

Cisco Business Edition 3000 Country Pack Availability

PB694874

Cisco[®] Business Edition 3000 (Business Edition 3000) Country Packs are a Cisco Option Package to be installed on a Cisco Business Edition 3000 server for deployment in countries other than the United States, Canada (English), and India.

Each Cisco Business Edition 3000 software release will have a set of supported country packs to be rolled out at different times after a specified first customer shipment (FCS) date (refer to Tables 1 and 2).

English is standard in each product release for the United States, Canada, and India.

It is recommended that you upgrade the related country pack directly following the upgrade of Cisco Business Edition 3000 software.

Table 1. Available Country Packs in Cisco Business Edition 3000 8.6.3
Note: Country packs in this table will run only on the Cisco Business Edition 3000 8.6.3 release. The locale of the country pack must match the locale installed on the Cisco Business Edition 3000 system; locale cannot be changed through a software upgrade.
