## Overview

### EOL15007 - Amended

Cisco announces the end-of-sale and end-of-life dates for the Cisco Common Services Platform Collector (CSPC) M5 for BCS. The last day to order the affected product(s) is October 30, 2023. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

Since the UCS M5 collector is going EOS, for new customer engagements, we encourage to use VM solution or OIC and finally to CXC agent collector once parity is achieved.
