

# The Digital Path to Industry 4.0

Digital manufacturing can make your company more productive, safe and secure

Growth is a strategic priority for

**55%**  
of Canadian manufacturers<sup>1</sup>

But only a **SMALL %** of manufacturing business leaders believe technology impacts growth

And so **51%** spent **less than 3%** of revenues on R&D and innovation over the last 2 years<sup>1</sup>

When in reality, technology innovation can...

...so you can increase plant efficiency, improve safety and meet production goals

By increasing your visibility of everything on your plant floor

So what are you waiting for?

The time to act is now. The right technology will help you create more products in less time, with less waste and for less money.

It's time to see what digital manufacturing can do for you. Learn more at: [cisco.com/ca/manufacturing](http://cisco.com/ca/manufacturing)
