

END-OF-LIFE NOTICE, NO. 772

END-OF-SALE FOR THE NetSonar CONSULTANT LICENSE

Cisco Systems® is now allowing consultants and end users alike to purchase the IP-address-licensed version of NetSonar scanner software. As a result, June 22, 1998, marked the End-of-Sale for the current NetSonar Consultant License (NETSONAR-S2010) and Consultant 5 License Pack (NETSONAR-S2011). Fulfillment of all shipments for NetSonar Consultant will be completed by July 15, 1998.

The NetSonar consultant license originally allowed users to scan an unlimited number of IP addresses for one year. At the end of the one-year period, users had to relicense the product at full cost. This licensing scheme restricted the target market to only very large consulting firms who could afford to purchase this annual license. By allowing consultants to purchase the IP-address-licensed version of NetSonar, firms can purchase smaller, less expensive versions of the product to perform smaller consulting engagements.

REPLACEMENT PRODUCTS

Table 1 shows replacement products for the NetSonar consultant license.

Table 1. Description and Part Numbers of Product Replacements

Current Description	Current Part Number	New Description	New Part Number
NetSonar Scanner—Consultant	NETSONAR-S2010	NetSonar Scanner—Limited to One Specific Class C Range	NETSONAR-S2001
