

Cisco VT Advantage Promotion Program

Cisco® IP Communications—a comprehensive system of powerful, enterprise-class solutions including IP telephony, unified communications, IP video and audio conferencing, and customer contact—helps organizations realize business gains by improving operational efficiencies, increasing organizational productivity, and enhancing customer satisfaction.

Now it has never been easier to extend the capabilities of IP phones and experience the power of Cisco IP Communications. Cisco Systems® is excited to announce a limited-time promotion that provides customers a better value, for full-featured, enterprise-class business communications solutions that extend voice and video to every user in the organization. Customers can now purchase Cisco VT Advantage at greater than 23-percent discount by ordering a volume bundle containing 24 units. Get your order in, because this promotion is in effect only until May 24, 2006.

Cisco VT Advantage brings video telephony (VT) functionality to Cisco IP Phones, providing Cisco IP Phone users with the ability to add video to their communications experience. With Cisco VT Advantage, video telephony is now just a phone call.

Table 1 gives part number information for Cisco VT Advantage.
