The bridge to possible

Cisco Network Insights Base App Promotion

Tired of repetitive actions like collecting logs for troubleshooting operational issues?

Deploy Cisco® Network Insights Base App and become more productive.

Automate log collection and securely upload to Cisco Technical Assistance Center (TAC) cloud.

Use Cisco Network Insights Base App today!

Cisco Network Insights Base App is now prepackaged starting with Cisco APIC Release 4.2(3) and Cisco DCNM Release 11.3.1. You can also download the App from the Cisco DC App Center.

Refer to the latest Cisco Network Insights Base App configuration guide and release notes for installation and compatibility requirements.

Benefits of Cisco Network Insights Base App:

- Automatic log collection
- Secure log upload to Cisco TAC cloud
- Efficient network administration
- Simplified Cisco TAC workflow

Contact your Cisco partner or account manager for more information and to take advantage of special offers.
