Prerequisites

Before you start, ensure that you have the following:

- Active Cisco.com account
- The user accessing the Cisco License Central must have at least one of the following:
 - Smart Account User/Admin
 - Virtual Account User/Admin

Steps

Step 1: Go to [Cisco Software Central](#) and log in with your Cisco.com credentials.

Step 2: Click on Access Cisco License Central under the Cisco License Central section.

Step 3: Enter your Smart Account or use the Search function to search for a Smart Account.

Step 4: Navigate to the left Menu bar and click on the "Devices" tab, and select "Device Inventory" under "Devices"

Step 5: Select the device/ multiple devices that you need to transfer to a different virtual account by checking the box next to the device name. You can also find the device using the search option with the device identifier.

Step 6: Navigate to the rightmost column of the selected device and click on the 3 dots and select "Edit Virtual Account assignment" from the drop-down menu. If you have selected multiple devices, then you can

also click on the 'More Actions' Button and select "Edit Virtual Account assignment" from the drop-down menu.

Step 7: Select a target virtual account from the Target Virtual Account drop-down.

Step 8: Click Next

Step 9: Review all the information before submitting. Click Submit.

Step Result: Devices reassigned to the target Virtual Account confirmation page will be displayed.
