

End-of-Sale and End-of-Life Announcement for the Citrix NetScaler 1000V

EOL10817

Cisco announces the end-of-sale and end-of life dates for the Citrix NetScaler 1000V. The last day to order the affected product(s) is May 20, 2016. Customers with active service contracts will continue to receive support from the Cisco Technical Assistance Center (TAC) as shown in Table 1 of the EoL bulletin. Table 1 describes the end-of-life milestones, definitions, and dates for the affected product(s). Table 2 lists the product part numbers affected by this announcement. For customers with active and paid service and support contracts, support will be available under the terms and conditions of customers' service contract.

Advances in software-defined networking (SDN) and data center automation have led to an open Layer 4 through Layer 7 ecosystem to enable network functions virtualization on various Cisco solutions. As part of that transition, customers are requesting that the Citrix NetScaler 1000V (sold by Cisco) to be at feature parity with Citrix NetScaler VPX (sold by Citrix), and hence it simply made sense to direct customers to Citrix NetScaler VPX and implement the end-of-life (EoL) process for the Citrix NetScaler 1000V.

As a result, the Citrix NetScaler 1000V SKUs and specific bundles with the Cisco Nexus 1110 product line are affected.

Note: The Cisco Nexus 1000V and Cisco Nexus 1110 product lines are NOT part of this announcement. Cisco is fully committed to these products and technology areas and will continue to deliver innovations on these platforms. Customers can continue to purchase the Cisco Nexus 1000V and Cisco Nexus 1110 products.

Table 1. End-of-Life Milestones and Dates for the Citrix NetScaler 1000V

Milestone	Definition	Date
End-of-Life Announcement Date	The date the document that announces the end of sale and end of life of a product is distributed to the general public.	February 19, 2016
End-of-Sale Date	The last date to order the product through Cisco point-of-sale mechanisms. The product is no longer for sale after this date.	May 20, 2016
Last Ship Date: HW, App. SW	The last-possible ship date that can be requested of Cisco and/or its contract manufacturers. Actual ship date is dependent on lead time.	August 18, 2016
End of SW Maintenance Releases Date: App. SW	The last date that Cisco Engineering may release any final software maintenance releases or bug fixes. After this date, Cisco Engineering will no longer develop, repair, maintain, or test the product software.	May 20, 2017
End of Routine Failure Analysis Date: HW	The last-possible date a routine failure analysis may be performed to determine the cause of hardware product failure or defect.	May 20, 2017
End of New Service Attachment Date: HW, App. SW	For equipment and software that is not covered by a service-and-support contract, this is the last date to order a new service-and-support contract or add the equipment and/or software to an existing service-and-support contract.	May 20, 2017

Milestone	Definition	Date
End of Service Contract Renewal Date: HW	The last date to extend or renew a service contract for the product.	August 15, 2020
End of Service Contract Renewal Date: App. SW	The last date to extend or renew a service contract for the product.	August 16, 2018
Last Date of Support: App. SW	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete.	May 31, 2019
Last Date of Support: HW	The last date to receive applicable service and support for the product as entitled by active service contracts or by warranty terms and conditions. After this date, all support services for the product are unavailable, and the product becomes obsolete.	May 31, 2021

Product Migration Options

Customers who have purchased Citrix NetScaler 1000V (sold by Cisco) can migrate to the Citrix NetScaler VPX (sold by Citrix).

Current Citrix Netscaler 1000V customers who are deploying it on the Cisco Nexus 1110 Cloud Services Platform have the following migration options:

1. Today, the Citrix NetScaler VPX can be deployed on the Cisco Cloud Services Platform 2100 without SSL acceleration.
2. If SSL acceleration is needed, the Cisco Cloud Services Platform 2100 will be supporting Cavium LiquidSecurity in the near future. Citrix also plans to support LiquidSecurity.

Service prices for Cisco products are subject to change after the product End of Sale date.

The Cisco Takeback and Recycle program helps businesses properly dispose of surplus products that have reached their end of useful life. The program is open to all business users of Cisco equipment and its associated brands and subsidiaries. For more information, go to:
