End-of-Sale and End-of-Life Announcement for the Cisco Vulnerability Management, Vulnerability Intelligence, and Application Security Module (formerly known as Kenna.VM, Kenna.VI, and AppSec)

Contents

Overview

EOL15812

Cisco announces the end-of-sale and end-of-life dates for the Cisco Vulnerability Management, Vulnerability Intelligence, and Application Security Module (formerly known as Kenna.VM, Kenna.VI, and AppSec). The last day to order the affected product(s) is March 10, 2026. The last day to renew or add to an existing subscription is June 11, 2026. Customers with active service contracts and subscriptions (as applicable) will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts and subscriptions (as applicable), support will be available under the terms and conditions of customers' service contract and subscription.

End-of-life milestones

Table 1.   End-of-life milestones and dates for the Cisco Vulnerability Management, Vulnerability Intelligence, and Application Security Module (formerly known as Kenna.VM, Kenna.VI, and AppSec)

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end-of-sale and end-of-life of a product is distributed to the general public.	December 10, 2025
End-of-Sale Date[*]	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	March 10, 2026
End of New Service Attachment Date: Subscription	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	March 10, 2026
End of Service Contract Renewal Date: Subscription	The last date to extend or renew a service contract for the product.	June 11, 2026
End of Change/Renewal Date[*]**: Subscription**	The last date to Renew or Add to an existing subscription.	June 11, 2026
Last Date of Support[**]**: Subscription**	The last date to receive applicable subscription entitlements, service and support for the product as entitled by active subscriptions and service contracts(as applicable) or by warranty terms and conditions. After this date, all subscription and support services for the product are unavailable, and the product becomes obsolete.	June 30, 2028

[*]The requested subscription start date needs to be on or before the End of Sale Date for new subscriptions, and on or before the End of Change/Renewal Date for subscription changes and renewals.

[**]The projected subscription term end date for new or changing subscriptions needs to be on or before the Last Date of Support.

Cisco will provide support for:

a. One (1) year of bug fixes, maintenance releases, workarounds or patches for critical bugs from the EoS date, when reported to TAC.

b. After the first year, Cisco will provide bug fixes, workarounds and/or patches, where available, for one (1) year for application software. Customers may be required to install a newer software version to receive the above software support.

c. Support includes maintenance releases, workarounds or patches for critical bugs from the EOS date, when reported to TAC.

Cisco will no longer provide support for new features, development, connector and algorithm updates. We will support current connectors but will not be building any new Connectors or making any shifts to new vendor platforms or data schema changes. The Cisco Security Risk Score algorithm will not be changing. We will not be adding support for CVSS4 or EPSS v4.
