## Overview

Cisco announces the end-of-sale and end-of-life dates for the Cisco Identity Services Engine Software Version 3.3. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

## End-of-life milestones

**Table 1.** End-of-life milestones and dates for the Cisco Identity Services Engine Software Versions 3.3

Milestone	Definition	Date
<b>End-of-Life Announcement Date</b>	The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.	February 12, 2026
<b>Software Maintenance</b>	From this date, Cisco will only publish fixes for critical security vulnerabilities and severity 1 issues pertaining to the release as determined by the Cisco ISE team.	August 12, 2026
<b>End of SW Maintenance Releases Date: App. SW</b>	The last date on which Cisco Engineering may release final software maintenance releases, planned maintenance updates, or bug fixes—including severity-1 and security vulnerabilities. After this milestone, Cisco Engineering will cease development, repair, maintenance, and testing of the product software. Bug fixes for vulnerabilities or security issues identified thereafter may only be provided through later supported software releases.	August 12, 2027
<b>Last Date of Support: App. SW</b>	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete	August 31, 2028

HW = Hardware

OS SW = Operating System Software

App. SW = Application Software
