Using the Cisco Unified IP Phone with Cisco Vision Dynamic Signage Director
In-Suite Ordering

WELCOME
In your luxury suite, the Cisco Unified IP Phone can be used to place orders for food, beverages, and merchandise. It has a touch screen, softkeys (which vary depending on the phone model, screen contents, and your site’s implementation), a navigation pad, and a phone keypad.

ACCESSING THE ORDERING SERVICES
To begin order selection, touch Order.

SELECTING YOUR ITEMS
Select from the initial list of available categories of items by touching the screen to display the available food, drinks, or merchandise for order.

Note: To order a quantity greater than 10, touch 10 on this page. Then select the item again to select an additional quantity.

Your order selection appears on the TV display. To select other items, press the Main softkey.

1. Use the touch screen to select the TVs or select a service.
   TIP: Press the Services button if services are not displayed.

2. Use the softkeys to:
   • Navigate
   • Perform actions during the ordering process

3. Use the navigation pad to move up or down through highlighted items on the screen.

4. Use the keypad to dial a phone number or enter a channel number.

5. Use the line buttons to select a phone line.

Touch the screen to select an item.

The quantity screen appears. Touch only one number.

Note: To order a quantity greater than 10, touch 10 on this page. Then select the item again to select an additional quantity.

Your order selection appears on the TV display. To select other items, press the Main softkey.
VIEWING YOUR CART
To view the contents of your cart, press the Cart softkey.
If multiple customer accounts are configured for the suite and this is the first time viewing your cart, then you will be prompted to sign in to your account.

When your information is complete, press Ok.

SUBMITTING AN ORDER
At the Cart Summary page, press the Ok softkey.

A confirmation page reflecting your total is displayed. Press the Confirm softkey to place the order.

After your order request is processed, a receipt number is displayed.

USING SOFTKEYS
The softkeys on the phone are located at the bottom of the touch screen and provide access to functions, which vary depending on the screen currently being displayed.
