

End-of-Sale and End-of-Life Announcement for the Cisco IOS XE Software Release 3.1S

EOL7409

Cisco announces the end-of-sale and end-of life dates for the Cisco® IOS XE Software Release 3.1S. The last day to order the affected product(s) is August 1, 2011. Customers with active service contracts for affected Hardware products will continue to receive support from the Cisco Technical Assistance Center (TAC) for affected hardware as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available until the termination date of the contract, even if this date exceeds the Last Date of Support shown in Table 1. This announcement is limited to the IOS throttle listed, and subsequent IOS throttles continue to be available and support till further notice.

This end-of-sale announcement covers all maintenance releases of Cisco IOS XE 3.1S (including 3.1.0S, 3.1.1S, 3.1.2S, 3.1.3S, 3.1.4S and possible later versions).

Table 1. End-of-Life Milestones and Dates for the Cisco IOS XE Software Release 3.1S

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end of sale and end of life of a product is distributed to the general public.	January 31, 2011
End-of-Sale Date	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	August 1, 2011
Last Ship Date: OS SW	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	August 1, 2011
End of SW Maintenance Releases Date: OS SW	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	July 31, 2012
End of Vulnerability/Security Support: OS SW	The last date that Cisco Engineering may release a planned maintenance release or scheduled software remedy for a security vulnerability issue.	July 31, 2014
Last Date of Support:	The last date to receive service and support for the product. After this date, all support services for the product are unavailable, and the product becomes obsolete.	July 31, 2016

HW = Hardware OS SW = Operating System Software App. SW = Application Software

SASR1R2-IPBK9-31S	Cisco ASR 1000 Series RP2 IP BASE	See the Product Migration Options section below for detailed information on replacing this product.		
SASR1R2-WMAK9-31S	Cisco ASR 1000 Series RP2 WebEx Node	See the Product Migration Options section below for detailed information on replacing this product.		

Product Migration Options

Customers are encouraged to migrate to the Cisco IOS XE Software Release 3.3S or later, when available. Cisco IOS XE Software Release 3.3S will support all the features in Cisco IOS XE Software Release 3.1S as well as additional features. Cisco IOS XE Software Release 3.3S is scheduled to be made available in March 2011, before the end-of-sale of Cisco IOS XE Software Release 3.1S. Cisco IOS XE Software provides enhanced in-service software upgrade (ISSU) and high-availability (HA) features. These features allow network operators to upgrade Cisco ASR 1000 Series Routers without incurring any significant service interruption. Information about this product can be found at: <http://www.cisco.com/en/US/products/ps9343/index.html>.

Service prices for Cisco products are subject to change after the product End of Sale date.

The Cisco Takeback and Recycle program helps businesses dispose properly of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:

http://www.cisco.com/web/about/ac227/ac228/ac231/about_cisco_takeback_recycling.html.
