## Overview

### EOL15791

Cisco announces the end-of-sale and end-of-life dates for the Cisco IR510 and IR530. The last day to order the affected product(s) is May 1, 2026. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

## End-of-life milestones

**Table 1.** End-of-life milestones and dates for the Cisco IR510 and IR530

| Milestone                                                            | Definition                                                                                                                                                                                                                            | Date             |
|----------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------|
| <b>End-of-Life Announcement Date</b>                                 | The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.                                                                                                               | November 3, 2025 |
| <b>End-of-Sale Date:<br/>HW, OS SW, Accessory</b>                    | The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.                                                                                                         | May 1, 2026      |
| <b>Last Ship Date:<br/>HW, OS SW, Accessory</b>                      | The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.                                                                                             | August 2, 2026   |
| <b>End of SW Maintenance Releases Date:<br/>HW, OS SW, Accessory</b> | The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.                     | May 1, 2027      |
| <b>End of Vulnerability/Security Support:<br/>HW, Accessory</b>      | The last date that Cisco Engineering may release a planned maintenance release or scheduled software remedy for a security vulnerability issue.                                                                                       | May 1, 2027      |
| <b>End of Routine Failure Analysis Date:<br/>HW, Accessory</b>       | The last-possible date a routine failure analysis may be performed to determine the cause of hardware product failure or defect.                                                                                                      | May 1, 2027      |
| <b>End of New Service Attachment Date:<br/>HW, OS SW, Accessory</b>  | For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract. | May 1, 2027      |
| <b>End of Service Contract Renewal Date:<br/>OS SW</b>               | The last date to extend or renew a service contract for the product.                                                                                                                                                                  | July 30, 2028    |
| <b>End of Service Contract Renewal Date:<br/>HW, Accessory</b>       | The last date to extend or renew a service contract for the product.                                                                                                                                                                  | July 30, 2030    |

| Milestone                                  | Definition                                                                                                                                                                                                                                                    | Date           |
|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| <b>Last Date of Support: OS SW</b>         | The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete. | April 30, 2029 |
| <b>Last Date of Support: HW, Accessory</b> | The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete. | April 30, 2031 |

HW = Hardware      OS SW = Operating System Software      App. SW = Application Software

## Product part numbers

**Table 2.** Product part numbers affected by this announcement

| End-of-Sale Product Part Number | Product Description                                         |
|---------------------------------|-------------------------------------------------------------|
| <b>IR530SB-OFD-BRZ/K9</b>       | IR530 915Mhz WPAN IP67 Range Ext. BBU Single antenna Brazil |
| <b>IR530SB-OFD-FCC/K9</b>       | IR530 915Mhz WPAN IP67 Range Ext. BBU Adv PS Single antenna |
| <b>IR500-H-BRKT</b>             | Horizontal Mounting Bracket for IR500                       |
| <b>IR500-H-BRKT=</b>            | Horizontal Mounting Bracket for IR500                       |
| <b>SW-IR530WPAN-6.2</b>         | IR530 WPAN Software Release 6.2                             |
| <b>SW-IR530WPAN-6.8</b>         | IR530 WPAN Software Release 6.8                             |
| <b>CAB-L240-10-Q-N</b>          | 10-ft (3m) Low Loss LMR 240 Cable with QMA and N Connectors |
| <b>CAB-L240-15-Q-N</b>          | 15-ft (4.6m) Low Loss LMR 240 Cable with QMA - N Connectors |
| <b>CAB-L240-20-Q-N</b>          | 20-ft (6m) Low Loss LMR 240 Cable with QMA and N Connectors |
| <b>CAB-L240-10-Q-N=</b>         | 10-ft (3m) Low Loss LMR 240 Cable with QMA and N Connectors |
| <b>CAB-L240-15-Q-N=</b>         | 15-ft (4.6m) Low Loss LMR 240 Cable with QMA - N Connectors |
| <b>CAB-L240-20-Q-N=</b>         | 20-ft (6m) Low Loss LMR 240 Cable with QMA and N Connectors |
| <b>IR510-DINRAIL</b>            | Din rail kit for IR510 915Mhz WPAN router                   |
| <b>IR510-DINRAIL=</b>           | Din rail kit for IR510 915Mhz WPAN router                   |
| <b>IR510-OFDM-ANZ/K9</b>        | IR510 915Mhz WPAN router Australia New Zealand              |
| <b>IR510-OFDM-BRZ/K9</b>        | IR510 915Mhz WPAN router Brazil                             |
| <b>IR510-OFDM-FCC/K9</b>        | IR510 915Mhz WPAN router w/ 2 serial, 1 FE LAN              |
| <b>IR530SB-OFD-ANZ/K9</b>       | IR530 915Mhz WPAN IP67 Range Ext. BBU Single antenna AUS NZ |
| <b>IR500-V-BRKT</b>             | Vertical mounting bracket for IR500                         |
| <b>IR500-V-BRKT=</b>            | Vertical mounting bracket for IR500                         |
| <b>IR510-COMPUTE-1.4</b>        | IR510 Software PID for compute module                       |

---

## Product migration options

There is no replacement available for the Cisco IR510 and IR530 at this time.

Customers may be able to use the Cisco Technology Migration Program (TMP) where applicable to trade-in eligible products and receive credit toward the purchase of new Cisco equipment. For more information about Cisco TMP, customers should work with their Cisco Partner or Cisco account team. Cisco Partners can find additional TMP information on Partner Central at

[https://www.cisco.com/web/partners/incentives\\_and\\_promotions/tmp.html](https://www.cisco.com/web/partners/incentives_and_promotions/tmp.html).

Customers may be able to continue to purchase the Cisco IR510 and IR530 through the Cisco Refresh (certified remanufactured) program. Remanufactured units may be available in limited supply for sale in certain countries on a first-come, first-served basis until the Last Date of Support has been reached. For information about the Cisco Refresh program, go to: <https://www.cisco.com/c/en/us/products/remanufactured.html>.

The Cisco Takeback and Recycle program helps businesses properly dispose of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:

<https://www.cisco.com/c/en/us/about/takeback-and-reuse/product-recycling.html>.
