Cisco ThousandEyes Joins Forces with Catalyst 9000 Switches

Find and solve problems faster for flawless network and application experience, with Cisco® ThousandEyes embedded on Cisco Catalyst® 9300 and 9400 Series Switches.

The Internet is now your WAN

Your Cisco DNA Advantage and Premier switch license now entitles you to...

- User experience depends on ISPs, CDNs, and DNS
- Employee productivity depends on SaaS
- Your apps and microservices are spread across the cloud

The Internet is now your WAN

How can you keep things running if you can’t even see where the problems are occurring?

Gain end-to-end visibility with Cisco ThousandEyes, so you can deliver an awesome...

- Campus Connectivity: Ensure the reachability and availability of campus-critical SaaS, internally hosted apps, and cloud-based services over any network.
- WAN experience: Securely plan, roll out, and operate an SD-WAN, mitigating risks of internet exposure; benchmark service providers and app performance before and after migration.
- Application experience: Monitor and validate the usability and performance of web applications, including SaaS and internally hosted apps, to enable flawless digital experiences.

Now hosted on Catalyst 9300 and 9400 Series switches

Your Cisco DNA Advantage and Premier switch license now entitles you to...

- Faster time to value: Embedded agent means immediate visibility with zero deployment for new switches.
- Ability to leverage existing switches: Cisco ThousandEyes is included with all Cisco DNA Advantage and Premier licenses.
- Access the Cisco ThousandEyes SaaS-based monitoring and management platform
- Gain end-to-end visibility with Cisco ThousandEyes, so you can deliver an awesome...

Campus Connectivity

WAN experience

Application experience

Your Cisco DNA Advantage and Premier switch license now entitles you to...

- Faster time to value: Embedded agent means immediate visibility with zero deployment for new switches.
- Ability to leverage existing switches: Cisco ThousandEyes is included with all Cisco DNA Advantage and Premier licenses.

For more reasons why you should choose Catalyst 9300 and 9400 switches, go to:

- Campus Connectivity
- WAN experience
- Application experience

Contact your Cisco representative today to learn how you can unlock the value of Cisco ThousandEyes on your switches.

* Each Catalyst 9300 or 9400 Cisco DNA Advantage or Premier subscription entitles the customer to run the equivalent of one ThousandEyes network or web test every 5 minutes from a ThousandEyes enterprise agent (22 units per month), up to a maximum of 110,000 units per month of ThousandEyes test capacity per customer. ThousandEyes Cloud Agent access is not included in the Cisco DNA license entitlement. Test capacity can be increased and Cloud Agents accessed with purchase of additional ThousandEyes Network and Application Synthetics.
