

Cisco Android-Based Firmware for DX70 and DX80

PB738941

Cisco announces the end-of-life dates for the Android-based firmware running on the Cisco DX70 and DX80 collaboration devices.

Software maintenance support for version 10.2(5) releases end on **October 1, 2018**. No patches or maintenance releases will be provided for version 10.2(5) and anterior releases after that date.

Software maintenance requires an active service contract.

Product Migration Options

Cisco released the Cisco Telepresence CE Software as a migration option for the DX70 and DX80.

The DX70 and DX80 support CE Software release from version 8.2 and above. We recommend to install the latest CE release.

The CE Software can be found in the same location as the Android-based firmware.

Install and upgrade guides can be found here:

<http://www.cisco.com/c/dam/en/us/td/docs/telepresence/endpoint/ce82/dx80-dx70-convert-between-CE-android-based-software.pdf>.

Additional Information

The end-of-life dates for the Android-based firmware for the DX650 were already announced in an earlier announcement here: <http://www.cisco.com/c/en/us/products/collateral/collaboration-endpoints/desktop-collaboration-experience-dx600-series/eos-eol-notice-c51-737826.html>.
