Meraki and DNA Center

Meraki and DNA Center Integration

The screenshot displays the Cisco DNA Center interface for Device Inventory. The page title is "Device Inventory" and the Cisco logo is visible in the top left. The interface includes a navigation bar with "Filter", "Add Device", "Import Device(s)", and "Export All" options. Below this is a table listing devices with columns for "Device Name", "Reachability Status", "Location", and "Device Family". The table contains 7 entries, all with a "Reachable" status. At the bottom, there is a pagination control showing "Showing 1 to 7 of 7 entries" and "Previous 1 Next".

<input type="checkbox"/>	Device Name ▲	Reachability Status	Location	Device Family	⋮
<input type="checkbox"/>	dashboard.meraki.com	Reachable	Unassigned	Meraki Dashboard	
<input type="checkbox"/>	HQ1_DC	Reachable	SJC4	Switches and Hubs	
<input type="checkbox"/>	HQ2_AC_5_1.cisco.com	Reachable	SJC4	Switches and Hubs	
<input type="checkbox"/>	HQ2_DIST_5_1	Reachable	SJC4	Switches and Hubs	
<input type="checkbox"/>	sjc4-meraki-mr33-ap	Reachable	SJC4	Meraki Access Point	
<input type="checkbox"/>	sjc4-meraki-mx400-1	Reachable	SJC4	Meraki Security Appliances	
<input type="checkbox"/>	sjc4-meraki-mx65-1	Reachable	SJC4	Meraki Security Appliances
