Overview

EOL15975

Cisco announces the end-of-sale and end-of-life dates for the Cisco Umbrella SIG and DNS as it evolves into Cisco Secure Access, Cisco's modern Security Service Edge (SSE) solution. Secure Access builds on Umbrella's proven security to deliver advanced protection for AI workloads, zero trust protection of private application access, robust data protection, and more. It helps organizations secure every connection while giving users a simple, consistent, and frictionless way to reach any application, from any device, anywhere.

The last day to order the affected product(s) is January 31, 2027. The last day to renew or add to an existing subscription is January 31, 2028. Customers with active service contracts and subscriptions (as applicable) will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of this end-of-life bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts and subscriptions (as applicable), support will be available under the terms and conditions of customers' service contract and subscription.

End-of-life milestones

Table 1. End-of-life milestones and dates for the Cisco Umbrella SIG and DNS

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document, announcing the end-of-sale and end-of-life of a product, is distributed to the public.	September 1, 2026
End-of-Sale Date*	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	January 31, 2027
Last Ship Date: Subscription	The last possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	January 31, 2027
End of SW Software Maintenance Releases Date: Subscription	The last date that Cisco Engineering may release any product enhancements. Customers will receive any maintenance releases and bug fixes made available by Cisco through the Last Date of Support.	January 31, 2027
End of New Service Attachment Date: Subscription	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	January 31, 2027
End of Service Contract Renewal Date: Subscription	The last date to extend or renew an existing service contract for the product.	January 31, 2028

Milestone	Definition	Date
End of Change/Renewal Date*: Subscription	The last date to renew or add to an existing subscription.	January 31, 2028
Last Date of Support**: Subscription	The last date to receive applicable subscription entitlements, service and support for the product as entitled by active subscriptions and service contracts(as applicable) or by warranty terms and conditions. After this date, all subscription and support services for the product are unavailable, and the product becomes obsolete.	January 31, 2029

*The requested subscription start date needs to be on or before the End of Sale Date for new subscriptions, and on or before the End of Change/Renewal Date for subscription changes and renewals.

**The projected subscription term end date for new or changing subscriptions needs to be on or before the Last Date of Support.

*The Quantity Adjustment Rule determines how subscription quantities are adjusted during the Auto-Renewal process for the migration product.

The rule offers several adjustment methods:

- Same as Current: Retains the current subscription quantity.
- Multiply: Multiplies the subscription quantity by a specified value.
- Divide: Divides the subscription quantity by a specified value.
- Add: Adds a specified value to the subscription quantity.
- Exact Value: Sets a fixed, predefined quantity.

**The Adjustment Value is the numeric input used with the Quantity Adjustment Rule to determine how subscription quantities are modified when Auto Renewal is Enabled.

***The Auto Renewal indicator shows if Auto Renewal is enabled for the EOL product. However, Auto Renewal will only occur if the customer opted for it during the initial purchase and no manual intervention is required for provisioning. Without this prior selection, the product will not renew automatically, regardless of the Auto Renewal status.
