EXPERIENȚE ÎMPREUNĂ.

TELEKOM ROMANIA – VDC Services

EXPERIENȚE ÎMPREUNĂ.

PLATFORM DIFFERENTIATORS

- Built on a state of the art technical platform based on Vblock (now Vxblock) concept
 - Cisco UCS computing
 - Cisco Nexus Switching
 - EMC Storage
 - VMware vCloud Air Network
- We provide virtual datacenters made of dedicated resource pools (CPU, RAM, HDD), fully redundant, no SPOF
- Vcloud Director self service portal with template catalogues ease sysadmin work
- Every customer receives customized solution resembling a virtualized setup similar to the previous physical setup, with enhanced scalability and resilience

IaaS RESULTS

HDC Growth drivers: Server & Storage Virtualization (IaaS)
