetooth LE radio

- Enabling Beacon engagement & BLE scanning

Introducing Meraki Multigigabit

Multigigabit is a new technology that increases the maximum speed of networks beyond 1G

Introducing

MR53

Future-proof 802.11ac

Latest 802.11ac Wave 2

4x4 antennas with 4 spatial streams

20, 40, 80, and 160 MHz channels

MU-MIMO

Flexible uplink options

Multigigabit and 1-gigabit Ethernet

Dedicated scanning radio

Air Marshal security, Auto RF planning, and CMX location

Bluetooth LE radio

Enabling Beacon engagement & BLE scanning

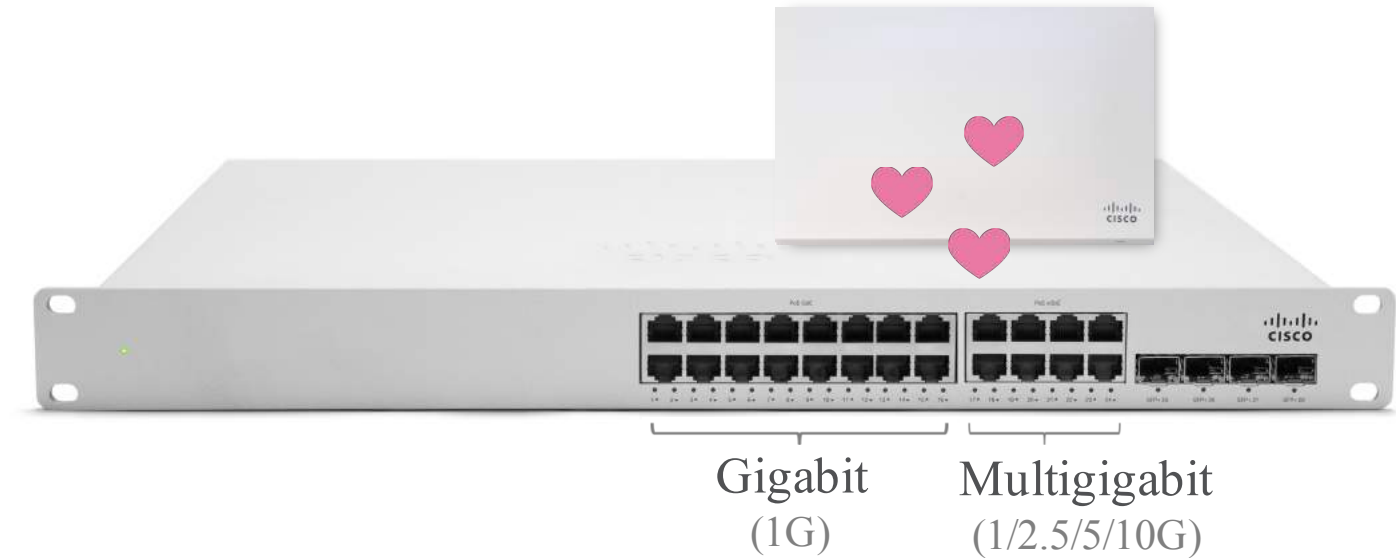

Introducing

MS350-24X

Stackable Multigigabit L3 Access Switch

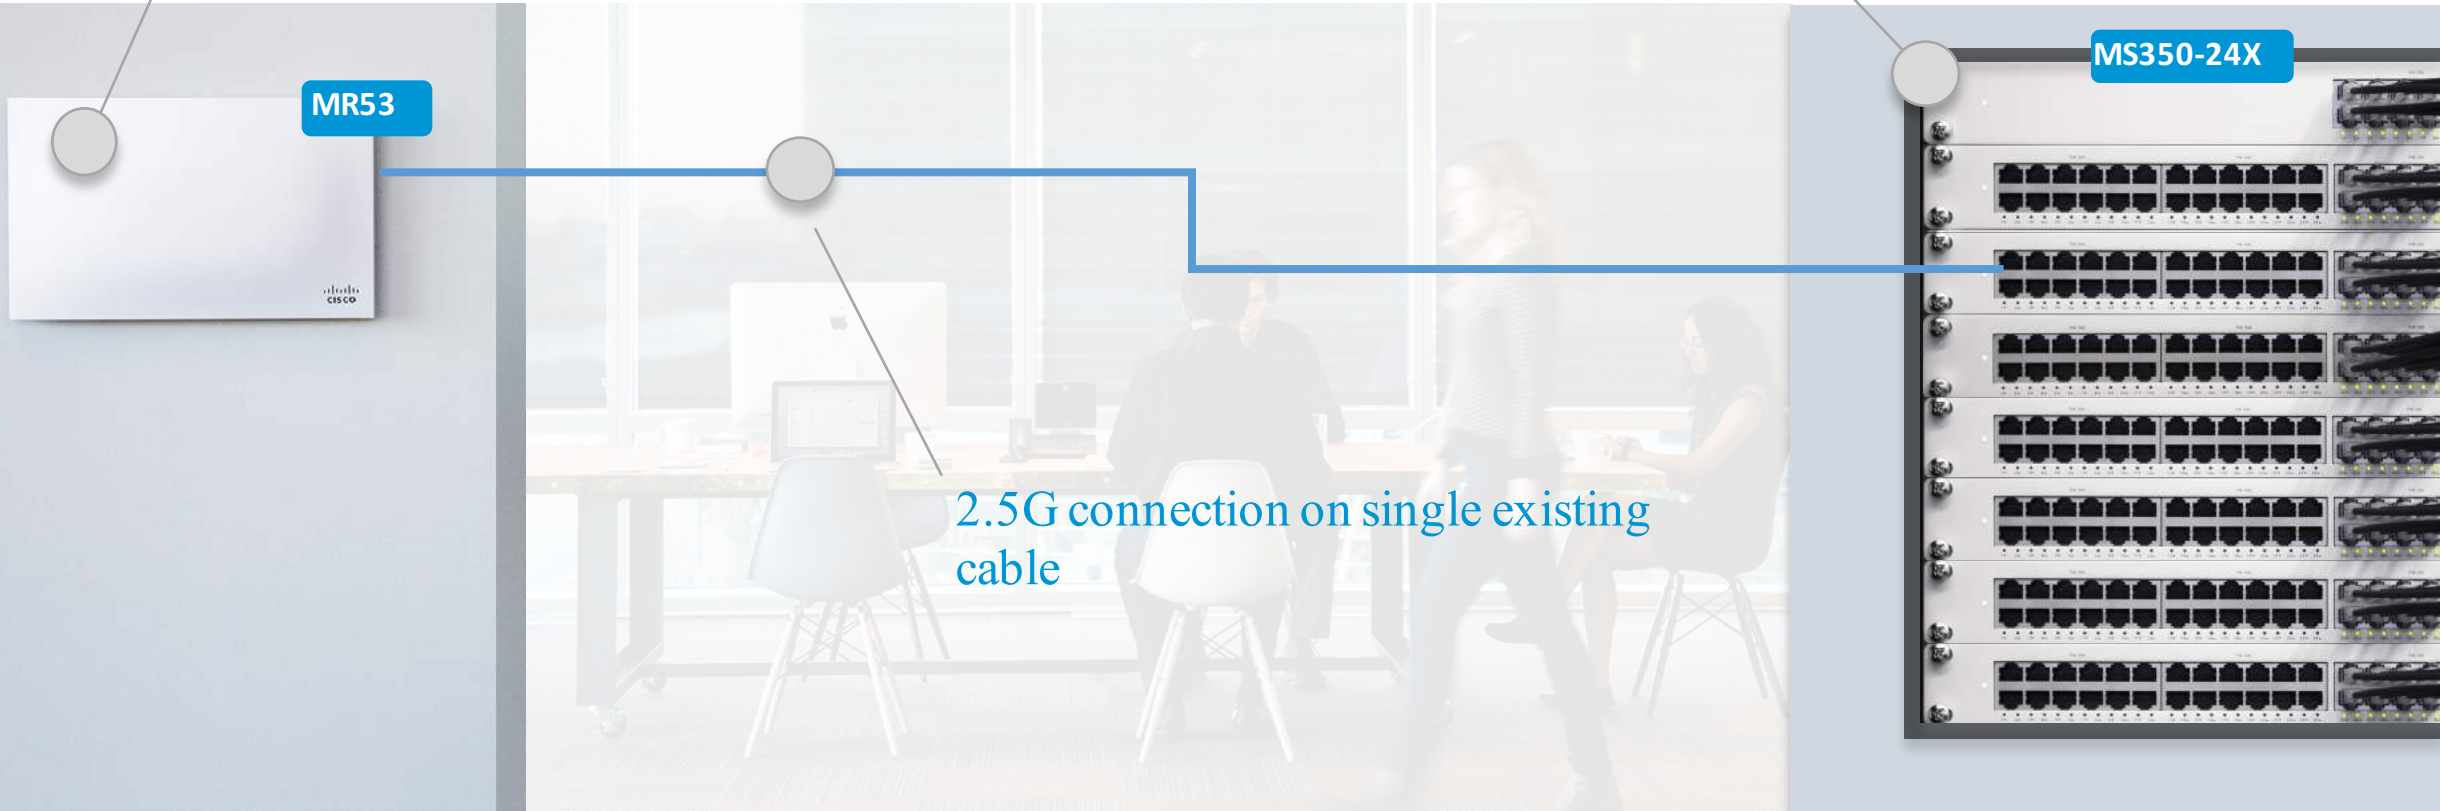

- New 24-port addition to the MS350 Family
- 8 multigigabit (1/2.5/5/10G) ports
- UPoE (60W) capable
- Designed to work with the new Multigigabit-capable MR53

What is Multigigabit?

802.11ac Wave 2 with Multigigabit uplink

Multigigabit switch that can stack with MS350s

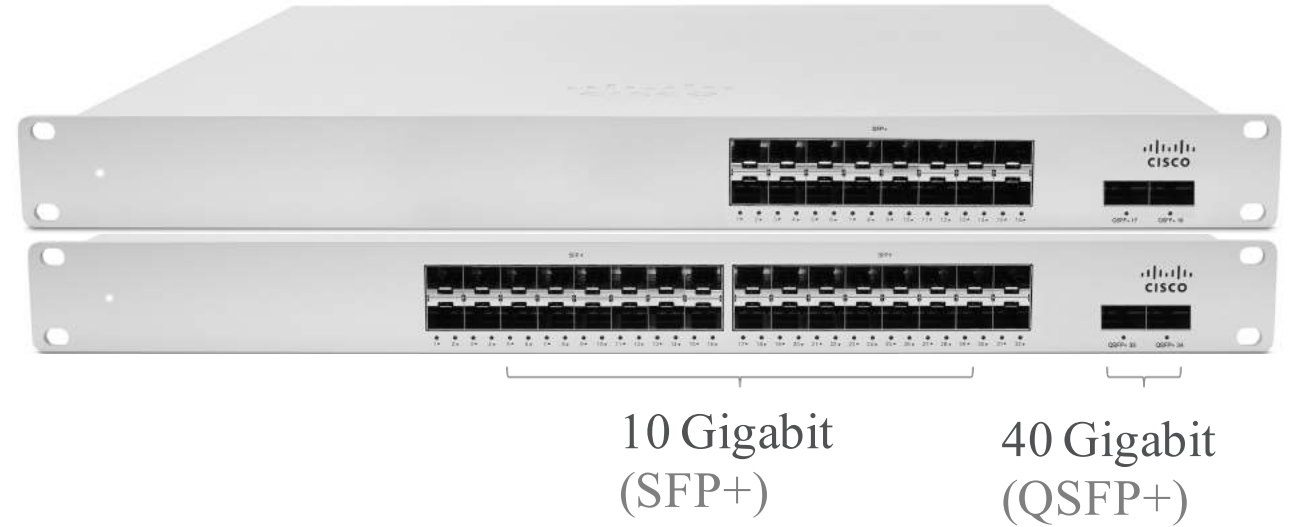

Introducing

MS425

Next Gen 10G Aggregation Switch

- 16 & 32 port 10G fiber aggregation
- 40G QSFP+ uplinks
- Flexible stacking
- MS420 refresh with new price points and unified design

Meraki MV Security Cameras

The newest Meraki product family

MV21 Indoor Camera

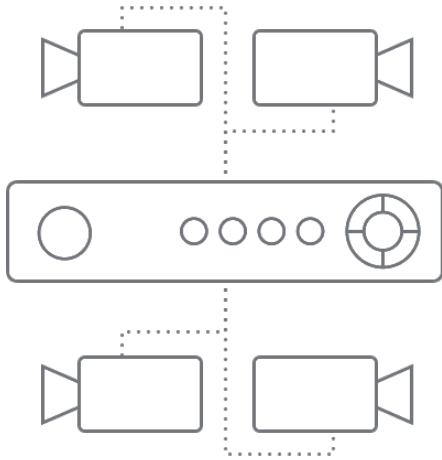

MV71 Outdoor Camera

- The only security camera from a cloud leader
- Simplified design for streamlined deployment
- Managed through the Meraki dashboard
- 128GB of solid state storage on each camera
- Up to 20 days of 24/7 continuous recording

Current Video Surveillance Solutions

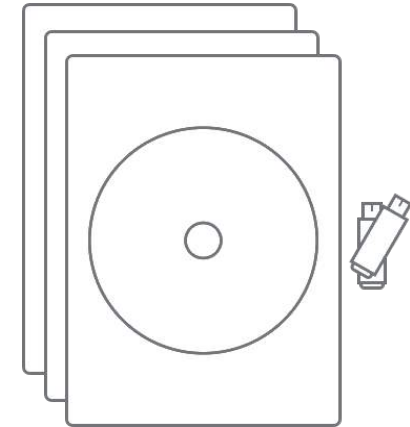

WITH MV, SAY GOODBYE TO

Additional on-premise hardware
Ex. Network Video Recorder (NVR)

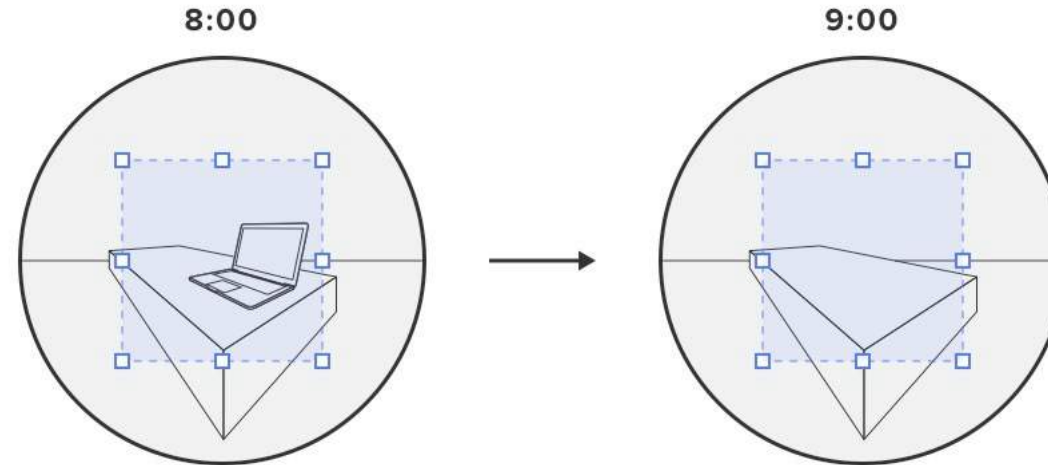

Standalone software packages
Ex. Video Management Software (VMS)

DVDs, thumb drives, VHS, and other outdated sharing options

Powerful, Intuitive Features

Video wall

Resize, reorder, and monitor video streams on the fly

Drag-and-drop functionality

Motion search

Automatically isolate key motion events and find out who stole that laptop

Easily export important video segments

Granular access controls

Choose who can view, export, and change the layout of your videos
