

## Fadila Mohamed

Finance Lead Sub-Saharan Africa, Cisco

Fadila Mohamed is the SSF Finance Lead for Sub-Saharan Africa (Southern Africa, East Africa and West Africa) and is based in Johannesburg, South Africa. Fadila is a qualified Chartered Accountant and registered with the South African Institute of Chartered Accountants in 2005. She has extensive strategic finance business partnering experience in the ICT industry and joined Cisco in October 2018 from the Telkom Group. She has also previously worked for Microsoft South Africa and MTN South Africa.

Fadila is passionate about building a finance function that influences strategy, drives long-term financial planning and partners with the business to support financial and business decisions. She thrives in an open and interactive environment that allows for mutual understanding of challenges and development of cooperative solutions.

Fadila has a keen interest in developing an understanding of how artificial intelligence can solve accounting and business problems for the finance function to remain relevant in the organization of the future. She is also currently working on a PhD in Finance at the University of Johannesburg.

Fadila's personal interests include travelling and supporting organizations that advance investigative journalism, human rights and environmental conservation.
