

## Cisco Emerging Talent Recruiting Programs

### When one journey ends, another begins.

Campus days are some of the most memorable ones. The academic and non-academic learning, personal growth and skill transformation with the single-minded objective to get a fabulous career culminates with getting that first dream job. And then, a new era begins where you start learning again and growing professionally. Join Cisco to transcend from learning to innovating.

### Life @ Cisco

Experts say that your first job and mentor play a pivotal role in mounting your career for bigger and greater possibilities. The enviable nurturing and grooming, exposure and opportunities, advice and role models at Cisco bring out the best in you by recognising your individuality, potential, uniqueness and creativity. It is no wonder that Cisco is one of the most aspirational companies in the world for someone who is intellectually curious and a lifelong learner.

We offer dream careers in technical and non-technical domains allowing future leaders to build skills while working on live projects through our internship and new graduate programs.

*Join us if you are passionate about Networking and see yourself as an 'intrapreneur'.*

### What we do @ Cisco

A worldwide leader in networking hardware and solutions, Cisco has formed the digital backbone of thousands of organisations, with the majority of today's internet traffic travelling over Cisco-built network pathways.

Love for technology and passion for enterprise-level solutions is prerequisite in our interns and new grads. We encourage them to find areas they are interested in to upskill and make the most of our networking events and professional development opportunities.

Capability is supported and breakthroughs are appreciated.

**The work culture, fun environment, diversity of talent are few things that rank Cisco at #1 on the list of the Best Place to Work in India for the year 2022 by the Great Places to Work® (GPTW) Institute.**
