

# How can I set up a Nested Virtual Accounts, in Cisco License Central (CLC)?

## Introduction

This document explains how to set up a nested Virtual Account and link it with license in Cisco License Central for organized license management and visibility.

## Video

The purpose of this content is to share information for educational and/or informational use. You may choose to watch the video or read the content below-both provide the same material, so feel free to engage with whichever format you prefer.

## Prerequisites

Before you start, ensure that you have the following:

- Active Cisco.com account
- The user accessing the Cisco License Central must have at least one of the following:
  - Smart Account User/Admin/Viewer
  - Virtual Account User/Admin/Viewer

## Steps

Step 1: Go to [Cisco Software Central](#) and log in with your Cisco.com credentials.

Step 2: Click on Access Cisco License Central under the Cisco License Central section.

Step 3: Enter your Smart Account or use the Search function to search for a Smart Account.

Step 4: Navigate to the left Menu bar and click on the "Account Management" tab, and select "Virtual Accounts" under "Smart Account Management"

Step 5: Use the Search function to search for the Virtual Account name.

Step 6: Under Parent Account:

- Select Nest this Virtual Account under the selected Virtual Account.
- Select a Parent Virtual Account from the displayed list of Virtual Accounts.

Click Save

## Troubleshooting

**For External Customer/Partner Use Only:** Follow these instructions to resolve your issue. If you need further assistance, please initiate a request for License Support via [Cisco Support Case Manager](#).
